Harrelson Apex Fun Run Apex Fun Run representatives are on the campus of Harrelson Elementary this week as they begin the two week fundraiser promoting fitness and leadership. The culmination will be a fundraiser on May Day Friday May 19th at Harrelson Elementary from 8am to 11:45am. Well trained teams of Apex Fun Run athletes spend time on campus for the full length of the program to teach students valuable leadership lessons, raise pledges, and serve the teachers. Students will accept pledges as a fundraiser for the school and during May Day on the 19th students get to run laps around the Apex Raceway set-up around the school. Middle School students will participate in a color run. "Apex Fun Run empowers schools to host fundraisers that raise more money than most over conventional fundraisers have in the past. All while developing student leaders and inspiring athleticism- it's a win-win," said Cathy Robinson, Clarksville Apex Fun Run Franchisee. In the last 6 years, Apex has served over 1M students at 1500 schools Nationwide, resulting in over \$25M raised for schools. The program is set up to promote fitness and leadership traits to students. Apex has transformed the traditional idea of product sale into a fun, fitness-centered event that students and teachers enjoy. For more information, visit www.apexfunrun.com, or contact Cathy Robinson, 931-320-9823 or email cathy@apexfunrun.com.

Miss Pearl's Country Cookin'

Walnut Coconut Butter

Original recipe makes 8 servings

1 cup walnuts
1/2 cup unsweetened coconut
1 teaspoon coconut sugar
1/2 teaspoon ground cinnamon

Preheat oven to 350 degrees F. Spread walnuts onto a baking sheet. Bake walnuts in the preheated oven until fragrant, about 7 minutes. Add coconut to the walnuts and bake until coconut is toasted, about 3 more minutes. Remove from oven and cool. Blend walnuts, coconut, sugar, and cinnamon together in a food processor until smooth.

Dorritos Chicken Cheese Casserole

Original recipe makes 6 servings

cooking spray
1 (14.5 oz) package nacho cheese-flavored tortilla chips (such as Doritos®), crushed
3 cups chopped cooked chicken
1 (15.25 oz) can corn, drained
2 cups shredded Mexican cheese blend, divided
1 1/2 cups salsa
1 (10.75 oz) can condensed cream of mushroom soup
1 (10.75 oz) can condensed cream of chicken soup
8 ounces sour cream

Preheat oven to 350 degrees F. Lightly spray a 9x13-inch baking dish with cooking spray. Spread crushed chips out into the bottom of the prepared baking dish. Stir chicken, 1 cup Mexican cheese blend, salsa, cream of mushroom soup, cream of chicken soup, and sour cream together in a bowl. Pour chicken mixture over crushed chips into the baking dish. Bake in the preheated oven for 20 minutes. Spread remaining 1 cup cheese over the casserole and bake until cheese is melted and bubbling, about 5 minutes more.

Mollasses Bars

original recipe makes 16 bars

Crisco® Original No-Stick Cooking Spray
1/2 cup Crisco® All-Vegetable Shortening®
1/3 cup molasses
3/4 cup firmly packed brown sugar
1 large egg, lightly beaten
1 1/4 cups Pillsbury BEST® All Purpose Flour
1/2 teaspoon salt
1/4 teaspoon baking soda
1/2 cup chopped walnuts
Powdered sugar

Heat oven to 350 degrees F. Coat 9 x 9-inch pan lightly with no-stick cooking spray. Heat shortening and molasses to boiling in large saucepan, stirring constantly. Remove from heat. Stir in brown sugar. Add egg. Beat until fluffy. Combine flour, salt and baking soda in small bowl. Stir into molasses mixture. Blend in nuts. Spread in prepared baking pan. Bake 22 to 25 minutes. Cool. Sprinkle with powdered sugar. Cut into 16 bars.

Baked Scalloped Potatoes

original recipe makes 8 servings

6 large peeled, cubed potatoes
1 (10.75 oz) can condensed cream of mushroom soup
1 1/4 cups milk
1 onion, diced
1/2 teaspoon ground black pepper

Preheat oven to 375 degrees F. Grease a 2 quart casserole dish. Layer potatoes and onions into the casserole dish. Combine soup, milk and pepper in a bowl, then pour soup mixture over the potatoes and onions. The soup mixture should almost cover the potatoes and onion, if it does not add extra milk. Cover dish and bake in preheated 375 degrees F oven for 60 minutes or until the potatoes are cooked through. At 30 minutes, remove the casserole from the oven and stir once before returning the dish to the oven. Remove from oven and serve.

