DUN-FOUND-IT GAME FOR DECEMBER 3, 2015

Miss Pearl's Country Cookin'

Garlic Knots

original recipe makes about 20 knots

Dough:

3/4 cup warm water (105°F-115°F)
1 package (2 teaspoons) of active dry yeast
1 3/4 cups bread flour (can use all-purpose)
1 Tbsp olive oil
1 teaspoon salt
1 teaspoon sugar
Garlic-Butter Coating:
5 Tbsp unsalted butter
4 cloves garlic, minced
1/4 cup parsley, minced
1 teaspoon salt

Sprinkle the yeast on top of the warm water and let it sit for 5 minutes. Stir to combine and let sit for another 5-10 minutes, until it begins to froth a bit. In a large bowl, whisk together the flour, salt and sugar. Make a well in the center of the flour and pour in the olive oil, then the yeast-water mixture. Mix this together to form a soft dough and knead for 5-10 minutes. Shape the dough into a ball and lightly coat with olive oil. Put it in a large bowl, top the bowl with plastic wrap and set it at room temperature to rise. When the dough has doubled in size, anywhere from 90 minutes to several hours, cut it in half. Set out a large baking sheet and line it with a silpat or parchment paper. Take one half of the dough and cut it in half. Working with one piece at a time, flatten into a rough rectangle about 5 inches long 1/2 inch thick. Using a sharp knife, slice the dough into strips of about 1 inch wide by 5 inches long. Cut these strips in half. Take one piece and work it into a snake, then tie it in a knot. The dough will be sticky along the cut edges, so dust these with flour before you tie the knot. Set each knot down on the baking sheet and repeat with the remaining dough. Remember that the dough will rise, so leave some space between each knot. Once all the knots are tied, paint them with a little olive oil. Loosely cover them with plastic wrap and let them rise again until doubled in size, anywhere from 90 minutes to three hours or so. Toward the end of this rising period, preheat the oven to 400°. Uncover the knots and bake in the oven 12-15 minutes, or until nicely browned on top. Meanwhile, melt the butter in a small pot and cook the garlic gently in it just long enough to take off that raw garlic edge, about 1-2 minutes over medium-low heat. Add the salt and parsley and stir to combine. Turn off the heat. When the knots are done, take out of the oven and let cool for 5 minutes. Paint with the garlic-butter-parsley mixture and serve. These are best warm, but are good at room temperature, too.

Maple BBQ Chicken

original recipe makes 8 servings

3/4 cup barbecue sauce
3/4 cup maple pancake syrup
1/2 teaspoon salt
1/2 teaspoon maple flavoring
8 boneless skinless chicken breast halves
(4 ounces each)

In a large bowl, combine the first four ingredients; reserving 3/4 cup. Grill chicken, uncovered, over medium heat for 3 minutes on each side. Grill 6-8 minutes longer or a meat thermometer reads 170°, turning occasionally and basting with sauce. Serve with reserved sauce. Yield: 8 servings.

Pecan Sweet Potato Casserole

makes 2 servings

1 large sweet potato, peeled and cubed
2 tablespoons sugar
2 tablespoons 2% milk
2 tablespoons beaten egg
1 tablespoon butter, melted
1/4 teaspoon vanilla extract

Topping:

2 to 3 tablespoons chopped pecans
2 tablespoons brown sugar
1 tablespoon all-purpose flour
1 tablespoon butter, melted

Place sweet potato in a small saucepan and cover with water. Bring to a boil. Reduce heat; cover and cook for 20-25 minutes or until tender. Drain. Place potato in a bowl; mash. Stir in the sugar, milk, egg, butter and vanilla until blended. Transfer to a 3-cup baking dish coated with cooking spray. Combine topping ingredients; sprinkle over sweet potato mixture. Bake, uncovered, at 350° for 25-30 minutes or until heated through. Yield: 2 servings.

Toffee Cashew Treasures

original recipe makes 30 servings

1 cup butter, softened
1 cup sugar
1 cup packed brown sugar
2 eggs
1 teaspoon vanilla extract
2 cups all-purpose flour
2 cups old-fashioned oats
1 teaspoon baking soda

1/2 teaspoon baking powder
1/2 teaspoon salt
1 cup flaked coconut
1 cup milk chocolate English toffee bits
1 cup chopped cashews, toasted

Cream butter and sugars until light and fluffy. Add the eggs, one at a time, beating well after each addition. Beat in vanilla. Combine the flour, oats, baking soda, baking powder and salt; gradually add to the creamed mixture and mix well. Stir in the remaining ingredients. Drop by rounded tablespoonfuls 3 in. apart onto ungreased baking sheets. Bake at 350° for 12-14 minutes or until lightly browned. Cool for 2 minutes. Yield: about 5 dozen.

