Tuna Melt

2 5-ounce cans chunk light tuna drained
1 medium shallot, minced (2 tablespoons)
2 tablespoons low-fat mayonnaise
1 tablespoon lemon juice
1 tablespoon minced flat-leaf parsley
1/8 teaspoon salt

Preheat broiler. Combine tuna, shallot, mayonnaise, lemon juice, parsley, salt, hot sauce and pepper in a medium bowl. Spread 1/4 cup of the tuna mixture on each slice of toast; top with tomato slices and 2 tablespoons cheese. Place sandwiches on a baking sheet and broil until the cheese is bubbling and golden brown, 3 to 5 minutes.

Warm Snow Pea & Chicken Salad

1 pound boneless, skinless chicken breast, trimmed
1 14-ounce can reduced-sodium chicken broth
3 tablespoons rice vinegar
3 tablespoons reduced-sodium soy sauce
3 teaspoons toasted sesame oil, divided

Place chicken in a medium skillet or saucepan and add broth; bring to a boil. Cover, reduce heat to low, and simmer gently until cooked through and no longer pink in the middle, 10 to 12 minutes. Transfer the chicken to a cutting board to cool. Shred into bite-size pieces. (Cool and refrigerate the broth, reserving it for another use.) Meanwhile, whisk vinegar, soy sauce, 2 teaspoons sesame oil and tahini (or cashew butter) in a large bowl until smooth. Heat the remaining 1 teaspoon oil in a large nonstick skillet over medium-high heat. Add ginger and garlic and cook, stirring, until fragrant, about 1 minute. Stir in slivered peas and cook, stirring, until bright green, 3 to 4 minutes. Transfer to the bowl with the dressing. Add the chicken to the bowl with the peas; toss to combine. Serve sprinkled with cashews.

Almond Crusted Chicken Fingers

Canola oil cooking spray
1/2 cup sliced almonds
1/4 cup whole-wheat flour
1 1/2 teaspoons paprika
1/2 teaspoon garlic powder
1/2 teaspoon dry mustard

Preheat oven to 475°F. Line a baking sheet with foil. Set a wire rack on the baking sheet and coat it with cooking spray. Place almonds, flour, paprika, garlic powder, dry mustard, salt and pepper in a food processor; process until the almonds are finely chopped and the paprika is mixed throughout. Drizzle in oil; process until combined. Transfer the mixture to a shallow dish. Whisk egg whites in a second dish. Add chicken tenders and turn to coat. Transfer each tender to the almond mixture; turn to coat evenly. Place the tenders on the rack and coat with cooking spray; turn and spray the other side. Bake the chicken fingers until golden brown and crispy 20 to 25 minutes.

Peanut Butter Truffles

1/2 cup crunchy natural peanut butter
1/4 cup finely chopped salted pretzels
Combine peanut butter and pretzels in a small bowl. Chill in the freezer until firm, about 15 minutes. Roll the peanut butter mixture into 20 balls (about 1 teaspoon each). Place on a baking sheet lined with parchment or wax paper and freeze until very firm, about 1 hour. Roll the frozen balls in melted chocolate. Refrigerate until the chocolate is set, about 30 minutes.

Looking for square dance partners: for much of our history communities have come together in social gatherings and a prominent feature was the square dance. These were family friendly places and events, where folks could enjoy fellowship with other in the community. Safe places for single people to get to know each other too and without the pressure that modern dating has. Well, we are fortunate that Paris/Henry Co. has a square dance, Monday evenings 7PM til 9PM each week. So if you know how, you are welcome to join in free of charge. And if you don't know how to dance in a square a free 20 week (1 evening per week) class will be offered in the fall and winter. So you can visit now and/or join the class. Easy to learn, if you can walk you can learn to square dance. We dance for fun, not competition. Better than sitting at home with nothing to do. Come and join the fun. If you are single, come alone or bring a friend or other family members. If you are married bring the whole family, kids enjoy it as much as adults. You may find good friends you didn't know before. And you may find that special someone for life long friendship. Interested in meeting new friends? PTP 506

DWM, mid 60s, very active, I am raising my 11 year old granddaughter and 12 year old grandson. We live in the country. I am not looking for someone to raise them, I've got that covered. I am retired, 6'3" tall, 220 lbs. We enjoy the lake, cooking out and just being at home. I am down to earth, non-abusive in any way. Are there any good women left out there? PTP 459

Your Weekly Love Horoscope

Aries
March 21-April 19

You know what you should do today but putting your thoughts into action is not as easy as you think. Fortunately, recognition at work suggests you are on the right track, but the going is slow. It's not that you're facing resistance; rather you're being required to create the very path you're walking on. You might wish you had picked the road more traveled - or any road - but the satisfaction you earn now by clearing a new route is only excelled by the rewards of discovering a new destination. Harvey Firestone quipped, "The way of the pioneer is always rough."

