Garlic Chicken Bites

original recipe makes 16 servings

2 boneless skinless chicken breasts, cut into bite size pieces

1/2 cup olive oil

4 cloves garlic, minced

1/4 teaspoon pepper

1/2 cup breadcrumbs

1/4 teaspoon cayenne pepper

Place chicken in shallow dish. In small bowl, mix olive oil, garlic, and black pepper. Pour over chicken. Cover and marinate 30 minutes. Drain. Preheat oven to 475°F. Mix bread crumbs and cayenne. Coat chicken. Arrange in a single layer on cookie sheet. Bake 10 minutes or until brown.

Chicken Parmesan

original recipe makes 4 servings

4 boneless skinless chicken breast halves salt and pepper

1/2 cup Italian breadcrumbs

1 egg, beaten

4 teaspoons butter

2 cups spaghetti sauce

4 slices mozzarella cheese

1 teaspoon grated parmesan cheese

Pound chicken to flatten. Salt and pepper to taste. Dip chicken in egg; then in bread crumbs. Fry in butter in hot skillet, turning and browning for 10 minutes or until chicken is done. Remove from skillet. To skillet add spaghetti sauce. Heat thoroughly. Add chicken. Place slices of mozzarella on top of chicken. Sprinkle with parmesan. Cover and cook until cheese is melted. Serve with a side of spaghetti.

Fried Apples

8 apples, peeled, cored and sliced

1/4 cup butter

1 teaspoon cinnamon

1/2 teaspoon nutmeg

1/4 teaspoon clove

1 tablespoon lemon juice

1/4 cup sugar

Melt butter in saucepan and add remainder of ingredients. Simmer until apples are tender about 20-25 minutes.

Baked Potato Salad

3 large baked potatoes, cooled, peeled and cubed

1/2 cup sour cream

1/2 cup mayonnaise

8 slices bacon, cooked and crumbled

4 ounces shredded cheddar cheese, divided

2 green onions, sliced and then chopped (green part only)

1/2 teaspoon fresh ground black pepper

1 dash celery salt or 1 dash seasoning salt

1 dash garlic powder

1 dash paprika

1 tablespoon fresh parsley (optional)

Gently stir together all the ingredients in a large bowl using a large spoon, reserving a little cheddar, green onion and bacon for garnish. Transfer to a serving dish. Top with reserved shredded cheddar, green onion slices and bacon crumbles for a beautiful presentation.

Your Weekly Love Horoscope

Aries
March 21-April 19

You seem to be ready to jump into a project on a moment's notice, but your appearance is misleading today. You won't likely commit to any significant project now unless there's already a solid plan in place. In the meantime, you're running through all the possibilities in your mind so you can arrive at your own strategy. Don't get trapped by the false illusion of logic now since your best ideas will arrive through your imagination. Deepak Chopra advises, "Always go with your passions. Never ask yourself if it's realistic or not."

Taurus
April 20-May 20

Exercising a bit of self-restraint can save the day because trying to squeeze in too many activities on your calendar now might create unnecessary struggles. It's tempting to say yes to every opportunity knocking on your door, but you must limit your commitments if you want to succeed at any of them. Establishing realistic goals offers you an excellent chance to concentrate specifically on finishing whatever you start. Your attitude is an integral part of the equation for success, but it's only part of a greater whole. Obviously, hard work and consistent effort make all the difference in the world.

Gemini
May 21-June 20

Your tendency to rationalize your behavior is so deeply ingrained in you that you could inadvertently become captive to your own cleverness. Your key planet Mercury has your back, attempting to patch up the rough spots in your day. But avoidance is also an option and you might assume the easy way out is less demanding today. Nevertheless, don't even think about circumventing a pressing issue now; intentional denial only makes everything more complicated. Swallow your pride and make the first move.

Cancer
June 21-July 22

Complex emotions can bottle up inside you until you find a way to express them. Thankfully, this challenge won't slow you down now that loquacious Mercury is active in your sign. Although you're not one to share your feelings unless you're with someone you explicitly trust, you might experience a sense of urgency to speak your mind. Don't fall victim to an impulsive reaction; a cautious and methodical telling of your story is ultimately more productive than an unpremeditated outburst. Author Jean Houston said, "No matter the situation, never let your emotions overpower your intelligence."

Leo
July 23-August 22

Your long-kept secret could slip out into the open today. Although you might be worried about the consequences of your unintentional disclosure, everything seems to settle down pretty quickly with little or no damage done. However, your faux pas could lead to an unexpected benefit when a discussion about a sensitive subject ensues. With a little encouragement, an open dialogue moves beyond bare facts and into more spiritual considerations. Author Linda Lambert wrote, "One good conversation can shift the direction of change forever."

Virgo
August 23-September 22

It feels as if you are preparing for something special today but you don't yet know what it is. Although your curiosity builds throughout the day, you're not motivated to aggressively pursue the missing pieces of a puzzle in order to climb the ladder of success. In fact, you're oddly satisfied with your current position, even if it's in an disorganized state of disarray. Chris Brogan wrote, "The goal isn't more money. The goal is living life on your terms."

Libra
September 23-October 22

Moving up the chain of command may be your top priority now, but your actions won't necessarily reveal your intentions. Instead of being flagrant in your pursuit of advancement, you proceed slowly today, flying beneath the radar. But no one should underestimate your skill at taking advantage of a situation. Perform your job duties as professionally as possible while waiting for your golden opportunity. The secret of success is to be ready to take a calculated risk at the right time -- and not a moment before.

Scorpio
October 23-November 21

Your intuition is an unlimited source of your creativity today, but you must quiet your mind in order to tap into the power of your subconscious. Although your muses are standing by eager to help, they won't step out of the shadows without a proper invitation. Asking the spirits to support your work empowers them to engage, but don't expect too much right away. The process may progress slowly at first as you develop your ability to receive the subtle signals from the other side. Poet W.B. Yeats wrote, "The world is full of magic things, patiently waiting for our senses to grow sharper."

Sagittarius
November 22-December 21

Rather than seeing things as they are today, you see them as they exist in your fantasies -- as unrealized possibilities. But you must use your imagination with care or you won't be able to distinguish the ideal from the real. At the wrong end of the spectrum, you could be delusional like Don Quixote who took up his sword and did battle with windmills. But at the other end, you have a chance to be a real-life wizard who makes dreams come true. Paulo Coelho wrote, "There is only one thing that makes a dream impossible to achieve: the fear of failure."

Capricorn
December 22-January 19

You're not willing to let go of your idea of success, even if people criticize you for being so unrealistic. You see the naysayers as narrow-minded and don't want their negative outlook influencing your life. Don't worry about creating a detailed action plan yet since the logistics will fall into place just in time. For now, just allow your mind the luxury of freely floating through your visions of a perfect future. Mystic poet William Blake wrote, "What is now proved was once only imagined."

Aquarius
January 20-February 18

The devil may actually be in the details today, but that won't stop you from delving into the depths and emerging from your Hero's Journey with the light of wisdom. However, spiritual mastery will not occur easily; you must personally meet and overcome your demons before you're allowed to wear your badge of honor. J.R.R. Tolkien wrote, "Some believe it is only great power that can hold evil in check, but that is not what I've found. It is the small everyday deeds of ordinary folk that keep the darkness at bay."

Pisces
February 19-March 20

You are in your element today, joyfully engaging the beauty of your imagination and the creative power of your mind. You're not as intrigued by the explanation of things now; instead you want to participate directly in the world in order to accumulate experiences. Your psychic sensibility works in your favor since you're able to see a situation from multiple points of view. Sadhguru teaches, "You can either live logically or magically; it's your choice."
