Entry fee is just \$20.00 per person and the winning team will receive their entry fee back plus additional money. The contest will be held in the parking lot between McKenzie Regional Hospital and McKenzie Medical Center 161 Hospital Drive in McKenzie. For more information contact Michelle Tucker at 731.352.4179 or Heather Robertson at 731.415.6907. Concessions will be available to purchase. Rain date is Sunday at 2:00.

Kroger Relay Team Cookout The Kroger Relay for Life Team will host a Cookout and Bake Sale this Saturday April 28th beginning at 11am. Young Eagles Flight Rally Young people ages 8-17 will have a chance for a free airplane flight on Saturday, May 5, as Experimental Aircraft Association (EAA) Paris Chapter 714 host a Young Eagles Flight Rally at the Paris Henry County Airport. Parent or guardian must be present. (Rain date, Saturday, May

12th). The really is part of the EAA Young Eagles Program, created to interest young people in aviation. Since the program was launched in 1992, Volunteer EAA pilots have flown more than 18 million young people who reside in more than 90 countries. Free airplane ride are just part of the Flight Rally. The EAA hopes to build one-to-one relationships between pilots and young people, giving a new generation a chance to learn more about the possibilities that exist in the world of aviation. Pilots at the event will also explain more about their airplanes allowing young people to discover how airplanes work and how pilots ensure safety is the prime concern before every flight. Following the flight, each young person, will receive a certificate making him or her an official Young Eagle. Their name will then be entered into the "World's Largest Logbook," which is on permanent display at the EAA Air Adventure Museum in Oshkosh, WI. They will also receive a Pilot's Flight Log Book and for those 13 or older, a free coupon for a complete On-Line Training Course. Each pilot volunteers their time and aircraft so the flights can be provided free of charge for interested young people. Those attending the flight rally are asked come to the Paris County Airport starting at 9 am, with their parent or legal guardian, to register for their flight. In case of rain or inclement weather, the Rally will be rescheduled for Saturday, May 12th. Additional information about EAA and the EAA Young Eagle program is available on the internet. Access to EAA's home page is available at www.eaa.org. The Young Eagles web page is www.youngeagles.org.

HENRY COUNTY MAYOR

Follow Garry on Facebook: Garry4Mayor Henry County Tennessee
www.garry4mayor.com

My name is Garry Phillips, and I am running for Henry County Mayor as a Republican.

I am a native Henry Countian, as were both sides of my family since before the Civil War. Three of my four great-grandfathers were Confederate soldiers from the Old 23rd District. I was born in Buchanan, raised in India Community, and went to Grove High School before joining the Navy at 17 years old. My four brothers and I served a combined 68 years in the military from WWII through Korea and Vietnam.

After 20 years in the U.S. Navy, I finished my undergraduate degree in political science and English at UTM, followed by a Master of Public Administration degree. After graduate school, I worked another 20-year career with the federal government, including three years in Iraq with the Department of State. I've taught at the high school and college levels, and between my years with NCIS in the Navy and later with the U.S. Marshals, I have eight years of experience in law enforcement.

My wife and I own a small farm near Como where I am the Sunday School Director and a teacher in a local church. We strongly believe in the role of limited government at all levels - local, state, and federal. Like our current mayor, we love Henry County and want to see it blossom and thrive.

While we pursue a better future for our families, let us do so with purpose and enthusiasm, charting for Henry County A New Direction.