Taurus
April 20-May 20

You are unstoppable today because you are speaking directly from a place of power that is fueled by your heart. Powerful Pluto is harmonizing with mental Mercury in your practical sign, making it nearly impossible for anyone to dissuade you from your chosen path. Nevertheless, you become your own best critic as the day wears on. Don't ignore your good advice, even if it means changing your plans as the dynamics of the situation shift. Clint Eastwood said, "You improvise. You adapt. You overcome."

Gemini
May 21-June 20

Much of what you do today can be construed as diversionary tactics to hide something you don't want to talk about. Nevertheless, the truth will likely find its way to the surface, especially if there's someone in your life who is willing to listen without judgment. Surprisingly, you may be relieved by how easily the conversation flows once you begin talking about your previously unresolved issue. Luckily, delving into uncharted territory could take you on a circuitous route to paradise.

Cancer
June 21-July 22

Your current confidence opens doors to conversations that have been difficult to unlock until now. You don't even need to think about a strategy; just trust your intuition and speak your truth. It's not necessary to write out a script before you deliver your message. In fact, your spontaneity charges your words with a strength of conviction that others can't ignore. Your creative approach will be heralded by people who applaud your point of view. Ken Blanchard teaches, "The key to successful leadership today is influence, not authority."

Leo
July 23-August 22

When you talk today, people listen. It's as if you have direct access to a hotline connecting you to the zeitgeist of the moment and all you need to do is repeat what they tell you to say. However, your audience is fickle and will quickly abandon you if you take unfair advantage of your current psychic superpower. Rather than trying to gain personal recognition or political advantage at work, use the cosmic support you're now receiving for the good of all. President John Quincy Adams wrote, "If your actions inspire others to dream more, learn more, do more and become more, you are a leader."

Virgo
August 23-September 22

You might start your day riding a wave of enthusiasm only to realize the enormity of what's ahead. Fortunately, you have the mental fortitude to accomplish more than you think. Although your creative impulses are strong now, they may divert you from the real work at hand. Avoid superficial interactions and dazzling distractions today. But remember, being busy and being productive are not the same thing. There's no time to waste; the sooner you start, the sooner you finish.

Libra
September 23-October 22

You are willing to bring up a subject today that might be a conversation stopper on other days. But your jovial approach puts others completely at ease. It's as if you can turn your charm off and on at will, giving you the edge in an important negotiation. Nevertheless, you could be so confident of your message that you forget that communication is a two-way street. Make sure everyone gets a chance to share their opinions without feeling rushed. The Dalai Lama said, "When you talk, you are only repeating what you already know. But if you listen, you may learn something new."

Scorpio
October 23-November 21

You are driven to break new ground in your personal life today by discussing a sensitive topic that could turn everything topsy-turvy. Digging into a subject that's been previously out of bounds can set the stage for a deeper and more intimate friendship. But if you're talking with an old friend or lover, revealing a vulnerability adds creative juice to the mix. It has been said that good communication is like water to a plant - it helps relationships blossom and grow.

Sagittarius
November 22-December 21

Business issues may be on your mind today, especially if you're worrying about your fiscal condition. Fortunately, the cosmos is conspiring to improve your current situation at work. However, it's up to you to decide what to do with this opportunity. Setting new production goals and reestablishing your priorities increase your cash flow. Turn your crazy money-making idea into a viable action plan. Nevertheless, improving your self-esteem might be the most important factor when looking at net worth. Ralph Waldo Emerson wrote, "Without a rich heart, wealth is an ugly beggar."

Capricorn
December 22-January 19

Your life has been going through a profound metamorphosis for years. It's as if you are being forced to gradually reinvent yourself right down to the core. Sometimes you feel quite isolated in the intensity of this work, but today you have a rare opportunity to talk about your emotional process with someone you trust. This is not a lighthearted discussion, but neither is it too heavy. Don't miss this chance to reveal your true self. Buddhist Sogyal Rinpoche teaches, "The most essential thing in life is to establish an unafraid, heartfelt communication with others."

Aquarius
January 20-February 18

Your ongoing spiritual renewal goes through another transformation today, possibly as the result of a conversation or something you read. The right words go directly to the center of your soul and touch you in a way that alters you on a cellular level. Rather than seeking someone to share your experience with now, sit with it on your own. Contemplation creates a fertile mental environment for your epiphany to work its magic. Planting seeds of thought in your subconscious is an invitation for your imagination to continue the process of awakening.

Pisces
February 19-March 20

You are plugged into your network of friends and associates on a very deep level today. It's almost as if you are not separate from your tribe of co-conspirators. Don't bother trying to accomplish much on your own now when your higher calling is to teach others about collaboration. You realize self-awareness does not occur in a vacuum; you are part of something large and powerful. Expand your knowledge by expanding your community.
