Miss Pearl's Country Cookin'

Fudge Crinkles

original recipe makes 30-48 cookies
1 (18 1/4 ounce) box devil's food cake mix
1/2 cup vegetable oil
2 large eggs
confectioners' sugar or granulated sugar, for rolling

Preheat oven to 350°. Stir (by hand) dry cake mix, oil and eggs in a large bowl until dough forms. Dust hands with confectioners' sugar and shape dough into 1" balls. Roll balls in confectioners' sugar and place 2 inches apart on ungreased cookie sheets. Bake for 8-10 minutes or until center is JUST SET. Remove from pans after a minute or so and cool on wire racks.

Garlic Rice

original recipe makes 4-6 servings
2 tablespoons olive oil
1 medium onion, chopped fine
3 garlic cloves, minced fine
1 cup long grain rice
2 cups chicken broth
1/2 teaspoon dried thyme
1 bay leaf
1/4 cup parsley, chopped

Put the oil in a skillet and saute the onions & garlic until golden. Add rice, broth, thyme & bay leaf. Bring to a boil uncovered, turn heat to low cover and simmer about 25 minutes or until the liquid is absorbed, give a little stir after 15 minutes. Remove bay leaf & stir in the parsley.

Southwestern Egg Rolls

2 tablespoons vegetable oil
1 skinless, boneless chicken breast half
2 tablespoons minced green onion
2 tablespoons minced red bell pepper
1/3 cup frozen corn kernels
1/4 cup black beans, rinsed and drained
2 tablespoons frozen chopped spinach, thawed and drained

Rub 1 tablespoon vegetable oil over chicken breast. In a medium saucepan over medium heat, cook chicken approximately 5 minutes per side, until meat is no longer pink and juices run clear. Remove from heat and set aside. Heat remaining 1 tablespoon vegetable oil in a medium saucepan over medium heat. Stir in green onion and red pepper. Cook and stir 5 minutes, until tender. Dice chicken and mix into the pan with onion and red pepper. Mix in corn, black beans, spinach, jalapeno peppers, parsley, cumin, chili powder, salt and cayenne pepper. Cook and stir 5 minutes, until well blended and tender. Remove from heat and stir in Monterey Jack cheese so that it melts. Wrap tortillas with a clean, lightly moist cloth. Microwave on high approximately 1 minute, or until hot and pliable. Spoon even amounts of the mixture into each tortilla. Fold ends of tortillas, then roll tightly around mixture. Secure with toothpicks. Arrange in a medium dish, cover with plastic, and place in the freezer. Freeze at least 4 hours. In a large, deep skillet, heat oil for deep frying to 375 degrees F. Deep fry frozen, stuffed tortillas 10 minutes each, or until dark golden brown. Drain on paper towels before serving.

Spaghetti Carbonara

1 pound spaghetti
6 slices bacon, diced
1 cup milk
2 large eggs plus 2 egg yolks
1/2 teaspoon salt
1 tablespoon all-purpose flour
3/4 cup grated Parmesan cheese
1 1/2 teaspoons freshly cracked black pepper

Bring a pot of lightly salted water to a boil. Add spaghetti and cook 10 minutes or as per package directions. Drain, reserving 1 cup of the pasta water. Meanwhile, add bacon to a large saute pan. Cook over medium heat 6 minutes or until slightly crispy. Drain on paper towels, reserving 2 tbsp of the drippings. Blend milk, eggs, egg yolks and salt. Heat bacon drippings over medium heat. Whisk in flour; cook 1 minute. Quickly pour in milk mixture, whisking constantly to keep eggs from scrambling. Cook 2 to 3 minutes until thickened. Remove from heat and whisk in 1/2 cup of the cheese. Toss drained pasta with sauce, bacon, remaining 1/4 cup cheese and some of the reserved pasta water. Sprinkle with black pepper just before serving.

Your Weekly Love Horoscope

Aries
March 21-April 19

You are off and running again without much to impede your progress today. However, you could sugarcoat reality, thinking you can get away with nearly anything now. You're tempted to evade a discussion about a sensitive topic so as to keep the momentum on your side. If you maintain integrity, your plans might just flow without so much as a speed bump. But if you push your luck or try to take an unproven shortcut, everything could fall apart pretty quickly. Honesty plus hard work equals success.

Taurus
April 20-May 20

Someone might be rather demanding today when requesting your participation in a conversation that doesn't concern you directly. Your first inclination is to stay far away from drama, but you're aware of the service you could provide simply by being emotionally present. Fortunately, you're clear enough about your role as a helper that you won't likely get dragged in any deeper into the fray. Show up as an observer and give everyone a chance to air their grievances without interruption. Bob Marley said, "The greatness of a man is not in how much wealth he acquires, but in his ability to affect those around him positively."

