Miss Pearl's Country Cookin'

Apple Ladybug Treats

original recipe makes 4 servings

- 2 red apples
- 1/4 cup raisins
- 1 tablespoon peanut butter
- 8 thin pretzel sticks

Slice apples in half from top to bottom and scoop out the cores using a knife or melon baller. If you have an apple corer, core them first, then slice. Place each apple half flat side down on a small plate. Dab peanut butter on to the back of the 'lady bug', then stick raisins onto the dabs for spots. Use this method to make eyes too. Stick one end of each pretzel stick into a raisin, then press the other end into the apples to make antennae.

Macaroni Salad

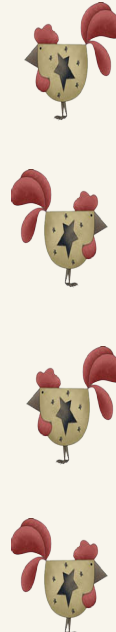

original recipe makes 10 servings

- 2 cups macaroni
- 2 (6 oz) cans tuna, drained
- 1 onion, chopped
- 1 green bell pepper, chopped
- 2 stalks celery, chopped
- 2 tablespoons garlic powder
- 1 1/2 cups mayonnaise
- 2 tablespoons prepared mustard
- salt to taste
- ground black pepper to taste

Cook noodles in a large pot of boiling water until al dente.

Rinse under cold water, and drain. Mix tuna, onion, bell pepper, celery, garlic powder, mayonnaise, salt and pepper, and mustard together in a large bowl. Add pasta, and mix well.

Pineapple Chicken Tenders

Original recipe makes 10 servings

- 1 cup pineapple juice
- 1/2 cup packed brown sugar
- 1/3 cup light soy sauce
- 2 lbs chicken breast tenderloins or strips

In a small saucepan over medium heat, mix pineapple juice, brown sugar, and soy sauce. Remove from heat just before the mixture comes to a boil. Place chicken tenders in a medium bowl. Cover with the pineapple marinade, and refrigerate for at least 30 minutes. Preheat grill for medium heat. Thread chicken lengthwise onto wooden skewers. Lightly oil the grill grate. Grill chicken tenders 5 minutes per side, or until juices run clear. They cook quickly, so watch them closely.

Toffee Brickle Cookies

original recipe makes 42 cookies

- 2 large eggs
- 1/2 cup margarine, softened
- 1 (15.25 oz) package yellow cake mix
- 1 (6 oz) package toffee baking bits
- 1/2 cup chopped pecans
- 1 tablespoon water

Preheat oven to 350 degrees F. Beat eggs and margarine together in a bowl until smooth. Add cake mix, toffee bits, pecans, and water; stir until batter is blended. Drop tablespoonfuls of batter onto a large baking sheet. Bake in the preheated oven until golden brown, 15 to 17 minutes. Allow cookies to cool for 5 minutes before removing from baking sheet.

Hello out there! I'm a 62 yr. young female. I'm 5'5", around 170lbs., green eyes, short streaked hair. I'm an outdoor woman, play rough and don't mind getting dirty. I'm looking for a man between 55-65. Race is open, requirements are: Able body, someone who likes to putter around the house and yard, likes home cooked meals rather than fast food, spontaneous and an animal lover, as I do rescue. I'm looking for someone that likes board games and cards, flea markets and walks. A man that still like to hold hands and prefers the old ways. I'm looking for a friend first and foremost. Looking for a man that smells good and takes pride in how he looks. I come with no baggage and I want none. I drink a little, never smoked. I'm loyal, fun, caring and a great cook. I live in Weakley Co., so someone close would be a plus. PTP342

Your Weekly Love Horoscope

Aries
March 21-April 19

Choices to make between home and career can be quite perplexing now, but you become more decisive when push comes to shove. Nevertheless, it's all too easy to be so distracted by your immediate needs that you lose the game plan in the process. There's no reason to involve others in your melodrama; just do what you must to take care of your heart and move on. As Tori Amos said, "Some of the most wonderful people are the ones who don't fit into boxes."

Taurus
April 20-May 20

You're not interested in speaking your mind now if you think it's going to stir up a hornet's nest. But you don't want to blindly follow the crowd just because it's the path of least resistance. Although you might try to keep your feelings to yourself and pursue your heart's desires anyway, postponing a confrontation will only intensify everyone's emotions in the long run. Don't put off until tomorrow what needs to be said today.

