Miss Pearl's Country Cookin'

Apple Chicken Quesadilla

original recipe makes 12 triangles

- 4 Flour tortillas (approx. 8-inches wide)
- 1 cup cooked, shredded or chopped, chicken meat
- 1/4 lb cheddar or Monterey jack cheese sliced or grated
- 1 apple, sliced
- 1/4 cup salsa

Heat a large skillet on medium high heat. Place one tortilla in the skillet. Flip it a couple of times with a spatula, then let it sit in the pan heating up until air pockets form and parts of the tortilla begin to puff up. Flip it again. Place cheese slices on half of the tortilla, at least 1/2-inch from the edge of the tortilla. Add chicken pieces on top of the cheese. Fold the tortilla over like an omelette, and press down on the folded tortilla with the spatula. Lower the heat to medium. At this point, if you have enough room in your skillet, you can add a second tortilla to the pan to begin to heat it up. When the cheese inside the quesadilla has melted, remove the quesadilla to a cutting board. Open it wide and layer on apple slices and salsa. Fold the tortilla back again, and cut it into 3 triangles, as if you were cutting a pie. Repeat with the remaining tortillas.

Garlic Bread

- 1 16-ounce loaf of Italian bread or French bread
- 1/2 cup (1 stick) unsalted butter, softened
- 2 large cloves of garlic, smashed and minced
- 1 heaping tablespoon of freshly chopped parsley
- 1/4 cup freshly grated Parmesan cheese (optional)

Method 1 - Toasted

Preheat oven to 350°F. Cut the bread in half, horizontally. Mix the butter, garlic, and parsley together in a small bowl. Spread butter mixture over the two bread halves. Place on a sturdy baking pan (one that can handle high temperatures, not a cookie sheet) and heat in the oven for 10 minutes. Remove pan from oven. Sprinkle Parmesan cheese over bread if you want. Return to oven on the highest rack. Broil on high heat for 2-3 minutes until the edges of the bread begin to toast and the cheese (if you are using cheese) bubbles. Watch very carefully while broiling. The bread can easily go from un-toasted to burnt. Remove from oven, let cool a minute. Remove from pan and make 1-inch thick slices. Serve immediately.

Method 2 - Soft

Preheat oven to 350°F. Make the butter, garlic, parsley mixture as above. Make 1-inch thick slices into the bread, but do not go all the way through, just to the bottom crust. Put a teaspoon or two of the butter mixture between each slice. Wrap the bread in aluminum foil and heat for 15 minutes in the oven.

Bread Pudding

- 1 loaf French bread, at least a day old, cut into 1-inch squares (about 6-7 cups)
- 1 qt milk
- 3 eggs
- 2 cups sugar
- 2 Tbsp vanilla extract
- 1 cup raisins (soaked an hour or 2 in 1/4 cup bourbon)
- 1/4 teaspoon allspice
- 1/4 to 1/2 teaspoon cinnamon
- 3 Tbsp unsalted butter, melted
- Bourbon Sauce:**
 - 1/2 cup (1 stick) butter, melted
 - 1 cup sugar
 - 1 egg
 - 1 cup Kentucky bourbon whiskey

Preheat oven to 350°F. Place milk in a large mixing bowl and add the bread that has been cut into squares. Press the bread into the milk with your hands until all of the milk is absorbed. In a separate bowl, whisk the eggs, then whisk in the sugar, vanilla, allspice and cinnamon. Pour over the bread and milk mixture. Add the bourbon soaked raisins and gently stir to combine. Pour the melted butter into the bottom of a 9x13 inch baking pan. Coat the bottom and the sides of the pan well with the butter. Pour the bread milk and egg mixture into the baking pan. Bake at 350°F for 35-45 minutes, until the liquid has set. The pudding is done when the edges start getting a bit brown and pull away from the edge of the pan. Can also make in individual ramekins. While the bread pudding is cooking, make the bourbon sauce. Melt the butter in a medium saucepan on low heat. Add the sugar and egg and whisk to blend well. Slowly cook over low heat, stirring constantly, until the mixture thickens enough to coat the back of a spoon, then remove from heat. Do not allow the mixture to simmer! (Or the sauce will curdle. By the way, if your sauce curdles, just take it off the heat and blend it smooth in a blender.) Whisk in bourbon to taste. Whisk again before serving. The sauce should be soft, creamy, and smooth. Serve the bread pudding with bourbon whiskey sauce on the side; pour on to taste. Best fresh and eaten the day it is made.

Your Weekly Love Horoscope

Aries

March 21-April 19

Expressing feelings that you might normally keep to yourself could destabilize a significant relationship today. Your inclination is to jump right in because you are all fired up about a particular issue--even though you will likely encounter an icy reception from your audience. Tread carefully because your outburst may be motivated by fear instead of by love. Focus on what must be said now and save the rest for another day once your emotions have returned to normal. You can be a formidable force for good if you wield your words wisely.