Gemini
May 21-June 20

You're often the first one to say yes to someone's crazy idea, but today it's everyone else who seems to be too cavalier in their judgments. You think that you are exercising common sense, only to be confronted by the over-permissive attitude of people who have nothing to lose in the situation. You're unsure if others are seeing the entire picture and worry they might make bad choices based upon their wildly optimistic outlook. You would prefer to stick with the safe bet and keep a low profile as you progress on your path. There isn't an easy answer to this dilemma; in reality, the truth is likely somewhere in between.

Cancer
June 21-July 22

It's all too easy to rearrange the facts at work today and make a decision that leads you into trouble. You want to take advantage of every possibility because changes are necessary and you believe this moment of opportunity will not last. Your perceptions might be true, but you still have more time than you think. Instead of rushing into a new project or radically redirecting your career path, step back and take a few deep breaths first. Allow a full week to contemplate your next move. The additional time will give you an advantage that will make a big difference later on.

Leo
July 23-August 22

It's your day to shine by expressing exactly where you stand on a controversial issue. You might not stir up as much excitement as intended, but your words will carry enough power to change people's minds. However, don't tell others what to do; just state the facts as you know them and let everyone decide on his or her own terms. Moderate your eagerness to incite your audience to action. Planting thought bombs that explode old ways of thinking is more useful than pushing anyone to do anything drastic in the spur of the moment.

Virgo
August 23-September 22

You might resist the urge to believe what you're told today even if the news is positive. You know that there is more to the story than meets the eye and want to gather more data before jumping to conclusions -- especially if everyone else already agrees upon the truth. Don't just hop onto the bandwagon because it's fun to be part of a joyful parade. Utilizing your skills of discernment helps you find the right answer, even if it's not the popular one. Pretty words are not always true, and true words are not always pretty.

Libra
September 23-October 22

Someone may share a totally off-the-wall idea and normally you would just acknowledge it and move on. However, this scheme could actually sound enticing enough today that you want to join in the fun. Nevertheless, what begins as a joyful journey could run into difficulties sooner than you think. It still might be the right decision but only time will tell. Just be prepared to work harder to make your collaboration a valuable experience for everyone involved. Hall of Famer Babe Ruth said, "It's hard to beat a person who never gives up."

Scorpio
October 23-November 21

Money may not grow on trees, yet you could plant seeds today that bear financial fruit. Whether a bold thought strikes with the suddenness of lightning or your inspiration comes from developing old ideas, you can turn a stroke of genius into profit if you are determined enough to take a calculated risk. However, rest assured you are not being offered a free lunch; you will need to work for what you now stand to gain.

Sagittarius
November 22-December 21

If you can quiet your mind enough to hear someone else's voice today, your chances for success improve dramatically. However, you have a lot of creative notions and may attempt to pursue nearly all of them within the confines of your imagination. Nevertheless, there's a price to pay now if your own thoughts are loud enough to drown out those of your coworkers and friends. Listen with care and you might just learn what you need to know. Everyone you meet has something to teach you.

Capricorn
December 22-January 19

You can rely on your friends to tell you the truth today, even if you don't like what you hear. Nevertheless, knowing exactly what's happening empowers you to make better decisions throughout the day. Even if you are tempted to withdraw into your shell so you can work without distraction, don't create unnecessary distance between you and your staunchest supporters. The help you receive from those who really want the best for you can make all the difference in the world. It's not happiness that brings us gratitude; it's gratitude that brings us happiness.

Aquarius
January 20-February 18

Your motives aren't apparent to others now, but you're sure of your intentions, nonetheless. Instead of understanding your true nature, your coworkers are distracted by the breadth of your vision. They're excited by your unwavering optimism, but might not look hard enough to see past the surface. Meanwhile, you're on a mission with your heart set on accomplishing your goals, no matter what the cost. Your dedication is even more useful if it inspires your peers to strive for success. But ultimately, who you are is best revealed by what you do.

Pisces
February 19-March 20

Your current career objectives are highly ambitious, yet some of them might not be grounded in reality. Paradoxically, it may not matter that your dreams are larger than life now, because there's a bit of magic blowing in the air that could give you a lift if you spread your wings. Don't be afraid of failure; you will never know what is possible unless you try. Life doesn't have a rewind button. Author Lewis Carroll wrote, "In the end, we only regret the chance we didn't take."