Gemini
May 21-June 20

Although you prefer to dance your way around a sensitive subject, you can't sidestep a conversation that should have already occurred. It's one thing to compromise for the good of everyone involved, but sacrificing your values is never a smart move. Nevertheless, there's no reason to issue an ultimatum; find a way to create common ground where you can still adhere to your core beliefs while entertaining opposing viewpoints.

Cancer
June 21-July 22

You might wish that people didn't love you so much today -- or that they would express their affection in a less passionate manner. But the tables may be turned if someone feels like your attention is excessive. No one wants to be smothered by another person's emotions, no matter how honorable the intentions. Find a happy medium where you can exert a positive influence on those closest to you without overwhelming them with your insecurities. Keep in mind that nurturing others is not an all-or-nothing proposition.

Leo
July 23-August 22

You want people to listen between your words today and connect with your soul rather than your performance. However, your bold behavior can be more intimidating than you realize. But toning down your delivery doesn't mean you need to dilute your message. In fact, the gentler your approach, the easier it is for you to stick with your position, even if it goes against someone else's grain. A little bit of sugar helps the medicine go down.

Virgo
August 23-September 22

Love doesn't have to be as hard as it seems today, especially if you're locked in a power struggle that eludes resolution. The stress of an unsolvable difference of opinion can wear you down to the point of wanting to walk away from the whole thing. But disengaging doesn't fix anything; it only delays the inevitable. Forget about determining who is wrong and who is right. Instead, assume everyone has a viable perspective and seek ways to integrate the best points from each person's experience. Blessed are the peacemakers.

Libra
September 23-October 22

You may not appear to be in control today, but you're probably holding onto your position tighter than anyone realizes. Your diplomatic approach seems so natural to everyone else, but you work at it in ways that are not obvious. Sometimes you are genuinely ambivalent, but your current indecision could be part of a calculated ploy to sway people to your position. The beauty of your plan is that others will feel as if they are in charge while you gently pull the strings. Perhaps the meek really will inherit the Earth.

Scorpio
October 23-November 21

You're not afraid to rattle a few cages in your fight for independence today. But you don't necessarily have a specific plan; you just want the freedom to dance to your own drummer and you believe a breakdown of structure will offer you the personal space you need. Unfortunately, everything may unravel too quickly and your strategy can backfire if you make more of a mess than you intend. You don't need to create a diversion if you have the courage of your convictions. Do what you must and let others respond as they will.

Sagittarius
November 22-December 21

You are stepping into a power zone today, but need to move cautiously so you don't waste this cosmic opportunity. Although you're tempted to react without stopping to think about your feelings, it doesn't take too much self-control now to shift the balance in your favor. A little energy applied at the right moment can change the course of the day, but you must be willing to wait. As the Persian poet Saadi wrote, "Have patience. Everything is difficult before it is easy."

Capricorn
December 22-January 19

It seems as if someone is trying to manipulate your feelings today, but they won't confront you directly. Unfortunately, it may fall on you to expose the unspoken tension. However, you might try to avoid the discussion because the negativity isn't even yours. Upon deeper examination, you could realize that your personal resistance to the ideas of others created the problem in the first place. Take a risk and share your concerns now, but do it in a manner that invites give and take. Keeping the communication channels wide open ultimately works in everyone's favor.

Aquarius
January 20-February 18

You're content to remain behind the scenes today while others are shining in the spotlight. But it's not because you want to avoid recognition; of course, you prefer to be acknowledged for your contributions. It's just that you're more interested in getting things done and you're more efficient when you're not wasting time interacting with people beyond the scope of your immediate work. Thankfully, you can win both ways now; focus on the task at hand, but be ready to step onto center stage at a moment's notice.

Pisces
February 19-March 20

You're not necessarily very expressive today, but your feelings are still strong enough to shake your world. However, you might be worried that someone you're attracted to now doesn't feel the same way about you. But choosing to keep your desires quiet from the one you admire does a disservice to you both. You have the potential to break out of a rut, but you must make the first move. The answer to your question will always be no if you never ask.
