Miss Pearl's Country Cookin'

Tuna Melt

2 5-ounce cans chunk light tuna drained
1 medium shallot, minced (2 tablespoons)
2 tablespoons low-fat mayonnaise
1 tablespoon lemon juice
1 tablespoon minced flat-leaf parsley
1/8 teaspoon salt

Preheat broiler. Combine tuna, shallot, mayonnaise, lemon juice, parsley, salt, hot sauce and pepper in a medium bowl. Spread 1/4 cup of the tuna mixture on each slice of toast; top with tomato slices and 2 tablespoons cheese. Place sandwiches on a baking sheet and broil until the cheese is bubbling and golden brown, 3 to 5 minutes.

Warm Snow Pea & Chicken Salad

1 pound boneless, skinless chicken breast, trimmed
1 14-ounce can reduced-sodium chicken broth
3 tablespoons rice vinegar
3 tablespoons reduced-sodium soy sauce
3 teaspoons toasted sesame oil, divided

Place chicken in a medium skillet or saucepan and add broth; bring to a boil. Cover, reduce heat to low, and simmer gently until cooked through and no longer pink in the middle, 10 to 12 minutes. Transfer the chicken to a cutting board to cool. Shred into bite-size pieces. (Cool and refrigerate the broth, reserving it for another use.) Meanwhile, whisk vinegar, soy sauce, 2 teaspoons sesame oil and tahini (or cashew butter) in a large bowl until smooth. Heat the remaining 1 teaspoon oil in a large nonstick skillet over medium-high heat. Add ginger and garlic and cook, stirring, until fragrant, about 1 minute. Stir in slivered peas and cook, stirring, until bright green, 3 to 4 minutes. Transfer to the bowl with the dressing. Add the chicken to the bowl with the peas; toss to combine. Serve sprinkled with cashews.

Almond Crusted Chicken Fingers

Canola oil cooking spray
1/2 cup sliced almonds
1/4 cup whole-wheat flour
1 1/2 teaspoons paprika
1/2 teaspoon garlic powder
1/2 teaspoon dry mustard

Preheat oven to 475°F. Line a baking sheet with foil. Set a wire rack on the baking sheet and coat it with cooking spray. Place almonds, flour, paprika, garlic powder, dry mustard, salt and pepper in a food processor; process until the almonds are finely chopped and the paprika is mixed throughout. Drizzle in oil; process until combined. Transfer the mixture to a shallow dish. Whisk egg whites in a second dish. Add chicken tenders and turn to coat. Transfer each tender to the almond mixture; turn to coat evenly. Place the tenders on the rack and coat with cooking spray; turn and spray the other side. Bake the chicken fingers until golden brown and crispy 20 to 25 minutes.

Peanut Butter Truffles

1/2 cup crunchy natural peanut butter
1/4 cup finely chopped salted pretzels

Combine peanut butter and pretzels in a small bowl. Chill in the freezer until firm, about 15 minutes. Roll the peanut butter mixture into 20 balls (about 1 teaspoon each). Place on a baking sheet lined with parchment or wax paper and freeze until very firm, about 1 hour. Roll the frozen balls in melted chocolate. Refrigerate until the chocolate is set, about 30 minutes.

Your Weekly Love Horoscope

Aries
March 21-April 19

You know what you want, and you're willing to work for it. You may be inclined to power through issues as quickly as possible, no matter how many corners are cut in the process. However, the tenacious Capricorn Moon gifts you with the perseverance and sure footing of the Mountain Goat. Keep climbing step by step and you're likely to reach the top. Be sure not to get lost along the way when dreamy Neptune tempts lovely Venus with alluring offers to escape from responsibilities. Keep in mind that sagacious Mercury expects you to walk your talk.

Taurus
April 20-May 20

Something within you stirs visions of an ideal future, and your aspirations may seem so real and close that they sparkle. As nice as it is to imagine the life you want the most, what it takes to get there requires a lot more than a dream. Thankfully, your natural practical streak can help get your head out from the clouds and back down to earth. Later in the day, your clarity will return, enabling you to determine exactly which steps you need to take to move closer to your long-term goals. Good intentions are wasted without hard work.

Gemini
May 21-June 20

Imagine your perfect job -- the one that inspires you to reach your full potential, and provides more than enough compensation for how quickly money seems to pass through your hands. Grounding this dream in reality may feel like trying to pin a wave to the sand, but with some help from your rational ruling planet, Mercury, you are capable of realistically evaluating what resources you have at your disposal now. Better to face the facts and figures today than let your funds recede like the tide as you fantasize about living on Easy Street. Prosperity is a state of mind, but you still have to pay the bills.

