Historic AP Neighborhood Offers Gift of Light to Community

The Historic Atkins-Porter neighborhood boasts a great number of lighted homes which have been decorated with love this holiday season, and residents are inviting the community to come enjoy their gift of light, according to Rachel Terrell, president of the neighborhood association. "This year's event is the result of great dedication combined with thousands of lights," said Terrell, who joined fellow HAPNA members to stroll through the neighborhood and present trophies on Sunday evening as part of the association's annual lighting contest. BEST PORCH was won by Laura Nash, who recently moved to Edgewood Street. "My fiancé, Trevor Cloar and I have been doing a lot of remodeling" she said. With classic, white lights and red velvet bows adorning the porch, it's clear that Nash is devoted to her historic bungalow at 332 Edgewood. BEST YARD was won by the Hoppers at 337 Edgewood Street. The decorators in the family are Chris and son, Payton, but Shannon and son, Dallas clearly enjoy the visual rewards. Along with hundreds of lights and candy canes, Santa will love the six-foot tall "Welcome" sign out front. With other brightly lit, well-designed displays to their credit, Edgewood was named MOST APPEALING STREET, but these were not the only creative individuals in the neighborhood. A few streets over, neighbor Phillip Weaver turned his family's home at 403 Walnut into a brightly illuminated, Christmas postcard for his sons, Ryan and Hunter. "Phillip did it all," said his wife, Nikki, who said she drove in from work after all the lights

were up and "thought the house was on fire." The heart of the display, which was chosen as BEST HOUSE, is Santa perched on top of the home. How did he figure out the secret to that trick? "Well, let's just say that it helps if you have a satellite dish on your roof," laughed Weaver. The CLARK GRISWOLD AWARD, a new trophy for 2018, was won by the Painter family on 206 Blake-more Street. Past winners, James and Heather, along with daughter Leighann pointed out decorations that were new this year, including Santa on a Harley, a rotating Christmas tree on the porch, a horse and sleigh, and more. Another new award, BEST RELIGIOUS DECORATIONS was won by the Price family of 422 Whitehall Circle. While a silhouette of the nativity is projected onto the families' double-front door, there are also myriad lights. "Probably around 10,000," said Kevin, who has enjoyed stringing Christmas lights since he and his brothers decorated their family home in Jackson, TN. Now with his own family, Price, his wife, Kayla, their son, Brighton and daughter, Riley are carrying on the tradition. By their own admission, Melvin and Patty Roney, recipients of the JUDGES' FAVORITE award put a lot of time into their display. "We go all out for Halloween, but Christmas is Patty's thing," said Melvin. After the holidays last year, they went shopping and the result, which includes a hot air balloon and synchronized music, will tickle anyone who drives or strolls by 312 Head Street. Along with Edgewood, streets that are especially merry include Dunlap, Jackson, Walnut, Blanton, Head and Whitehall. Members of the HAPNA Board of Directors were ineligible to win.

