I'm an outdoor woman, play rough and don't mind getting dirty. I'm looking for a man between 55-65. Race is open, requirements are: Able body, someone who likes to putter around the house and yard, likes home cooked meals rather than fast food, spontaneous and an animal lover, as I do rescue. I'm looking for someone that likes board games and cards, flea markets and walks. A man that still like to hold hands and prefers the old ways. I'm looking for a friend first and foremost. Looking for a man that smells good and takes pride in how he looks. I come with no baggage and I want none. I drink a little, never smoked. I'm loyal, fun, caring and a great cook. # Your Weekly Love Horoscope

## Aries March 21-April 19

Your confidence is your best weapon for calming any resistance you might face in relationships now. The proud Leo Moon forms mutual trines with both cautious Saturn and rebellious Uranus, giving you the perfect balance between conservative and radical behavior. Invest your energy wisely today so you can use it effectively over the weeks ahead. Metaphysician Manly P. Hall wrote, "Moderation is the secret of survival."

## Taurus April 20-May 20

Your confidence is your best weapon for calming any resistance you might face in relationships now. The proud Leo Moon forms mutual trines with both cautious Saturn and rebellious Uranus, giving you the perfect balance between conservative and radical behavior. Invest your energy wisely today so you can use it effectively over the weeks ahead. Metaphysician Manly P. Hall wrote, "Moderation is the secret of survival."

## Gemini May 21-June 20

Vulnerable feelings linger from unresolved interpersonal tensions today. You want to glide through the weekend without delving too deeply into your emotions, but this short-term strategy might not work as well as you wish. A relationship may hang in the balance of what you say now. However, your hesitation won't last long since irrepressible Uranus enters the picture to spur you on. Setting your goals too high invites disappointment if you're unable to reach them. Nevertheless, you can't change what you refuse to confront.

## Cancer June 21-July 22

You exude a graceful balance when interacting with people today, combining a fierce independence with a large dose of respect for cooperation. Practical behavior works wonders as the lively Leo Moon harmonizes with hardworking Saturn and ingenious Uranus. Temper your flights of enthusiasm with smart thinking. Even if you want to focus on the good news, don't be afraid of exploring the dark shadows for the treasures they offer. Greek philosopher Heraclitus wrote, "A hidden connection is stronger than an obvious one."

## Leo July 23-August 22

Your desires originate from a deeper place within you today, encouraging you to play for keeps in all you do. However, you may be so excited that you misjudge the amount of effort and commitment required to achieve satisfaction. Thankfully, the radiant Leo Moon harmonizes with deliberate Saturn and brilliant Uranus, blessing you with the ability to consider all your options prior to making the best possible choice. Vincent van Gogh wrote, "Great things are not done by impulse, but by a series of small things brought together."

## Virgo August 23-September 22

Demonstrating your maturity is a simple matter today as long as you overlook petty issues so you can focus on your priorities. A friendly trine between the responsive Moon and responsible Saturn brings an abundance of common sense into your life. However, the lunar connection to irrepressible Uranus suddenly reveals too many choices to pursue. You won't have any problems if you watch your boundaries. Nevertheless, you'll never know your capabilities unless you push past your fears. If the sky is the limit, there wouldn't be human footprints on the Moon.

## Libra September 23-October 22

Accidentally spilling the beans may prove to be socially embarrassing, so monitor what you say and keep a playful conversation from turning too serious. Nevertheless, even the most innocent flirting could stir fearful emotions and provoke a jealous response today. Conflicting planetary signals make it tricky to decide which course of action is the most sensible one. Although you're free to make whatever choice you want, you're not free from the consequences of your choice. Tennessee Ernie Ford said, "Know yourself -- and know your audience."

## Scorpio October 23-November 21

A strange mixture of positive and negative energy morphs into steady progress today. The performance-driven Leo Moon is moving through your 10th House of Status, urging you to reflect on your current place in the outer world along with your goals. The Moon harmonizes with sobering Saturn and independent Uranus, giving you a clear and self-directed view of reality. Your feelings are based on practical issues now, so don't let anyone talk you out of your perceptions when you know what's best. Tune into your heart and follow your intuition.

## Sagittarius November 22-December 21

Your unwavering enthusiasm empowers you to drive a hard bargain because others are no match for your courage and follow-through today. In fact, you become unbeatable once you dig in your heels. Unfortunately, your uncharacteristic rigidity can also anchor you to an incorrect assumption or a bad decision if you're not open to the possibility of being wrong. Thankfully, an ingenious Moon-Uranus trine enables you to change your mind and raise the level of your game. Take care of business with more brains and less bravado.

## Capricorn December 22-January 19

Your practical nature inspires you to skillfully untangle a complicated situation today, while still allowing your intuition to guide your overall strategy. Friends or colleagues who have been at odds with one another just might find a solution now with your sensible advice. A smooth Moon-Saturn trine empowers you to accomplish a lot without working too hard or turning into an arrogant authoritarian. Self-discipline is the key to managing even the fastest-moving situations with calm confidence.

## Aquarius January 20-February 18

A well-considered evaluation of your goals offers real possibilities for success ahead. The expressive Leo Moon creates easy trines with methodical Saturn and spontaneous Uranus, inspiring you to balance these opposite planetary principles to maximize your chances for satisfaction. Work toward building structures that will endure, for Saturn rewards extra effort. But don't wait around forever or you'll lose the singular power of now.

## Pisces February 19-March 20

A brilliant move on your part might inflate your self-esteem, encouraging you to take on more than you can handle. Thankfully, the demonstrative Leo Moon trines inventive Uranus, enabling you to rush to the rescue at the very last moment with unconventional solutions. Fortunately, an emotionally constructive Moon-Saturn trine provides additional strength as long as you maintain integrity in all that you do. Do what is right and not what is easy.
