## Inman's Mad Scientist Room Escape

The Inman PAC will be presenting their Escape the Mad Scientist (Escape Room) Fundraiser on Saturday, October 28th from 12pm to 10pm at the Inman Middle School Cafeteria Entrance. Tickets cost \$15 per person and you pay online by accessing their Square Store at <https://squareup.com/market/inman-middle-school-pac/item/escape-room-mad-scientist>. It is highly suggested that teams book time slots in advance to ensure that they will be able to participate in Inman's fundraiser. Teams should consist of 6-12 people per team as the team will use their shared talents, logic skills, and wits together in order to figure out the clues in the 30-minute Escape Room. At Inman's Escape Room participants and their friends will find themselves at an abandoned research facility, years after a tragic epidemic killed thousands...The scientist in charge of saving humanity went mad and started performing wild experiments. Forced to hide his evil experiments by the government, the doctor fled to his secret lab. You and your friends will find yourselves unwilling assistants to a mad man. To escape the lab, you must discover the secrets hidden within.

## Miss Pearl's Country Cookin'

### Apple Chicken Quesadilla

*original recipe makes 12 triangles*

- 4 Flour tortillas (approx. 8-inches wide)
- 1 cup cooked, shredded or chopped, chicken meat
- 1/4 lb cheddar or Monterey jack cheese sliced or grated
- 1 apple, sliced
- 1/4 cup salsa

Heat a large skillet on medium high heat. Place one tortilla in the skillet. Flip it a couple of times with a spatula, then let it sit in the pan heating up until air pockets form and parts of the tortilla begin to puff up. Flip it again. Place cheese slices on half of the tortilla, at least 1/2-inch from the edge of the tortilla. Add chicken pieces on top of the cheese. Fold the tortilla over like an omelette, and press down on the folded tortilla with the spatula. Lower the heat to medium. At this point, if you have enough room in your skillet, you can add a second tortilla to the pan to begin to heat it up. When the cheese inside the quesadilla has melted, remove the quesadilla to a cutting board. Open it wide and layer on apple slices and salsa. Fold the tortilla back again, and cut it into 3 triangles, as if you were cutting a pie. Repeat with the remaining tortillas.

### Bread Pudding

- 1 loaf French bread, at least a day old, cut into 1-inch squares (about 6-7 cups)
- 1 qt milk
- 3 eggs
- 2 cups sugar
- 2 Tbsp vanilla extract
- 1 cup raisins (soaked an hour or 2 in 1/4 cup bourbon)
- 1/4 teaspoon allspice
- 1/4 to 1/2 teaspoon cinnamon
- 3 Tbsp unsalted butter, melted
- Bourbon Sauce:**
  - 1/2 cup (1 stick) butter, melted
  - 1 cup sugar
  - 1 egg
  - 1 cup Kentucky bourbon whiskey

### Garlic Bread

- 1 16-ounce loaf of Italian bread or French bread
- 1/2 cup (1 stick) unsalted butter, softened
- 2 large cloves of garlic, smashed and minced
- 1 heaping tablespoon of freshly chopped parsley
- 1/4 cup freshly grated Parmesan cheese (optional)

#### Method 1 - Toasted

Preheat oven to 350°F. Cut the bread in half, horizontally. Mix the butter, garlic, and parsley together in a small bowl. Spread butter mixture over the two bread halves. Place on a sturdy baking pan (one that can handle high temperatures, not a cookie sheet) and heat in the oven for 10 minutes. Remove pan from oven. Sprinkle Parmesan cheese over bread if you want. Return to oven on the highest rack. Broil on high heat for 2-3 minutes until the edges of the bread begin to toast and the cheese (if you are using cheese) bubbles. Watch very carefully while broiling. The bread can easily go from un-toasted to burnt. Remove from oven, let cool a minute. Remove from pan and make 1-inch thick slices. Serve immediately.

#### Method 2 - Soft

Preheat oven to 350°F. Make the butter, garlic, parsley mixture as above. Make 1-inch thick slices into the bread, but do not go all the way through, just to the bottom crust. Put a teaspoon or two of the butter mixture between each slice. Wrap the bread in aluminum foil and heat for 15 minutes in the oven.

Preheat oven to 350°F. Place milk in a large mixing bowl and add the bread that has been cut into squares. Press the bread into the milk with your hands until all of the milk is absorbed. In a separate bowl, whisk the eggs, then whisk in the sugar, vanilla, allspice and cinnamon. Pour over the bread and milk mixture. Add the bourbon soaked raisins and gently stir to combine. Pour the melted butter into the bottom of a 9x13 inch baking pan. Coat the bottom and the sides of the pan well with the butter. Pour the bread milk and egg mixture into the baking pan. Bake at 350°F for 35-45 minutes, until the liquid has set. The pudding is done when the edges start getting a bit brown and pull away from the edge of the pan. Can also make in individual ramekins. While the bread pudding is cooking, make the bourbon sauce. Melt the butter in a medium saucepan on low heat. Add the sugar and egg and whisk to blend well. Slowly cook over low heat, stirring constantly, until the mixture thickens enough to coat the back of a spoon, then remove from heat. Do not allow the mixture to simmer! (Or the sauce will curdle. By the way, if your sauce curdles, just take it off the heat and blend it smooth in a blender.) Whisk in bourbon to taste. Whisk again before serving. The sauce should be soft, creamy, and smooth. Serve the bread pudding with bourbon whiskey sauce on the side; pour on to taste. Best fresh and eaten the day it is made.

