1/2 teaspoon ground cinnamon  
1 can (12 ounces) cola  
1 cup butter, cubed  
1/4 cup baking cocoa  
2 large eggs  
1/2 cup buttermilk  
1 teaspoon vanilla extract

**GLAZE:**  
1 can (12 ounces) cola  
1/2 cup butter, cubed  
1/4 cup baking cocoa  
4 cups confectioners' sugar, sifted

**Chicken Ranch Mac N Cheese**

3 cups uncooked elbow macaroni  
3 tablespoons butter  
2 tablespoons all-purpose flour  
1/2 teaspoon salt  
1/4 teaspoon pepper  
1 cup 2% milk  
1-1/2 cups shredded cheddar cheese  
1/2 cup grated Parmesan cheese  
1/2 cup shredded Swiss cheese  
3/4 cup ranch salad dressing  
1 cup coarsely chopped cooked chicken

**TOPPING:**  
1/3 cup seasoned bread crumbs  
2 tablespoons butter, melted  
10 bacon strips, cooked and crumbled  
1 tablespoon minced fresh parsley

Preheat oven to 350°. Grease a 13x9-in. baking pan. In a large bowl, whisk the first five ingredients. In a small saucepan, combine cola, butter and cocoa; bring just to a boil, stirring occasionally. Add to flour mixture, stirring just until moistened. In a small bowl, whisk eggs, buttermilk and vanilla until blended; add to flour mixture, whisking constantly. Transfer to prepared pan. Bake 25-30 minutes or until a toothpick inserted in center comes out clean. About 15 minutes before cake is done, prepare glaze. In a small saucepan, bring cola to a boil; cook 12-15 minutes or until liquid is reduced to 1/2 cup. Stir in butter and cocoa until butter is melted; remove from heat. Add confectioners' sugar; stir until smooth. Pour immediately over hot cake.

Preheat oven to 350°. In a 6-qt. stockpot, cook macaroni according to package directions for al dente; drain and return to pot. Meanwhile, in a medium saucepan, melt butter over medium heat. Stir in flour, salt and pepper until smooth; gradually whisk in milk. Bring to a boil, stirring constantly; cook and stir until thickened, 1-2 minutes. Stir in cheeses until blended. Stir in dressing. Add chicken and sauce to macaroni, tossing to combine. Transfer to a greased 13x9-in. baking dish. Toss bread crumbs with melted butter; sprinkle over macaroni. Top with bacon. Bake, uncovered, 30-35 minutes or until topping is golden brown. Sprinkle with parsley. Freeze option: Prepare recipe as directed, increasing milk to 1-1/3 cups. Cool unbaked casserole; cover and freeze. To use, partially thaw in refrigerator overnight. Remove from refrigerator 30 minutes before baking. Preheat oven to 350°. Cover casserole with foil; bake 30 minutes. Uncover; continue baking as directed or until heated through and for a thermometer inserted in center to read 165°.

**HENRY COUNTY MAYOR**  
*A New Direction*

My name is Garry Phillips and I'm running for Mayor of Henry County.  
On July 4, 1776, thirteen colonies of the British Empire claimed their independence from England, an event which eventually led to the formation of the United States. Each year on July 4th, also known as Independence Day, Americans celebrate this historic event.  
Richard Henry Lee of Virginia presented the independence resolution with the famous words: "Resolved: That these United Colonies are, and of right ought to be, free and independent States..."  
Celebrate this freedom and independence by exercising your voting rights! Early voting begins July 13; election day is August 2.

Hi! WWCF, 56, 5'2", looking for a gentleman, preferably 60+, who loves God first and wants some company to do things with, like long drives in the country, traveling, camping in good weather and fishing if you bait my hook and take the fish off! I'm a nonsmoker and non-drinker. I love animals of all kinds and have a few. Looks are not important to me, the heart is. I would like if you were comfortable talking, but just as comfortable not having to talk and be ok with each other's silence. I am interested in what your likes are too. We don't have to be soulmates to enjoy each other's company, but wouldn't it be nice if it turned out that way? PTP 473

Must live in or around Paris, or pretty close to Paris and must be clean. Send address or phone number and a snapshot if you can. Lonely and looking. PTP 476

## Your Weekly Love Horoscope

**Aries** March 21-April 19  
You can only sidestep your own truth for so long. Although you might be trying to play on both teams, you will have to say no to one in order to say yes to the other today. Nevertheless, putting off your final decision was a wise choice because it allowed you to observe the developing events before making a commitment. Your path is obvious now, so make your move before this opportunity slips into the past. Napoleon Hill wrote, Don't wait. The time will never be just right.

