Shepherd's Table Community Kitchen The Shepherd's Table, the Community Kitchen created by the volunteers at the First Presbyterian Church, will be having their next supper on Tuesday, July 17th, at 19835 E. Main Street. Dining will begin promptly at 5:15pm and the kitchen will be open until 6:45pm. Anyone hungry or seeking fellowship for a meal is invited. Mary Lodge, a volunteer in the kitchen, said they will home-cooked chicken, corn on the cob, beans and delicious fruit cobbler for dessert. Everyone that attends The Shepherd's Table is treated as a guest and served restaurant style. Volunteer John Wambles says, "all you have to do is get there! Just come on in and have a seat, a volunteer brings you your drink and your supper." The volunteers also do all of the cleanup, as well. The guests are asked to simply enjoy a delicious meal compliments of the hard-working kitchen staff. The mission of the Community Kitchen was to serve as many people in need of a hot meal as possible. The community kitchen's success is dependent upon guests attending, volunteers and donations. If you know of someone that needs a hot meal or would just prefer to not eat alone please inform them about The Shepherd's Table or better yet bring them by and join. More information about volunteering or donating to the Shepherd's Table may be obtained by calling The First Presbyterian Church of Huntingdon at (731) 986-5642. If no answer, please leave a message, someone will get back to you as soon as possible. The next two suppers have already been planned for August 21st and September 18th at the First Presbyterian Church Of Huntingdon.

Everyone is welcome to attend!

Shady Grove Cemetery Association Ice Cream Social The Shady Grove Cemetery Association will hold an Ice Cream Social fundraiser this Saturday July 14th from 6-8pm at the church fellowship hall to help with mowing expenses and upkeep at the cemetery. All interested persons are encouraged to attend. If you can't attend donations can be sent to Carolyn Nored, 975 Jim Merrell Road, Paris, TN 38242. For more information call 642-4000 or 642-4675.

HENRY COUNTY MAYOR

A New Direction

Follow Garry on Facebook: Garry4Mayor Henry County Tennessee
www.garry4mayor.com

I am a native Henry Countian, as were both sides of my family since before the Civil War. I was born in Buchanan, raised in India Community, and went to Grove High School before joining the Navy at 17 years old.

After 20 years in the U.S. Navy, I finished my undergraduate degree in political science and English at UTM, followed by a Master of Public Administration degree. After graduate school, I worked another 20-year career with the federal government, including three years in Iraq with the Department of State. I've taught at the high school and college levels, and between my years with NCIS in the Navy and later with the U.S. Marshals, I have eight years of experience in law enforcement.

My wife and I own a small farm near Como where I am the Sunday School Director and a teacher in a local church. We strongly believe in the role of limited government at all levels - local, state, and federal. Like our current mayor, we love Henry County and want to see it blossom and thrive.

I ASK FOR YOUR VOTE on August 2; Early voting begins July 13.