## Your Weekly Love Horoscope

Aries	Taurus	Gemini	Cancer	Leo	Virgo
March 21-April 19	April 20-May 20	May 21-June 20	June 21-July 22	July 23-August 22	August 23-September 22
It's a new day and new rules apply. You have danced around the edge of change while gathering information so you could make the perfect choice. Finally, you can see what is missing now and are ready to commit to a plan that makes sense. However, you might be so certain of your success that you forget your actions impact others as well. Don't ignore the advice you receive from those you trust the most. Craig D. Lounsbrough wrote, "Truth speaks for itself if we'd just let it speak."	It may seem as if people aren't considering your boundaries today when they attempt to convince you to join their causes. It's not that you disagree with their positions; it's just that you don't like being coerced into taking action before you are ready. The truth is that your priorities may be different and you cannot commit your time to another endeavor without spreading your resources too thin. Fortunately, you have the power -- and the right -- to just say no.	You might good-humoredly agree with others who accuse you of being scattered at times. However, you are as concentrated as the light in a laser beam while three planets conspire in your 6th House of Details today. But filtering out all the extraneous distractions isn't enough to guarantee your efficiency now. You must also aim at the right target or you could maintain focus while still missing your destination. Roy Disney said, "When your values are clear to you, making decisions becomes easier."	You are full of surprises today as you take the lead and initiate a conversation about your feelings. In fact, you're likely to share more than you intended, which could lead to a very revealing conversation about personal matters. You might open the door to a topic that's sensitive enough to make you feel uncomfortably vulnerable. Nevertheless, a wave of self-assurance washes right over any hesitation and nudges you into new emotional territory. Don't waste time looking back or you will miss the opportunity that's directly in front of you.	You may draw an apparently arbitrary line in the sand that prohibits others from getting too close today. Although you state your boundaries clearly, your declaration might unintentionally keep out the wrong person. Make sure you don't scare off a potential friend or inhibit a potentially powerful conversation with a significant other. In any event, you can increase your self-awareness if you're willing to shift your analysis from the outer world to the inner realms. Eckhart Tolle wrote, "Being at ease with not knowing is crucial for answers to come to you."	Managing your time in a realistic manner is crucial today or your schedule might become quite unraveled. Unfortunately, an ambitious approach to efficiency could lead to an impractical agenda as you attempt to juggle all your commitments and preferences. Instead of trying to fit everything into one day, take a step back and reconsider your priorities. Paradoxically, logic won't bring you the solution that intuition will. Get out of your head and into your heart before deciding what can be postponed and what can't wait.

You may precipitate a financial crisis today, unless you balance your desires with more sensible considerations. A celestial confluence in your 2nd House of Possessions includes excessive Jupiter, encouraging you to satisfy a craving for something beautiful in the form of a material purchase. But think about two things before you buy a glamorous ring or an expensive piece of art. First, ask yourself if you really need it. Second, make certain it is within your budget. Unless both conditions are met, do yourself a favor and keep your wallet in your pocket.	Your unrelenting passion for an idea or a person might bring uncontrollable joy or inconsolable frustration today. However, a triple conjunction of the Moon, Jupiter and Mercury in extreme Scorpio indicates there won't likely be any middle ground now, unless you watch carefully for the signs as the day unfolds. Nevertheless, it's unwise to cling to an unrealistic fantasy if you notice a widening gulf between your imagined future and your current reality. Following your dreams comes with a cost.	You can call it your karmic destiny or just good old-fashioned luck, but you believe you can't fail today. Your self-confidence is one of your strong suits, but only if you balance it with a serious dose of humility. Although there's no reason to go out of your way looking for things to sour, you might miss a critical observation if you're already convinced that all is perfect. As Leonard Cohen sang, "There is a crack in everything, that's how the light gets in."	Instead of channeling all your efforts into your action plan for success, you prefer fantasizing about your future now. In fact, you might be ready for a mental holiday, giving yourself permission to set aside your real-world endeavors today. The simple act of hanging out with a few friends enables you to share philosophies, explore metaphysics and delve into the mysteries of the cosmos. Tom Petty wrote, "You belong among the wildflowers. You belong somewhere you feel free."	Only a sense of entitlement can come between you and your previously established goals today. You know the strength of intention and yours is unrivaled when the Moon joins auspicious Jupiter and intelligent Mercury in your 10th House of Authority. Whatever you say sets the stage for what happens, so it's critical to only speak with integrity. Obviously, follow-through is still required. Magic is an equal mixture of wishing and working.	You're cruising the back roads of your mind, searching for the next big thing in your life. You might be dreaming of a new relationship that takes you to places you've never been, or you could be fantasizing about a solo adventure to somewhere exotic. In any case, the key is extending your mental, emotional or physical reach beyond your current bounds as the powerful Scorpio Moon joins journeying Jupiter and mental Mercury in your 8th House of Distant Horizons. You can go as far as you can imagine.
