### U.S. BR

# 2X

greater if she has a first-degree relative (mother, sister, daughter) who has been diagnosed with breast cancer.

of breast cancer occurs in women who have a family history of breast cancer.

The most significant risk factors for breast cancer are gender (being a woman) and age (growing older).

## BREAST CANCER MYTHS

According to the World Health Organization, breast cancer is the most common cancer among women worldwide, claiming the lives of hundreds of thousands of women each year and affecting countries at all levels of modernization.

## FACTS ABOUT BREAST CANCER IN THE UNITED STATES

- One in eight women will be diagnosed with breast cancer in their lifetime.
- Breast cancer is the most commonly diagnosed cancer in women.
- Breast cancer is the second leading cause of death among women.
- Each year it is estimated that over 220,000 women in the United States will be diagnosed with breast cancer and more than 40,000 will die.
- Although breast cancer in men is rare, an estimated 2,150 men will be diagnosed with breast cancer and approximately 410 will die each year.

When detected early, the survival rate for breast cancer is 98%. Because of this

**ADULT WOMEN OF ALL AGES ARE ENCOURAGED TO PERFORM BREAST SELF-EXAMS AT LEAST ONCE A MONTH.**

## HOW SHOULD A BREAST SELF-EXAM BE PERFORMED?

### 1) IN THE SHOWER

Using the pads of your fingers, move around your entire breast in a circular pattern moving from the outside to the center, checking the entire breast and armpit area. Check both breasts each month feeling for any lump, thickening, or hardened knot. Notice any changes and get lumps evaluated by your healthcare provider.

### 2) IN FRONT OF A MIRROR

Visually inspect your breasts with your arms at your sides. Next, raise your arms high overhead. Look for any changes in the contour, any swelling, or dimpling of the skin, or changes in the nipples. Next, rest your palms on your hips and press firmly to flex your chest muscles. Left and right breasts will not exactly match—few women’s breasts do, so look for any dimpling, puckering, or changes, particularly on one side.

### 3) LYING DOWN

When lying down, the breast tissue spreads out evenly along the chest wall. Place a pillow under your right shoulder and your right arm behind your head. Using your left hand, move the pads of your fingers around your right breast gently in small circular motions covering the entire breast area and armpit. Use light, medium, and firm pressure. Squeeze the nipple; check for discharge and lumps. Repeat these steps for your left breast.

However, a Mammogram can often show a breast lump before it can be felt. They also can show tiny clusters of calcium called microcalcifications. Lumps or specks can be caused by cancer, fatty cells, or other conditions like cysts.

## WOMEN 40 AND OLDER SHOULD HAVE MAMMOGRAMS EVERY 1-2 YEARS

- Women who are younger than 40 and have risk factors for breast cancer should ask their healthcare professional whether mammograms are advisable and how often to have them.

Even women who have no symptoms and no known risks for breast cancer should have regularly scheduled mammograms to help detect potential breast cancer at the earliest possible time.

## Miss Pearl's Country Cookin'

### Bean & Bacon Soup

*original recipe makes 6-8 servings*

1 pound dry Great Northern white beans, covered with a couple inches of water and soaked overnight  
5 ounces of bacon, cut into 1/2-inch wide pieces  
2 cups chopped onion  
3/4 cup chopped celery  
3/4 cup chopped carrots  
3 cloves garlic, minced (about 1 tablespoon)  
6 cups chicken stock  
2 bay leaves  
1 Tbsp fresh thyme  
2 1/2 teaspoons kosher salt  
1/4 teaspoon black pepper  
3 Tbsp tomato paste  
1/2 teaspoon paprika  
1 ounce bacon (1 to 2 slices), cooked and crumbled for garnish (optional)  
2 Tbsp chopped fresh parsley for garnish (optional)  
Drain the beans that have been soaking in water. (If you haven't already soaked the beans, and you don't have time to do so overnight, you can put them in a large pot of water, bring to a boil, remove from heat and let sit for an hour, then drain.) Put the bacon into a large (5 to 6 quart) thick-bottomed Dutch oven on medium high heat. Let the bacon cook for a minute or two to start rendering out some of its fat, then add the chopped onion, celery, and carrots. Lower the heat to low, cover and cook for 12 to 15 minutes, until vegetables are completely cooked through and softened. Add the garlic and cook a minute more. 3 Add the drained beans to the pot. Add the stock, the bay leaves, thyme, salt and pepper. Increase heat to high to bring to a simmer, then lower the heat to maintain a simmer, partially covered, for 1 hour or until the beans are very soft. Stir in the tomato paste and the paprika. Cook for 5 more minutes. Using an immersion blender, purée most of the soup. You don't want the soup to be perfectly smooth, but you want to purée enough of it so that the beans create a creamy base. Add more salt and pepper to taste. Garnish with crumbled cooked bacon and chopped parsley.

