## Miss Pearl's Country Cookin'

### Apple Chicken Quesadilla

*original recipe makes 12 triangles*

- 4 Flour tortillas (approx. 8-inches wide)
- 1 cup cooked, shredded or chopped, chicken meat
- 1/4 lb cheddar or Monterey jack cheese sliced or grated
- 1 apple, sliced
- 1/4 cup salsa

Heat a large skillet on medium high heat. Place one tortilla in the skillet. Flip it a couple of times with a spatula, then let it sit in the pan heating up until air pockets form and parts of the tortilla begin to puff up. Flip it again. Place cheese slices on half of the tortilla, at least 1/2-inch from the edge of the tortilla. Add chicken pieces on top of the cheese. Fold the tortilla over like an omelette, and press down on the folded tortilla with the spatula. Lower the heat to medium. At this point, if you have enough room in your skillet, you can add a second tortilla to the pan to begin to heat it up. When the cheese inside the quesadilla has melted, remove the quesadilla to a cutting board. Open it wide and layer on apple slices and salsa. Fold the tortilla back again, and cut it into 3 triangles, as if you were cutting a pie. Repeat with the remaining tortillas.

### Garlic Bread

- 1 16-ounce loaf of Italian bread or French bread
- 1/2 cup (1 stick) unsalted butter, softened
- 2 large cloves of garlic, smashed and minced
- 1 heaping tablespoon of freshly chopped parsley
- 1/4 cup freshly grated Parmesan cheese (optional)

#### Method 1 - Toasted

Preheat oven to 350°F. Cut the bread in half, horizontally. Mix the butter, garlic, and parsley together in a small bowl. Spread butter mixture over the the two bread halves. Place on a sturdy baking pan (one that can handle high temperatures, not a cookie sheet) and heat in the oven for 10 minutes. Remove pan from oven. Sprinkle Parmesan cheese over bread if you want. Return to oven on the highest rack. Broil on high heat for 2-3 minutes until the edges of the bread begin to toast and the cheese (if you are using cheese) bubbles. Watch very carefully while broiling. The bread can easily go from un-toasted to burnt. Remove from oven, let cool a minute. Remove from pan and make 1-inch thick slices. Serve immediately.

#### Method 2 - Soft

Preheat oven to 350°F. Make the butter, garlic, parsley mixture as above. Make 1-inch thick slices into the bread, but do not go all the way through, just to the bottom crust. Put a teaspoon or two of the butter mixture between each slice. Wrap the bread in aluminum foil and heat for 15 minutes in the oven.

### Bread Pudding

- 1 loaf French bread, at least a day old, cut into 1-inch squares (about 6-7 cups)
- 1 qt milk
- 3 eggs
- 2 cups sugar
- 2 Tbsp vanilla extract
- 1 cup raisins (soaked an hour or 2 in 1/4 cup bourbon)
- 1/4 teaspoon allspice
- 1/4 to 1/2 teaspoon cinnamon
- 3 Tbsp unsalted butter, melted
- Bourbon Sauce:**
- 1/2 cup (1 stick) butter, melted
- 1 cup sugar
- 1 egg
- 1 cup Kentucky bourbon whiskey

Preheat oven to 350°F. Place milk in a large mixing bowl and add the bread that has been cut into squares. Press the bread into the milk with your hands until all of the milk is absorbed. In a separate bowl, whisk the eggs, then whisk in the sugar, vanilla, allspice and cinnamon. Pour over the bread and milk mixture. Add the bourbon soaked raisins and gently stir to combine. Pour the melted butter into the bottom of a 9x13 inch baking pan. Coat the bottom and the sides of the pan well with the butter. Pour the bread milk and egg mixture into the baking pan. Bake at 350°F for 35-45 minutes, until the liquid has set. The pudding is done when the edges start getting a bit brown and pull away from the edge of the pan. Can also make in individual ramekins. While the bread pudding is cooking, make the bourbon sauce. Melt the butter in a medium saucepan on low heat. Add the sugar and egg and whisk to blend well. Slowly cook over low heat, stirring constantly, until the mixture thickens enough to coat the back of a spoon, then remove from heat. Do not allow the mixture to simmer! (Or the sauce will curdle. By the way, if your sauce curdles, just take it off the heat and blend it smooth in a blender.) Whisk in bourbon to taste. Whisk again before serving. The sauce should be soft, creamy, and smooth. Serve the bread pudding with bourbon whiskey sauce on the side; pour on to taste. Best fresh and eaten the day it is made.

