Miss Pearl's Country Cookin'

Burrito Casserole

original recipe makes 8-10 servings

1 lb ground beef or 1 lb ground turkey
1/2 medium yellow onion, chopped
1 (1 1/4 oz) package taco seasoning
6 large flour tortillas
1 (16 oz) can refried beans
2-3 cups shredded taco cheese or
2-3 cups cheddar cheese
1 (10 3/4 oz) can cream of mushroom soup
4 ounces sour cream

Brown ground meat/turkey & onion; drain. Add taco seasoning and stir in refried beans. Mix soup and sour cream in a separate bowl. Spread 1/2 sour cream mixture in the bottom of a casserole dish. Tear up 3 tortillas and spread over sour cream mixture. Put 1/2 the meat bean mixture over that. Add a layer of cheese. You could put some hot sauce on this now. Repeat the layers. Sprinkle cheese over the top and bake, uncovered, at 350°F for 20-30 minutes.

Scalloped Potatoes

original recipe makes 6 servings

4 cups thinly sliced potatoes
3 tablespoons butter
3 tablespoons flour
1 1/2 cups milk
1 teaspoon salt
1 dash cayenne pepper
1 cup grated sharp cheddar cheese
1/2 cup grated cheese, to sprinkle on top
paprika

In a small sauce pan, melt butter and blend in flour. Let sit for a minute. Add all of cold milk, stirring with a whisk. Season with salt and cayenne. Cook sauce on low until smooth and boiling, stirring occasionally with a whisk. Reduce heat and stir in cheese. Place a half of the sliced potatoes in a lightly greased one quart casserole dish. Pour half of cheese sauce over potatoes. Repeat with second layer of potatoes and cheese sauce. Sprinkle the remaining cheese on top. Top with some paprika for color. Bake uncovered for about 1 hour at 350°F.

No-Bake Chocolate Oatmeal Cookies

original recipe makes 24 cookies

1/2 cup butter
1 1/2 cups white sugar
1/2 cup packed brown sugar
1/2 cup milk
4 tablespoons cocoa
1 pinch kosher salt
1/2 cup creamy peanut butter
2 teaspoons vanilla
3 cups dry quick-cooking oats

Add the first six ingredients into a 4-quart sauce pan. Bring to a rolling boil and hold for 1 minute. Remove from heat. Add peanut butter into the hot mixture and stir until melted. Add in vanilla. Mix in the dry oats until they are completely coated. Drop cookies by tablespoonfuls onto wax paper. Let cool until set.

Mini Tacos

original recipe makes 24 mini tacos

24 wonton wrappers
1 lb hamburger
1 (1 1/4 oz) package taco seasoning
1/2 cup salsa or 1/2 cup picante sauce
3 tablespoons salsa
1 cup shredded cheese
sour cream (optional)
olive (optional)
guacamole (optional)

Cook hamburger until browned. Drain the fat and stir in taco mix and 1/2 cup salsa/picante sauce. Simmer for 3-5 minutes. Press wonton wrappers into mini muffin cups. Spoon beef mixture in cups and top with the 3 tbsp of salsa and cheese, evenly divided. Bake in preheated 425°F oven for 8 minutes, or until the wontons are nicely browned. Serve with extra salsa, sour cream, olives and guacamole if desired.

