1 lb ground beef  
1/3 cup chopped onion  
4 eggs  
1/2 cup mayonnaise  
1/2 cup skim milk  
2 tablespoons flour  
1/4 teaspoon dried oregano  
1/2 teaspoon salt  
1/4 teaspoon fresh black pepper  
6 ounces sharp cheddar cheese, shredded, divided

Preheat the oven to 350°F. In a skillet, brown ground beef and onion; drain and set aside. In a bowl, beat the eggs, then whisk in the mayo, milk, flour, oregano, salt and pepper. Stir in beef mixture and 1 cup cheese. Pour mixture into pie shell. Bake for 40-45 minutes until eggs are firm. Remove from oven and sprinkle with remaining cheese. Allow to stand for 5 minutes before cutting.

### BLT Pasta Salad

1 cup salad dressing  
1/4 cup lemon juice concentrate  
2 teaspoons sugar

8 slices bacon, cooked and crumbled  
1 large tomatoes, seeded and chopped  
1/4 cup green onion, sliced  
4 cups lettuce, thinly sliced

### Herb Roasted Vegetables

3 tablespoons olive oil  
1 1/2 teaspoons oregano leaves or  
1 1/2 teaspoons dried thyme  
1/2 teaspoon rosemary, crushed  
1 1/2 teaspoons garlic, minced  
1/2 teaspoon salt (or to taste)  
1/2 teaspoon black pepper (or to taste)  
1 red onion, cut in wedges (or 1 cup pearl onions)  
6 small red potatoes, quartered  
1 red bell pepper, seeded and cut into bite-size chunks  
6 ounces button mushrooms, cut in half

1/2-1 cup mozzarella cheese, grated or 1/2-1 cup swiss cheese

Preheat oven to 450 degrees Fahrenheit. Line a 9x13-inch baking dish with foil. In a large bowl combine olive oil, oregano (or thyme), rosemary, garlic, and salt and pepper; mix until well blended. Add the prepared onion, potatoes, bell pepper, mushrooms, and zucchini to the seasoned oil mixture. Toss with a slotted spoon until all vegetables are well coated. Place seasoned vegetables in the foil-lined baking dish. Roast in the preheated oven for 30 minutes. Remove baking dish from oven and sprinkle mozzarella cheese on top of the roasted vegetables. Return baking dish to oven and roast for 5 more minutes (or until the cheese just begins to melt).

## Your Weekly Love Horoscope

### Aries

March 21-April 19

You're ready to savor some simple comforts that remain timeless in an otherwise busy age. Indulgent foods and luxurious experiences evoke a sense of relaxation when the tactile Taurus Moon settles into your 2nd House of Material Goods. However, a little voice in your head keeps reminding you that spiritual pursuits can be as gratifying as pleasurable ones. There's no reason to think you can't chase both now as long as you keep moderation in mind. Olen Steinhilber wrote, "Without balance a life is no longer worth the effort."

### Taurus

April 20-May 20

You may think everything is right as rain, but disagreements with your friends and coworkers pop up seemingly out of the blue today. While daily differences in opinion are nothing new, you might be extra sensitive when the reflective Moon is in your sign. However, this receptivity also allows you to find beauty in even the most unlikely places. Choose to focus only on what you want to create now and let the positivity overflow to those around you. You hold the reins in your hands, so steering toward a peaceful destination is in your control.

### Gemini

May 21-June 20

You're facing the choice to participate in an impassioned dialogue or to sit this one out, and your decision is made more difficult now because of your strong feelings. While you care so deeply for a social cause that you feel it in your bones, it's difficult to express the details precisely enough now for your peers to understand. If the endless chatter drains you today, it's perfectly acceptable to bow out early and retreat to your happy place. You may learn more by listening to your body's call for rest than leaning into every chance for mental engagement. Talk less, meditate more.

### Cancer

June 21-July 22

You can hardly wait to get together with friends or family to seek the solace only they provide. Planning for your future seems like too much trouble today, especially when you could gather with your loved ones and reminisce about the good old days instead. Although you can't make your duties magically disappear today, focusing on your blessings brings a sense of ease to your workday until it's time to kick off your shoes and relax with your favorite people. A grateful mind is a powerful mind.

### Leo

July 23-August 22

Although you're confident you could win almost any argument, you stop just before the words leave your mouth today. Somehow you can tell that it's not worth your time to spar with anyone now. Stick to the facts without offering any personal commentary, especially with the sensible Taurus Moon's presence in your 10th House of Public Responsibility. Being someone people look to as a positive example is more rewarding than winning verbal skirmishes. A true leader doesn't have to shout.

### Virgo

August 23-September 22

Try as you might to sort out the mysteries of your heart, it could be difficult to discern anything past the fact that something just feels off. The situation becomes more maddening the more you dwell on it, even if you know it won't do you any good. Instead of spinning in circles of doubt, administer a healthy dose of the natural world by taking a long walk outside. Staying physically present is the key to staying mentally serene.

### Libra

September 23-October 22

A companion's impatience may rub off on you even if your intention is to maintain the peace. In fact, you wish you could open up about your feelings today, but it seems as if the moment isn't right. Fortunately, quiet time spent together might be more healing than talking issues over as the sensual Taurus Moon transits your 8th House of Intimacy. When words seem to complicate things, a friendly silence is often the best alternative. Sharing a memorable experience can deepen a connection without any awkwardness on anyone's part.

### Scorpio

October 23-November 21

You covet spending time with a person you love because it seems like the exchange of affection will joyfully overpower all other concerns. You prefer to pursue creature comforts rather than attack your to-do list when capricious Mercury and insistent Mars make a stressful exchange. The longer you procrastinate today, the more you want to shirk your responsibilities. However, letting your mood affect your productivity may land you in a gridlock. Do your work as soon as possible so you can unwind at your leisure later on. Responsibility is your friend.

### Sagittarius

November 22-December 21

You're usually the first one to vote for a day off, but you're able to find a surprising amount of enjoyment in the daily grind today. Finding your groove and seeing measurable progress can be a source of joy, especially if minor contentions at home are aggravating you. Sticking to your agenda gives complex situations a chance to breathe and provides a healthy change of pace. Using work as a distraction is a good idea now as long as you don't avoid the truth.

### Capricorn

December 22-January 19

Your message is not getting heard by your peers today even when you try to appeal to their best interests. It's as if communication lines are crossed and you long for clear answers, but it's hard to give or receive them. In the end, you want to bypass all the commotion and reestablish your center of gravity. The bucolic Taurus Moon grazes in your 5th House of Play, reminding you that you're not required to work all the time. Take a break from solving the world's problems and let yourself feel like a kid again.

### Aquarius

January 20-February 18

The more errands that demand your time and attention today, the longer you would like to stay in bed. Nothing sounds better now than walking through your door and melting into your couch like a contented cat in a warm beam of sunlight. Normal tasks seem more irritating, but that's probably because your vision of domestic bliss lies in stark contrast. Finding joy in the ordinary is the secret to your happiness.

### Pisces

February 19-March 20

It's challenging to not get caught up in your head today. You may wonder what people mean by their words and if they carry any hidden implications about how much you matter to them. However, the stable Taurus Moon illuminates your 3rd House of Information, imploring you to look at the basic facts instead of letting your imagination run wild. Shift your attention to what is real and beautiful today and let all negative assumptions go. Henry David Thoreau wrote, "It's not what you look at, but what you see."
