### UTM 4-H Roundup

Members of 4-H chapters across Tennessee will gather at the University of Tennessee at Martin for the 94th-annual 4-H Roundup on July 24-28. More than

300 delegates representing almost every county in the state will participate in event. "UT Martin and northwest Tennessee welcome 4-H members from around the state for this traditional event", said Dr. Keith Carver, university chancellor. "4-H does an exceptional job preparing young people for future leadership roles. Our university is a perfect setting for hosting project competition and recognizing the accomplishments of these top 4-H members." The theme for 2017 4-H Roundup is "Made from Scratch." The idea is that a 4-Her grows personally and professionally in their time with the organization and always strives to be a better person. One of the main events at Roundup is the state finals for project competitions. 4-Hers compete in events such as public speaking, livestock and photography. The competitors will have interviews with judges at Roundup, and then winners will be determined based on their on-site performances as well as their project books, which have already been submitted and judged. "Roundup provides an opportunity for our high school 4-H members to further develop their presentation skills and confidence through 4-H project interviews," says Dr. Richard Clark, UT Extension assistant dean and department head for Tennessee 4-H. "It also serves as a venue for these youth to make memories and friendships to last a lifetime." Delegates will also participate in All-Star Conference, the Vol State Ceremony, the election of 2018 officers and a service learning project. Roundup delegates will collect items for the Target House in Memphis, which are apartments where families receiving treatment

Put in oven for 10 minutes and then flip them over. Place back in for 10 more minutes. They should be soft on the inside and browned on the outside. Let cool for 5 minutes. # Your Weekly Love Horoscope

**Aries**  
March 21-April 19

Taking other peoples schedules into consideration prior to making plans for the day is a wise strategy. Fortunately, you can feel the support of your allies now, encouraging you to promise greater participation on your part. But your follow-through might not live up to your good intentions if you get sidetracked by an unplanned setback. Rather than making excuses for falling short of your commitments, stay focused on the work at hand. You might surprise everyone, including yourself, with how much you accomplish by the end of the day.

**Taurus**  
April 20-May 20

Someones actions grate on your nerves today, but you might hold your tongue for the sake of harmony. You want your friends to know your thoughts, but aren't interested in engaging in a conflict defending your position. Secretly, you wish you felt safe enough to share everything, but recent experiences suggest its wiser to put on a happy face and just forge ahead on your own. The Dalai Lama said, "Do not let the behavior of others destroy your inner peace."

**Gemini**  
May 21-June 20

You want to come up with an amazing rationale that informs everyone of your most admirable intentions. Unfortunately, your words don't hit the nail quite on the head, leaving others to wonder about your goals and question your motives. Its tempting to try one more time by slowing down your delivery and explaining everything in greater detail. However, the more you talk, the greater the confusion you sow. Greek playwright Sophocles said, Much wisdom often goes with fewer words.

**Cancer**  
June 21-July 22

It might seem like someone is shutting you down today before you get to speak your piece. Or, perhaps, your progress on a project encounters resistance, making you so frustrated youre considering resignation. Fortunately, your deep reserve of tenacity will pull you through this momentary obstruction. Youre not in this for the quick buck; your long-term goals are your priority now and your patience will be tested. Ben Franklin wrote, Energy and persistence conquer all things.

**Leo**  
July 23-August 22

Your flamboyance is being fed by people who are persuading you to gamble with your heart or your money today. Youre feeling lucky and could be convinced to take a bigger risk than is necessary. Obviously, its easy for others to goad you into saying yes if they are a step removed from the consequences. A temporary retreat is prudent while you fine tune your plan and prepare for the next push forward. Dont try to rush things that need time to grow.

**Virgo**  
August 23-September 22

Your inability to explain your serious demeanor can lead to a major crisis of self-doubt today. However, questioning everything you do and say might foster character development, but it doesnt change the interpersonal dynamics. Frustration abounds if you let your thoughts run rampant. Nevertheless, dont back down; even giving an inch is too much at this time. Psychologist Joyce Brothers wrote, A strong, positive self-image is the best possible preparation for success.

**Libra**  
September 23-October 22

It might appear as if your goals are self-serving but you actually are in it for the good of all. In fact, you cant even remove yourself from the equation that connects you with everyone else, even if they resist your ideas. But dont take no for an answer; continue to adjust your stance based upon the changing circumstances. Your current success is determined by your level of discipline and perseverance. Hope is not a strategy, persistence is.

**Scorpio**  
October 23-November 21

Youre uncertain of the best way to express whats in your heart today. However, finding a creative outlet is necessary for you to experience satisfaction in life now. Whatever methods you use to share your feelings, meticulously tailor your message for your audience. You may aspire to stir souls with your passion, but communication is a two-way street. Ask questions; theres so much to learn from listening to someone else's perspective, especially when you realize every person you encounter is a teacher.

**Sagittarius**  
November 22-December 21

Good news reinforces your positive outlook on the world today. Everything may not be perfect, but there are enough pieces in place for you to believe things are going your way. Nevertheless, you could encounter a weird form of resistance now as someone quietly undermines your accomplishments and seems to work against your progress. Although this negative wave is subtle, you dont want to ignore it or it will result in an uncomfortable interpersonal dynamic. Norman Vincent Peale wrote, Change your thoughts and you change your world.

**Capricorn**  
December 22-January 19

Your sites are set and you are determined to reach your goal, no matter what. Thankfully, your current efforts are blessed and youll likely accomplish nearly everything you wish. Nevertheless, there are a few traps hidden along your path now, and its possible that they were put there by someone you knew. Unfortunately, you wont uncover the whole story yet. Instead of obsessing about something you cant control today, just refocus and demonstrate the power of intention with your unwavering commitment to success.

**Aquarius**  
January 20-February 18

Finding your rhythm may be tricky today, especially if you are trying to dance to music that cant be heard. Its like your radio is stuck on one station, playing your favorite song over and over. Nevertheless, the signal is faint now and try as you might, you cant make it any clearer. Overcome your nervous stress by improvising to fill in the missing notes. Herman Melville wrote, It is better to fail in originality than to succeed in imitation.

**Pisces**  
February 19-March 20

Youre passionate when sharing your knowledge about healthy living with your friends at work. Although you know all your facts and figures, there still may be a logistical problem in the delivery of your data today. Your current tendency is to dismiss the details, but someone wants every last question answered. Dont stress trying to supply the required information now. Just tell your story in a simple and truthful manner; your sincerity will do the rest.