### Caramel Apples

*original recipe makes 6 apples*

1 cup white granulated sugar  
1/2 cup (1 stick) unsalted butter  
3/4 cup heavy whipping cream  
1/2 cup dark corn syrup  
1 Tbsp dark molasses  
1 teaspoon vanilla extract  
1/2 teaspoon salt (omit if using salted butter)  
6 sturdy lollipop sticks or chopsticks  
6 medium apples (rinsed and patted dry, room temperature)  
Assorted decorations (such as chopped nuts, chopped raisins, M&M's & candy sprinkles)  
Equipment needed—one accurate candy thermometer.  
Place sugar, butter, cream, corn syrup, molasses, vanilla, and salt (omit if using salted butter) in a thick-bottomed 3-4 quart saucepan. Heat on medium to medium low heat and stir slowly with a wooden spoon until the butter has melted and the sugar has dissolved. Let the caramel mixture come to a rolling boil, adjusting the heat so that the caramel doesn't boil over the pan. Continue to stir in a slow figure-eight pattern with a wooden spoon. Monitor the temperature of the caramel with a candy thermometer. When the temperature of the mixture reaches 240°F (after about 15 minutes or so), remove from heat and pour into a metal bowl. Let the hot caramel mixture sit in the bowl until the temperature cools to just below 200°F. While the caramel sauce is cooking and cooling, line a baking sheet with either Silpat or buttered aluminum foil. Insert the sticks (either lollipop sticks, thick wooden skewers, or chopsticks) into the center of the apples through the stem end. When the caramel sauce has cooled sufficiently, working one at a time, dip the apples into the sauce. Swirl each apple around in the sauce so that the caramel sauce completely coats the apple, except for the very top near the stick. Pull the apple up from the sauce and let the excess caramel gently drip back into the bowl. Place the coated apple onto the lined baking sheet. Some caramel sauce will form a little pool at the base of each apple. Refrigerate for 15 minutes. Once the caramel has chilled a few minutes, remove from the refrigerator and press the caramel that has pooled at the bottom of the apples up against the side of the apples. If you are using coatings such as sprinkles or chopped nuts, roll the caramel apples in them now. Then return the apples to the refrigerator and chill for at least another hour.

### Carmelized Onion Dip

*makes 2 1/2 cups of dip*

2 Tbsp olive oil  
4 cups chopped yellow onions  
1 teaspoon brown sugar  
2 Tbsp balsamic vinegar  
1/2 teaspoon kosher salt  
1/2 teaspoon black pepper  
1 cup sour cream  
1/2 cup mayonnaise  
1/4 teaspoon Worcestershire sauce  
1/4 teaspoon garlic powder  
Heat olive oil in a large, thick-bottomed deep pot on medium high heat. Add the

chopped onions and cook until translucent and starting to color, about 10 minutes. If at any point during the cooking of the onions they start to dry out, add a tablespoon of water to the pot. Stir in the brown sugar, balsamic, salt, and pepper. Lower the heat and cook gently, uncovered, for about

25 to 30 minutes, stirring occasionally, until the onions are nicely caramelized. Then set aside. Let cool a bit before adding to the other ingredients. In a medium bowl, mix together the sour cream and mayonnaise. Stir in the caramelized onions. Sprinkle with garlic salt and stir to incorpo-

rate. Stir in the Worcestershire sauce. Chill until ready to serve. Serve with potato chips.

## Your Weekly Love Horoscope

**Aries**  
**March 21-April 19**

Putting your words into action can't be delayed any longer. Talk is cheap, but it won't solve any problems now as you try to get ahead at work. You might even feel as if your survival is at stake when combative Mars joins ruthless Pluto in your 10th House of Career. Your coworkers may mistakenly believe your urgent need to win means they must lose, fueling a struggle for dominance. Fortunately, you can prevent conflict by building your success on shared power rather than force.

**Taurus**  
**April 20-May 20**

You could surprise yourself with the intensity of your feelings today if someone questions your goals or your motivation. An impassioned conjunction of contentious Mars and Pluto may provoke unexpectedly strong reactions. What is a game to you can seem like mortal combat to others, so choose your playmates carefully. Good judgment about the company you keep makes it safe to be sassy without inviting negative consequences.

