Your Journey Awaits

Take a Life Transforming Journey through a Full Scale Replica of the Tabernacle of the Wilderness

The Tabernacle Experience is not a museum. It is not a theatre production. The Tabernacle Experience is an Encounter with the Living God!

One step inside the Tabernacle Courtyard will translate you into Old Testament times. You will experience a day in the life of an Old Testament priest as you engage in the duties and rituals within the Tabernacle.

The truths of the Tabernacle are life changing. The Tabernacle Experience is a tangible, multi-sensory encounter that will stir your emotions and faith in the person of Jesus Christ.

Miss Pearl's Country Cookin'

Buttermilk Fried Chicken

original recipe makes 4 servings

- 1 (3 lb.) fryer, cut into pieces
- 2 cups buttermilk
- 1 large onion, sliced
- 1/4 cup chopped mixed fresh herbs) or a teaspoon each of the dried herbs.
- 1/2 teaspoon paprika
- 1/2 teaspoon cayenne pepper
- 2 cups flour
- 1/2 teaspoon garlic salt
- 1/2 teaspoon onion salt
- 1 teaspoon cayenne pepper
- Salt and pepper
- 2 cups canola oil, or other high smoke-point oil

Soak chicken overnight (at least 8 hours and up to two days) in buttermilk with onions, herbs, paprika, and cayenne pepper. Drain in a colander, leaving some of the herbs on chicken. In a large paper or plastic (sturdy) bag, mix flour with seasonings. Meanwhile, heat 2 cups of oil in a large, heavy-bottomed skillet (cast iron, stainless steel, or anodized aluminum - something that can take the heat) on medium high heat until a pinch of flour starts to sizzle when dropped in the hot oil (but not so hot that the pan is smoking). Remember when working with hot oil, always have a pan lid close by. Place chicken pieces in bag with flour and shake until thoroughly coated. Add chicken to hot pan and fry on 1 side for 12-15 minutes, until golden brown, and then use tongs to turn the pieces over and fry for another 10-12 minutes, again until golden brown. Be careful to keep the oil hot enough to fry the chicken, but not so high as it burns the chicken. To do this on our electric stove we have to alternate the settings between high to medium high several times while we are cooking. 4 Use tongs to remove chicken from pan. Place on a rack over a cookie sheet or broiling pan for the excess oil to drain. Add more salt and pepper to taste.

Chocolate Pudding

- 1/4 cup sugar
- 1/4 cup unsweetened cocoa powder
- 2 Tbsp cornstarch
- Pinch of salt
- 2 cups whole milk
- 1 large egg
- 4 ounces semi-sweet chocolate chips
- Four 6-ounce ramekins or custard cups

Whisk together the sugar, cocoa powder, cornstarch, and salt in a heavy 2-quart saucepan. Gradually whisk in the milk. Bring to a boil, whisking constantly, and boil, whisking, until pudding is thick, about 3 to 5 minutes. Remove from heat. Immediately beat the egg lightly in a medium, heat-proof bowl, such as a hard plastic or ceramic mixing bowl. Very gradually add the hot chocolate mixture to the egg, whisking constantly. Whisk in the chocolate chips until they are melted and the mixture is smooth. Pour the pudding into the ramekins or cups. If you want, cover the surface of each of the pudding cups with some cut out wax paper to prevent a skin from forming on the top of the pudding. Refrigerate, covered, until cold, at least 2 hours. *Optional: Serve with whipped cream.*

Cheese Biscuits

- 2 cups + 2 tablespoons all-purpose flour
- dash cayenne
- 1/4 teaspoon salt
- 1/2 teaspoon black pepper
- 2 teaspoons baking powder
- 7 tablespoons butter, cold
- 2 scallions, finely chopped
- 3 oz. grated Parmesan cheese
- 3/4 cup buttermilk

Kosher, Maldon, or Black salt for topping (optional; not table/iodized salt)
Preheat the oven to 425°F. In a large bowl whisk together the flour, cayenne, black pepper, baking powder, and salt. Set aside. Dice the butter into small pieces. If they get too warm then place them in a bowl and put it in the freezer for about 10 minutes before continuing. Toss the diced butter with the flour mixture until well coated. (Again, if into tossing the butter gets hot in your hands place the whole mixture in the freezer for a few minutes.) Add the scallions and cheese and toss until well coated. Add the buttermilk and mix with your hands until it just comes together. You may find you need an extra dribble of buttermilk, if so then go right ahead but do so judiciously. Do not over-knead. Roll the dough out onto a lightly floured surface. Knead once or twice; no more. Form into an 8x8-inch square and cut into 2x2-inch squares and top with a bit of high-quality salt if using. Bake for 12-16 minutes or until golden.

Your Weekly Love Horoscope

Aries

March 21-April 19

You're all too willing to cut a person some slack today, but not just to be nice. One-to-one relationships are cast into the spotlight now, requiring you to consider another person's point of view and not only your own. Meanwhile, an intensely fierce Mercury-Jupiter conjunction encourages you to maintain a positive attitude at any cost -- even if you must overlook reality. Thankfully, you possess the determination to push past your resistance and seek the truth that's hiding in the dark. Ram Dast teaches, The shadow is the greatest teacher for how to come to the light.

