**Downtown Paris Week** Sunday, June 5th through Saturday, June 11th in downtown Paris.

Sunday is Worship Downtown Day. Worship Downtown Day is an opportunity for our community to visit one of six, historic downtown churches for Sunday services. Whether it’s First Baptist, First Christian, First Methodist, First Presbyterian, Grace Episcopal or Quinn Chapel AME, the churches of downtown are welcoming and inspiring. “Many of these historic churches have been in the downtown area since the mid-eighteen hundreds,” said Ray. “They are the cornerstones of downtown and are the perfect place to begin Downtown Paris Week.” Also, the 2016 Historic Home Tour is Sunday afternoon from 1 pm to 4 pm featuring homes in the historic Lee School Historic Neighborhood and sponsored by the Paris Henry County Heritage Center. The tour also includes a reception at Lee Academy for the Arts.

Monday is Dine Downtown. Dine Downtown Day celebrates the eateries of downtown Paris. On a day when many local restaurants are closed, the downtown kitchens are hopping places. Enjoy a delicious meal at Linda’s Uptown Pizza, LL’s Bar & Grill, Perry’s BBQ or Take Me Back Cafe. Enjoy coffee and a snack at Jack’s Java. While there, register to win a prize from the Downtown Paris Association. Top off that meal with a little exercise and culture with the Downtown Art Walk. Throughout the week, a number of local artists will display their work in downtown shops.

Tuesday is Music on the Square. Music on the Square brings bluegrass, country and rock and roll music to the east side of the court house lawn with The Old Spirits. The music flows from 5:30 – 7:00 pm. And because great music calls for great food, Perry’s BBQ will serve BBQ on site. Just bring a chair and enjoy a fun time with an exciting local musical group and delicious food.

Wednesday is Heritage Day. Heritage Day offers the answers to those burning Downtown questions, like “how many times did the court square really catch on fire?” Harding invites locals and visitors alike to find out what’s so cool about downtown during his two, free, 30-minute walking tours. Participants should meet on the corner in front of Jack Jones Flowers. The FREE tours depart at 11:00 am and noon. Wear comfortable walking shoes. Visitors will see vintage downtown photos and other historic documents.

Hi! I would like if you were comfortable talking, but just as comfortable not having to talk and be ok with each other's silence. I am interested in what your likes are too. # Your Weekly Love Horoscope

**Aries**  
March 21-April 19

You are eager to bolt fearlessly into the future without waiting for the red light to turn green. However, the Moon's presence in your 11th House of Long-Term Goals isn't enough to make everything work in your favor now. The real challenge is to maintain your high level of passion without impetuously disregarding the rules of the road. Although Ralph Waldo Emerson wrote, "Nothing great was ever achieved without enthusiasm," the trick is to channel your excitement into something productive.

**Taurus**  
April 20-May 20

You may seize an opportunity to earn some extra cash, achieve recognition for your work or simply make progress on a continuing project. However, it won't be a straightforward path today, even with sound logic and a solid plan on your side. Thankfully, there are no surprises now; any obstacles you encounter only remind you of what you already know. Keep one eye on your wallet and the other on your watch. Cleverly managing your resources is the key to your success.

**Gemini**  
May 21-June 20

Although your brain is busy generating big ideas these days, someone is likely to rain on your parade. Naturally, you prefer receiving encouragement from your friends and coworkers rather than criticism. However, taking the time to understand the constructive feedback means the difference between failure and success now. Don't let your pride get in the way of recognizing the truth. Most people can hear, but only a few truly listen.

**Cancer**  
June 21-July 22

Interpersonal dynamics are more complicated today, leading you to wonder whether this is the right time to sprint to the finish line. But it's unlikely that you can reach your destination on your own once the Moon settles into your 8th House of Shared Resources. You just want to call it a day, close up shop and head home. However, this is a critical moment that is testing your determination. Instead of bailing when times get tough, make a commitment to deepen those relationships which you know are part of your current journey.

**Leo**  
July 23-August 22

People seem a bit weirder than normal today, making it difficult to know who to trust with your future. Although you can see great potential in the creative visions of others, you're not ready to set aside your own needs and desires for the sake of someone else's. The more narrowly you focus now, the better your chances are to manifest your dreams. As Buddha said, "The mind is everything; what you think you become."

**Virgo**  
August 23-September 22

You might approach your regular tasks in a unique manner today, but you may not succeed even if your ideas are quite innovative. Resistance to your course of action isn't necessarily obvious now; it could come from hidden pockets of old family dynamics or current interpersonal tension. Thankfully, your positive attitude is sufficient to keep your plans afloat, even in the face of negativity. As cartoonist Matthew Inman writes, "It's okay to color outside of the lines as long as it's beautiful."

**Libra**  
September 23-October 22

It's disarmingly easy to stand on your soapbox and declare your intentions today because you assume that others will rush to join your cause. Unfortunately, even your closest friends may take some convincing to see your point of view. But there is no excuse for wasting your time or anyone else's. Fortunately, proper preparation enables you to deliver your message as succinctly as possible. Plenty of people dream of success, but others work hard to achieve it.

**Scorpio**  
October 23-November 21

Not only do your friends encourage you to pursue your brilliant ideas, but they are sensible enough to step out of your way if they can't be of immediate help. Nevertheless, it could be frustrating if there isn't the time or money needed to complete the tasks that are on your agenda now. There's no reason to be overly secretive about the obstacles you face while trying to reach your goals. As fairy-tale author Aesop wrote, "Do not attempt to hide things which cannot be hidden."

**Sagittarius**  
November 22-December 21

The light at the end of the tunnel appears bigger and brighter now as you approach it. However, there is a paradox at play; it seems the closer you get to your career goal, the longer it takes to get there. Optimistic Jupiter is beaming energy into your 10th House of Status, empowering you to spread your wings. But meanwhile, sobering Saturn in your 1st House of Self is setting up roadblocks in your path. Thankfully, you can make steady progress if you're willing to claim your power by remaining true to your values.

**Capricorn**  
December 22-January 19

Your appearance is misleading today, especially if you consciously go out of your way to camouflage your ambitious nature. Everyone thinks you are being uncharacteristically nonchalant about your future, but they couldn't be further from the truth. Nevertheless, stern Saturn's current posturing in your 12th House of Invisibility allows you to charm everyone by neatly burying your inner authority in your imagination where others can't see it. As author Aldous Huxley wrote, "Facts do not cease to exist because they are ignored."

**Aquarius**  
January 20-February 18

You possess a storehouse of personal power today. Unfortunately, your peers seem to be overly harsh in their judgment of your work. You can spend so much energy responding to the current criticism that you exhaust yourself before completing all the items on your agenda. Fortunately, the Moon's current visit to your conceptual sign enables you to remain emotionally detached. Engaging with others by sharing what's in your heart only becomes a problem when you become so attached to the outcome that you can't let go.

**Pisces**  
February 19-March 20

You are quite serious about getting ahead in your career now as you plot your way up the proverbial ladder of success. However, you can't deny that it's more enjoyable to hang out with a friend or lover who encourages you to consider other avenues of satisfaction, too. Just as you settle into a productive groove, you might feel as if you're being distracted from your work by your own drive for pleasure. But this isn't about choosing one path over the other; find a way to integrate Jupiter's expansive nature with Saturn's need for achievement. Do what makes you happy and be with those who make you smile.
