Miss Pearl's Country Cookin'

Eggnog Cheesecake
1 cup graham cracker crumbs
2 tablespoons white sugar
3 tablespoons melted butter
3 (8 oz.) packages cream cheese, softened
1 cup white sugar
3 tablespoons all-purpose flour
3/4 cup eggnog
2 eggs
2 tablespoons rum
1 pinch ground nutmeg
Preheat oven to 325 degrees F. In a medium bowl combine graham cracker crumbs, 2 tablespoons sugar and butter. Press into the bottom of a 9 inch spring form pan. Bake in preheated oven for 10 minutes. Place on a wire rack to cool. Preheat oven to 425 degrees F. In a food processor combine cream cheese, 1 cup sugar, flour and eggnog; process until smooth. Blend in eggs, rum and nutmeg. Pour mixture into cooled crust. Bake in preheated oven for 10 minutes. Reduce heat to 250 and bake for 45 minutes, or until center of cake is barely firm to the touch. Remove from the oven and immediately loosen cake from rim. Let cake cool completely before removing the rim.

Bacon Wrapped Pork Medallions
8 slices bacon
1 tablespoon garlic powder
1 teaspoon seasoned salt
1 teaspoon dried basil
1 teaspoon dried oregano
2 pounds pork tenderloin
2 tablespoons butter
2 tablespoons olive oil
Preheat an oven to 400 degrees F. Place the bacon in a large, oven-safe skillet, and cook over medium-high heat, turning occasionally, until lightly browned and still flexible, 6 to 7 minutes. Drain the bacon slices on a paper towel-lined plate. Remove any excess bacon grease from the skillet. Combine garlic powder, seasoning salt, basil, and oregano in a small bowl. Set aside. Wrap the pork tenderloin with the bacon strips securing with 1 or 2 toothpicks per strip of bacon. Slice the tenderloin between each bacon strip to create the medallions. Dip both sides of the medallions in seasoning mix. Melt butter and oil together in the same skillet over medium-high heat. Cook each medallion for 4 minutes on each side. Place skillet into the preheated oven and bake until the pork is no longer pink in the center, 17 to 20 minutes. An instant-read thermometer inserted into the center should read 145 degrees F.