Taurus

April 20-May 20

You may feel slightly contentious today and are quick to squabble with someone, if necessary, on your quest for personal satisfaction. Your ruling planet Venus is under intense pressure from provocative Pluto now, heightening your perceptions and activating your desires. Nevertheless, think again before you risk your emotional stability just to prove your point. Consider temporarily standing down until you can regain your cool practicality, especially if your sense of urgency is great. Channel your angst into your work and you will have something to be proud of at the end of the day.

Gemini

May 21-June 20

Your inquiring mind wants to know what drives others to seek power at work or in love. You may be ready to delve into the mysterious world of hidden feelings, a place that you often choose to avoid. However, you're willing to overcome your resistance now, even if you shudder at the thought of what you might encounter. You are on the right track and will surely feel a great sense of relief once you uncover the truth. Shining the light of awareness into the shadows satisfies your curiosity and enlightens your soul.

Cancer

June 21-July 22

Strong emotional currents draw you into unfamiliar waters today, and you aren't necessarily a willing participant. Your attempts to maintain a healthy outlook can help you keep your head above the waves, yet you still might scare yourself now by sinking into the darkness of your subconscious. There's no reason to fight the process when positive change is your reward. Once you complete your deep-diving exercises, resurface and use your new awareness to create the life of your dreams.

Leo

July 23-August 22

Managing your emotions is like an unsolvable puzzle today, especially if you're stuck in one particular way of viewing intimacy in relationships. Your love life might feel like an emotional minefield instead of the pleasure palace it's meant to be. As difficult as it is to see now, the real conflict is within and not with anyone else. Thankfully, everything can change for the better if you are willing to shift your perspective in a positive direction. A grateful heart is a powerful heart.

Virgo

August 23-September 22

Relationship dynamics are particularly complicated now, especially if there are money problems in the mix. Keep in mind that resolution is easier once you accept the truth you previously tried to deny. Ironically, stress works in your favor, today, motivating you to initiate overdue changes. Don't get sidetracked by your need to be right; no one wins if you choose to play the blame game. Fortunately, you can increase your chances to heal a current rift if you are willing to forgive without expecting anything in return.

Libra

September 23-October 22

Your desire for relationship stability finally gives way to the obvious need for change. Unfortunately, verbal communication might not solve all your problems because your emotions can be so passionate now that others question the validity of your perspective. Detach yourself from any desired outcome by simply stating your case and then letting it go. No matter what occurs next, your ability to quickly adapt to the changing circumstances is more valuable than clinging to your past hopes and wishes. There's no time like the present to grow.

Scorpio

October 23-November 21

You're resigned to gamble on your heart today, especially if you think it's necessary to get what you want. You may feel as if you've run out of options and have no alternatives at your disposal. Romantic Venus is frazzled by fierce Pluto, provoking the expression of intense emotions. You're living in the realm of extremes now, with very little gray between the black and the white. Take into account that your raging desires are distorting your clarity. Stay away from issuing any ultimatums and keep all channels of communication open if you want the relationship to last.

Sagittarius

November 22-December 21

Your unspoken fears could have more of an influence on your relationships now than you realize. Nevertheless, you are driven to tackle complex issues, even when your common sense says there are no quick answers. The current challenges hold great potential for growth, but you can't just take the easy way out. You have a better chance of seeing things in their true light today if you try being less of an optimist and more of a realist. Exploring uncharted emotional territory might be scary but it is a worthwhile journey, nonetheless, if you learn to listen with your heart.

Capricorn

December 22-January 19

It's not appropriate in the current emotional environment to apply the same managerial skills you might use to handle your business affairs. Your attempts at controlling the energetic flow could block the raw feelings that need to be expressed today. This is not the right time to be overly demanding or stubbornly stoic; instead, acknowledge any negativity, shame or guilt that may be clouding the picture. Revealing your vulnerability is the key to a positive transformation.

Aquarius

January 20-February 18

Power struggles are likely if your dreams of the future differ from those closest to you. It requires extra work to find common ground today and the emotional discomfort that stems from social pressure tempts you to retreat from intense interactions. However, avoidance tactics won't lead to harmony in the future. Fortunately, the resistance dissipates if you move purposefully into the uncertainty without trying to force your ideas on anyone else. Sometimes direct confrontation is the only way to clear the air.

Pisces

February 19-March 20

Although it might seem as if you're losing something dear to your heart today, nothing is actually being taken from you. It's just that relationship dynamics are shifting and you don't want to end up with the short end of the stick. However, you may be overreacting due to old fears or pointless insecurities. Don't waste your energy fighting against changes you can't control. Expressing your appreciation for others is the fastest method for calming the volatile energy and reestablishing your center of gravity.
