out. “You do not serve yourself or stand in a buffet line,” said John Wambles, a volunteer with The Shepherd’s Table. “You are escorted to a table. A server takes your order and you are treated as our guest.” He mentioned that the only difference is at the end of the meal there is no bill. “Thanks to donations each meal has already been paid.” The Mission of The Shepherd’s Table is to serve a hot meal to those that are hungry or simply do not wish to eat alone. The Community Kitchen served nearly 70 guests last month and looks to do the same, or more, in January. David Carter, the chairman of The Shepherd’s Table committee, encourages anyone that is interested to contact the church and get on the calendar to volunteer. He refers to his volunteers as the Good Shepherds. “It’s not just about food. It is about fellowship and loving your neighbor. Come on out and enjoy the soup and sandwiches with us this month.” More information about volunteering or donating to The Shepherd’s Table may be obtained by calling The First Presbyterian Church

of Huntingdon at (731) 986-5642. If no answer please leave a message. Someone will get back with you as soon as possible. The Shepherd’s Table will continue to serve the community as long as people keep coming and the donations are there to support it. Next month’s meal will be held on February 19th. Mark your calendars now.

Finding the Truth

There is an obligation placed upon each one of us to find the truth in God. Therefore; we must put forth an effort, to learn the truth. It takes an intelligent and honest study of the word of God (Bible) to find this truth. "Then said Jesus to those Jews which believed on Him, If ye continue in my word, then are ye my disciples indeed; and ye shall know the truth and the truth shall set you free." (John 8:31-32)

First there must be a sincere desire to please God. This must be our goal in finding the truth. "If ye love me, keep My commandments." (John 14:15)

It takes courage to stand for the truth of God, but God demands courage. Sometimes truth has to be acknowledged at tremendous cost. "And there went great multitudes with Him: and He turned, and said unto them, If any man come to Me and hate not his father, and mother, and wife, and children, and brothers, and sisters, yea, and his own life also, he cannot be My disciple. For which of you, intending to build a tower, sitteth not down first, and counteth the cost whether he has sufficient to finish it. (Luke 14:25, 28)

1/2 cup butter, cubed
1 teaspoon garlic powder
1 teaspoon crushed red pepper flakes

Your Weekly Love Horoscope

 Aries March 21-April 19	 Taurus April 20-May 20	 Gemini May 21-June 20	 Cancer June 21-July 22	 Leo July 23-August 22	 Virgo August 23-September 22
Your thinking is well ahead of the pack today, whether you're on the job or roaming around in the community. While you're waiting for everyone to catch up with you today, there is plenty of preparatory work to be done. As others turn on to a trend you've long seen coming, you're already working it into your routine. Being ready for anything makes you an obvious candidate for the position of leadership you crave. The road to the future is paved with practical ideas. Take pride in your contributions and others can't help but stand up and notice.	The fact that cosmic conditions are favorable for the recycling, repurposing, and reusing of goods sits extremely well with you. When it comes to saving the planet, your earthy Sun sign makes you a front-line warrior. One person's trash is another person's treasure might be little more than an amusing old saying to some. But you know this pearl of wisdom is much more than a cliché. Finding innovative ways to live your intentions inspires great productivity today. And it's incredibly satisfying for your soul, as well.	A last-minute reshuffle sends ripples of excitement throughout your social network or workplace today. While you may spend at least part of your time trying to regain your footing, the larger portion of your hours will likely be directed to discovering new ways to express yourself in the different conditions. There might be some romantic implications stirred by events, too, so don't be shocked by flirtatious overtures or if your heart skips a beat in response. Kaleidoscopic changeability can be magical when you embrace spontaneity with every fiber of your being.	Don't underestimate your own role in shaping the course of events today. You may choose to play it low key or assert your will loudly and proudly - it's really up to you. Whatever your choices, be fully aware of your creative power. Whether in business matters or personal negotiations, be a champion for the outcome you hope to see manifest. It might very well be your intuition that gives you the winning edge. Set your sixth sense loose to blaze a path you can see in the dark.	Make sure the facts are on your side as you forge ahead today. Curb any faulty tendency to see only what you want to see. Instead, take a calm, cool look at the reality around you. If your current plans stand up to this kind of sincere inspection, your confidence will soar now. If not, take steps to address the legitimate need for more information. Plenty of potential headaches can be eliminated by adhering to this wise advice: If a thing's worth doing, its worth doing right.	Your keen eye for detail takes you into every nook and cranny of a project today. And this meticulous review could include discovery of a few things that you didn't previously know existed. From that point of view, it's an adventure and you're eager to make note of everything new that's learned. Comparing your observations with your mate, pal, or colleague brings fresh options to the table that can speed progress along. If there is one place that you love to be, it's in the know.
 Libra September 23-October 22	 Scorpio October 23-November 21	 Sagittarius November 22-December 21	 Capricorn December 22-January 19	 Aquarius January 20-February 18	 Pisces February 19-March 20
The principle of what goes up, must come down is especially important to remember when riding an emotional seesaw today. No high or low lasts forever, its true. But what's steady is the certain knowledge that a point of balance can always be found if sought with a sincere heart. Even if there are some situations that are temporarily chaotic in your life, harmony is achievable on an inner level. Take the time to treasure all peaceful moments, the abiding tranquility of meditation, and the restorative power of proper rest.	Cosmic harmonies urge you to commit to a process of healthy transformation today. Although you might take yourself quite seriously most of the time, leave room to enjoy some delightful belly laughs, too. Fortunately, where there's a treasure chest of humor, there's often plenty of nuggets of wisdom to be found. Iconic comedian Carol Burnett says, Only I can change my life. No one can do it for me. Transformation is solely in your hands.	Over-emphasis on a transitory matter can invite unnecessary complications today. Keep a healthy perspective and treat small affairs more like gentle waves than giant tsunamis. Big-picture objectives don't have to be adversely impacted by unrelated current events, and in fact, they need not be influenced by them at all. Take conscientious control of your reactions and rest assured that such self-discipline will pay dividends in the form of good order and uninterrupted progress going forward. A steady hand guides the ship safely to port.	Make a conscious effort to organize your priorities early in the day by listing your goals, both long-range and short-term. As evening rolls around, you'll grow increasingly glad that you created such an accessible outline. Visualize desired achievements as if fully actualized and think on those images prior to bedtime. You might be surprised by what your dreams reveal when given that kind of pre-sleep inspiration. Poet Khalil Gibran wrote, Tomorrow is today's dream.	You can repeat the same message everyone else is delivering but somehow make it sound unique. Part of your natural charm is the ability to give whatever you say or do a special zing of style that is all your own. Your trend-setting ways are exceptionally trailblazing today, and the influence you have on others is stronger than you might guess. Fantastic results can be achieved simply by unleashing the full potency of your powers of persuasion. Be mindful of your intentions so you never do more harm than good.	There are some gifts to which you can obviously and indisputably lay claim today. However, the best results might be achieved by sticking close to your creative terrain and these sorts of artistic assignments. You can easily become lost or sidetracked if you head into murky, indistinct areas now. The chance to demonstrate a newly honed talent may come knocking, and you will want to be in prime position to seize that opportunity. Owning home-field advantage puts the ball in your court.
