Frozen Pipes Prevention Tips With the winter season here comes possibility of frozen water pipes. Here are helpful hints as you think of preventing frozen water pipes in your home: make sure the foundation to your house or mobile home is air-tight and that foundation vents are closed, disconnect garden hoses, leave a small stream of hot and cold water running from an inside faucet (when temperatures drop below 20 degrees Fahrenheit) and make sure you and your family know the location of your home’s water shut-off valve. If a pipe bursts, shutting off the water promptly can help minimize damage. These extra precautions will far outweigh the inconvenience of frozen pipes and the cost of having burst pipes repaired.

Miss Pearl's Country Cookin'

Walnut Coconut Butter
Original recipe makes 8 servings
1 cup walnuts
1/2 cup unsweetened coconut
1 teaspoon coconut sugar
1/2 teaspoon ground cinnamon

Preheat oven to 350 degrees F. Spread walnuts onto a baking sheet. Bake walnuts in the preheated oven until fragrant, about 7 minutes. Add coconut to the walnuts and bake until coconut is toasted, about 3 more minutes. Remove from oven and cool. Blend walnuts, coconut, sugar, and cinnamon together in a food processor until smooth.

Dorritos Chicken Cheese Casserole
Original recipe makes 6 servings
cooking spray
1 (14.5 oz) package nacho cheese-flavored tortilla chips (such as Doritos), crushed
3 cups chopped cooked chicken
1 (15.25 oz) can corn, drained
2 cups shredded Mexican cheese blend, divided
1 1/2 cups salsa
1 (10.75 oz) can condensed cream of mushroom soup
1 (10.75 oz) can condensed cream of chicken soup
8 ounces sour cream

Preheat oven to 350 degrees F. Lightly spray a 9x13-inch baking dish with cooking spray. Spread crushed chips out into the bottom of the prepared baking dish. Stir chicken, 1 cup Mexican cheese blend, salsa, cream of mushroom soup, cream of chicken soup, and sour cream together in a bowl. Pour chicken mixture over crushed chips into the baking dish. Bake in the preheated oven for 20 minutes. Spread remaining 1 cup cheese over the casserole and bake until cheese is melted and bubbling, about 5 minutes more.

Mollasses Bars
original recipe makes 16 bars
Crisco® Original No-Stick Cooking Spray
1/2 cup Crisco® All-Vegetable Shortening®
1/3 cup molasses
3/4 cup firmly packed brown sugar
1 large egg, lightly beaten
1 1/4 cups Pillsbury BEST® All Purpose Flour
1/2 teaspoon salt
1/4 teaspoon baking soda
1/2 cup chopped walnuts
Powdered sugar

Heat oven to 350 degrees F. Coat 9 x 9-inch pan lightly with no-stick cooking spray. Heat shortening and molasses to boiling in large saucepan, stirring constantly. Remove from heat. Stir in brown sugar. Add egg. Beat until fluffy. Combine flour, salt and baking soda in small bowl. Stir into molasses mixture. Blend in nuts. Spread in prepared baking pan. Bake 22 to 25 minutes. Cool. Sprinkle with powdered sugar. Cut into 16 bars.

Baked Scalloped Potatoes
original recipe makes 8 servings
6 large peeled, cubed potatoes
1 (10.75 oz) can condensed cream of mushroom soup
1 1/4 cups milk
1 onion, diced
1/2 teaspoon ground black pepper

Preheat oven to 375 degrees F. Grease a 2 quart casserole dish. Layer potatoes and onions into the casserole dish. Combine soup, milk and pepper in a bowl, then pour soup mixture over the potatoes and onions. The soup mixture should almost cover the potatoes and onion, if it does not add extra milk. Cover dish and bake in preheated 375 degrees F oven for 60 minutes or until the potatoes are cooked through. At 30 minutes, remove the casserole from the oven and stir once before returning the dish to the oven. Remove from oven and serve.

Your Weekly Love Horoscope

Aries
March 21-April 19

You might be able to hear the voice of reason waiting through the caverns of your mind today, but you're not likely to slow down long enough to understand the message. At any other time, it would be a grave mistake to continue on your journey unimpeded. However, a creative Grand Fire Trine all but guarantees your success now, as long as you can express yourself freely so your work seems like play. Paul Brandt sang, Don't tell me the sky's the limit when there are footprints on the Moon.