Cancer
June 21-July 22

It's not always easy to find the words you're looking for when you need them. You sensitive Crabs are often uncomfortable engaging in conflict; sometimes you would rather run away and imagine that everyone else is behaving just as they should. But no one can run forever, and after the Sun sets you may be ready to return to reality and face the music. After all, the silver Moon guides you through the dark, and her presence in earthy Capricorn will lend you the strength and fortitude to talk things out. Jimi Hendrix said, "Knowledge speaks, wisdom listens."

Leo
July 23-August 22

You're a smart cookie, but even the smartest folks need help staying on track now and then. Try not to ignore your health today; instead, reexamine your daily routine to see where you could make improvements to bolster your well-being. You might believe that if you just had more time or money, you could pay for a personal trainer or hire a nutritionist to help manifest your lifestyle goals. Slow your roll and let logical Mercury help you make a realistic plan. Get adequate sleep, stick to a clean diet, and -- although everyone knows you're a superhero -- don't push yourself to keep going when you're running on empty.

Virgo
August 23-September 22

As you reassess your goals and reshuffle your priorities, you may find yourself longing for like-minded company that can relate to your aspirations. What would it be like to have a special sidekick who fits into your life just like a puzzle piece? It will be easy to see your fantasy companion in crystal clear detail today, but don't let this lack of objectivity distract you from what's happening in the here and now. Winged Mercury flies into your 5th House of Self-Expression tonight, encouraging honest communication about your desires and thoughtfulness in your creative acts.

Libra
September 23-October 22

You're a natural-born dreamer and today you might find yourself recalling your childhood and the good old days with fondness. Nebulous Neptune may lure you into the drowse of Memory Lane as you go through the motions, but keep putting one foot in front of the other until you return to the present. By tonight, you'll feel solid ground underneath your feet again as discerning Mercury helps you redefine your goals and establish a winning strategy. As Tom Petty sings, "You can look back babe, but it's best not to stare."

Scorpio
October 23-November 21

It may seem like business as usual as you move through your prosaic day with no more fanfare than absolutely necessary. But sometimes you secretly wish that someone would come along who could see through your walls and understand that mind of yours in a way which transcends words. Such romances can exist, but you still have to get your priorities straight and make a decision about whom and what you want. Thankfully, meticulous Mercury encourages you to organize your thoughts and speak your mind with clarity and conviction.

Sagittarius
November 22-December 21

Details aren't really your thing, but sometimes it's necessary to hunker down and get the facts right. Your budget demands your attention while the responsible Capricorn Moon sets the tone in your 2nd House of Money. Obviously, it would be so much sweeter to stumble upon buried treasure or inherit a large sum of money from a distant relative. Whimsical Neptune may have you daydreaming of a simpler childhood existence when parents paid for everything. Thankfully, this nostalgic fog should lift later in the evening, enabling you to finally crunch the numbers and face the facts. Maturity starts when the drama ends.

Capricorn
December 22-January 19

You almost always have a plan for what you wish to accomplish next. However, you may find yourself wanting to escape the constant weight of self-inflicted responsibility today and go for a long walk in the park where your mind can wander and relax for a while. This temporary retreat might not be a bad idea, since methodical Mercury joins the goal-oriented Moon in your sign, prompting you to vocalize your goals and intentions. Use this time in nature to ruminate on the dreams you hope to make come true one day soon.

Aquarius
January 20-February 18

You're typically not shy about saying what you think, but today your thoughts turn within as you envision a world where a lack of resources is never an issue. There are a million dreams floating around in your head, and all it takes is money to get the ball rolling. Fanciful Neptune floods your mind with possibilities as you reflect on your current fiscal situation, but don't get lost in the clouds of disillusionment or doubt. Luckily, cerebral Mercury joins your inner counsel and helps guide the proceedings in a more productive direction.

Pisces
February 19-March 20

Your vision of yourself has been polished until it's sparkling like a brilliant diamond today. Thankfully, your friends are feeding you confidence-boosting compliments left and right. Although the sweetness of camaraderie can be like an anesthetic for a sore heart, the reality of the current social climate could be weighing heavily on you. You might feel like you're only safe within the small group of friends you trust. Nevertheless, it's essential that you speak your truth and even more so, that your message is heard.
