- 1/2 teaspoon baking soda
- 1 teaspoon vanilla extract
- 5 quarts popped popcorn

Preheat oven to 250 degrees F. Place popcorn in a very large bowl. In a medium saucepan over medium heat, melt butter. Stir in brown sugar, corn syrup and salt. Bring to a boil, stirring constantly. Boil without stirring 4 minutes. Remove from heat and stir in soda and vanilla. Pour in a thin stream over popcorn, stirring to coat. Place in two large shallow baking dishes and bake in preheated oven, stirring every 15 minutes, for 1 hour. Remove from oven and let cool completely before breaking into pieces.

### Cheeseburger Meatloaf

*Original recipe makes 8 servings*

- 2 pounds ground beef
- 3/4 cup fresh bread crumbs
- 1/2 cup minced onion
- 2 eggs, beaten
- 1 1/2 teaspoons salt
- 1 1/2 teaspoons ground black pepper
- 3 cups shredded Cheddar cheese

Preheat oven to 350 degrees F. In a large bowl, combine the beef, bread crumbs, onion, eggs, salt and pepper, and mix well. Pat out meat mixture into a 14x18 inch rectangle on a piece of wax paper. Spread cheese over the meat, leaving a 3/4 inch border around the edges. Roll up jelly roll fashion to enclose the filling and form a pinwheel loaf. Press beef in on both ends to enclose the cheese. Place in a 10x15 inch baking dish. Bake in the preheated oven 1 hour, or until internal temperature reaches 160 degrees F.

### Alfredo Potatoes

*original recipe makes 4 servings*

- 4 large russet (baking) potatoes
- 1 tablespoon kosher salt
- 1/2 teaspoon paprika
- 1/2 teaspoon kosher salt
- 1/4 teaspoon white pepper
- 1 pinch cayenne pepper (optional)
- 1 tablespoon butter
- 2 green onions, chopped
- 1/4 cup chopped fresh parsley
- 1 (15 oz) jar Classico® Fresh Four Cheese Alfredo Sauce, divided

Place potatoes into a large pot and cover with salted water; bring to a boil. Reduce heat to medium-low and simmer until tender, about 20 minutes. Avoid over cooking to prevent skins from splitting. Drain. Refrigerate until chilled through. Combine paprika, salt, pepper and cayenne. Preheat oven to 350 degrees F. Grease a 2-quart baking dish with 1 tablespoon butter. Peel the fully chilled potatoes. Grate the potatoes using course box grater or food processor. Layer half the potatoes into the buttered baking dish, season with a sprinkling of prepared seasoning blend, half the diced green onions, some parsley, and half a jar of the Alfredo sauce. Repeat layers ending with the remaining sauce and a sprinkling of the seasoning. Reserve some green onions and parsley for garnish. Bake until hot and slightly browned, 30 to 35 minutes. Garnish with reserved green onions and parsley.

### Chicken Taquitos

*original recipe makes 12 taquitos*

- 6 large peeled, cubed potatoes
- 1 (10.75 oz) can condensed cream of mushroom soup
- 1 1/4 cups milk
- 1 onion, diced
- 1/2 teaspoon ground black pepper

Preheat oven to 375 degrees F. Grease a 2 quart casserole dish. Layer potatoes and onions into the casserole dish. Combine soup, milk and pepper in a bowl, then pour soup mixture over the potatoes and onions. The soup mixture should almost cover the potatoes and onion, if it does not add extra milk. Cover dish and bake in preheated 375 degrees F oven for 60 minutes or until the potatoes are cooked through. At 30 minutes, remove the casserole from the oven and stir once before returning the dish to the oven. Remove from oven and serve.

# Your Weekly Love Horoscope

## Aries

March 21-April 19

It might take a stroke of ingenuity to solve problems that spring up between you and your associates today. Luckily, puzzles are right up your alley and you derive great satisfaction from figuring out brilliant new solutions. But just because you shake the cobwebs loose and suddenly see the light, you can't necessarily make everyone else see things from your perspective. Although exercising patience isn't your strongest suit, it's still a sensible practice for now.

