Mighty Mule at the Homestead

The mightily mule held its place in farm life in the 19th century, until replaced by the tractor. Unlike the tractor, mules were a co-worker for an 1850 farmer and cherished by the entire farm family. Meet our team, Todd and Dan, and see them in action and learn about their role on the farm. For more information visit landbetweenthelakes.us.

12th from 4:30-8pm. Cost is \$50 and space is limited. Call 642-2941 for more information or to sign up.

This Is the Way We Wash

Our Clothes at the Homestead

Monday was traditionally "laundry day" in the 1800s, though diaries from the era tell us that farm women did their wash during nice weather and had time. Learn the steps of washing clothes by hand in the 1850s and take a turn at helping out. You'll discover whether this 1850s lifestyle would have suited you or if the electric washing machines suit you just fine! For more information visit landbetweenthelakes.us.

HENRY COUNTY MAYOR

A New Direction

Follow Garry on Facebook: Garry4Mayor Henry County Tennessee
www.garry4mayor.com

My name is Garry Phillips and I am a Republican seeking the office of Mayor of Henry County.

Henry County has a growing drug problem: illegal drugs and opioids are wrecking families. Statistics show that 80% of all the crime in Henry County is related – in one way or another – to drugs. Good paying jobs and a good educational mix will go a long way toward reducing drug use in the county. But the drug problem is a cultural and social ill that must be fought on many levels – including spiritual.

As Mayor I promise to bring together a coalition of local and state organizations dedicated to reducing the effects of illegal drugs on our citizens.

I ask for you to vote for me – Garry Phillips – on August 2nd. We need A New Direction for Henry County.

Paid for by the Garry Phillips for Mayor campaign. Catherine Herrera, Treasurer

Miss Pearl's Country Cookin'

BBQ Turkey Wings

3 pounds turkey wings
1-1/4 cups barbecue sauce
2 green onions, sliced
1 teaspoon paprika
1/2 teaspoon garlic powder
1/2 teaspoon salt
1/2 teaspoon pepper
1/4 teaspoon soy sauce

Cut turkey wings into sections; discard wing tips. In a large resealable plastic bag, combine the remaining ingredients; add wing sections. Seal bag and turn to coat; refrigerate overnight. Preheat oven to 350°. Drain and discard marinade from wings. Place wings in a greased 15x10x1-in. baking pan. Bake, uncovered, 50-60 minutes or until a thermometer reads 180° and turkey is tender.

Nacho Tots

1 package (32 ounces) frozen Tater Tots
7 ounces fresh chorizo or bulk spicy pork sausage
1 can (14-1/2 ounces) diced tomatoes with mild green chilies, undrained
12 ounces process cheese (Velveeta), cubed
1 can (15 ounces) black beans, rinsed and drained
1/2 cup pickled jalapeno slices
1/4 cup minced fresh cilantro
1/3 cup thinly sliced green onions
1 medium ripe avocado, cubed
1 medium tomato, chopped
1/2 cup sour cream

Preheat oven to 425°. Place Tater Tots in an ungreased 13x9-in. baking dish. Bake, uncovered, 40 minutes. Meanwhile, in a large skillet, cook chorizo over medium heat until no longer pink, breaking into crumbles; drain. Remove from pan and set aside. In same skillet, add diced tomatoes and cheese. Cook, uncovered, over medium heat until blended and cheese is melted, stirring occasionally. Pour over Tater Tots. Sprinkle with chorizo and black beans. Bake, uncovered, 10 minutes. Sprinkle with jalapenos, cilantro and green onions. Top with avocado and tomato. Serve with sour cream. Yield: 12 servings.

