Miss Pearl's Country Cookin'

Apple Sauce

original recipe makes 4 servings

6 cups apples - peeled, cored, chopped
3/4 cup water
1/8 teaspoon ground cinnamon
1/8 teaspoon ground cloves
1/2 cup white sugar

In a 2 quart saucepan over medium heat, combine apples, water, cinnamon, and cloves. Bring to a boil, reduce heat, and simmer 10 minutes. Stir in sugar, and simmer 5 more minutes.

Tatertot Bake

Original recipe makes 6 servings

1 pound ground beef
1 onion, chopped
salt and pepper to taste
1/2 (32 oz) package tater tots
1 (10.75 oz) can condensed cream of mushroom soup
1/2 cup milk
1 1/2 cups shredded Cheddar cheese

Preheat oven to 350 degrees F. In a large skillet over medium-high heat, brown the ground beef with the onions. Drain excess fat, and season with salt and pepper to taste. Spread the beef mixture evenly over the bottom of a 2 quart casserole dish. Arrange tater tots evenly over beef layer. In a small bowl, stir the soup into the milk until smooth; pour over tater tot and beef layers. Sprinkle Cheddar cheese evenly over the top. Bake in preheated oven for 30 to 40 minutes, until cheese is bubbly and slightly brown.

Mini Cheesecakes

original recipe makes 48 mini cakes

1 (12 oz) package vanilla wafers
2 (8 oz) packages cream cheese
3/4 cup white sugar
2 eggs
1 teaspoon vanilla extract
1 (21 oz) can cherry pie filling

Preheat oven to 350 degrees F. Line miniature muffin tins (tassie pans) with miniature paper liners. Crush the vanilla wafers, and place 1/2 teaspoon of the crushed vanilla wafers into each paper cup. In a mixing bowl, beat cream cheese, sugar, eggs and vanilla until light and fluffy. Fill each miniature muffin liner with this mixture, almost to the top. Bake for 15 minutes. Cool. Top with a teaspoonful of cherry pie filling. Pour cooled mixture into an ice cream maker, and freeze according to the manufacturer's instructions.

Cheesesteak Egg Rolls

original recipe makes 8 eggrolls

1 tablespoon vegetable oil
1 onion, chopped
1 (12.5 oz) package frozen sandwich steak meat
1 (14 oz) package egg roll wrappers
4 slices American cheese, halved
2 cups oil for frying, or as needed
1/4 cup ketchup

Heat skillet with the tablespoon oil over medi-um heat. Add onion; cook and stir until onion is translucent, about 5 minutes. Break frozen steak pieces into skillet; cook and stir until steak is no longer pink, about 10 minutes. Re-move from heat and set aside. Arrange egg roll wrappers on a flat surface; place a half slice of cheese on each one. Layer an equal amount of steak mixture on top of each cheese slice. Roll up egg rolls according to package directions, and seal edges, wetting with water if necessary. Heat 1 inch of oil in a large skillet, or preheat a deep-fryer to 375 degrees F. Fry the rolls in the hot oil until golden brown on all sides, about 5 minutes. Remove; drain on paper towels. Serve warm with ketchup for dipping.

Your Weekly Love Horoscope

Aries

March 21-April 19

Your warrior nature is aroused as you posture to go head to head with someone in power. It looks like you're willing to stand up for your friends, but you might have less altruistic intentions today. The key to your success lies in the hands of others who bring opportunities for growth and possibilities of pleasure. All relationships are grounded in a give and take of energy. Everyone will fare better if you're honest from the start. If you watch out for your allies, they're more likely to watch out for you.

Taurus

April 20-May 20

Your workmates can be very convincing today as they persuade you to join their parade. However, an overindulgent Venus-Jupiter opposition makes it difficult to get enthused unless there is immediate gratification attached to your involvement. If others know the way to your heart now, they might earn your support by offering you a monetary bonus or even taking you out for a fine meal. Although it may be a struggle on your part, separate your personal pleasures from your professional priorities. Deepak Chopra said, "No matter what the situation, remind yourself, 'I have a choice.'"

