DUN-FOUND-IT GAME FOR JULY 21, 2016

Name: _____ Phone: _____

Miss Pearl's Country Cookin'

Avocado & Black Bean Dip

Original recipe makes 4 servings

- 1 avocado - peeled, pitted, and mashed
- 1/2 (15 oz) can black beans, drained and rinsed
- 1 tablespoon lime juice
- 1 clove garlic, minced, or more to taste
- 1/3 cup shredded Cheddar cheese
- sea salt to taste (optional)

Mix avocado, black beans, lime juice, and garlic together in a microwave-safe bowl. Sprinkle with Cheddar cheese. Microwave dip on high until cheese is melted, about 1 minute. Season with sea salt if desired.

Caramel Pretzel Brownie

original recipe makes 18 servings

- 1 (14 oz) bag individually wrapped caramels, unwrapped, divided
- 1 (19.8 oz) package fudge brownie mix (such as Betty Crocker)
- 1/2 cup vegetable oil
- 1/4 cup water
- 2 eggs
- 1/4 cup butter
- 1 tablespoon milk
- 1 cup chopped pretzels
- 3/4 cup chocolate chips
- 1/3 cup chocolate-covered toffee bits

Preheat oven to 350 degrees F. Grease a 9x13-inch baking dish. Cut 9 caramels in half. Beat brownie mix, vegetable oil, water, and eggs together in a bowl until batter is well-combined. Pour batter into prepared baking dish. Place caramel halves in 3 rows of 6 in the brownie batter so that there will be a caramel half in the center of each brownie. Bake in the preheated oven until a toothpick inserted into the center comes out almost clean, 25 to 30 minutes. Melt remaining caramels, butter, and milk together in a microwave-safe glass or ceramic bowl in 30-second intervals, stirring after each melting, for 1 to 3 minutes (depending on your microwave). Pour caramel mixture over warm brownies and top with pretzels, chocolate chips, and toffee bits. Cool completely before cutting into squares.

Cheesy Hashbrown Casserole

Original recipe makes 10 servings

- 3 cups shredded sharp Cheddar cheese
- 1 (16 oz) package frozen cubed hash brown potatoes
- 16 ounces sour cream
- 1 (10.75 oz) can condensed cream of chicken soup
- 1 onion, diced
- 1/2 cup butter, melted

Topping:

- 1/2 cup crushed wavy potato chips, or more to taste (optional)
- 1/2 cup butter, melted (optional)

Preheat oven to 350 degrees F. Grease a 9x13-inch baking dish. Stir Cheddar cheese, hash brown potatoes, sour cream, cream of chicken soup, onion, and 1/2 cup melted butter together in a large bowl. Pour into prepared baking dish. Bake in the preheated oven for 45 minutes. Stir crushed chips and 1/2 cup melted butter together in a bowl; spread over hash browns mixture. Bake until casserole is bubbling and topping is golden, about 15 minutes more.

Slow Cooker Chicken & Dumplings

original recipe makes 8 servings

- 1/4 cup water, or as needed
- 1 teaspoon poultry seasoning
- salt and ground black pepper to taste
- 4 skinless, boneless chicken breast halves
- 1 (10.75 oz) can low-sodium chicken broth, divided
- 1 large onion, finely diced
- 3 carrots, chopped
- 4 stalks celery, chopped
- 2 tablespoons butter
- 1 (10.75 oz) can reduced-fat condensed cream of celery soup (such as Campbell's)
- 1 (10.75 oz) can reduced-fat condensed cream of chicken soup
- 1/2 teaspoon dried rosemary
- 1 (10 oz) package refrigerated biscuit dough, torn into pieces

Whisk water, poultry seasoning, salt, and black pepper together in a bowl; add chicken to bowl and turn to coat. Pour 1/2 of the chicken broth into a slow cooker; add chicken and poultry seasoning mixture. Layer onion, carrots, and celery, respectively, over chicken. Dot butter over vegetables; pour celery soup and chicken soup over vegetables and sprinkle rosemary on top. Cook on High for 3 1/2 to 4 1/2 hours. Remove chicken from slow cooker and shred with two forks; return chicken to slow cooker. Add biscuit dough pieces to chicken mixture. Cook on High for 1 1/2 hours.

Your Weekly Love Horoscope

Aries

March 21-April 19

You appear emotionally tougher than you actually are today, even if you're scared by your own shadow. But it's more likely that you're frightened by unexpressed feelings. Nevertheless, you always retain the option of confronting your suppressed fears instead of running from them. Although this courageous strategy requires a healthy amount of self-esteem, you can draw upon the memory of previous successes to bolster your confidence. The way out is the way through.