**Taurus** April 20-May 20  
Maintaining balance in your professional relationships sounds like an admirable goal. However, you may run into a challenging situation if a coworker isn't carrying his or her fair share of the burden. You could reach a point of no return today when you realize that a partnership will not work unless both people contribute equally. You may need to step in and pick up the slack, but you assume the dominant role as soon as you do. Jim Rohn wrote, Either you run the day or the day runs you.

**Gemini** May 21-June 20  
Its exciting when unexpected activities are squeezed into your schedule. But you may hesitate to participate because you're not exactly sure what you're getting yourself into today. Even if you can effectively manage your time now, you might be afraid of setting a course for next week that won't serve you well. Your uncharacteristic attention to long-term planning doesn't seem like such a big deal, but the lasting ramifications of your current choices will continue to resonate into the future. Photographer Chris Grosser wrote, Opportunities don't happen, you create them.

**Cancer** June 21-July 22  
Although you might be overwhelmed with the number of possible changes that could impact your life today, you gradually grow more confident by handling issues as they arise. But just because you are capable of responding to a crisis, this doesn't mean you enjoy the accompanying anxiety. Obviously, there are things you can do to reduce the stress, such as exercise, yoga or meditation. Or, you could completely eliminate the tension by drastically modifying your lifestyle. Dr. Wayne Dyer wrote, The only limits you have are the limits you believe.

**Leo** July 23-August 22  
There's a fine line between being asked to do something and being told. It seems that people are assuming too much authority today as they make unreasonable demands on your time. You might try to please everyone at first, but eventually reach a breaking point. You may need to call up energy from deep reserves to help you reclaim your composure. Roar like a lion when necessary and purr like a kitten when you can.

**Virgo** August 23-September 22  
You might not think it's possible, but your schedule seems to become busier as the day wears on. Thankfully, you enjoy the sharpness of your perceptions when circumstances require your unrelenting focus. But you're worried that you can't sustain this intensity long enough to finish everything you start. You could even talk yourself out of taking any action at all now, but this kind of defeatist attitude serves no one. Persevere in the face of doubt. President Jimmy Carter said, You can do what you have to do, and sometimes you can do it even better than you think you can.

**Libra** September 23-October 22  
You may be expected to play a leadership role at work today. Although you might respond affirmatively to your new assignment, you do so reluctantly. Be careful when framing your overall responsibilities or you could quickly inflate this task within your imagination into an impossible job. The whole idea is to use this opportunity to quickly get a significant success under your belt. Don't struggle more than necessary. Actress Blake Lively said, The most beautiful thing you can wear is confidence.

**Scorpio** October 23-November 21  
You are standing at the edge of a powerful transition yet aren't quite convinced that you're ready for the change. You may spend time working on mustering the courage to jump because you realize that certain aspects of your life have grown stagnant and need to be re-invigorated. Grab this opportunity while you can because even the smallest adjustment now will have greater impact than you expect. Visualize the future as you wish it to be and then take a giant step forward in your journey. Author Neil Gaiman wrote, When you're scared and you do it anyway, that's brave.

**Sagittarius** November 22-December 21  
Spontaneous events in your immediate environment elicit strong emotions, but others might not know that anything unusual has occurred. Normally, you're not one to hide your reactions, but keeping them under wraps makes sense today. Rather than responding right away, let your thoughts run free until you can see a logical pattern emerge out of the chaos. Once you have the bigger picture in mind, share your conclusions with your peers. Novelist Josiah Gilbert Holland wrote, Calmness is the cradle of power.

**Capricorn** December 22-January 19  
Your highly efficient behavior allows you to bite off a big chunk of a project today and gain ground on a long-standing mission. Thankfully, you derive great strength from your relationships now, encouraging you to collaborate closely with others to create a sustainable plan. But you can't rely on anyone else to do your job. No matter how much support you receive, you still must work diligently to achieve your goal. A.A. Milne wrote, You're braver than you believe, stronger than you seem, and smarter than you think.

**Aquarius** January 20-February 18  
You're excited about wielding your power today to take control of a floundering situation. Although everything may be complicated by a web of entangled emotions, you can cut through the extraneous noise and quickly get to the heart of the matter. Nevertheless, you're in for a few surprises along the way. Ultimately time and J circumstances are on your side, but you must be willing to roll with the changes. Charles Darwin wrote, It is not the strongest of the species that survives, nor the most intelligent that survives. It is the one that is the most adaptable to change.

**Pisces** February 19-March 20  
Your uncharacteristically sharp tongue is less offensive than inspirational today. You possess an uncanny ability to push others past their normal boundaries where they eagerly confront those things that usually limit their thinking. Some people might erect defensive walls faster than you can imagine. Don't waste your energy trying to overcome resistance if you encounter it. Instead, focus on those who are fascinated with the potential of their new perspective. Stephen Covey wrote, Find your voice and inspire others to find theirs.
