Miss Pearl's Country Cookin'

Fried Sweet Bananas

original recipe makes 16 slices

3 firm bananas, halved lengthwise
1/2 cup white sugar
1 1/4 teaspoons ground cinnamon
3 tablespoons butter

Cut each banana half into 3 or 4 pieces. Mix sugar and cinnamon together in a shallow bowl. Melt butter in a skillet over medium-low heat; add banana slices and cook until golden brown, 5 to 10 minutes. Transfer banana slices to a paper towel-lined plate. Coat banana slices, 1 at a time, with cinnamon-sugar.

Hashbrown Sliders

original recipe makes 5 servings

1 (20 oz) package shredded hash brown potatoes
2 large eggs, beaten
1/2 cup shredded mozzarella cheese
1/4 teaspoon ground black pepper
1/2 teaspoon salt
2 teaspoons olive oil, divided
3 small avocados, peeled and pitted
1 pinch garlic salt
4 ounces thinly sliced serrano ham
8 ounces mozzarella cheese, sliced

Place hash browns, eggs, shredded cheese, pepper and salt in a large bowl. Mix the ingredients using your hands, making sure everything is well coated. Add 1 teaspoon of olive oil to a large nonstick saute pan over low to medium heat. Grab a handful of the potato mixture, about 1/4 cup, and create a ball. Place it down on the pan and carefully pat it down to create a flat disc shape. Cook for 3 to 4 minutes and then flip it over and cook for an additional 3 to 4 minutes. Remove and place on a paper towel. Repeat until all hash browns have been used. In a small bowl, mash the avocados and sprinkle with a little garlic salt. Place a spoonful of the mixture onto a hash brown stack. Top with half slice of Serrano ham and a slice of mozzarella cheese. Top it with another hash brown stack.

Quesadilla Burgers

Original recipe makes 4 Burgers

Southwest Sauce:

1/2 cup sour cream
1/4 cup ranch dressing
1/4 cup taco sauce

4 (4 oz) hamburger patties
1 dash Worcestershire sauce, or to taste
8 flour tortillas
2 cups shredded sharp Cheddar cheese
2 cups shredded Colby-Jack cheese
1/2 head lettuce, shredded, or to taste
3 tablespoons picante sauce, or to taste

Mix sour cream, ranch dressing, and taco sauce together in a bowl until Southwest sauce is smooth. Cover bowl and refrigerate for flavors to blend. Preheat an outdoor grill for medium-high heat and lightly oil the grate. Cook hamburger patties in the preheated grill for 5 minutes, seasoning with Worcestershire sauce. Flip patties. Arrange tortillas on the grill and lower heat to medium-low under tortillas. Add Cheddar cheese and Colby-Jack cheese to tortillas; cook until cheeses melt, 2 to 4 minutes. Continue cooking hamburger patties until cooked through, about 5 minutes more. An instant-read thermometer inserted into the center should read at least 160 degrees F. Spread Southwest sauce onto 1/2 of the tortillas; top with lettuce and picante sauce. Place 1 hamburger patty on top of picante sauce layer and top patty with a tortilla, creating a sandwich.

Ranch Baked Vegetables

original recipe makes 6 servings

1/2 cup olive oil
1 (1 oz) package dry ranch dressing mix
4 large potatoes, peeled and coarsely chopped
2 zucchini, coarsely chopped
3 stalks celery, coarsely chopped, or more to taste
1 onion, coarsely chopped (optional)
1/2 cup seasoned bread crumbs
1 pinch garlic salt

Preheat oven to 350 degrees F. Mix olive oil and ranch dressing mix together in an 8-inch square baking pan. Add 1/2 of the potatoes, 1/2 of the zucchini, 1/2 of the onion, and 1/2 of the onion; stir to coat. Add remaining potatoes, zucchini, celery, and onion; stir to coat. Sprinkle bread crumbs and garlic salt over the top. Bake in the preheated oven until vegetables are tender, 50 to 60 minutes.

Aries
March 21-April 19

Keeping up with all your commitments keeps you on your toes now. Your to-do list continues to grow longer, especially if procrastination is part of your routine. Instead of waiting for your schedule to collapse, save the day by acting with restraint. You must heed the message from the cosmos and begin to slow down the entire chain of events unfolding around you. Trying to fix everything simultaneously might just make it worse today. A conservative approach to change works best if real progress is your goal.

Taurus
April 20-May 20

Profound emotional interactions muddy the waters between you and your friends, diverting your attention from center stage. Meanwhile, a minor disturbance may pull you away from your regular routine as a trivial disagreement morphs into a more serious conflict. You can quickly gloss over any rough spots by choosing the simplest words to express your feelings. Just don't go to extremes while sharing your emotions today. Taking care of the basics makes sense, but you must also honor the wishes of your heart.

