Miss Pearl's Country Cookin'

Stuffed Chicken Rolls

6 boneless skinless chicken breast halves (8 oz each)
6 slices fully cooked ham
6 slices Swiss cheese
1/4 cup all-purpose flour
1/4 cup grated Parmesan cheese
1/2 teaspoon rubbed sage
1/4 teaspoon paprika
1/4 teaspoon pepper
1/4 cup canola oil
1 can (10-3/4 ounces) condensed cream of chicken soup, undiluted
1/2 cup chicken broth
Chopped fresh parsley, optional

Flatten chicken to 1/4-in. thickness; top with ham and cheese. Roll up and tuck in ends; secure with toothpicks. In a shallow bowl, combine the flour, cheese, sage, paprika and pepper; coat chicken on all sides. In a large skillet, brown chicken in oil over medium-high heat. Transfer to a 5-qt. slow cooker. Combine soup and broth; pour over chicken. Cover and cook on low for 4-5 hours or until chicken is tender. Remove toothpicks. Garnish with parsley if desired. Freeze option: Cool chicken mixture. Freeze in freezer containers. To use, partially thaw in refrigerator overnight. Heat through slowly in a covered skillet, stirring occasionally, until a thermometer inserted in chicken reads 165°. Yield: 6 servings.

Three Cheese Potatoes

3 large potatoes, peeled and thinly sliced
1 medium onion, chopped
3 tablespoons grated Parmesan cheese
1 tablespoon minced chives
1/2 teaspoon seasoned salt
1/4 teaspoon pepper
2 tablespoons butter
1/2 cup crumbled cooked bacon
1/2 cup shredded mozzarella cheese
1/2 cup shredded cheddar cheese

In a large bowl, combine the first six ingredients. Transfer to a double thickness of greased heavy-duty foil (about 18 in. square). Dot with butter. Fold foil around potato mixture and seal tightly. Grill, covered, over medium heat for 30-35 minutes or until potatoes are tender, turning once. Carefully open foil. Sprinkle bacon and mozzarella and cheddar cheeses over potato mixture. Grill 3-5 minutes longer or until cheese is melted. Yield: 4-6 servings.

Your Weekly Love Horoscope

♈ Aries March 21-April 19	♉ Taurus April 20-May 20	♊ Gemini May 21-June 20	♋ Cancer June 21-July 22	♌ Leo July 23-August 22	♍ Virgo August 23-September 22
Just because you're feeling a bit wild and crazy today doesn't mean you should act on every whim. On the other hand, your current ideas reveal hidden stresses that must be expressed one way or another for them to be relieved. Experiencing an aha! moment may be part of an awakening, but its challenging to smoothly integrate your new perceptions into the present circumstances. Its crucial to moderate extreme reactions because total inaction is as problematic as expressing every impulse. Roman playwright Plautus wrote, In everything, the middle road is best.	You have actively explored a variety of fantasies about escaping from your responsibilities. However, living solely inside your head is not a successful outcome for you sensible Bulls. You're not satisfied with endlessly spinning your wheels; you need to move out of the comfort realm and into the real world. Nothing annoys you more than a pile of good intentions and little to show for it. Tim Ferris wrote, Focus on being productive instead of busy.	Your life kicks into high gear today as everything seems to accelerate out of control. Although reason is limiting your options, you are ready to throw caution to the wind and take a risk that will either amaze your friends or alienate them. Spontaneity makes you feel alive, but if you act too quickly you may end up creating more problems than solutions. Instead of reinventing the wheel, focus on what you value the most. Bruce Lee said, Concentration is the root of all the higher abilities in man.	You are strongly tempted to rebel against existing authority and to avoid your obligations at work. Your patience may be at an all-time low as you catch glimpses of a more exciting future just out of reach. Thankfully, setting new goals is easy because nothing needs to occur in the outer world now. Nevertheless, significant changes require more time than you think and more work than you ever imagined. Author Germaine de Stal wrote, The greatest happiness is to transform ones feelings into action.	You are finished with the long-winded debates and endless negotiations. You're anxious to redirect your enthusiasm into a new adventure now that the willful Sun joins mercurial Mercury in your 9th House of Big Ideas. In fact, your restlessness may leave you unwilling to follow anyone elses lead today. Unapologetic acts of rebellion are most welcome when they free you to trust your instincts and ride an exciting wave of creative potential. Never let anyone dull your sparkle.	It feels as if you're standing at the edge of a cliff and you might think you must act now or never. Contrary to your common sense, you're ready to jump if only to see if your wings will magically appear. You can experience the thrill of exhilaration when you set aside everything you logically know just to follow what's in your heart. Anything is possible when you believe in yourself. Australian TV personality Richard Wilkins said, Miracles start to happen when you give as much energy to your dreams as you do to your fears.
♎ Libra September 23-October 22	♏ Scorpio October 23-November 21	♐ Sagittarius November 22-December 21	♑ Capricorn December 22-January 19	♒ Aquarius January 20-February 18	♊ Pisces February 19-March 20
An unexpected twist of fate motivates you to awaken others and, ironically, then be awakened by them yourself. A wild Sun-Uranus conjunction in your 7th House of Others attracts eccentric individuals or ignites a firestorm of unexpected feedback. You could shock someone with your unexpected behavior or provoke a much-needed relationship change. Luckily, you may be happily surprised by the personal and professional connections that manifest out of the blue. The Dalai Lama said, An open heart is an open mind.	You may be so obstinate now that others don't want to work with you. Thankfully, you might suddenly realize how to participate in a group without losing your identity. Instead of being overly critical and unforgiving, take a kinder and gentler approach to improving your relationships. You are determined to solve problems as they arise today, but your solutions won't last unless you slow down and involve your coworkers in your process to stabilize your gains. Those who endure conquer.	Your resistance to rules and authority is the impetus for breaking out of a boring job while giving a short fuse launchers you into motion today. Although you're willing to experiment with your attitude and appearance, you might go to extreme measures as the unconventional Sun-Uranus conjunction electrifies your 5th House of Self-Expression. Its really impossible to remain calm and detached because it feels as if you need to act immediately. You may be less than cooperative at first, but you could save the day if you choose a strategy based on collaboration and not competition.	You're eager to jump into a new project today, as if you are suddenly rescued from any unfinished past work. Nevertheless, its still smarter to consider all the possible scenarios before you embark on your next journey. However, domestic issues can interfere with your plans now, as the unstable Sun-Uranus conjunction rattles your 4th House of Home and Family. Take the initiative to begin a discussion about the current stress between your personal and business lives. Psychologist Kenneth Kaye wrote, If we manage conflict constructively, we harness its energy for creativity and development.	Excitement lurks around every corner, delighting your senses and confusing your world with chaos. You find extraordinary things everywhere you look now that the Sun aligns with extraterrestrial Uranus in your 3rd House of Immediate Environment. Thankfully, this volatile conjunction is more easily applied to pushing yourself forward than putting others away. Ultimately, an unplanned break in your regular routine turns out to be the most memorable experience of the day. Expect the unexpected.	Your personal life is a study in contradictions, enticing you to explore unusual experiences. However, the Suns conjunction with unorthodox Uranus in your 2nd House of Core Beliefs reveals your capacity to shock others at a very fundamental level. Your generally compliant nature becomes more innovative and even more as you're less inclined now to stick to the script as if a writer. Honor brilliant ideas but remember that even the best of them can go up in smoke if you forget to add a healthy dose of reality to the mix.