Your Weekly Love Horoscope

Aries March 21-April 19 You know when you're stretching a limit too far because the sense of urgency becomes so great you can't ignore it. The efficient Virgo Moon focuses your attention on unfinished business and there's no wiggle room for procrastination today. It's time to marshal your mental forces and concentrate on any loose ends that could unravel your entire day if left unattended. Wayne Dyer wrote, "Stop acting as if life is a rehearsal. Live this day as if it were your last. The past is over and gone. The future is not guaranteed."	Taurus April 20-May 20 Creativity can be practical as well as playful today. Paradoxically, useful inspirations will occur to you when you temporarily set your earthly goals aside and simply allow your imagination to run wild. Miraculously, the most solid ideas will appear at the outer edges of your mental wanderings. But you must be willing to take a leap of faith and trust your intuition to ultimately steer you in the right direction. You will know the truth by the way it feels.	Gemini May 21-June 20 Nearly everything is of interest to you today, making it difficult to focus on one goal at a time. However, observing your mental process can bring self-awareness while increasing your efficiency. Although you can't stop your mind from drifting, you can redirect your thinking to the immediate task at hand. Watching the rhythm of intellectual expansion and contraction enables you to capture the best concepts from your innovative musings and turn them into tangible results. C.D. Jackson wrote, "Great ideas need landing gears as well as wings."	Cancer June 21-July 22 You have so many solid thoughts today that people ask you questions just to hear you think out loud. You have no patience now for fuzzy thinking or pie-in-the-sky ideas that won't lead to anything real. It's not that you've lost your sense of wonder; it's just that your reality filter is currently functioning at a very high level, empowering you to be an authority on just about everything. Use your power wisely. Political consultant Dick Morris wrote, "There is no substitute for a clear vision and decisive direction."	Leo July 23-August 22 You may be obsessed with making an immediate impact on your world today. You're not likely interested in philosophical discussions about abstract ideas. You want your hands on reality where you can see the results of your actions. Try not to be too self-critical if you can't find your groove right away. You're acutely aware of the time going by, but it might be necessary to founder a bit in order to stumble on that one mental breakthrough that justifies the rest of your day. Be patient; everything comes to you at the right moment.	Virgo August 23-September 22 You are in your own element today as you wade through the facts to arrive at the most sensible way to continue on your path. You possess a clear idea of your end destination but the variables are changing so quickly that you need to revamp your current plan. Fortunately, the cosmos is conspiring with you to make your dreams come true as the pragmatic Virgo Moon creates a Grand Earth Trine with ingenious Uranus and steady Saturn. Author Jim Rohn wrote, "Discipline is the bridge between goals and accomplishment."
Libra September 23-October 22 People won't likely see all that you're bringing to a project today because you are not blowing your own horn. In fact, you might possess certain capabilities that are necessary for the completion of a job, even though you don't think they're anything special. Humility certainly has its place in the business world, but you could be missing out on a significant opportunity unless you talk about your skills. P.T. Barnum said, "Without promotion, something terrible happens: nothing!"	Scorpio October 23-November 21 You may be particularly fuzzy when it comes to selecting your friends today. Although social situations sometimes mean you hang out with people you might otherwise choose to avoid, they usually just become a part of the mix when participating in group functions. However, you probably don't feel so inclusive now. Considering the limited time and energy you have for recreation, there's no reason to squander it with anyone who falls short of your expectations. Dr. Henry Cloud wrote, "Boundaries need to be communicated first verbally and then with actions."	Sagittarius November 22-December 21 Wasting time at work is not acceptable today. Everything you do needs to be a part of your overall plan or, if possible, you'll figure out a way to eliminate it. The good news is you can shine in the performance of your job or make extraordinary progress on a project. The bad news is you might miss out on a fun experience with your coworkers or friends. Thankfully, you won't spend much energy at all entertaining your fear of missing out now. Instead, you will earn the right to feel proud of your accomplishments by the end of the day.	Capricorn December 22-January 19 Your ability to achieve your dreams is amplified today by karmic Saturn's smooth connection to the hardworking Virgo Moon in your 9th House of Big Ideas. Fortunately, the greater the vision now, the more you're able to perform your magic by bringing it down to Earth and turning vague concepts into tangible results. Entrepreneur Wayne Huizinga wrote, "Some people dream of success, while other people get up every morning and make it happen."	Aquarius January 20-February 18 It may be awkward to know what needs to be done at work, yet you still worry that others won't support your ideas. Although you could lose precious time wondering how to overcome the resistance you expect to encounter, it's smarter now to just jump in and do your job as you see fit. It's unnecessary to turn everyone into your ally today. Instead, demonstrate your competence and watch jaws drop. Frank Sinatra said, "The best revenge is massive success."	Pisces February 19-March 20 Everyone seems to be pickier than ever today, making you doubt your ability to meet their lofty standards. Thankfully, a simple change of attitude turns a frustrating day into a productive one. Instead of judging yourself against others, listen to their concerns with an open mind. There's no reason to react defensively when your coworkers offer you advice. Embracing their ideas can make all the difference in the world. Collaboration makes comparison obsolete.