Paid for by the Garry Phillips for Mayor campaign. Catherine Herrera, Treasurer

Your Weekly Love Horoscope

 Aries March 21-April 19 You can't decide whether to push ahead against bad odds or if you should pay attention to the signs, pack your bags and go home. Obviously, quitting is not in your best interest, yet acknowledging the current resistance in a calm manner can make a significant difference. Expect the seeds that you're now planting to bloom into a colorful spray of infinite beauty. Just don't assume that the flowers are all yours. George Carlin said, "Trying to be happy by accumulating possessions is like trying to satisfy hunger by tapping sandwiches all over your body."	 Taurus April 20-May 20 Once you know where you want to go, you sit down and make a plan to reach your desired destination. Not much can stop you once you are in motion. However, you may inadvertently set up your own failure by dreaming about an objective you cannot reach. Establishing smart priorities is useful as long as your expectations are realistic. Manifesting your visions requires hard work, but its only possible when both feet are on the ground. Author Jim Rohn wrote, "Discipline is the bridge between goals and accomplishment."	 Gemini May 21-June 20 You know that you lack consistency in your approach to work and you wonder if changing your modus operandi would make sense. You naturally do well when you can apply the gas for a while and then take your foot off the accelerator and coast for a bit. You are well adapted to this on-again, off-again style. Unfortunately, this uneven rhythm is not moving you closer to your overall goal. Take the scenic route and focus on milestones you can easily accomplish along the way.	 Cancer June 21-July 21 You're capable of flying under the radar today by downplaying your talents and minimizing your skills. As if you slipped into Harry Potter's invisibility cloak and disappeared. The fact that others don't see you now, even when they are staring directly at you, enables you to move around unencumbered. On some days, this lack of attention would be hard to swallow but its currently a welcome relief. Inspection is a useful tool for growth, but only if its followed by the swift execution of your plan. Actress Lori Myers said, "Its not enough to fill your head with wondrous ideas - you must initiate action."	 Leo July 22-August 22 You are finished with the long-winded debates and endless negotiations. You're anxious to redirect your enthusiasm into a new adventure now that the willful Sun joins mental Mercury in your 9th House of Big Ideas. In fact, your restlessness may leave you unwilling to follow anyone elses lead today. Unapologetic acts of rebellion are most welcome when they free you to trust your instincts and ride an exciting wave of creative potential. Never let anyone dull your sparkle.	 Virgo August 23-September 22 Making progress is difficult when your goals continue to change. Unfortunately, your objectives at work are ambiguous now, and your boss may encourage your flexibility so you can keep up with your obligations. Paradoxically, being on high alert and ready to respond in a moments notice demands a significant amount of attention because you never know in which direction you'll need to run. Dr. Debash Mndra wrote, "Intelligence does not always define wisdom, but adaptability to change does."
 Libra September 23-October 22 For someone who is such a relationship pro, you cant make sense out of the entangled energy today. Theres a part of you that believes everything will sort itself out in a day or less, but you dont have time to just wait and see how it all unfolds. You are hopeful that your involvement in a little melodrama can take the edge off the collective tension, allowing everyone else to play a larger role in finding resolution. Diplomacy is your game when peace is your aim. Sun Tzu wrote, "The supreme art of war is to subdue the enemy without fighting."	 Scorpio October 23-November 21 You might feel as if you ran into a solid brick wall today, yet you cant perceive anything of substance. Upon closer examination, you realize that its your own limitations creating the blockages. The only way you can get around them is by fully understanding which events in your past cause you to recreate the same obstacle again and again. Revisiting an old trauma may be the necessary catalyst that cuts through a difficult situation and sets you on the road to resolution. Martin Luther King Jr. said, "Only in the darkness can you see the stars."	 Sagittarius November 22-December 21 Luck tends to be on your side, but it does appear as if the deck is stacked against you today - and you are not happy about the odds. Every time you undertake a project, someone undermines your work. Each positive step you take seems to stir up negative consequences now. Although you already have a game plan in place, it makes sense to lay low until the energy shifts back in your favor. Comedian Craig Bruce wrote, "You usually have to wait for that which is worth waiting for."	 Capricorn December 22-January 19 Although people smile and say everything is just fine, you can see right through their defensive smilescreens now. However, you have ring skin, and dont believe that anyone can see into your heart unless you specifically let them. But you interact with others in anticipation of creating a bit of magic today. You hope to find treasure buried beneath a random act, but you wont likely get what youre looking for as long as you seek it somewhere else. Filmmaker David Lynch wrote, "True happiness is not out there. True happiness lies within."	 Aquarius January 20-February 18 Your nervous system is on the mend, but your brain is still buzzing from all of yesterdays excitement. Fortunately, theres plenty you can do today to help put your life back in order. But sometimes action is more about self-care than doing anything for others. Although finding time to rest may be tricky because your schedule is already so busy, taking care of your body is a top priority now. Hippocrates wrote, "Healing is a matter of time, but it is sometimes also a matter of opportunity."	 Pisces February 19-March 20 Although inescapable commitments are stacking up on your to-do list, you are pleased that your life is so busy today. After floating around in the cosmos for a while, its crucial to feel the solid earth under your feet again. As much as you enjoy exploring the backroads of your imagination, its time to roll up your sleeves and get real. John C. Maxwell wrote, "Youll never change your life until you change something you do daily. The secret of your success is found in your daily routine."
