BBQ Turkey Wings

3 pounds turkey wings
1-1/4 cups barbecue sauce
2 green onions, sliced
1 teaspoon paprika
1/2 teaspoon garlic powder
1/2 teaspoon salt
1/2 teaspoon pepper
1/4 teaspoon soy sauce

Cut turkey wings into sections; discard wing tips. In a large resealable plastic bag, combine the remaining ingredients; add wing sections. Seal bag and turn to coat; refrigerate overnight. Preheat oven to 350°. Drain and discard marinade from wings. Place wings in a greased 15x10x1-in. baking pan. Bake, uncovered, 50-60 minutes or until a thermometer reads 180° and turkey is tender.

Nacho Tots

1 package (32 ounces) frozen Tater Tots
7 ounces fresh chorizo or bulk spicy pork sausage
1 can (14-1/2 ounces) diced tomatoes with mild green chilies, undrained
12 ounces process cheese (Velveeta), cubed
1 can (15 ounces) black beans, rinsed and drained
1/2 cup pickled jalapeno slices
1/4 cup minced fresh cilantro

Your Weekly Love Horoscope

Aries March 21-April 19 Aggressively investing in your ultimate goals allows some imaginative opportunities to arise. Your detailed work on your ground game starts to reveal innovative avenues for revenue to accrue. Your mood improves as the fruits of your labor start to ripen. The turn for the better is a good sign. However, be careful to avoid complacency. Keep up the forward momentum; the future is created by what you do today, not tomorrow.	Taurus April 20-May 20 A close friend swoops in with some inspired support, assuaging a situation at work that displeases you. The more you enjoy yourself in your private life, the more clever you become. Wallow in this pleasurable moment while it lasts. Once your contemplative demeanor shifts into solution mode, you can easily figure out a healthy way to deal with the disturbances at work. Gandhi said, Satisfaction lies in the effort.	Gemini May 21-June 20 You are everywhere all at once. You connect far-away spots with your immediate environment in your own unique way. Both flourish in your capacity to creatively weave them together. Your expansive joy in the execution of a daily routine fuels some high-flying ambitions. As you drive into this flurry of activity, your thoughts quicker, yet become more profound. Stay open-minded and you may experience bolts out of the blue that take your musings to the next level.	Cancer June 21-July 21 A wave of enthusiasm notes an impressive bout of indulgence. And nothing is stopping you now. Your other social connections are reminding themselves in novel ways. Your network is uncontaminable at the moment. This energetic flux washes in new contacts you never expected to cross your path. Nevertheless, you are still more concerned with a special someone than keeping track of social shifts. The trick is getting to the very bottom of this surge of passion without upsetting the status quo.	Leo July 22-August 22 The good news is you can invest more into your career than just financial resources. Human capital also has an intangible side, and you are finding that your cognitive contributions are fueling the enterprise in lucrative ways. The feedback loop spirals around and supports you back. Happily, you are also sensing an improvement in the atmosphere at home. Ironically, a personal conflict creates a pleasant environment. Clearing toxins feels good, like the glow after recovering from a bite into a hot pepper. Experience the relief.	Virgo August 23-September 22 The joy of discovery shifts into documenting your research in a manner that is digestible by others. Informing your community about your recent work is an important facet of getting your ideas accepted now. Your capacity to articulate your latest findings starts to take shape in unorthodox ways. You are on the cutting edge of creating a new future. You, more than anyone else, know that the big work takes very small, consistent steps. Be the kind of leader you would follow.
Libra September 23-October 22 Ironically, the more you have a good time, the more you see your bottom line expand. People are attracted to your boundless joy, and you are exuding it with zeal. Your imagination is ablaze. However, stay cautious about accepting any loans that you are not willing to pay off later. Your excitement might lead you into agreements that turn out to not work in your favor. On the other hand, they may be genius risks. Follow your impulse to innovate and you will not be disappointed.	Scorpio October 23-November 21 Rooting around in your foundations stimulates an inner confidence. Any energy you put into sorting out your private life provides dividends for your personhood. Your inspired spirit is accompanied by additional visionary developments between others in your life. You marvel at how your network rallies around each creative streak as the group process pushes it further along. All told, this is a mutually reinforcing time for everyone, yet it's up to you to choose to be part of something bigger than yourself.	Sagittarius November 22-December 21 Quarrels can be quite generative, especially for your imagination today. Any good plot contains a crucial conflict; without tension, there actually is no story to speak of. Play heed to these skirmishes and see how you can tweak them into narrative form. In your daily life, some quirky new addition to the routine is proving to have an ingenious effect on your public persona. Extending your recent ability keeps things compelling.	Capricorn December 22-January 19 A hit-or-miss gamble catapults you into a foreign realm. Your mind spins off into unexplored territory today. Your colleagues may also step in to support your recent efforts to increase your income. Some of them might start to work for you, providing mirth as well as manpower. Allow others to express their ideas for improving your systems. Thankfully, your co-workers have their fingers on the pulse of something you need to harness. Delegation is not giving up control when you are executing expert leadership.	Aquarius January 20-February 18 Drive is a necessary fuel for any successful endeavor. Without drive, you cannot go far, and right now you are traveling full-speed ahead. Your professional horizons are expanding faster than you can keep up. Thankfully, a benefactor is in the wings to help you surf this wave. Any instability in your domestic life is mitigated by this overwhelming professional support. You're starting to realize you are a product of your environment. Surround yourself with the best.	Pisces February 19-March 20 If you're lucky, you can slip into a lovely day of musing, wandering around in your vast world of thought. Conversations with others stimulate original ideas that could carry over into artistic expressions. Make sure you treasure these gems as they crystallize in your discussions. Don't forget to track your dreams. Important messages are coming through from both conscious and unconscious realms. Catch them like butterflies in a net.