## Taurus

April 20-May 20

You could get so confused by your dreams today that it's nearly impossible to find your way around in the real world. Nevertheless, there are important tasks to complete and life will quickly grow more complicated if you don't meet these obligations now. Get your chores out of the way as fast as you can, and don't forget to let others know that you need some time alone to think. Once your behavior demonstrates your accountability, you can return to exploring your wild imagination with guilt-free abandon.

## Gemini

May 21-June 20

You aren't as scattered today as your coworkers think because you have a new plan in place, even if no one knows about it yet. However, you may have several options that you're juggling now, but this complexity isn't beyond your natural capability. But your goal isn't to keep lots of balls in the air; instead, it's about being happy. Fortunately, walking away from the distractions isn't that difficult now if you simply make a commitment to honor your priorities.

## Cancer

June 21-July 22

Exciting opportunities arise from the most unusual places now, but their source doesn't make them any less reliable. Unplanned emotional interactions with friends or a romantic partner could lead to a conceptual breakthrough in how you reach your goals. Remain open to new possibilities, since your path will continue to widen if you just let it happen without worrying so much about the outcome. Synchronicity is your friend.

## Leo

July 23-August 22

Stuck emotions that have you tied in knots may be released suddenly today, as if a clever magician planned your escape in advance. You may breathe a huge sigh of relief once you're set free, but you can't avoid the long-term issues you still face. Instead of running away to avoid the drama, accept your current circumstances graciously as you work with determination to transform your life. Your courage is the magic key that unlocks the door to your success.

## Virgo

August 23-September 22

A shady character may let you down by not following through on a promise, but don't waste your energy getting bent out of shape. Unfortunately, you're unable to control the actions of others and you'll only make yourself miserable if you allow your emotions to get the best of you. Use your time constructively and concentrate on improving your own work instead of trying to change anyone else. Your success is the sweetest revenge.

## Libra

September 23-October 22

You may be unclear as to why your day's agenda has been overtaken by tasks that don't help you inch closer to your goals. But the culprit could be you if you're feeling less than ambitious today, making it advantageous to just do whatever is expected of you and no more. Even if you have transformational ideas, applying them could take more effort than you're willing to invest. Entertaining fantasies about the future is enough to bring you emotional satisfaction now. Dream more, work less.

## Scorpio

October 23-November 21

A surprising emotional encounter can shock your nervous system with sudden jolts of awareness today that wake you up from a deep sleep. You initially could encounter some inner resistance about the current direction of your life but soon you will begin to see things more clearly. Don't make any big changes yet; just playfully consider each and every possibility as it floats into your awareness. Exploring all your alternatives inspires your personal transformation.

## Sagittarius

November 22-December 21

If you're stressing about making a financial decision today, don't just take the easy way out. There is more happening now than meets the eye and you'll be in a lot better shape if you let the current situation play out for a while longer, giving you additional time to discern your smartest move. Luckily, your clarity will continue to sharpen in the days ahead. After your confidence returns, you will feel empowered to make the best choice for all involved.

## Capricorn

December 22-January 19

You might need to relinquish control over your schedule today. One distraction after another grabs your attention and you may be required to accept that your nerves can't handle so much chaos at once. Nevertheless, don't judge yourself too severely while responding to the demands of the day. Do the best you can and let some of the loose ends stay unraveled until tomorrow when you have sufficient time to wrap all of them up. The only sense of urgency is your own.

## Aquarius

January 20-February 18

Career responsibilities are likely to conflict with your personal goals, but try not to let that bother you too much now. You might not have as much clarity as you want today, so avoid making decisions based on inaccurate facts or incomplete data. Use your time to savor all the options on your plate without eliminating any of them. Most of all, be patient with yourself; the truth might land on your doorstep within a few days and your choice will suddenly be obvious.

## Pisces

February 19-March 20

You live in two distinct worlds today. On one hand, you're quite comfortable drifting around in the dreamy fuzziness of your own imagination. On the other hand, you are uncovering so much additional factual information that you're not sure how best to manage it. First you need to integrate your feelings with your rational thoughts. Once they magically merge, it's time to swing into heroic action.