Your Weekly Love Horoscope

Aries
March 21-April 19

Establishing a sustainable pace can be an elusive goal today when you're pushing too hard one minute and not hard enough the next. You might find your groove, only to lose it when someone encourages you to take on additional responsibilities. Unfortunately, you'll continue to dig your hole deeper without making progress as long as you let others define your limits. Indian mystic Kabir wrote, "If you listen to that Self within, then you find Truth."

Taurus
April 20-May 20

You're fully capable of expressing yourself in such a way today that people raply listen to your wisdom. However, you are not immune from falling into a trap where your sense of self-importance stands between you and the truth. Charles Darwin wrote, "It is not the strongest of the species that survives, nor the most intelligent that survives. It is the one that is the most adaptable to change." Keeping a lid on the bottle of your stubbornness enables you to explore beyond your limits.

Gemini
May 21-June 20

You like it when there's nothing holding you back, but oddly enough, you perform better when there are some restrictions placed on you. You may start out today with clear skies and high hopes, but your imagination can quickly carry your expectations too far. Fortunately, you're able to rein in your fantasies by refocusing your attention on mundane matters. Tempering your dreams with the facts puts satisfaction within reach.

Cancer
June 21-July 22

Your practical side saves you from going over the emotional edge today. It's natural to put extra energy into your social world when you're so confident in your mind. But one doesn't necessarily translate to the other. You still might find it awkward to share your hopes and dreams with those around you. Nevertheless, your communication skills are solid now and you connect with your peers more consistently than you realize. Confucius wrote, "Life is really simple, but we insist on making it complicated."

Leo
July 23-August 22

You might think that exaggeration works in your favor today, especially if you can make yourself look better to your boss. Unfortunately, flavoring real events to your advantage doesn't help in the long run because reality has this annoying tendency to creep back into your stories. Don't worry about how people may react; just show up and do your job the best you can. Plato wrote, "Good actions give strength to ourselves and inspire good action in others."

Virgo
August 23-September 22

You're a bastion of sensibility today, and your personal and professional opinions are right on target. Thankfully, you don't need to fight for airspace. Your voice has already earned a place in the hearts and minds of others, and they are happy to support you once you begin to share your ideas. Keep in mind that you're not in competition with your peers; you're in competition with yourself.

Libra
September 23-October 22

You have a secret roadmap to success in your possession now. But you're not interested in sharing it with anyone until all the kinks are eliminated. Obviously, leading a cloak-and-dagger lifestyle is exciting, but it also has its own level of complications. It's nearly impossible to find your feet when your head is in the clouds. Demonstrate your competence by setting realistic goals and then making your dreams come true. Opera singer Beverly Sills said, "There are no shortcuts to any place worth going."

Scorpio
October 23-November 21

People in your life tend to be so stuck on their ideas today that they seem to think you are missing the boat. On another day, you might take their apparent criticism to heart, but your current confidence will not be dampened by someone else's negativity. Just make sure you aren't overcompensating by bolstering your own ideas with faulty reasoning. Taking the time for one last reassessment of your plans dramatically increases your chances for success.

Sagittarius
November 22-December 21

You're all about getting ahead on the job today and don't want to be distracted by anything that pulls you off course. However, your key planet Jupiter continues to tease you with possibilities that look good on the surface. Nevertheless, don't believe everything you see now; appearances can be misleading. Fortunately, your single-mindedness will bring you the results you seek. Alexander Graham Bell wrote, "Concentrate all your thoughts upon the work at hand. The Sun's rays do not burn until brought into focus."

Capricorn
December 22-January 19

You're a champion when it comes to setting long-term goals, making a plan and following through on execution. Luckily, the cosmos is conjuring a bit of magic today to help you along on your path. Although you have the necessary pieces in place to accomplish the extraordinary, you could jeopardize your current trajectory if you take on more than is required. Avoid temptations to scatter your energy now. Simplicity is your key to brilliance.

Aquarius
January 20-February 18

You relish the idea of being free enough to say yes to anyone who presents you with an exciting new opportunity. Unfortunately, you can't just accept every offer you receive or you won't have the time or energy to follow through on any of them. It's crucial that you establish sensible priorities today and then eliminate all activities that don't contribute specifically to your intended progress. Energy flows where attention goes.

Pisces
February 19-March 20

You are in the process of waking up from a dream and now must integrate your visions into the real world. Sometimes, coming back down to Earth is an unpleasant jolt, but today it feels as easy and natural as slipping into your favorite shoes. In fact, you might experience a wave of relief when you realize you are walking on solid ground again. But don't waste time reveling in your newfound pragmatism. There's work to be done and the sooner you get started, the sooner you'll have the satisfaction of accomplishing your goal.
