## Autographed Memorabilia

### Auctioned Off by Downtown Paris

**Association** Whether you like movie memorabilia, country music memorabilia, or you're a big Tom Hiddleston fan, the Downtown Paris Association is auctioning off a piece of entertainment history that is an impressive collector's item.

Cherry Jones, Paris native and winner of two Tony Awards and one Emmy, played Hank Williams' mother in the biopic, *I Saw the Light*, which is currently in theaters. Jones was on set in the Shreveport Municipal Memorial Auditorium, the former home of the Louisiana Hayride radio show.

“That auditorium had to double as the Grand Ole Opry in the film,” said Jones, “so they created these exact replicas of the Opry chair covers from the period when Hank played the Opry.” She ad-

mired the cream and red covers because “they were beautifully made and transformed the venue.”

The prop mistress asked if the Tennessee actress would like to have a couple of the covers. “Realizing that they were a real treasure, I asked Tom Hiddleston to sign them both. That makes this one of only two autographed, Opry chair covers from that movie in existence,” said Jones. “The other was auctioned at the Tennessee Performing Arts Center fundraiser last year.”

“The autographed cover is approximately 17.5W x 12.25”H x 1.75”D and is in mint condition. It is being auctioned on EBay under Entertainment Memorabilia - Tom Hiddleston, and the bidding closes at midnight on April 10th,” said DPA Executive Director Kathy Ray. “With Cherry being from Henry County and Hank Williams, Jr. living here, this item is tied to our county in a number of ways. We expect lots of bids,” said Ray.

“We have benefitted from Cherry's generosity before, and we hope that this is the start of a new mode of fundraising for the DPA,” said Ray. In 2009 Jones, who played President Allison Taylor on the TV drama “24” raised \$25,000 for five local charities. The DPA was one of the recipients.

Jones, whose family owned Jack Jones Flowers on the court square in this small West Tennessee town is a big fan of the Downtown Paris Association. “They do such a marvelous job keeping events going in our bustling downtown throughout the year. When I'm home I always try to take part in whatever they are doing, because it's guaranteed fun.”

- 1 large egg, lightly beaten
- 1 1/4 cups Pillsbury BEST® All Purpose Flour
- 1/2 teaspoon salt
- 1/4 teaspoon baking soda
- 1/2 cup chopped walnuts
- Powdered sugar

Heat oven to 350 degrees F. Coat 9 x 9-inch pan lightly with no-stick cooking spray. Heat shortening and molasses to boiling in large saucepan, stirring constantly. Remove from heat. Stir in brown sugar. Add egg. Beat until fluffy. Combine flour, salt and baking soda in small bowl. Stir into molasses mixture. Blend in nuts. Spread in prepared baking pan. Bake 22 to 25 minutes. ### Dorritos Chicken Cheese Casserole

Original recipe makes 6 servings

- cooking spray
- 1 (14.5 oz) package nacho cheese-flavored tortilla chips (such as Doritos®), crushed
- 3 cups chopped cooked chicken
- 1 (15.25 oz) can corn, drained
- 2 cups shredded Mexican cheese blend, divided
- 1 1/2 cups salsa
- 1 (10.75 oz) can condensed cream of mushroom soup
- 1 (10.75 oz) can condensed cream of chicken soup
- 8 ounces sour cream

Preheat oven to 350 degrees F. Lightly spray a 9x13-inch baking dish with cooking spray. Spread crushed chips out into the bottom of the prepared baking dish. Stir chicken, 1 cup Mexican cheese blend, salsa, cream of mushroom soup, cream of chicken soup, and sour cream together in a bowl. Pour chicken mixture over crushed chips into the baking dish. Bake in the preheated oven for 20 minutes. Spread remaining 1 cup cheese over the casserole and bake until cheese is melted and bubbling, about 5 minutes more.

### Baked Scalloped Potatoes

original recipe makes 8 servings

- 6 large peeled, cubed potatoes
- 1 (10.75 oz) can condensed cream of mushroom soup
- 1 1/4 cups milk
- 1 onion, diced
- 1/2 teaspoon ground black pepper

Preheat oven to 375 degrees F. Grease a 2 quart casserole dish. Layer potatoes and onions into the casserole dish. Combine soup, milk and pepper in a bowl, then pour soup mixture over the potatoes and onions. The soup mixture should almost cover the potatoes and onion, if it does not add extra milk. Cover dish and bake in preheated 375 degrees F oven for 60 minutes or until the potatoes are cooked through. At 30 minutes, remove the casserole from the oven and stir once before returning the dish to the oven. Remove from oven and serve.

You are all too familiar with overextending your energy and you could fall into this same alluring trap today unless you proceed with caution. Thankfully, avoiding trouble is not difficult now if you scale back your plans and promises before you are in over your head. Unfortunately, it's much trickier to find your way back to a manageable position if you wait until you run out of time or energy. Incorporating realistic thinking right from the start keeps you ahead of the curve throughout the day.