Taurus

April 20-May 20

People seem to think they can put one over on you today, but you're more perceptive than they realize. Chatty Mercury joins jovial Jupiter in your 7th House of Others, bringing you an opportunity that looks too good to believe. Unfortunately, the truth is a moveable feast as a friend or associate uses imagination rather than the facts to tell a story. It's unwise to make a decision based on what you hear. Instead, rely on your direct observations for guidance now. Historian Daniel J. Boorstin said, The greatest enemy of knowledge is not ignorance, it is the illusion of knowledge.

Gemini

May 21-June 20

At first glance, a new idea feels like a breath of fresh air today. However, the sparkle fades upon deeper examination, leaving you with a dull ache of disappointment. You don't know whether to reengage with hopeful thoughts of salvaging something useful from this inspiration or if you should just let it go. Ironically, the more intensely you are motivated to pursue the possibility now, the wiser you are to opt out while you still can. Publisher Malcolm Forbes wrote, How to succeed: try hard enough. How to fail: try too hard.

Cancer

June 21-July 22

You are dead serious about being playful today. In fact, you might try to schedule your spontaneity if you thought it was possible. The truth is you are more likely to act on a whim if you're already taking a planned break. In any event, you will be happier when you communicate your feelings through some kind of creative expression, whether or not it is productive. Theologian Thomas Merton wrote, Art enables us to find ourselves and lose ourselves at the same time.

Leo

July 23-August 22

Reminiscing isn't an escape from the present, but rather a way to bring the past back to life as you create the future. Any memories that enter your awareness now are signposts that help you navigate through the backroads of your imagination. Reflecting on your inner life enables you to describe your outer world. You are on a quest to transform your dreams into reality. Poet William Blake wrote, "What is now proved was once only imagined."

Virgo

August 23-September 22

Although you fully enjoy your time with coworkers, you might not be as productive as you wish today. Actually, you're probably having too much fun to worry about your responsibilities while you're caught up in the intellectual feeding frenzy of the moment. But more is going on than meets the eye now. The fast repartee and clever witticisms are only the fabric upon which ideas are being exchanged. However, you're more intrigued in applying information that leads to something tangible. Author Aldous Huxley wrote, Dream in a pragmatic way.

Libra

September 23-October 22

You say what you mean today, and you surely mean what you say. Verbose Mercury converses with opinionated Jupiter in your 2nd House of Values, urging you to talk about your fundamental beliefs. Although you're not necessarily trying to sell your point of view, you're also not interested in adopting anyone else's. Unfortunately, others could quickly become defensive when facing your rigid attitude and extreme enthusiasm. Lead by example instead of wasting time on artful persuasion. Martin Luther King Jr. taught, We must learn to live together as brothers or perish together as fools.

Scorpio

October 23-November 21

Your relentless passion goes a long way to get the ball rolling today, but there must be real substance to your ideas or you will be left unsatisfied. Logical Mercury conspires with philosophical Jupiter in your 1st House of Personality, leading you to examine what it really means to be your authentic self. In theory, you like the idea of putting your best foot forward but, in practice, you don't want to lose the spontaneity of your interactions with others. Philosopher Alan Watts wrote, The real you is not a puppet which life pushes around; the real, deep down you is the whole universe.

Sagittarius

November 22-December 21

It might be easier for you to talk with angels today than it is with your next-door neighbors. You can relate to conscious wisdom in whatever form it arrives now, regardless of the source. In fact, even a possible dimensional gap won't negatively impact a meaningful friendship. An inspired Mercury-Jupiter conjunction stimulates your 12th House of Spirituality, revealing intriguing messages that arise from your subconscious. Albert Einstein said, The most beautiful thing we can experience is the mysterious. It is the source of all true art and science.

Capricorn

December 22-January 19

You see yourself as one of the dreamers today, but your departure from reality has a specific purpose. You're on a mission now as you weave the fibers of your imagination together with the threads of the real world to produce a rich tapestry that adorns your life. However, your thoughts are aimed at the future while you still attempt to maintain the status quo. There seems to be an ever-widening scope which encompasses your vision of things to come. The trick is to live fully in the present moment while still daring to dream.

Aquarius

January 20-February 18

You have big plans when it comes to your career now, but you could over-inflate a brilliant idea to the point that it becomes unwieldy and unmanageable. Rather than watching your best scheme spin out of control today, rein it in while you still can. Ruthless pruning is an investment in the clarity of your future. It's much easier to cut back before the new growth establishes structural integrity. Setting realistic targets is the most reliable tactic for reaching an unrealistic dream.

Pisces

February 19-March 20

You can see further now than before because you're standing upon a mountaintop and your vision is unobstructed. It's as if you designed and built a metaphorical tower comprised of ingenious thoughts and innovative ideas -- and you've scaled this structure as high as it allows. Although expansive vistas of possibilities spread out before you today, it will all be for naught unless you're ready to take a calculated risk. Gold medalist Gail Devers said, Every accomplishment starts with the decision to try.