Paid for by the Garry Phillips for Mayor campaign. Catherine Herrera, Treasurer

Your Weekly Love Horoscope

Aries	Taurus	Gemini	Cancer	Leo	Virgo
March 21-April 19 You might be surprised at how well you play with others. While you are perfectly capable of managing your own affairs, no person is an island. Collaboration is cosmically supported today, and you may even sweetly connect with intimate counterparts later tonight. But first things first: wrap up any loose ends and make those overdue calls. Your gifts of self-expression thrive in the space of formal engagement and professional obligations now. An African proverb teaches, if you want to go fast, go alone. If you want to go far, go together.	April 20-May 20 Open up your heart and get ready to receive. Your partners may shower you with a little more love and attention than usual today, or you might bear witness to a total shift in behavior from a peer or colleague. Bask in the joy of appreciation but avoid codependency at all costs. You know what you truly value in all your relationships, and your expectations for reciprocity and mutual respect are valid. Enjoy the newfound openness available from others, especially in connections which appeared to stagnate in recent weeks. The best way to multiply your happiness is to share it.	May 21-June 20 Take a deep breath and exhale. Your daily workflow shifts gears, leaving you unsettled in your position until you regain your bearings. Embarking on a trip within is the latest route to finding your new direction. This underworld journey always comes along with a renewed sense of identity, and a rebirth to a new way of being in the world. Support yourself by paying close attention to that which fuels you -- not just your diet but the non-food items you consume. Your preferences evolve as you energetically level up, so take care of yourself with loving respect.	June 21-July 22 Any stagnation in your creative process finally makes a pivot today. Your body, mind, and spirit commune harmoniously, and your innermost subconscious desires are in the space of true metaphysical depth. Even if you don't know exactly what it is, there's something deep within gestating to be born. Enjoy the temporary stillness of this metamorphosis, but float in the ocean of emotion to listen for confirmation of your next best move. Author Laura J. Jorski wrote, Inhale possibility, exhale creativity.	July 23-August 22 When you perceive your loved ones as yourself, you become generous out of self-interest. If you slow down to be present and look beyond shallow sight, you'll see the fullness of your heart reflected everywhere. With a slight shift in perspective, you can recognize the divine comedy of your younger life experiences as they relate to your world today. Contemplate the idea that everyone you've ever encountered has been conspiring in favor of your souls growth in this lifetime. Generosity comes around sooner than you imagine if you keep paying it forward.	August 23-September 22 Take initiative by reaching out to your siblings or striking up a lighthearted conversation with your neighbor today. The current cosmic weather supports clearer channels of connection with the people closest to you. Professional communications are also in the spotlight now, making this a perfect time for mixing business with pleasure. Fear is a confidence killer; if the thought of connecting with random people is intimidating, consider the fact that they're just as afraid of you. A smile breaks the ice, and a kind word starts things flowing in the right direction.
Libra	Scorpio	Sagittarius	Capricorn	Aquarius	Pisces
September 23-October 22 Your fortune is going into flip-mode now -- for the better. If you've been experiencing a financial block, a healthy dose of inner work and outer consultation can be extremely helpful. Connect with someone who is capable of advising you without being emotionally invested in your material investments. On the other hand, be honest about your feelings regarding your self-worth to recognize where you subconsciously sabotage your own efforts. Its called cash flow for a reason: vibrate higher to magnetize prosperity.	October 23-November 21 Believe it or not, your true calling is to love yourself. Jupiter retrograde has been busy reminding the very core of your character by unearthing the shadows to be integrated. As the planet of good fortune pauses before moving forward, more personal power arises from the ashes as everything not authentically you is burned away. Reach out to others for reflection but avoid the trap of needing validation. Respect your own inner authority more than any intermediary, and watch your world expand.	November 22-December 21 True home is within. Your enjoyment of physical and metaphysical adventures relates to an underlying knowledge that you don't necessarily require a structure to create a sanctuary. Exploration is beautiful, but you need not travel too far now. The dark night of the soul is a cyclical archetypal experience. Life ebbs and flows always. Creating time for meditation supports your impending forward motion. When you know true satisfaction comes from the inward journey, you will finally seek and find.	December 22-January 19 Work never ends, and cultivating creative connection is a healthy priority today. Put some networking events or dates with friends on the calendar, even if its simply lining up plans for the future. If there has been any discord with people in your various circles, expect the tension to lighten as joyous Jupiter prepares to move forward and widen your social horizons. Smash your safe containers and rip up the list of expectations. Expansion is right for those willing to follow their hearts.	January 20-February 18 You have a knack for bringing joy to your work. Embrace the best parts of everything today, and watch others smile in return. Your career is on the brink of a radical shift, even if your next endeavor is still in a seedling phase. True surrender is about releasing your attachment to what you want and relinquishing the need to have it now. You possess an innate wisdom about the truth of your world. Indulging in optimism is contagious; temperance is key.	February 19-March 20 You can elevate to a new dimension today -- one of true forgiveness. Willingly focus on only the loving memories you shared with someone in the past, especially if they are a member of your family or your chosen tribe. To forgive is to leave the past firmly behind without ascribing it extra meaning or giving it additional power. When you raise your conscious awareness to true oneness, you uncover the hidden spark of beauty in everything.