**Taurus**  
April 20-May 20

You can talk a big game today, but executing your plan isn't as straightforward as you wish. It's tempting to skip over important details, but they will probably come back to haunt you before you fulfill your commitments. Recognizing that everything seems better than it actually is now could be enough to prevent problems from developing later in the day. Taking time to analyze the situation before jumping in allows you to put an amazing opportunity into a healthier perspective. A self-administered reality check is your friend.

**Gemini**  
May 21-June 20

It's not wise to shoot the messenger, especially if she is bearing good news. But the planets may stir up trouble if you automatically believe everything you hear. Unfortunately, your current lack of discernment encourages others to stretch the truth even more. Thankfully, you can save yourself from a headache by verifying the facts as you hear them. But don't be so negative that you shut off the flow of incoming information. Balancing your skepticism with an open mind leaves an opportunity for your friends to surprise you with a bit of unexpected fun.

**Cancer**  
June 21-July 22

Although you may have your share of problems today, they appear to be quite manageable upon closer analysis. Your current willingness to take a risk increases your options, but having more alternatives doesn't necessarily mean that any of them will be the correct one. Standing up to defend your point of view right away enables you to avoid serious conflict before it grows out of hand. People will admire you even more if you honor your integrity right from the start.

**Leo**  
July 23-August 22

Be certain that you're motivated by good intentions when involving people in your personal drama today, rather than just seeking extra attention. Your current crisis needs to be handled and, thankfully, someone may ask the right questions that can help you focus your thoughts. Your intuition will steer you in the right direction now, but you still must bring your brilliant ideas down to earth. Ironically, a practical plan helps you capture the magic of this inspiring moment.

**Virgo**  
August 23-September 22

Your current business acumen is admirable, but your analytical superpowers could have a detrimental influence if you think you can justify anything you want to do. Your brain is smoking hot today, yet your brilliant thoughts may lure you down a slippery slope of inflated importance. Rather than wasting time trying to rationalize your choices, pay attention to the feedback you receive and adjust your course of action as necessary. Acting on the sage advice of others paves the road to your success.

**Libra**  
September 23-October 22

You prefer to keep the peace but you might feel called to speak up anyhow and give someone a piece of your mind today. Just be careful of where you step because you're about to get swept up in a whirlwind of fast-moving energy that sucks you into a jet stream and quickly carries you far away from home. Happily, you can talk your way into or out of almost anything now. Relying on your diplomatic charm works in your favor when you need it most.

**Scorpio**  
October 23-November 21

Spending a lot of money just to impress someone you admire won't be as appreciated as you wish. The fact of the matter is you can't accurately express your emotions by buying anything material. Instead of placing yourself in a precarious position by ignoring your budget and purchasing a token of your affection, just state your feelings as directly as possible. Your message is more powerful today if you simply speak from your heart. A gift of your love is a priceless treasure.

**Sagittarius**  
November 22-December 21

You're like a worker bee high on pollen in a field of spring wildflowers. Every individual thought that crosses your mind seems to be the best one ever and leads to yet another one. The supply of ideas appears endless as the radiant Sun aligns with bountiful Jupiter to increase your confidence. However, others might not agree with your optimistic assessment; they think that your Pollyanna approach is foolish. Waiting a day or two prior to making any final decisions helps you pick the best flower and cultivate it into a successful plan of action.

**Capricorn**  
December 22-January 19

An overdose of blind trust turns your practical goats into gullible sheep today. However, once led astray an unexpected event might require you to put your perspective back in balance. You can maintain a spiritual point of view based on the belief that everything is exactly as it should be at this time. But don't use this line of logic to justify your willingness to be a follower. Reclaim your power by setting a goal and working toward it, even if you don't see any appreciable progress right away. Live for the journey, not the destination.

**Aquarius**  
January 20-February 18

You could easily lose focus on your responsibilities today because it's more fun to imagine your future than to deal with reality. Unfortunately, acting like a hopeless romantic shifts your thoughts away from the tasks at hand. Imagining the possibilities of what may come to pass is often a useful endeavor; however, it can also get in the way of the work that's right in front of you. The real challenge now isn't about achieving your long-term goals; it's to remain present in the present moment.

**Pisces**  
February 19-March 20

You may feel as if you have another chance to grab the prize, yet your time is running out. However, the sense of urgency you are experiencing today is likely based on a faulty assumption. Although your current actions seem to yield greater influence now, pushing too hard stirs up more resistance than it's worth. Paradoxically, temporarily flying in a holding pattern might actually enable you to reach your destination sooner than if you continue to pursue your goals with all your heart.
