DUN-FOUND-IT GAME FOR JANUARY 18, 2017

Name: _____ Phone: _____

Miss Pearl's Country Cookin'

Apple Chicken Quesadilla

original recipe makes 12 triangles

4 Flour tortillas (approx. 8-inches wide)

1 cup cooked, shredded or chopped, chicken meat

1/4 lb cheddar or Monterey jack cheese sliced or grated

1 apple, sliced

1/4 cup salsa

Heat a large skillet on medium high heat. Place one tortilla in the skillet. Flip it a couple of times with a spatula, then let it sit in the pan heating up until air pockets form and parts of the tortilla begin to puff up. Flip it again. Place cheese slices on half of the tortilla, at least 1/2-inch from the edge of the tortilla. Add chicken pieces on top of the cheese. Fold the tortilla over like an omelette, and press down on the folded tortilla with the spatula. Lower the heat to medium. At this point, if you have enough room in your skillet, you can add a second tortilla to the pan to begin to heat it up. When the cheese inside the quesadilla has melted, remove the quesadilla to a cutting board. Open it wide and layer on apple slices and salsa. Fold the tortilla back again, and cut it into 3 triangles, as if you were cutting a pie. Repeat with the remaining tortillas.

Garlic Bread

1 16-ounce loaf of Italian bread or French bread

1/2 cup (1 stick) unsalted butter, softened

2 large cloves of garlic, smashed and minced

1 heaping tablespoon of freshly chopped parsley

1/4 cup freshly grated Parmesan cheese (optional)

Method 1 - Toasted
Preheat oven to 350°F. Cut the bread in half, horizontally. Mix the butter, garlic, and parsley together in a small bowl. Spread butter mixture over the the two bread halves. Place on a sturdy baking pan (one that can handle high temperatures, not a cookie sheet) and heat in the oven for 10 minutes. Remove pan from oven. Sprinkle Parmesan cheese over bread if you want. Return to oven on the highest rack. Broil on high heat for 2-3 minutes until the edges of the bread begin to toast and the cheese (if you are using cheese) bubbles. Watch very carefully while broiling. The bread can easily go from un-toasted to burnt. Remove from oven, let cool a minute. Remove from pan and make 1-inch thick slices. Serve immediately.

Method 2 - Soft
Preheat oven to 350°F. Make the butter, garlic, parsley mixture as above. Make 1-inch thick slices into the bread, but do not go all the way through, just to the bottom crust. Put a teaspoon or two of the butter mixture between each slice. Wrap the bread in aluminum foil and heat for 15 minutes in the oven.

Bread Pudding

1 loaf French bread, at least a year old, cut into 1-inch squares (about 6-7 cups)

1 qt milk

3 eggs

2 cups sugar

2 Tbsp vanilla extract

1 cup raisins (soaked an hour or 2 in 1/4 cup bourbon)

1/4 teaspoon allspice

1/4 to 1/2 teaspoon cinnamon

3 Tbsp unsalted butter, melted

Bourbon Sauce:

1/2 cup (1 stick) butter, melted

1 cup sugar

1 egg

1 cup Kentucky bourbon whiskey

Preheat oven to 350°F. Place milk in a large mixing bowl and add the bread that has been cut into squares. Press the bread into the milk with your hands until all of the milk is absorbed. In a separate bowl, whisk the eggs, then whisk in the sugar, vanilla, allspice and cinnamon. Pour over the bread and milk mixture. Add the bourbon soaked raisins and gently stir to combine. Pour the melted butter into the bottom of a 9x13 inch baking pan. Coat the bottom and the sides of the pan well with the butter. Pour the bread milk and egg mixture into the baking pan. Bake at 350°F for 35-45 minutes, until the liquid has set. The pudding is done when the edges start getting a bit brown and pull away from the edge of the pan. Can also make in individual ramekins. While the bread pudding is cooking, make the bourbon sauce. Melt the butter in a medium saucepan on low heat. Add the sugar and egg and whisk to blend well. Slowly cook over low heat, stirring constantly, until the mixture thickens enough to coat the back of a spoon, then remove from heat. Do not allow the mixture to simmer! (Or the sauce will curdle. By the way, if your sauce curdles, just take it off the heat and blend it smooth in a blender.) Whisk in bourbon to taste. Whisk again before serving. The sauce should be soft, creamy, and smooth. Serve the bread pudding with bourbon whiskey sauce on the side; pour on to taste. Best fresh and eaten the day it is made.