Your Weekly Love Horoscope

♈ Aries March 21-April 19	♉ Taurus April 20-May 20	♊ Gemini May 21-June 20	♋ Cancer June 21-July 22	♌ Leo July 23-August 22	♍ Virgo August 23-September 22
You are likely to experience an unusual attraction to someone, or something that you may not understand. You might feel threatened by these unexpected feelings today if you're already committed to a solid relationship. However, its healthier to reflect on what triggers your fascination and to explore what may be missing in your life. If you're single, then let germs curiosity be your guide rather than your obsessive master. Learn more about who's drawing your interest, but only flirt if its appropriate. A subject that newly commands your focus could inspire you to research and study more. Follow your passion but stay within your lane.	A pang of anxiety seizes you today, and it will not be denied. You must feed it something unique, so visit a restaurant that makes your taste buds tingle or an art gallery that prompts your heart to leap with joy. You may experience a sudden need to throw something out, creating space for a new possession so unique that you wonder the source of your desire. There is no reason to question your appetite if your immediate craving for the new and different is irresistible now. Post William Blake wrote, The true method of knowledge is experiment.	You want to share a different side of yourself by revealing a twisted bent to your humor or a hidden window into your political worldview. However, you must be highly selective where, when, and with whom you interact while the planetary chaos is pulling your desires off kilter. Not everyone is ready to hear your truth. You neednt slink away in shame or withhold your feelings. Reflect on how someone might misperceive anything you say that's beyond conversational fact. When in doubt, err on the side of caution and respect.	You long to take a break from focusing on productivity to luxuriate on what's more imaginative and inspirational. You might savor soaking up insights from your favorite sacred literature or meditating to spiritual music. Your mind craves ease today, yet it sparks of originality. Of course, this penchant for self-expression will likely work its way into more mundane tasks such as cooking dinner or writing an email. Your creativity flourishes when you don't have to follow any rigid protocols beyond letting your eyes or hands float along with delight. Your best work happens when you are doing what you love.	You may develop a strong hankering to increase your knowledge and proficiency with a skill that gives you great pleasure. Your excitement and interest are real, but waste carefully and slowly into any deep commitments. There's no need to enroll in a year-long boot camp or a graduate school program until you know if this is a passing whim or not. After you map out a way to take a sizable yet reasonable step – whether its signing up for a single class or buying your first book on the subject – see how you feel before going further. Dipping your toe in the water is wiser than jumping in over your head.	You are probably sweeter, sleeper and even more sentimental today than anyone expects. Your moods might fluctuate widely, so be careful about taking yourself or others too seriously now. Stick to your healthiest regimens without making any drastic changes in the present moment. Everything you need is already wafting along in the heavens with the wispy Moon and dreamy Neptune. Its best to curate the longings of your heart with brooding music or a sappy movie. Being in touch with your emotions enables you to help others access theirs.
♎ Libra September 23-October 22	♏ Scorpio October 23-November 21	♐ Sagittarius November 22-December 21	♑ Capricorn December 22-January 19	♒ Aquarius January 20-February 18	♈ Pisces February 19-March 20
You feel an urgent need to spice up your romantic life now. The change in favoring doesn't have to run to extremes measures, but yours probably weary of the same old routine. Experimenting with an friend or partner can lead you on an exciting journey into the unknown. If you're single, take more of a risk and engage in a variety of activities where you can meet new people. Exploring other worlds enables you to make shocking connections. The stranger life seems, the more you feel at home.	You don't typically relish the prospect of having to make changes in your environment. But after a little soul-searching today, you may admit that you need to replace your worn-out desk chair or outdated monitor. Nevertheless, there's a high probability that once you start moving things in and out, you won't stop because it feels cathartic to clean out the old and bring in the new. You might as well hold back on the resistance from the onset, especially when you will end up being thrilled with the results.	Perhaps you need an unexpected time-out today while you're in the midst of your birthday season. Ironically, immersing yourself in a variety of experiences can eventually grow monotonous. You probably crave a cozy experience with a loved one in an unusual setting, but you are less willing to deal with the push and shove of a crowd. Scaling back on the chaos just a bit makes all the difference in the world now. Micro-changes at a slower pace with fewer people can be as significant as grand sweeping ones with many people.	Practical reasoning and logic can only take you so far with a problem today. Sometimes you will analyze a situation until you're blue in the face. Ultimately, its your intuition that will help walk you through a stubborn issue now. Its often hard to know the difference between loud mental chatter and your psychic perceptions. Tune out all the distractions, listen to the clear yet still small voice that just feels right in your body and soul. Writer Florence Scovel Shinn said, Intuition is a spiritual faculty and does not explain, but simply points the way.	There's no need to do anything extravagant to create a wonderful experience today. The only requirement is whatever you plan to do can't be boring. Start by participating in some sort of cultural event or community project where you can spend quality time with your friends. Gather up the gang to check out the opening of an art exhibit or take a chance with an edgy new play. Perhaps next month becomes too busy for some, and this is the last chance for activities that scintillate without holiday lights. The sweetest memories depend on the people involved more than anything else.	Its only natural to desire a lot of comfort from your assumptions and snap judgments about people, since they often keep you safe in a world full of strangers. But the opposition between the frisky Virgo Moon and foggy Neptune inspires you to interrupt some of your safeguarding impulses. There's no reason to abandon your self-protective sensibilities. You only need to let your heart shine through all the dark doubts in your imagination. Spiritual teacher Gerd Pansa said, While judgment makes mind clouded, compassion makes heart cloudless.