**Gemini**  
**May 21-June 20**

Enthusiasm turns sour today if you give your emotions too much power. Your passion rises to a crescendo now that ardent Mars runs into powerful Pluto in your 8th House of Deep Sharing. Nevertheless, hold your temper if someone steps out of line to oppose you. You can't win this battle by fighting fire with fire. Nevertheless, a well-thought-out strategy enables you to apply analytical thinking in a calm and constructive manner rather than acting as if you're maneuvered into a corner with no option but striking back.

**Cancer**  
**June 21-July 22**

Tough talking escalates into an open disagreement today, especially if an ambitious person challenges your progress. You may be particularly opinionated now, prompting you to take initiative in a relationship or attracting aggressive people if you say nothing at all. Either way, militant Mars and potent Pluto are stirring up a storm in your 7th House of Others, requiring you to stand your ground when dealing with someone who prefers control over quality. Eleanor Roosevelt said, "Courage is more exhilarating than fear, and in the long run, it is easier."

**Leo**  
**July 23-August 22**

There is no need to panic today if your plans start to unravel. It's tempting to roar like a Lion but a show of power won't necessarily help to keep your life in order. You might be so convinced you're doing the right thing that you overcompensate, only to make matters worse. Whether you're trying to improve your lifestyle or make progress on a project at work, you're stepping into unfamiliar territory that could feel like quicksand. Don't struggle; gracefully back down and remove yourself from the situation instead of fighting to the finish.

**Virgo**  
**August 23-September 22**

Your words are so sharp today that you could inadvertently hurt someone you meant to help. Nevertheless, your practical analysis of the situation enables you to see through most misunderstandings and deceptions as you cut to the chase. But apply a dash of diplomacy when making your case because some people may be more sensitive than you realize. If you encounter irrational resistance, postponing a discussion until common sense returns will work to your advantage. Don't push the river; it flows by itself.

**Libra**  
**September 23-October 22**

Uneasy dynamics on the home front strengthen your convictions and intensify conflicts with family members. In fact, you may think you've been thrown into a transformational cauldron of alchemical change, which can rock the foundations of your emotional world. Unfortunately, some of your current discomfort is likely tied to nearly forgotten memories from your past. You might not enjoy being so embroiled in a melodrama, but you're able to recover buried treasures if you stick with the process. As Winston Churchill quipped, "If you are going through hell, keep going."

**Scorpio**  
**October 23-November 21**

People appear to be on edge today and their extreme reactions seem out of proportion with the current circumstances. Paradoxically, someone's anger or resentment might be aimed in your direction if you attempt to bottle up your emotions. A volatile Mars-Pluto conjunction destabilizes your 3rd House of Communication, possibly generating a perfect storm of reactive passions. Nevertheless, channeling your fierce energy into a constructive outlet enables you to be incredibly productive without any collateral damage.

**Sagittarius**  
**November 22-December 21**

You are a person on a mission today, eager to do whatever is necessary to reach your goals. Your stamina is a godsend as assertive Mars joins unstoppable Pluto to push you forward. Unfortunately, you could overreact if you think your success is being threatened in any way. The crisis may be real but you can transform a stressful situation into a beneficial one as long as you don't try to take on the entire world. Music executive Allen Klein said, "A little perspective, like a little humor, goes a long way."

**Capricorn**  
**December 22-January 19**

You might have to face your fears today if you encounter people who push your buttons. On the other hand, you could accidentally upset someone else if you let your feelings of discontent or mistrust slip out. Nevertheless, this is an opportunity to recognize what you need to do to find satisfaction. Letting go of an attitude that impedes your success may be necessary now; the bigger your goals, the more patient and persistent you must be in your pursuit. Simmer your best ideas on the back burner while you handle the most immediate tasks in front of you.

**Aquarius**  
**January 20-February 18**

You try every possible option just to sidestep a difficult conversation, but your avoidance has already likely contributed to the current drama. You're probably not very happy about running into an emotionally intense person today as cranky Mars hooks up with passionate Pluto in your 12th House of Destiny. Nevertheless, taking responsibility for your role in the conflict minimizes the discomfort all the way around. If you're willing to confront the truth prior to letting go of your past, you'll end up making room for a more positive relationship in your future.

**Pisces**  
**February 19-March 20**

Intense conversations with colleagues and friends may delve into psychologically profound territory today. Memories of old emotional conflicts raise unnecessary fears that fuel a disagreement. Unfortunately, you might turn your feelings into anger in order to defend your position even if you're not being attacked. It's only worth the energy to argue if you are moving through new ground instead of picking at familiar old wounds. Demonstrate your strength of will now instead of downplaying your authority to placate someone else. Wisdom is knowing the right path to take; integrity is taking it.