# Your Weekly Love Horoscope

**Aries**  
March 21-April 19

It may feel as if you don't have the time to do those things that could bring you the most spiritual and emotional growth. But your concern is based on a faulty illusion because progress originates from very practical places in your life today -- like fulfilling your responsibilities at work. Don't worry about what you might be missing; everything is where it's supposed to be if you apply yourself to the mundane logistics. Thankfully, exploring the outer galaxies and the inner reaches of your imagination can be done in your sleep.

**Taurus**  
April 20-May 20

Your creativity is longing to run wild and free today. Thankfully, the roadblocks that were standing between you and your satisfaction are finally falling to the wayside. Ironically, circumstances are not shifting enough to give you a break from the dramas of ordinary life; it's more likely that you're cleverly surfing on a wave of cosmic power now. The world is your oyster; adventure is calling and it's up to you to answer.

**Gemini**  
May 21-June 20

Your inner confidence is on the rise today, especially with your family and friends acting as a source of genuine encouragement. Channel the support you receive to boost your resolve even higher. Everyone goes through periods of doubt, but now it's time to reclaim your inheritance and put your natural talents to good use. In the meantime, don't let the opinions of others consume you when you're following your dreams. Let your faith be bigger than your fear.

**Cancer**  
June 21-July 22

You're certain your conclusions are correct and you're all set to tell the world your viewpoint exactly as you see it. Although you're willing to shout your message from the mountaintop today, you're unsure if you are up for the climb. Something may still be holding you back from fulfilling your appointed destiny. There's no need to fight the obvious resistance now since it will only feel like shadowboxing. Instead of trying to convince anyone else of your integrity, find a solution within. Wait to share your story until the time is right.

**Leo**  
July 23-August 22

You can make a lot of progress now by taking stock of your resources and managing them to the best of your ability. The good news is you stand to gain both financially and emotionally if you don't push too hard to be on top. However, you can easily fall victim to unrestrained optimism today, especially related to how you handle your money. Don't get distracted by an immediate payoff or a shortcut to success. Plot a path for long-term security and things will fall into place piece by piece.

**Virgo**  
August 23-September 22

Your expectations are lofty, even if reality has been testing your resolve on every level lately. Don't quit when things are finally starting to take a turn for the better; make the most of your positive attitude while your mind can transform hardship into great opportunity. This auspicious energy could be most apparent in your love life where relationship difficulties may finally begin to find resolution. Make your intentions as clear as possible and hope for the best.

**Libra**  
September 23-October 22

Invisible helpers seem to be watching your back today. You may assume that it's just good luck, but you could actually have spirit guides or guardian angels who are looking out for your best interests. Although your analytical mind won't let you entertain the possibility of supernatural friends, your subconscious mind is now the source of guidance that will get you out of a difficult situation. No matter what you believe, trust your instincts and never apologize for honoring your intuition.

**Scorpio**  
October 23-November 21

You can feel your idealism slowly making its return today. Even if you've been through a crisis of confidence, there is good reason to be more optimistic in your outlook now. However, do your best to avoid manipulating others, even if you think you're being kind to someone else while also helping yourself. You might inadvertently create sticky webs when you are motivated by ulterior motives. Keep it clean and don't attempt to control the actions of anyone else. Have faith in the universe and maintain your integrity at all costs.

**Sagittarius**  
November 22-December 21

This could be the time of your life if you were simply in it for the payoff. However, you know it's not only about fame and fortune because your soul craves meaning and passion. Nevertheless, it is still prudent to reevaluate your current career path if you look at it from a lifetime perspective. Ask the important questions: Are you making the most of your skills and talents? Are you happy or is there something else you would rather be doing? Don't postpone your soul's journey; embrace the future and take a small step in your new direction.

**Capricorn**  
December 22-January 19

You might not be out of the woods yet, but jolly old Jupiter is flying around you like a hummingbird returning to the feeder. Sure, there still may be some tricky situations to handle, but they need not define your life. The most crucial thing to understand is the effort you exert now will have lasting impact. Reflect over the past few months prior to projecting forward. Don't sit and wait for something magical to happen; moving confidently toward your ideal future plays a large role in creating it.

**Aquarius**  
January 20-February 18

It might seem as if something precious is being taken from you now, but believe it or not, things will still likely work out for the best. You are being offered an important opportunity, although what the gift is may not become apparent until you've made enough room in your life for it to manifest. Your hard work in the present moment can pay off in the future. Don't waste energy worrying about what isn't working today. Sometimes you must first let go in order for something better to come along. When one door closes, another opens.

**Pisces**  
February 19-March 20

It's time to rush to the rescue where your friends are concerned. In addition, help is also on the way to you, even if you don't think you need it. The good news is that you can actually do amazingly well if others appear with just what you need. However, you must first get past your initial resistance to outside interference. There is cosmic magic working on your behalf now. Don't hold back; your current actions determine your future.