Gemini

May 21-June 20

You see fame and fortune everywhere you look today. Everything that catches your eye is a teaser for a possible life path that leads to the prosperity you desire. However, all that glitters is not gold. Your failure is imminent if you try to pursue all the opportunities in front of you. Although restraining your confidence might not seem like a sensible strategy, it all but ensures a happy and productive future. If you chase two rabbits, they both will escape. Narrowing your focus ensures your success.

Cancer

June 21-July 22

Someone may be creating trouble for you behind the scenes today. Nevertheless, you're eager to ferret out the truth and take your adversary to task. In fact, you could be fearless now because you believe you are on the side of fair and ethical behavior. Unfortunately, it's possible to fail on your mission because you overlooked an obvious red flag. Don't initiate any significant changes until you double-check all your assumptions and conclusions. If your facts are wrong, it's like building your house on shifting sand. If your foundation is strong, your actions will withstand the tests of time.

Leo

July 23-August 22

If a little of something feels good, then a lot of it should be amazing -- at least, that's how it seems when sweet Venus sits on one end of a see-saw and indulgent Jupiter is on the other. Although you are caught in the middle of this cosmic game, Jupiter will ultimately dominate the scene, meaning you should err on the side of less. Nevertheless, a lovely day awaits your participation as long as you can let go of any lingering resentment. The secret to having it all is knowing you already do.

Virgo

August 23-September 22

Your integrity is anchored in your core beliefs; you know what is most important to you and you're willing to make decisions that are in step with your values. However, getting a solid grip on the laws of the land is only a starting point. Part of why you learn to carefully define the edges of acceptable behavior is so you can choose when it's necessary to break a rule. Albert Einstein said, "Once we accept our limits, we go beyond them."

Libra

September 23-October 22

Saying no may be the hardest thing you can do today, yet it's necessary to establish firm boundaries. The problem is that several planets are activating buoyant Jupiter in your 1st House of Self, encouraging you to see the bright side of every situation, even if there are demons lurking in the shadows. It's so natural to say yes now that you might find yourself in over your head before you know it. However, you can avoid the traps if you take time to observe the clues and signs all around you. Eckhart Tolle wrote, "Awareness is the greatest agent for change."

Scorpio

October 23-November 21

You can be rather ornery today, even if you have everyone's best interests at heart. Although you know exactly what needs to be done, it seems as if your way is being blocked by people who shouldn't even be involved. Your key planets, angry Mars and persistent Pluto, are in conflict because they have different ideas as to how you could execute your strategy. You're tempted to set the dilemma aside when you realize there are no easy answers; after all, there are plenty more enjoyable things to do with your time. Maturity comes when you stop making excuses and start making changes.

Sagittarius

November 22-December 21

There are worse things than succumbing to self-indulgent behavior today. But the transition from no-nonsense Saturn to anything-goes Jupiter might seem all too abrupt. Although you won't likely understand the mechanisms of this energetic shift, you can feel it coming in your bones. Take your cues from the stars by dancing with the old and the new without favoring either extreme. Thich Nhat Hanh said, "Sometimes your joy is the source of your smile, but sometimes your smile can be the source of your joy."

Capricorn

December 22-January 19

You must juggle your need to reestablish your center of gravity with your desire to seize the moment while it lasts. The sweetness in the air is palpable and you want to drink from the fountain of pleasure today. There's even a chance that mixing work and play will result in advancing your career. However, there's always the danger of indulging with such reckless abandon that your commitments suffer. Author William Arthur Ward wrote, "A well-developed sense of humor is the pole that adds balance to your steps as you walk the tightrope of life."

Aquarius

January 20-February 18

It's nearly impossible to focus on the events of the present moment. You're cruising for new people to meet and fun social activities to experience. Unfortunately, your decision-making process is not working at its best today; you might prefer procrastinating instead of analyzing the alternatives and making a choice. The problem is the more you search, the more you find. Dorothy Parker quipped, "The cure for boredom is curiosity. There is no cure for curiosity."

Pisces

February 19-March 20

Someone or something wonderful may fall into your lap today with very little warning. It's almost as if you're receiving an inheritance or winning the lottery. Unfortunately, you cannot tell in advance exactly how or when this lovely surprise will manifest. However, you can choose to remain open to the opportunities knocking at your door. The trick is not to inflate your expectations so high that reality cannot satisfy you. Wayne Dyer wrote, "Abundance is not something we acquire; it's something we tune into."
