“It’s Who You Know” with

Chambers Stevens Maverick Entertainment Partners, LLC presents America’s Storyteller and Tennessee native, Chambers Stevens, for a special performance Saturday, September 17th, 7:30 pm at Krider Performing Arts Center. Stevens provides audiences with a rare first person journey through the “Human Side of Celebrity” in his touring one man show, “It’s Who You Know”. Stevens, a veteran actor, renowned acting coach and playwright, reveals his own lighthearted, sometimes hilarious, personal encounters with some of Tinsel Town’s biggest and most powerful star power during his 25 years as a Hollywood insider. The premise for the show (originally titled “Close Encounters of the Celebrity Kind”) began in Steven’s youth growing up just outside Nashville, TN where he was neighbors with the Mandrell Sisters, took acting classes with Faith Hill and had his Little League Baseball team sponsored by Johnny Cash. Upon making the move to Hollywood, his circle of celebrity friends and associates broadened to the point that he knows most “everybody that’s anybody” in the business. Tickets are available on line through the shows website. www.itshowyouknowontour.com or www.maverickentertainmentpartners.com

and local ticket partners Leach’s Music and Merison’s Furniture (cash or check only). Tickets can also be purchased via phone at 615-734-9932. To purchase by debit or credit in Paris, contact Rhonda Stanton 731-644-2517. Tickets are \$15.

Your Weekly *Love* Horoscope

 Aries March 21-April 19 <p>Solutions to problems at work that recently eluded you are now ripe for the harvest. The transformative nature of cryptic Pluto in your 10th House of Career can reveal your assumptions about people who previously held power over you. Your old ways of relating to authority are no longer relevant. You can't go back to the safety of the past; commit to what's ahead, rather than clinging to what you once had. George Bernard Shaw wrote, "Progress is impossible without change, and those who cannot change their minds cannot change anything."</p>	 Taurus April 20-May 20 <p>Your creativity is cooking up a storm today while powerful Pluto harmonizes with the illuminating Sun in your 5th House of Self-Expression. Refining the skills required to manifest your desires demands unwavering concentration, yet your complacency makes it easy for social distractions to derail your best-laid plans. Fortunately, your determination allows you to cut through the clutter and aim your will where it can have maximum positive impact. Saying no to others may be the smartest way to say yes to yourself.</p>	 Gemini May 21-June 20 <p>Your coworkers might fall into the trap of underestimating your power now. However, you can shock others with the depth of your understanding and your unrelenting persistence. But there is no reason to be concerned about anyone else's judgments; you are working with a deep emotional reserve and can accomplish more than anyone thinks. In fact, the old motto of the U.S. Army Corps of Engineers is your rallying cry today: "The difficult we do immediately. The impossible takes a little longer."</p>	 Cancer June 21-July 22 <p>You're feeling your oats now that the radiant Sun is reinforced by its regenerative trine to ruthless Pluto. But rather than putting your physical resources to the test, the methodical Virgo Sun advises you to conserve your strength for the long haul. Luckily, unrelenting Pluto in your 7th House of Companions indicates that collaborating with others fuels your passion to work even harder. Be smart by using your brains and not your muscles, so you will still have the energy you need tomorrow to finish what you started today.</p>	 Leo July 23-August 22 <p>It seems as if everyone is suddenly eager to drop their previous positions and cooperate with you today. But you may overestimate someone's abilities or underestimate the resources needed to finish a project. A little discernment prevents you from wasting your time chasing rainbows across rugged terrain. Nevertheless, a resolute Sun-Pluto trine foretells that you will succeed in navigating the dangerous curves ahead if you decide to put your heart fully into reaching your destination.</p>	 Virgo August 23-September 22 <p>You're longing to color outside of the lines today. In fact, your creativity can have a profound impact on others when you simply show up and be yourself. Although you might not have a specific goal in mind now, the willful Sun in your sign forms a smooth trine with passionate Pluto in your 5th House of Romance, enabling you to make a lasting impression on someone you admire. Nevertheless, an overly rigid plan could be your downfall; instead, prepare to make as many minor modifications as necessary as you push forward to your dreams.</p>
 Libra September 23-October 22 <p>You might not want to follow the well-meaning advice of others who encourage you to risk more than you're willing now. Thankfully, your keen intuition will successfully guide you with a mix of faith and focus. This is a time for a spiritual renewal as the discerning Virgo Sun in your 12th House of Destiny trines evolutionary Pluto. You are approaching the end of a larger cycle but you must allow the past to fade away if you truly want to move into the future. Find your new dream and then do whatever it takes to transform it into reality.</p>	 Scorpio October 23-November 21 <p>A strong dose of purpose and perseverance today enables you to have your way without being pushy to achieve your aims. A superconductive Sun-Pluto trine blesses you with the power of precision rather than brute force. Although you may have recently tried yet failed to make an impression, express your desires once more before moving on. If resources for a creative project are lacking or if you lost in a personal quest for love, you can travel within to find the resilience you need to recover gracefully. Ultimately, it's not necessary to convince anyone of anything if you just speak the truth.</p>	 Sagittarius November 22-December 21 <p>You are capable of accomplishing more than you ever dreamed possible today. The dedication of the hard-working Virgo Sun in your 10th House of Public Responsibility is supported by a trine from powerful Pluto, blessing you with an apparently infinite reserve of vitality and the commitment to deliver on your promises. But tread carefully, since poorly managed energy will not last forever. Fortunately, a well-conceived plan combined with sustainable action leads to surprising results.</p>	 Capricorn December 22-January 19 <p>It's tempting to seek security in what you know, rather than facing the unknown. But the greatest potential for positive change does not always come from taking the safest route. Furthermore, waiting to initiate action is not a smart idea. Luckily, you may feel invincible while the Sun in your 9th House of Adventure trines fierce Pluto. But uncertainty will soon creep back into the picture, so make your move now while the cosmic forces are working in your favor. Today is your lucky day only if you strike while the iron is hot.</p>	 Aquarius January 20-February 18 <p>There is more potential packed into the present moment than you realize. Thankfully, you can work behind the scenes quite effectively while the industrious Virgo Sun in your 8th House of Shared Resources conspires with obsessive Pluto. Completing a job is more crucial than gaining attention today. Be as specific as possible when you focus your intention, for the power of precision can help make your dreams come true. C.S. Lewis wrote, "Aim at Heaven and you will get Earth thrown in. Aim at Earth and you get neither."</p>	 Pisces February 19-March 20 <p>Compassion, sentimentality and a vivid imagination are your trademarks. However, giving people too much leeway today can weaken your position. While your softheartedness is admirable, you risk wasting resources if you scatter your gifts indiscriminately. Fortunately, a confident Sun-Pluto trine activates your 7th House of Relationships and empowers you to be a more effective leader. As psychologist Brene Brown writes, "Daring to set boundaries is about having the courage to love ourselves even when we risk disappointing others."</p>

COOL IT!
WITH A HEAT PUMP

That's right! Lots of folks forget that an electric Heat Pump is one of the most effective air conditioners you can have in your home. It removes heat and humidity and cools your entire home. Then in the winter, you get the BIG BONUS! With just a flip of the switch, your heat pump becomes the most economical heating system you can buy...reducing your energy costs by as much as 60 percent.

So, if you are replacing a central heat and air conditioning system or building a new home, talk to us first. Let us tell you about heat pumps and our no-money-down, low-interest, long term financing. Let us show you how an electric heat pump can help you cool it in the summer heat.
