*original recipe makes 2 dozen*

1/2 cup Parmesan cheese  
3/4 teaspoon ground black pepper  
1/2 teaspoon garlic powder  
1 (17.5 oz.) package frozen puff pastry thawed  
1 egg white

Combine parmesan cheese, pepper and garlic powder. Unfold pastry sheets onto cutting board. Brush lightly with egg white; sprinkle each sheet with 1/4 of the cheese mixture. Lightly press into pastry; turn over; repeat. Cut each sheet into 12 (1-inch) strips; twist. Place on ungreased cookie sheet and bake in 350 degrees F oven for 15 minutes or until golden brown.

## Au Gratin Potatoes

*original recipe makes 12 servings*

1 (2 lb.) package frozen hash browns  
1 (10.75 oz.) can condensed cream of potato soup  
1 (10.75 oz.) can condensed cream of celery soup  
1 (8 oz) container sour cream  
1 small finely diced onion  
1 green bell pepper, minced

Preheat oven to 300 degrees F. Grease a 9x13 inch baking pan. Spread frozen hash browns into the bottom of the prepared pan. Mix together potato soup, celery soup, onion, green bell pepper and sour cream; pour the mixture over the potatoes. Bake in the preheated 300 degrees F oven for 60 minutes. Remove the pan from the oven, sprinkle with cheese, and bake another 30 minutes or until the cheese melts.

## Slow Cooker French Dip

*Original recipe makes 9 servings*

4 pounds rump roast  
1 (10.5 oz. can) beef broth  
1 (10.5 oz.) can condensed French onion soup  
1 (12 fluid oz.) can or bottle beer  
6 French rolls  
2 tablespoons butter

Trim excess fat from the rump roast, and place in a slow cooker. Add the beef broth, onion soup and beer. Cook on Low setting for 7 hours. Preheat oven to 350 degrees F. Split French rolls, and spread with butter. Bake 10 minutes, or until heated through. Slice the meat on the diagonal, and place on the rolls. Serve the sauce for dipping. refrigerate for at least 8 hours, or overnight. Preheat oven to 300 degrees F. Bake ribs wrapped tightly in the foil at 300 degrees F for 2 1/2 hours. Remove from foil and add more sauce, if desired.

## Buttermilk Pound Cake

3 cups all-purpose flour 3 cups white sugar  
1/4 tsp. baking soda 6 eggs  
1/2 tsp. salt 1 tsp. lemon extract  
1 cup butter 1 tsp. vanilla extract

Preheat oven to 325 degrees F. Grease one 9 or 10 inch tube pan. Mix together the flour, baking soda, and salt. Set aside. In a large bowl, beat butter with sugar. Mix in the eggs, one at time, beating well after each addition. Stir in the lemon and the vanilla extracts. Gently mix in flour mixture alternately with the buttermilk. Pour batter into the prepared pan. Bake in preheated oven for 90 minutes. Do not open oven door until after one hour. When cake begins to pull away from the side of the pan it is done. Let cool in pan for 10 minutes, then turn out onto a wire rack and cool completely.

# Your Weekly Love Horoscope

## Aries March 21-April 19

You are so driven to resolve a relationship issue that you could appear overly aggressive to others now. Compromise sounds like a good idea on paper, but it's not easy to make a deal with your emotions while the Libra New Moon squares warrior Mars from your 7th House of Partnerships. Luckily, your optimism will likely outweigh any negativity as you try to assess the pros and cons of the solutions on the table. Just remember to soften your approach; social graces are important if you wish to be taken seriously.

## Taurus April 20-May 20

A normally comfortable relationship with your coworkers is more awkward now as your long-term goals clash with those around you. The creative Libra New Moon touches down in your 6th House of Employment, helping you focus your mind on the tasks ahead. However, a dynamic square to impatient Mars can make your job feel oppressive if you don't have enough leeway to work at your own pace. Nevertheless, as Henry Ford said, "If everyone is moving forward together, then success takes care of itself."

## Gemini May 21-June 20

You might appear to be a party in motion, brightening up any place you go now. You're assertive but not offensive; however, you must pay attention to the reactions of others and adjust your rhetoric accordingly so you don't push an issue too far. Nevertheless, the Libra New Moon mingles with indulgent Jupiter in your 5th House of Fun, encouraging you to play before you work. Turn peer competitiveness into an enjoyable game to cultivate a sense of camaraderie. There will be plenty of time to dig in and do the hard work later when everyone is on the same page.