There is significant potential to successfully initiate change at work today, but you must be clear about your intentions. Superhero Mars and transformational Pluto work together to open up the possibility for shifts that have long been in the making. However, you must act from a place of trust, believing things will work out according to your plan. Keep in mind that the steps you take to redefine the dynamics need to benefit more than just you. Possessing the courage to influence the direction of others is no small undertaking, but the rewards are waiting if you choose to seize the moment.	There have been so many secrets coming to light over the last few weeks that it's tough to know where to turn for the truth. Thankfully, things are starting to progress forward and a family conflict may finally begin to find a resolution. There is still plenty of work to do, but the current change in momentum feels like a breath of fresh air. Give yourself the gift of relaxation by stopping for a few minutes to inhale and exhale deeply. When you are comfortable in your space, no one can steal your peace of mind.	Making up your mind can be especially difficult when there are so many interesting options calling your name. Its even more of a challenge when you find yourself in the midst of an argument as Mercury in bombastic Sagittarius crosses words with domineering Pluto. Although you might have thought you were standing on solid ground, everything seems to be shifting beneath your feet. Fortunately, your innate adaptability minimizes any disruption. Rather than growing frustrated by holding onto a position, allow this transition to open you to ideas you have yet to entertain.	People might brand you as someone whose moods change like the tides. However, your emotional flexibility has its merits, even if others are not aware of them. Although you may appear to be extreme in your reactions as your feelings fluctuate throughout the day, you're simply processing a wide spectrum of possibilities before you decide which position is worth defending. Don't fall into the trap of making a choice too soon because the cosmic energy is still in flux. Remember, letting go of the old is how you make room for the new.	Your itch to go on a voyage is reaching a breaking point. The joyful exchange between the trailblazing Aries Moon and the journeying Sagittarius Sun are urging you on to explore the world. If you can't go on a road trip or launch into the friendly skies today, try diving into a book. Stories about other cultures, foreign lands, or imaginary worlds serve as a suitable substitute for this travel bug nipping at your heels. Paradoxically, the grandest of all adventures can take place from the comfort of your couch.	Communing with the natural world often helps you fend off anxiety. Unfortunately, your retreat into the woods or to the beach may be hampered by winter weather or previous work-related obligations. Transporting yourself out of the office or out of the city might just be an idle fantasy. Nevertheless, there are other ways to reestablish inner peace. Going to the gym for a quick escape could do the trick. Or, simply head home to listen to your favorite music. Every now and then, you need to get away from it all in order to reset your equilibrium.

You yearn to have the world take notice of your inner beauty and sweet nature. The fact that the cosmic weather is facilitating an uptick in loyalty only strengthens your desire to be appreciated today. There's nothing inherently wrong with such a longing to be seen for who you truly are. However, harboring resentment if someone doesn't notice you can heap your day and spin it toward the dark side. Avoid the pitfall of assuming that anyone owes you positive feedback. When your actions originate in your heart, everything you do is an expression of love.	Although your season of deep reflection is not over, you can already see the potential rewards from your recent inner work. It might seem as if you are in a prolonged state of reassessing your relationship needs, but passionate Venus is finally moving into new territory, having prolonged her visit to your sign with her retrograde dance. Thankfully, you can now focus on the light ahead, rather than the shadows behind you. Long-held emotional attachments are losing their potency. As you release the old and the outgrown, new desires rise like the phoenix from the ashes.	When planning an adventure, the emotional toll it may exact is rarely part of your equation. Nevertheless, your need to be self-sustaining while also taking other peoples opinions into the decision-making process makes for delicate negotiations. Your dilemma stems from your desire to head out without a companion in tow because you're concerned about reaching a consensus regarding which routes to travel. Fortunately, the problem solves itself if you pay more attention to the journey itself, than to your itinerary. Every step along the way is just another destination.	You prefer to follow a preset agenda, but such calculating maneuvers are seemingly inaccessible today. Although you may try to maintain your composure even when others are emotionally imbalanced, the reactionary Moon and witty Mercury are unable to stand up to the power of destabilizing Pluto. The consistency you thrive on is just out of reach. Nevertheless, the intense dynamics in play remind you that everything, especially peoples moods, are in constant fluctuation. Author Jackson Kiddart, "Anything you can't control is teaching you how to let go."	Friends who are like siblings remind you that you must have a cause if you're going to be a rebel. Finding original and inventive ways to interact with humanity is how you feel the most authentic. Fortunately, the pioneering Aries Moon forms a harmonizing trine to the visionary Sagittarius Sun in your 11th House of Community, sending you a powerful reminder of your unique place in the world. When you express this cosmic illumination constructively, your actions are free from judgment because they're for the good of all. Be true to yourself and a quantum leap in soul growth is possible.	Your heightened state of vulnerability might make you more self-sacrificing today than is in your best interest. Although your intentions are probably pure, your current altruism is mixed with a longing to have your beyond-the-call-of-duty behavior recognized. You are treading on thin ice if you're toying with the idea of some sort of martyrdom. You can have compassion and empathy without over-extending your boundaries or draining your resources. Stay attuned to your impulses to help; if praise is your goal, it is not true empathy. Good behavior is its own reward.
