## What's Happening?

**Please Don't Litter** It's ugly looking, but also... 1) Cleaning up litter costs a lot of money... money that likely comes out of your tax contributions. I think we've got better things to spend our money on. 2) Have you ever come upon a broken bottle or a syringe? Items can be harmful to public health. Remember there are people of all ages. It attracts vermin and bacterial growth. 3) Litter can be a major fire hazard by not putting a cigarette butt in its proper container. 4) Litter looks like crap, and makes a

county look bad. 5) Ever heard of the broken windows theory? Litter attracts more litter. If people see a bunch of paper floating around, and discarded fast food bags, there will be more likely more litter added making it a dump site. Three Ways to Stop Littering: 1. Teach children to respect their surroundings by not dropping litter anywhere except in a designated litter bag or trash can. 2. Pick up other people's litter if they miss the container. 3. Participate in community or neighborhood clean-up events.

## DO NOT LITTER!

**PLEASE PUT CIGARETTE BUTTS  
IN THEIR PROPER PLACE!**

- Collected cigarette litter weighs in the millions of pounds annually.
- Cigarette filters are not biodegradable; they are made of plastic, not paper and cotton.
- Cigarette litter lings in our environment up to 25 years.
- Cigarette butts are lightweight and can easily move through our storm drains into our waterways and water supplies.