Gemini
May 21-June 20

People want to know your position on a developing situation at work, but you prefer to keep your thoughts out of the public eye today. You might not be secure enough with your stance to defend it against every argument. But your reticence to reveal your opinions could also be linked to a free-floating, existential sadness as the Sun leaves your sign for the watery realms of Cancer. Allow the Command Center to move from your head to your heart, even if it increases your vulnerability. You don't need to possess all the answers now. A quiet mind is able to hear intuition over fear.

Cancer
June 21-July 22

You may be reconnecting with your personal power today, but you're still experiencing pangs of self-doubt. You realize how much work is in front of you and are thankful that the radiant Sun is back in your sign, strengthening your vitality and shining a spotlight on your accomplishments. Fortunately, you're fired up for whatever challenges you must face now. Acknowledge your current position; whatever is holding you back is fuel for your new growth. Change your assumptions and step into a more meaningful future.

Leo
July 23-August 22

You are fascinated by your own melodrama as the Sun disappears into your 12th House of Secrets. Recollections of the past give rise to familiar feelings that flood your imagination. Having plenty of options gives you the opportunity to eliminate a habit that's no longer working for you. Granted, you might still be all over the emotional map today, but seeing future possibilities from multiple perspectives inspires you to elevate your awareness to a higher level. Mystic Sadhguru said, "Inward is not a direction. Inward is a dimension."

Virgo
August 23-September 22

Knowing which way to go is more difficult today, because your vision of the future shifts like the winds before a storm. Nevertheless, you're so perceptive now that you can tease out the most significant thoughts from the noise in the background. Hold your valuable ideas tightly, for they will guide you over the next month while the Sun illuminates your 11th House of Hopes. Don't let anyone talk you out of your dreams, for they are the primary way to nurture your soul now. Michelangelo wrote, "Faith in oneself is the best and safest course."

Libra
September 23-October 22

You are excited to participate in activities with people who may further your goals today. Naturally, doing what is most valuable for everyone is your first preference, but it's not so easy when you're being pulled in competing directions. You fully understand the sacrifices you are making now, but still might resent someone for taking you down this path. No one will be satisfied with the outcome if you aren't happy with your choices, so reconsider your plans before initiating action. Rushing leads to regret; slow down and get it right.

Scorpio
October 23-November 21

Emotionally connecting with your friends enables you to stay in touch with your own feelings, too. But don't expect any lingering confusion about your relationships to disappear overnight. In fact, your uncertainty about the future may actually deepen now. Nevertheless, it's easier to manage your emotions over the next month if you don't bury them with nervous chatter or constant activity. Take time for contemplation; calming your mind creates space for new insights to bubble into awareness and inspire your dreams.

Sagittarius
November 22-December 21

Intimate relationships are a top priority that demand your full attention now. However, the interpersonal emphasis is changing from casual encounters to more profound connections while planets continue to cluster in your 8th House of Deep Sharing. Nevertheless, you might be resistant to the discomfort of vulnerability accompanying this dance. Go beyond words and sink into the hidden mysteries. You long for the safety of logic, but previously buried treasure will only be revealed if you're willing to wander off the rational map and into the irrational realms of your heart.

Capricorn
December 22-January 19

You prefer concentrating on how to get ahead in the world because you want concrete results now. However, there is also a bright light shining on your personal relationships while the Sun visits your 7th House of Companions. Honor your current feelings without worrying if you must temporarily set aside your career ambitions. Putting additional time toward nurturing a vital partnership might bring emotional rewards far richer than professional recognition. Motivational speaker Denis Waitley said, "Personal satisfaction is the most important ingredient of success."

Aquarius
January 20-February 18

It may appear that the fun and games are over now, but there's plenty more to follow. However, you must complete unfinished chores first, with playtime bumped down toward the bottom on your list of priorities. Enjoying yourself while still behaving in a responsible manner is tricky stuff, giving your sense of humor a chance to ride to the rescue. Thankfully, you will relax even more once you feel the satisfaction from a job well done. Charlie Chaplin said, "A day without laughter is a day wasted."

Pisces
February 19-March 20

Although your feelings are running deep, you grow more lighthearted today. You fish swim with blissful enjoyment while the Sun travels through your 5th House of Love and Play. You might appear more spontaneous and relaxed to your peers now, even though you're quite serious about what you want. Trust your instincts and follow the currents wherever they take you. Carl Sagan wrote, "Imagination will often carry us to worlds that never were. But without it we go nowhere."
