Miss Pearl's Country Cookin'

Cottage Fries

Original recipe makes 4 servings

4 baking (russet) potatoes,
sliced into 3/8-inch thick rounds
salt and freshly ground black pepper to taste
1 pinch cayenne pepper, or to taste
1 pinch herbes de provence, or to taste
2 tablespoons olive oil

Preheat oven to 425 degrees F. Line a baking sheet with parchment paper or a silicone baking mat and set aside. Combine potatoes, salt, ground black pepper, cayenne pepper, and herbes de provence in a large bowl. Drizzle olive oil over potatoes and stir to evenly coat. Place potatoes on baking sheet, spaced evenly, and bake in the preheated oven for 15 minutes. Remove from oven, flip over each potato slice, and return to the oven for another 15 minutes. Continue cooking and flipping until potatoes are well browned, about 30 minutes. Potatoes should be crispy around edges, but still soft in the center.

Pepperoni Burger

original recipe makes 4 servings

1 (8 oz) can Hunt's® Tomato Sauce, divided
1/3 cup finely chopped pepperoni
1/2 teaspoon dried oregano
1/4 teaspoon crushed red pepper flakes
1 pound ground sirloin beef (90% lean)
4 (1 oz) slices part-skim mozzarella cheese
4 hamburger buns, toasted

Stir together 1/2 cup tomato sauce, pepperoni, oregano and pepper flakes in medium bowl. Add beef; mix together and shape mixture into 4 patties, about 1/2-inch thick. Heat large skillet over medium-high heat. Add patties; cook 5 minutes on each side or until cooked through (160 degrees F). Top each with 1 slice cheese; melt slightly. Remove from heat. Spread 1 tablespoon tomato sauce on bottom half of each bun. Top each with a patty. Spoon remaining tomato sauce evenly over patties. Close with tops of buns. Serve immediately.

Deep Fried Mushrooms

Original recipe makes 8 servings

1 cup all-purpose flour
1 teaspoon garlic salt
1 egg
1 cup water
1 pound button mushrooms, quartered
2 cups oil for frying, or as needed

In a medium bowl, stir together the flour and garlic salt. Mix in egg and water until smooth. Heat the oil in a large deep skillet over medium-high heat. Test to see if oil is hot by frying a drop of batter. If it sizzles and floats to the top, the oil is ready. Dip mushrooms into the batter and then place in the hot oil. Fry a few at a time so they are not crowded, until golden brown, 3 to 5 minutes. Remove from oil with a slotted spoon and drain on paper towels.

Sweet Potato Brownies

original recipe makes 8 servings

Brownies:

2 cups white sugar
1 cup butter, softened
2 cups grated sweet potato
1 1/2 cups all-purpose flour
1 cup chopped pecans (optional)
4 eggs
2 teaspoons vanilla extract
1 teaspoon salt

Glaze:

1 cup confectioners' sugar
2 tablespoons melted butter
1 teaspoon milk, or as needed

Preheat oven to 350 degrees F. Grease a 10x13-inch baking dish. Beat white sugar and 1 cup softened butter together in a bowl using an electric mixer until smooth and creamy; add sweet potato, flour, pecans, eggs, vanilla extract, and salt, stirring well after each addition, until batter is smooth. Pour batter into the prepared baking dish. Bake in the preheated oven until a toothpick inserted in the center comes out clean, 30 to 40 minutes. Whisk confectioners' sugar and 2 tablespoons melted butter together in a bowl; add enough milk to make a thin glaze. Spread glaze over brownies while still hot. Cool and slice brownies.

Your Weekly Love Horoscope

**Aries**
March 21-April 19

You are known for your willingness to run ahead of the pack, whether or not the Moon is visiting your impetuous sign. Nevertheless, the Aries Moon provokes you to say yes quickly now, without considering alternative paths. Meanwhile, the Moon's harmonious alignment to karmic Saturn in your 9th House of Future Vision requires you to find a more reliable route to success, even if it means you won't get there as soon. Don't jump on the fastest horse today, because learning a meaningful lesson along the way might be more important than reaching your destination.

**Taurus**
April 20-May 20

Handling the demands of your day-to-day affairs can be so exhausting now that you're ready to slip away for some much-needed rest and recuperation. But the more you try to retreat today, the more it seems as if others won't leave you alone. Everyone wants to chime in with their opinions on what you should be doing, so it's up to you to resist outside pressure by clearly establishing boundaries. Everything becomes easier to manage once you create enough space for a quick getaway. The time to relax is when you don't have time for it.

