Grilled Potatoes

Original recipe makes 4 servings

2 large russet potatoes, scrubbed
2 tablespoons olive oil
salt and ground black pepper to taste
Poke each potato with the tines of a fork.
Place the potatoes in a microwave oven, and cook on high power for about 5 minutes. Check about halfway through, and turn potatoes over for even cooking. Slice each potato in half the long way and cook potatoes another 2 minutes on high power. Preheat a grill for medium heat. Brush the potato tops with olive oil, and season with salt and pepper to taste. Cook on prepared grill for 15 to 20 minutes, turning once.

Oatmeal Peanut Butter Cookies

original recipe makes 2 dozen

3/4 cup all-purpose flour
1/2 teaspoon baking soda
1/4 teaspoon baking powder
1/2 teaspoon salt
1/2 cup butter, softened
1/2 cup peanut butter
1/2 cup white sugar
1/2 cup packed light brown sugar
1 egg
1 teaspoon vanilla extract
1 cup quick cooking oats
3 tablespoons butter, softened
1 cup confectioners' sugar
1/2 cup smooth peanut butter
2 1/2 tablespoons heavy whipping cream

In a large bowl, cream together 1/2 cup butter or margarine, 1/2 cup peanut butter, white sugar, brown sugar, and vanilla. Add egg and beat well. In another bowl, combine the flour, baking soda, baking powder, and salt. Add these dry ingredients to the creamed mixture. Stir. Add oatmeal and stir. Drop by teaspoons onto greased baking sheet, and press each mound down with a fork to form 1/4 inch thick cookies. Bake at 350 degrees F for 10 minutes, or until cookies are a light brown. To Make Filling: Cream 3 tablespoons butter or margarine with the confectioners' sugar, 1/2 cup smooth peanut butter, and the cream. Spread filling onto half of the cooled cookies, then top with the other half to form sandwiches.

Pizza Spaghetti Casserole

Original recipe makes 8 servings

1 (16 ounce) package spaghetti
1 pound ground beef
1/2 cup milk
1 egg
1 (26 oz) jar pasta sauce
1 (16 oz) can diced Italian-style tomatoes
1/2 teaspoon garlic powder
1/2 teaspoon dried oregano
2 ounces sliced pepperoni, divided
1 (8 oz) package shredded Italian cheese blend
1/4 cup grated Parmesan cheese

Preheat oven to 350 degrees F. Grease a 9x13-inch baking dish. Bring a large pot of lightly salted water to a boil. Cook spaghetti in the boiling water, stirring occasionally, until cooked through but firm to the bite, about 12 minutes. Drain water and transfer spaghetti to the prepared baking dish. Heat a large skillet over medium-high heat. Cook and stir beef in the hot skillet until browned and crumbly, 5 to 7 minutes; drain and discard grease. Whisk milk and egg together in a bowl; pour over spaghetti. Add pasta sauce, diced tomatoes, garlic powder, and oregano to spaghetti and mix well. Spread ground beef over spaghetti mixture and top with 1/2 of the pepperoni. Sprinkle Italian cheese blend over pepperoni and top with the remaining pepperoni and Parmesan cheese. Bake in the preheated oven until cheese is browned and bubbling, about 30 minutes.

Steak Bites with Blue Cheese Sauce

original recipe makes 8 servings

1 1/2 pounds beef top sirloin, trimmed and cut into bite-size pieces
2 tablespoons blackened seasoning (such as Chef Paul Prudhomme's Blackened Steak Magic), or more to taste
2 tablespoons vegetable oil
Blue Cheese Sauce:
1 (3 oz) package cream cheese
3 tablespoons evaporated milk
8 ounces blue cheese crumbles
1/2 teaspoon garlic powder
1/4 teaspoon ground white pepper
1/4 teaspoon cayenne pepper

Season sirloin with blackened seasoning to coat on all sides. Heat oil in a cast-iron skillet on an outdoor grill until the oil is smoking. Cook steak bites in hot oil in small batches, reheating oil between batches, until slightly crusty, 1 to 2 minutes per side. Stir cream cheese and evaporated milk together in a saucepan over low heat to melt the cream cheese. Whisk blue cheese crumbles, garlic powder, white pepper, and cayenne pepper into the cream cheese mixture; simmer, stirring frequently, until the blue cheese melts into a smooth sauce, 2 to 3 minutes. Serve blue cheese sauce with the beef bites.

Your Weekly Love Horoscope

Aries
March 21-April 19

Your coworkers may be standoffish today because you're giving off the impression that you don't want to be disturbed. It's true: you're not in the mood for horsing around because you're trying to get serious about your work. However, your no-nonsense attitude is really an avoidance strategy as wounded Chiron and vulnerable Venus sing a lament in your 12th House of Escapism. It isn't wise to succumb to their sad siren song by suppressing your feelings; instead, allocate a time and space to address them compassionately. You can't change what you refuse to confront.