Your Weekly Love Horoscope

 Aries March 21-April 19 No matter what your professional responsibilities require of you now, communication is the key to your success. But you can't get away with unsubstantiated claims or hollow promises when tangible results are expected. You may temporarily lose your sense of freedom because you won't have the luxury of allowing your mind to wander. There's work to be done; figure out the best way to proceed and get started without any fuss or fanfare. Let your success be your noise.	 Taurus April 20-May 20 Someone may offer you the opportunity of a lifetime, but don't jump at the chance until you do your due diligence. Unfortunately, a false sense of urgency today could lead you to discover that the waterfront property you bought was a mosquito-infested swamp. Thankfully, your reality filter is in top-notch shape now, enabling you to see through deceptions, whether or not they are intentional. Stick to what you know, rather than being misled by your dreams. Maya Angelou wrote, "There's a world of difference between truth and facts. Facts can obscure the truth."	 Gemini May 21-June 20 You have no interest in participating in the same lighthearted conversations that recently filled your idle time. In fact, you may believe there's a small window of opportunity to work out the details of a financial relationship. You might even worry that your chance to close a deal will disappear before you can finalize it. Whether you are refinancing your home, buying a car or simply consolidating loans, ferret out all the facts before signing on the dotted line. Being well-informed puts you in the strongest negotiating position.	 Cancer June 21-July 22 Although you are quite comfortable with your position today, your feelings may undermine your argument in an ongoing debate. Its crucial to confront your opposition with hard data rather than soft opinions. Of course, its not wise to ignore your emotions; just don't use them when presenting your case. Fortunately, there's an excellent opportunity for meaningful give and take in your discussions. If you can talk about a problem, you can resolve it.	 Leo July 23-August 22 Yesterdays optimism has morphed into todays realism. You're less interested in the potential of a situation than in the practicality of it. Flatter than imagining all the letters in the alphabet, you're executing your plan to get from A to B. But don't let your growing concern about efficiency shut down your dreams. You can concentrate your efforts in the present moment while still harboring fantasies of future adventures. Wake up with determination. Go to bed with satisfaction.	 Virgo August 23-September 22 You can harness the power of your creativity today through all forms of communication and interpersonal interactions. Ironically, you are most productive now when you're having fun, but you're so driven to accomplish something tangible that you don't want to take the time to play. The solution to this dilemma comes through understanding the relationship between lighthearted wit and profound proclamations. Humor can be a catalyst to start a transformational conversation that changes your life. Lighten up and go deep.
 Libra September 23-October 22 Sometimes you must withdraw from the social noise to attend to your own needs. But this apparent retreat is not about avoiding responsibilities; instead, you're interested in clarifying your domestic obligations. One reason to reevaluate your commitments to family members is so you can head back into the world, knowing that you have a strong foundation at home. Nevertheless, this process means coming clean in your personal life by clearing the air of secrets. Although you may worry about creating unnecessary drama, you'll be surprised how open and honest communication actually stomps out the chaos and confusion.	 Scorpio October 23-November 21 Its nearly impossible to rest your weary head today because you're so busy thinking important thoughts. Your complex mental process is motivated by your desire to make connections between all the different things you've learned. Although others may grow annoyed with your probing questions, they don't necessarily understand how driven you are to collect more information. Finding previously missing links between current events and your past memories could be the sweet reward for all your hard work. Perseverance is your ally when solving a mystery.	 Sagittarius November 22-December 21 You may be wrapped up in the facts and figures of financial transactions now. Whether you are determining your budget for a home improvement project, reassessing your daily expenditures, or evaluating the feasibility of a business investment, it all comes down to what resources you possess and how you wish to utilize them for maximum benefit. But your temporary fascination with money is just a symptom of wider concerns as you consider what you want in your life. Clarifying your core values is a necessary step on your way to finding satisfaction.	 Capricorn December 22-January 19 You are in a power zone and its crucial to make the most of it while it lasts. Although you may be overwhelmed by all the serious issues that are coming to a head, you are fully equipped to handle this complicated moment in your life. You will emerge from this cosmic pressure cooker with flying colors if you utilize your secret weapon of time management. Keep one eye on your calendar and the other on your clock. Make lists, establish priorities, set boundaries, and know that you can do amazing things if you get to work now.	 Aquarius January 20-February 18 Your private communication channel to other dimensions is open for business today, allowing your spirit guides, angels and ancestors to speak directly to you. However you frame these dialogues with non-physical beings, you're the beneficiary of the imparted wisdom. Don't try to intellectualize the process; refrain from judging the reality of your experience. If you must, just think of it as your inner voice, a product of your imagination. If you still can't accept this form of help, you can always fall back on the words of Charles Dickens: A loving heart is the truest wisdom.	 Pisces February 19-March 20 So much of your life is intertwined around your social relationships. Your friends and coworkers mean a lot to you, as do their thoughts and opinions. However, you must establish new boundaries if you wish to pursue your personal goals. This is not about withdrawing into a shell; rather, its about separating your needs from everyone elses, so you can discern what's most important to you. Reconsidering priorities now determines your trajectory into the future. You can only make good choices if you know what you want rather than what others expect. Ram Dass said, "I've been should upon long enough."