Taurus
April 20-May 20

You like finishing whatever you start and today is no exception. However, it may be more difficult to make measurable progress now, even if your intentions are good. Although you possess plenty of self-confidence, it might not be the right time to push your agenda forward. Fortunately, working behind the scenes is like putting money in the bank while everyone thinks you are poor. Don't rely on other people's assessments of your productivity, for they can't see the whole picture at this time. Oddly enough, moving closer to your goals can occur out of sight of anyone else.

Gemini
May 21-June 20

Although you have a natural gift for gab, you're at the top of your communication game today. A magical Grand Fire Trine points to the expressive Leo Moon in your 3rd House of Information, lubricating your words so they effortlessly fall into place as you speak. If there's something on your mind that needs to be said, this is a perfect day to bring up unresolved relationship issues. Your thinking is clear and others will be more receptive to your message while eloquent Mercury is working on your behalf. Buddhist teacher Jack Kornfield wrote, When words are both true and kind, they can change the world.

Cancer
June 21-July 22

It might feel as if people are judging you harshly before they even know your intentions. However, there is no reason to try to convince anyone that your plan is valuable today. If you are confident in your ability to see the big picture and to bring generalities down to earth, then you don't need any input from others at this time -- especially if you know it will be negative. There's no reason to complicate your life when it's already on track to success.

Leo
July 23-August 22

People may end up misreading your energy today because they don't look beyond the smile on your face. Your friendly demeanor can set others at such ease that your hard work goes unnoticed. But this is not the time to receive accolades for all that you bring to the party. Although the Moon is in your noble sign, a pile of planets in your 6th House of Service pushes you to show up and do the work, without expecting any sort of acknowledgment at this time. Mahatma Gandhi said, Satisfaction lies in the effort, not in the attainment; full effort is full victory.

Virgo
August 23-September 22

Flying beneath the radar affords you the luxury of working unseen today. Luckily, this invisibility plays in your favor now since you don't want to stop and explain your actions; you simply want to get on with the tasks at hand. Ultimately, everyone will be happily surprised with your results because your practical approach increases your efficiency and productivity. Thomas Carlyle wrote, Nothing builds self-esteem and self-confidence like accomplishment.

Libra
September 23-October 22

Your relationships seem more important than ever now and nearly everything you do seems to have direct impact on those in your community. The lively Leo Moon wires your 11th House of Social Networking for sound, turning every minor utterance into a major symphony. Its impossible to keep track of every nuance of every instrument, so you're better off letting go of the reins of control. Paradoxically, the disparate trains of expression weave together beautifully when everyone is contributing freely in a self-determined manner. Aristotle wrote, The whole is greater than the sum of its parts.

Scorpio
October 23-November 21

Grandstanding may not be part of your regular repertoire, but you could use a little love in the form of recognition now. You are riding on a wave of energy that is gaining momentum and you know the crescendo is building to a climax. Nevertheless, you're in no mood to wait while the passionate Grand Fire Trine is activating the Leo Moon in your 10th House of Public Life. Your sense of urgency is like a call to action. Don't put off until tomorrow what you can do today.

Sagittarius
November 22-December 21

An unusual confluence of cosmic energy encourages you to dream bigger than ever. You know in your gut that you can manifest nearly anything that you can visualize in your mind's eye. Nevertheless, you are afraid to set yourself up for disappointment in case your efforts fall short of your expectations. But don't focus on a negative outcome or that is what you will get. Richard Bach wrote, To bring anything into your life, imagine it already there.

Capricorn
December 22-January 19

You want to lighten up today, but you might not be able to express your playful spirit so others can experience it directly. Paradoxically, people perceive you as more serious than you see yourself. But trying to bridge the gap between your inner experience and your outer manifestation could be a waste of energy now. Ultimately, self-acceptance will lead to acceptance by everyone else. S. Kelley Harrell wrote, We don't heal in isolation, but in community.

Aquarius
January 20-February 18

It seems as if everyone wants to share in your current success. This might seem strange to you because you don't have the same sense of accomplishment that others see in your work. Nevertheless, you may be your own harshest critic as psychological judgments bubble up from the hidden realms of your subconscious. Meanwhile, you are projecting a larger-than-life image while the magnanimous Leo Moon brightens your 7th House of Others. Spiritual teacher Sri Chinmoy said, Peace begins when expectation ends.

Pisces
February 19-March 20

You are tethered to the mundane world today, with little time or energy to escape into a world of fantasies. Your friends, associates and family all seem to be relying on you for one thing or another, and you don't want to let anyone down. Although your efforts must be focused on getting measurable results in the real world, no one can stop you from taking short metaphysical jaunts into your dreams as long as you don't stay there too long. Nevertheless, spending too much time in other dimensions can detract from your work in this one.