Taurus
April 20-May 20

You're trying to collect as many constants as you can so the variables aren't as tricky to handle. Surrounding yourself with the facts helps you feel more comfortable in your own skin. You can usually count on your friends for support, but you prefer to depend on yourself today. Unfortunately, being in the midst of a group reminds you of past friendships that may have ended badly or communities you left behind. In reality, rounding up your squad for an intimate get together to share your experiences may be just the bonding experience you need to help you release old paradigms.

Gemini
May 21-June 20

Others may wonder what's wrong today as you're not quite acting like your usual chipper self. The truth is you're uninterested in small talk because you're preoccupied with processing complicated emotions while the solemn Capricorn Moon transits your 8th House of Transformation. Additionally, the poignant Chiron-Venus pairing calls to mind a time when your reputation was damaged, and it feels just as real now as it did when it happened. The good news is that talking about your feelings will expedite the healing process. Thomas Jefferson said, "Honesty is the first chapter in the book of wisdom."

Cancer
June 21-July 22

Your melancholy is hidden under the surface of the tough exterior shell you created to keep it inside. However, the people who know you best are likely to notice that something is bothering you anyway. You may be stuck remembering a time when your biggest dream fell flat, and it's difficult to stop your heart from replaying the painful feelings of disappointment. However, with a little bit of conscious effort you can see this bygone experience in a new light. It is but one thread in a tapestry whose beauty is amplified by the contrast of light and dark.

Leo
July 23-August 22

Getting enough rest should be top priority now, whether or not external circumstances are physically demanding, since your immune system needs support. Healer Chiron and vulnerable Venus conspire in your 8th House of Intimacy and your heart pangs in remembrance of an emotional debt that was never repaid. However, being too tired to worry is actually a blessing today as lower physical energy can motivate you to mellow out and let things go. Every time you subtract negative from your life, you make room for more positive.

Virgo
August 23-September 22

Your manner is calculated and controlled today as rigidity feels safer than allowing the chips to fall where they may. You're afraid your heart might do the talking, and it has plenty to say about an old flame that's haunting your thoughts now. Instead of dwelling on the past, try to realize that it's not your job to fix lost souls. Although forgiving the person who has hurt you is an important piece of the puzzle, it's even more crucial to forgive yourself.

Libra
September 23-October 22

Your people skills are one of your best assets and it's gratifying to put them to good use. Although creating harmony and mediating compromise can seem like a full-time job, it's easy to see the beauty in conflict resolution. However, sometimes diplomacy doesn't always do the trick, and you may remember a time when you tried your best to serve the greater good and it was all for naught. Instead of feeling remorseful about the past failure, view it as a learning experience that can positively influence your future endeavors.

Scorpio
October 23-November 21

Keeping busy with menial tasks is surprisingly satisfying today. It's as if you're able to deflect the artfulness of the mundane in every curve and angle. Although you're often seen as the brooding type, you actually possess a knack for transmuting negative feelings into imaginative art. In fact, things in your immediate environment might trigger recollections of a time when you shared something you were proud of and it wasn't favorably accepted. This creative wound could cause you to retreat in defense of your heart. Luckily, tapping into the energy of the memory inspires you to create something new if you're willing to examine your pain in a different light.

Sagittarius
November 22-December 21

What you thought was ancient history is brought back to full-blown awareness today. Loving Venus encounters sensitive Chiron in your 4th House of Family, dredging up childhood memories that may not be so happy. The past might be hard to face, but favorable aspects from the patient Capricorn Moon can help you see the value in these difficult experiences. Henna Sohail wrote, "The moment you learn the lesson, the test will be over."

Capricorn
December 22-January 19

No matter how many times you turn over a problem in your mind, you can't seem to find an answer that satisfies everyone. The reason is that sometimes there is no solution; accepting a situation exactly as it is can be the best way to make peace with it. The cosmos is offering you an opportunity to practice this process as a sentimental Venus-Chiron connection recalls an image of the past frozen in time. There's not much to do but observe how this makes you feel now, and move forward with the knowledge that this experience is expanding your perspective. When you seek it, you can't find it; when you stop looking, it finds you.

Aquarius
January 20-February 18

The silent spaces in between activities seem to stretch out, allowing you to reflect on a time when you had less than you do now. Perhaps you went for a stretch with few material comforts or spent time on your own with little emotional support. These recollections may be uncomfortable because you also remember them so vividly, but they also serve as landmarks that indicate how far you've come on your journey. Past and present placed side by side fosters a sense of gratitude like nothing else can.

Pisces
February 19-March 20

It feels as if you've been transported back in time because everything reminds you of an earlier version of yourself. Although you may have shed your skin many times in this life, some new phases began out of necessity when chapters had to come to an end rather painfully. Keep in mind that there's a fine line between meditating on the past and throwing a pity party. Choosing a proactive way of processing memories like creating a scrapbook or writing a song empowers you to relive the past while also being able to close the book on it.