Taurus

April 20-May 20

You don't like wasting time with anyone's emotional drama, but you might not be able to avoid it now. Unfortunately, logically talking your way around the intensity only makes the situation worse today. It is said that you must fight fire with fire; accordingly, you need to drop all the rational strategies and come from a subjective heart-centered place when fighting water with water. Surrendering to your feelings is the only way to swim.

Gemini

May 21-June 20

You're ready to engage in a battle to defend your way of doing things today. However, your new approach may not be any more efficient than the old method. Nevertheless, sticking to one over-arching philosophy enables you to judge your progress with an objective eye. Don't worry if you're not moving along as quickly as you prefer. Give yourself plenty of time to establish a sustainable rhythm. As Ralph Waldo Emerson wrote, "Adopt the pace of nature: her secret is patience."

Cancer

June 21-July 22

You are struck by the lightning of inspiration today, but could have a tough time integrating your cosmic creations with your job duties. In fact, the more outrageous your behavior, the less expressive you are. Don't withdraw emotionally and alienate yourself from everyone else when you really need the human connection now. Before you initiate your great escape, remember the Beatles who sang, "I get by with a little help from my friends."

Leo

July 23-August 22

Your opinions are so strong today that you can't keep quiet. However, you're concerned about coming on too strong because your current intensity has the potential to spiral out of control. But rather than worrying about how others might react, just let the loving energy of Mercury and Venus shine through your affectionate sign. Sometimes, heartfelt words need to carry extra weight. Fortunately, people expect you proud Lions to roar when you express your truth.

Virgo

August 23-September 22

You're a champ at setting your needs off to the side in order to maintain intellectual clarity. However, it's not so easy to deny your emotions today, especially if anger bubbles into awareness. It's unhealthy to ignore your feelings or try to bury them because they'll only grow in strength and resurface at a less convenient time. You can't delete a thought in the same way you delete a message. Acknowledging your passions is the first step to transforming them into something positive.

Libra

September 23-October 22

You can't separate your feelings from your material possessions today. Everything you own has a story attached to it that adds to its unique value. But some things are associated with difficult experiences and bring up fear or regret. Obviously, you can get rid of these offending items by giving them away or selling them. However, it takes extra work to fully process your emotions instead of just eliminating the objects. Embracing the associated memories starts the healing process of letting go.

Scorpio

October 23-November 21

You are recycling an old feeling one more time, even if you thought you were already done with it. You have experienced some change in the past few weeks, but not enough; your frustration could reach a critical level today when you recognize your limited progress. But don't let your concerns run away with your entire day. Step back from anything that feels overwhelming now. It's as if you are putting a wide-angle lens on your camera. Once you see things from a larger perspective, it's easier to release the past and proceed into the future.

Sagittarius

November 22-December 21

Although you might create a little ruckus to let everyone know you're serious, you don't want to be in the spotlight today. Ironically, taking a stand could end up attracting the same attention you were trying to avoid. In the final analysis, your need for privacy will likely outweigh your desire to be understood. It really doesn't matter if people see the real you or not. Concentrate on finishing your tasks on time, rather than worrying about what others think. Quietly working behind the scenes may ultimately bring the deeper satisfaction you seek.

Capricorn

December 22-January 19

Engaging with others feeds your ambitions and brings your passions to the surface today. Competing on a team or participating in a group effort is a perfect way to express your commitment to your extended family or community. But watch out for extreme feelings upsetting the delicate balance of interpersonal dynamics. Obviously, pulling someone down won't ever help you reach the top. Honor your feelings as you honor your friends, but don't fuel either with irrational expectations.

Aquarius

January 20-February 18

Your career objectives are quite fixed now and you have very little desire to negotiate those things that are important to you. Although there's no doubt about your goals, you're still working on your plans to reach them. Trying to get anyone to join you on your next venture is not a wise strategy because it will only distract you from your quest. You don't need to be carrying others who will only slow you down. If people aren't actively supporting you, politely ask them to have the courtesy to get out of your way. Fortune smiles on those who create their own opportunities.

Pisces

February 19-March 20

You are excited about expanding your world view by taking up a new course of study or embarking on your own exploratory travels. However, you must be willing to open your mind to unknown experiences. If you try to cling to your current perspective, the opportunity for spiritual and emotional growth could be lost. Don't sit around for days fine-tuning your plans; get rolling as quickly as possible. The cosmic energy is conducive for creating positive change.