Your Weekly *Love* Horoscope

Aries

March 21-April 19

Excitement mounts as you consider every angle of a creative project today. You're eager to get started, but you can't figure out how to organize all your ideas. Your reactions are so swift now that you inadvertently overwhelm others while sharing your plans. Think before you speak because you probably sound more outrageous than you realize. Keep your audience in mind and tailor your delivery accordingly. In fact, it might be smart not to say anything at all. Let your art express your heart.

Taurus

April 20-May 20

Rather than spinning your wheels and going nowhere fast, channel your energy into creating a joyful environment, instead. The showy Leo Moon visits your 4th House of Home and Family, inspiring you to redecorate around the house to take your mind off more complicated issues at work. Nevertheless, you can't stop the flow of your thoughts; thankfully, you can exert enough control to shift your focus to more pleasurable pursuits. Oprah Winfrey advises, "The more you praise and celebrate your life, the more there is in life to celebrate."

Gemini

May 21-June 20

Discerning the fine edge between a brilliant thought and a crazy one today is nearly impossible as rational Mercury trines wild Uranus. However, there's really no need to waste too much time worrying about slipping over the edge as long as you maintain your sense of humor. Keep your feet on solid ground; remember, it's not necessary to share every amazing idea that crosses your mind. Knowing when to remain silent now could be your key to gaining more credibility and power in the long run.

Cancer

June 21-July 22

Burying your unrealistic thoughts won't make you happy today, but neither will indiscriminately telling them to anyone who will listen. Nevertheless, your outrageous schemes may get the best of you if you cannot come up with a plan to harness the power of your imagination. Instead of allowing your dreams to drift aimlessly, discuss your dilemma with a clever confidant; letting a friend in on your creative process can help you integrate an otherworldly vision into your everyday life.

Leo

July 23-August 22

Big bold action may be necessary for you to find emotional satisfaction today as the Moon dances her way through dramatic Leo. Luckily, you are primed for a stellar performance even if you're concerned about other parts of your life. Instead of pretending that everything is fine now, set aside your defenses and just share your story with someone you trust. Although the show must go on, you can ensure it's of the highest caliber if you take off your mask and act from your heart.

Virgo

August 23-September 22

There are many disparate facets of your life coming together now, and you would be wise to connect the dots between the apparent coincidences. You have a chance to create a special kind of magic simply by focusing on the relationship between separate events. Analytical Mercury is busy filling your head with one idea after another today. But rather than trying to rationally explain every thought, just find a way to weave the strands into a single tapestry. A picture is worth a thousand words.

Libra

September 23-October 22

Your best friends remain true to you through thick and thin, and they quietly cheer you on as you express your creativity today. They seem to appreciate your authenticity and admire you even more when you are doing what you love. Thankfully, you enjoy shining for others, so this can be a fantastic win-win situation. Stretch into new territory by using your colorful imagination to create a special memory for everyone; your talent knows no bounds.

Scorpio

October 23-November 21

Circumstances may necessitate that you publicly display your emotions in ways that normally would make you uncomfortable. Nevertheless, you are willing to stand up for your beliefs today, and being vulnerable is just part of the package. Nevertheless, wait until you are fully ready before making a serious commitment. Remember, it's healthier for your soul to connect your passion with a social cause beyond your individual needs. Carl Sagan wrote, "For small creatures such as we the vastness is bearable only through love."

Sagittarius

November 22-December 21

You wish you were free of obligations so you could explore new paths into your future. Unfortunately, you might have responsibilities you cannot avoid today. Luckily, falling behind isn't as bad as it sounds, since handling unfinished business doesn't prevent you from also chasing your dreams. Even if you're not prepared to embark on your next great adventure, tying up loose ends now allows you to fly sooner than you expect.

Capricorn

December 22-January 19

Attempting to balance your list of chores with your desire for excitement leads to an unsolvable dilemma today. Even if you're facing a difficult decision now, you're required to play by the existing rules. Thankfully, changing your attitude can change the name of the game, enabling you to maintain your integrity while also breaking out of your shell. Never underestimate the element of surprise. Take a walk on the wild side and let your freak flag fly.

Aquarius

January 20-February 18

It may seem as if everyone is having more fun than you today, but this lopsided perception could be a figment of your imagination. You want to be part of the group, yet you also need to maintain your reputation as an outsider. Instead of comparing yourself to anyone else, decide what you want to do now based only on what would make your heart happiest. Then take a few small yet determined steps to set you off in the right direction. Following your dreams is a noble cause which will earn you the admiration of others.

Pisces

February 19-March 20

You might come across more rebellious than you actually feel today since you don't realize how intimidating your words sound to your coworkers. Obviously, you are free to say whatever enters your mind without censoring your remarks. Nevertheless, someone may not take your message as lightly as you intend. Happily, you can prevent discord by going out of your way to respect the opinions of others, even if they are vastly different from yours. Diversity can be found in the art of thinking independently together.

Something To Ponder: A Custom Home Will Increase In Value. Will A Mobile Home Increase In Value?