Your Weekly *Love* Horoscope

 Aries March 21-April 19 <p style="font-size: 0.8em;">Your natural tendency to run the show can be blown out of proportion today. Your ability to visualize the best way to complete a project tempts you to exert control over your coworkers. But you may be so certain of your plan that you miss what your associates are bringing to the table. Relaxing the rigidity of your single-mindedness will be a relief to everyone, including you. There are many roads that lead to the same destination. A healthy exchange of ideas produces a successful collaboration.</p>	 Taurus April 20-May 20 <p style="font-size: 0.8em;">Your plans to embark on a great adventure have gone through plenty of ups and downs over the past couple of months. Following the twists and turns of your schemes has been an exhausting task for your friends. Finally, you can solidify your itinerary, but convincing others that your current decisions are final is another story. Fortunately, there's no need to try so hard to prove you mean business. Let your actions speak for you rather than your words and everyone will be suitably impressed.</p>	 Gemini May 21-June 20 <p style="font-size: 0.8em;">The Twins are known for their gift of gab and keeping a conversation light and easy. But sometimes you can annoy people with your witty repartee that tap dances around the real issues. However, messenger Mercury's alignment with transformational Pluto pulls you into the underworld and compels you to talk about subjects normally hidden in the shadows. Don't waste this powerful moment searching for the nearest exit. Going deep maximizes the potential for positive change.</p>	 Cancer June 21-July 22 <p style="font-size: 0.8em;">You're sensitive to the perspectives of others even if they don't support your current actions. You might try to avoid an intense conversation today, but people won't leave you alone until you finally agree to engage. However, the process of honest dialogue can raise uncomfortable feelings that alter your basic assumptions about relationships. It's not fun stepping into the uncertainty of emotional transformation, but you will emerge with a new direction and increased self-worth. No pain, no gain.</p>	 Leo July 23-August 22 <p style="font-size: 0.8em;">You may have initiated an intense reevaluation of your lifestyle during the holiday season, revisiting your concerns throughout this month. Now it's time to make a commitment, focus your intentions and put a concrete plan into motion. But don't attempt to change too much all at once. Start small and don't backtrack instead of turning your life inside out and then falling back into old habits. Making several minor improvements to your daily routine one at a time will produce lasting results. Slow and steady wins the race.</p>	 Virgo August 23-September 22 <p style="font-size: 0.8em;">You need to be understood can make you quite aggressive in your communication today. You might not ask whether or not someone is interested in what you have to say; you just go ahead and share what's on your mind anyhow. However, you won't find satisfaction in spewing your intense reactions where they're not invited. You can still make your point; just take the time to confirm that your audience wants to go along for the ride before you grab the wheel.</p>
 Libra September 23-October 22 <p style="font-size: 0.8em;">You're not willing to let go of a piece of your past, even if you would be better off without it. In fact, you can be quite obsessive today, as if you need one last dance with nostalgia before moving on. Thankfully, you've reached a transition point and are already anticipating what comes next. However, there's no reason to force the process. Give yourself permission to sink into your memories; you still have time to recover buried treasure before heading out to explore new lands.</p>	 Scorpio October 23-November 21 <p style="font-size: 0.8em;">You might not be able to fight the urge to say what's on your heart. Even if you recently avoided the intensity of taking someone to task, it's nearly impossible to keep your feelings quiet today. Honesty is the best policy, but you will only make your life more difficult by being too blunt. No matter what news you have to share, it can be done in a constructive and compassionate manner. Kindness is the key to your success.</p>	 Sagittarius November 22-December 21 <p style="font-size: 0.8em;">Your world will seem in perfect order today if your professional ambitions support your idealistic philosophy of life. But you may sense trouble brewing if your values are pulling one way while your career trajectory is otherwise aimed. Everything doesn't need to be in alignment just yet, but you must create a sensible plan that you can execute with finesse. Being true to yourself is essential, but the practicalities of everyday life cannot be ignored.</p>	 Capricorn December 22-January 19 <p style="font-size: 0.8em;">It's your intention to be evenhanded while dealing with difficult political dynamics at work today. However, your patience is growing thin and your true feelings might overwhelm your strategic thinking. Even your best-laid plans can fall apart as circumstances change in unexpected ways. Work with your current intensity, but don't let it get the best of you. Although flexibility is your friend, there's no reason to overreact by changing your goals. Modify your approach and your method without altering your destination.</p>	 Aquarius January 20-February 18 <p style="font-size: 0.8em;">You have a lot on your mind today, but might choose to keep most of your opinions to yourself. Although you put a lot of effort into maintaining a sunny disposition on the surface, some folks will still see through your pleasant veneer. Ultimately, it's less awkward to reveal your thoughts, especially since honesty is so important to you. Even if people have a hard time with your ideas at first, they will get over it eventually. Luckily, you already know you don't have to conform to the group to be well respected.</p>	 Pisces February 19-March 20 <p style="font-size: 0.8em;">You may find yourself in the middle of a squabble with friends today, and it's possible that your disagreement stems from divergent values. However, it's tricky to maintain a close relationship now if your likes and dislikes seem so vastly different. Chances are you've covered this ground before, but don't let its familiarity pull you into the same conclusions as the previous rounds. You're moving into new territory and you can take the current interaction in an entirely new direction. Instead of assuming resolution is required, seek common ground and understanding, instead.</p>