## Cancer June 21-July 22

Don't expect to be fully rational when explaining your motives to others, even though you're trying to empathize with both sides of a family squabble. The fair-minded Libra New Moon agitates your 4th House of Roots, encouraging you to stabilize interpersonal dynamics. Ultimately, your best strategy is to develop a logical framework that people close to you can understand. However, be ready to incorporate whatever information comes to you in an intuitive flash. Trust the wisdom of your soul; it knows the way to your happiness.

## Leo July 23-August 22

Keeping things simple is an uphill battle now as your mind is cluttered with stories that complicate communication and impede cooperation. Although the evenhanded Libra New Moon in your 3rd House of Learning opens your eyes to new ways of looking at the world around you, its square to contentious Mars is like a dark cloud following you around wherever you go. Although gathering information that clashes with what you already know may create as many problems as it solves, your curiosity can also lead to the discovery of innovative solutions.

## Virgo August 23-September 22

A more objective picture of your current financial situation begins to emerge as the equitable Libra New Moon lands in your 2nd House of Possessions. However, the proximity of expansive Jupiter blesses you with a number of opportunities. Fortunately, you can hone your creative skills with patience and discipline to increase your sense of self-worth, and perhaps your income as well. Novelist Chetan Bhagat wrote, "Be so busy improving yourself that you have no time to criticize others."

## Libra September 23-October 22

A surge of creativity feeds your optimism and inspires you to overcome obstacles. The social Libra New Moon brings marvelous possibilities from its close association to propitious Jupiter in your 1st House of Self. However, your inherent ambivalence may impede your progress, reflecting your desire to make choices that are best for everyone involved. You're hesitant to decide one way or another because you can see potential in all the options. There's no need to overreact now; instead of making an arbitrary decision, adapt and adjust to maintain harmony in a changing environment.

## Scorpio October 23-November 21

If you've been patiently waiting for the clouds to clear, the fair-minded Libra New Moon's presence in your 12th House of Destiny could offer you the answers you seek. The Sun-Moon conjunction to wise Jupiter may bring a spiritual teacher or motivational mentor to enlighten your perspective. Psychologist Carl Jung wrote, "Your vision will become clear only when you look into your heart. Who looks outside, dreams. Who looks inside, awakens."

## Sagittarius November 22-December 21

Powerful waves are washing over you as extravagant Jupiter joins the gracious Libra New Moon in your 11th House of Dreams and Wishes. You might, as William Blake wrote, "See infinity in a grain of sand," but it's healthy to seek moderation, since you're operating at full speed now. No matter how eager you are to reach your goals, you're better off slowing down and working as part of the team for everyone's benefit. Nevertheless, cheerfully looking ahead rather than gazing wistfully behind allows you to vividly visualize your unrealized dreams.

## Capricorn December 22-January 19

The company you keep at work is more important than ever while the diplomatic Libra New Moon emphasizes your 10th House of Career. How you connect with your colleagues influences your current trajectory, so shore up your alliances before making any major moves. Fortunately, energetic Mars in your hardworking sign blesses you with the stamina to follow through on anything you start. Just remember that considering the needs and desires of others now will also help you enlist their cooperation in promoting your ambitions. Teamwork makes the dream work.

## Aquarius January 20-February 18

You may be quite content in your own bubble, so preoccupied with theory that you miss the more practical considerations. Although the creative Libra New Moon dances in your 9th House of Big Ideas, it's critical to bring your thoughts down to earth if you want to accomplish something real. Even if you can see amazing possibilities everywhere you look, you must rein in your imagination and place your feet firmly on the ground. Reevaluate your current circumstances, dream of what's around the next corner and find a healthy medium between what you have and what you want.

## Pisces February 19-March 20

Relationships take center stage, so brace yourself for some excitement in both personal and professional alliances. The ambivalent Libra New Moon occurs in your 8th House of Intimacy, provoking partnership problems, while its square to argumentative Mars can turn minor differences that may upset the status quo. Be clear about your intentions and conscientious in your commitment. If complications arise, don't give up on working with someone who's willing to grow with you. Change is easier when shared.