**Gemini**
May 21-June 20

You may be much more interested in your social life than performing your job today, even if it is a busy workday. You're sorely tempted to take a long lunch or waste time in idle chatter with your coworkers. And even if you try and behave, you might still end up searching for other ways to fulfill your need for interpersonal interaction. Unfortunately, your boss or some other authority figure could step in and prevent you from escaping your duties. Be proactive; finishing your to-do list early in the day will leave you plenty of time to play later on.

**Cancer**
June 21-July 22

People may be genuinely surprised with your actions today because you're uncharacteristically eager to take charge at work. Although others think that you're reticent to be in the spotlight, you are more than willing to assume authority when you know exactly where you want to go. Just be careful not to indiscriminately share your feelings with anyone who might not have your best interests in mind. Finding the right person to confide in can make all the difference in the world.

**Leo**
July 23-August 22

You're currently dissatisfied with the family dynamics today, tempting you to escape into your dreams. However, withdrawing into fantasyland isn't a viable strategy for achieving long-term happiness. Thankfully, the courageous Aries Moon's presence in your 9th House of Adventure convinces you to make changes to create the excitement you seek. Nevertheless, you still have to do what others expect of you prior to putting your big plan into motion. To everything there is a time; to everything there is a reason.

**Virgo**
August 23-September 22

Your coworkers might be operating with hidden agendas today. On the surface, they may continue to voice their support for you, even if you retreat in order to delve deeper into your own emotional process. However, you can't help but feel the pressure from their unspoken demands, prompting you to pull away even more now. One way to handle the current tension is to simply let others know that you just need some time alone to regroup and gather your thoughts. You can always reconnect with your teammates once you're ready to return to the game.

**Libra**
September 23-October 22

A close friend or coworker may seem too pushy for your refined taste today while the impudent Aries Moon visits your 7th House of Others. Unfortunately, you could overreact by emotionally withdrawing from the unpleasant situation. Thankfully, a lunar trine to stern Saturn enables you to clearly set the limits you need to feel comfortable. Just remember, relationships require give and take, so keep the communication channels wide open for the best results.

**Scorpio**
October 23-November 21

You can't sit around twiddling your thumbs while the irrepressible Aries Moon is wildly activating your 6th House of Work. But you could be so enthusiastic about plowing through your chores today that you rush ahead with your next task before you map out the smartest approach to managing your resources. Unfortunately, you may expend lots of time and energy without finishing anything you start unless you're willing to slow down, rethink your strategy and begin anew. Haste makes waste; slow and steady wins the race.

**Sagittarius**
November 22-December 21

You might mistakenly believe that everything would be great now if people just gave you some breathing room and didn't expect so much from you. It's tempting to resent those who rain on your parade by withholding their approval. Unfortunately, your resistance only reinforces your negativity. You can improve the dynamics in a flash by changing your assumptions. No one wants to ruin your day; they only want to help you realize your potential. Turn your critics into allies and you'll be surprised how quickly attitudes improve, including your own.

**Capricorn**
December 22-January 19

Personal issues demand your attention today, especially if you recently have been lost in your work-related responsibilities. Luckily, this is a great time to clean up matters at home while serious Saturn harmoniously trines the Moon in your 4th House of Domestic Affairs. Unfortunately, you might believe you will arrive at your destination faster by taking a few unauthorized shortcuts along the way. Avoid the potential for frustration by giving yourself plenty of time to process your feelings. Keeping it real inspires others to do the same.

**Aquarius**
January 20-February 18

You may be running around in circles today, without having much to show for all your efforts. Instead of compulsively continuing to spin in motion, stop for a while so you can reconnect with your center. Of course, adopting a more practical approach will help your cause, but restarting slowly at first is the real key to gaining traction. You'll be able to deliver on your promises as long as you don't rush ahead without any forethought at all. A more linear perspective improves your productivity.

**Pisces**
February 19-March 20

Taking a methodical approach is the best way to tackle a financial problem that's been bothering you lately. Unfortunately, attempting to solve your dilemma by initiating aggressive action gets you nowhere fast while retrograde Mercury is in the picture. Thankfully, the Moon's emphasis on your 2nd House of Money harmonizes with calculating Saturn today. Don't shift the blame for a difficult situation onto anyone else. Claim responsibility for your position and establish a sensible plan to alleviate the current pressure. Highest intention plus hard work equals magical success.
