Ice Cream Social & Antique Car

Show The Downtown Paris Association would like to invite you to the 7th Annual Downtown Ice Cream Social and Antique Car Show on Saturday, July 30th, from 4 pm to 7 pm on historic Court Square in downtown Paris. Dixie Student Art Exhibit The very first Dixie Student Art Exhibit will be on display in the Ballroom Gallery of The Dixie Carter Performing Arts & Academic Enrichment Center, beginning in August. The exhibition is a collection of student work from studio art classes taught at The Dixie during the 2015-2016 season. Students who participated in Photography, Drawing and Pottery, were given the opportunity to participate in the show. Students range from ages 4 years old to adult, from Carroll and surrounding counties. Photography Instructor, Jim Veneman, Pottery Instructor, Lori Nolen and Drawing Instructor, Laura DeVille, encouraged their students to share the results of their hard work, outside the classroom. Instructors hope to make a student exhibit an annual part of the Ballroom Gallery lineup.

Tennessee Gov. Bill Haslam and Economic and Community Development Commissioner Randy Boyd along with Eurotranciatura USA officials spoke this week at the plant as the manufacturer is investing \$12.6 million to expand its operations in Paris over the next five years. Eurotranciatura, a subsidiary of the world's largest steel lamination company for electrical rotating machines, will create more than 170 new jobs as part of the expansion. Eurotranciatura's investment includes upgrades and new equipment for its existing manufacturing plant in Henry County. Eurotranciatura will also build a roughly 30,000 square foot distribution warehouse near its current plant to accommodate growth and reduce transportation costs. In 2014, Eurotranciatura acquired the lamination division of Tecumseh, based at 2700 W. Wood St. in Paris. The company recently completed its purchase of Tecumseh's former building in Henry County.

Combine graham crumbs, sugar and peanut butter and mix well. Blend in melted

Your Weekly Love Horoscope

Aries

March 21-April 19

Sometimes you're unable to just power your way through a difficult situation, even though you might try anyway. However, knowing when to hold and when to fold could turn your day around. Prematurely walking away reduces the immediate pressure, but doesn't resolve the underlying cause. Stay where you are, even if it's uncomfortable. You can find brilliant solutions beneath the current stress -- but only if you're willing to engage in the magical process of transformation.

Taurus

April 20-May 20

You might wish you could become a hermit for the day -- but you can't. Although you may be confused about your role in a group activity, you don't really want to push your friends away; you just hope the emotional drama will disappear without your involvement. However, interacting with others is also a major source of inspiration now and you count on your social network to support you when you need it. Fortunately, a solution isn't required yet. Surprisingly, the tension begins to dissipate once you accept the temporary uncertainty and go with the flow.

Gemini

May 21-June 20

You can talk your way in and out of problems today, but it's no fun to be in a nearly constant state of stress. Steer clear of heavy fog instead of swinging into motion after you're already in trouble. In other words, don't drive if you can't see the road in front of you. It's better to slow down or even stop than to create a dangerous situation. There's nothing to prove to anyone now. Nevertheless, once your clarity returns, be ready to hit the gas and make up for lost time.

Cancer

June 21-July 22

You know you are at a turning point yet you can't imagine what might be around the next corner. The nurturing Cancer Sun has encouraged you to reconnect with those you love. But soon everything is about to change and you cannot stay in the nest just because it feels safe and cozy. The problem is you may not have a clue as to where you're going next. Nevertheless, you must spread your wings and fly. Thankfully, the notion of leaving home is worse than the actual deed. Fear looks, faith jumps.

Leo

July 23-August 22

There is no time to waste since your show is about to start when the radiant Sun enters your expressive sign tomorrow. However, you were more certain about your relationship status last week than you are today. Don't make any sudden moves yet because, most likely, very little has changed in the basic interpersonal dynamics. You will be happily surprised when the sky clears and you wake up with the sunshine on your face.

Virgo

August 23-September 22

You're ready to shake up the status quo, but you're worried about making changes that actually set you back. The truth is that your judgment may be slightly off today and your less-than-critical thinking could prompt you to make a bad decision. Don't assume that your new method is an improvement just because you can see the results you want in your mind's eye. Continue to explore the possibilities now without committing to any one path.

Libra

September 23-October 22

You crave more freedom in a relationship now and are considering bringing the subject up in a conversation. Unfortunately, a discussion may not follow your ideal script today; the more you talk, the more elusive the truth. However, avoiding the subject won't further your cause. Rather than announcing to your partner what doesn't work for you, focus on what does. Any forward movement is healthy as long as you allow nature to follow her own course. Planting a seed is more effective than trying to prematurely harvest the entire crop.

Scorpio

October 23-November 21

You might be stuck between a rock and a hard place today with no apparent way out. But your current dilemma is likely of your own making, especially if you're holding onto the past too tightly. There's a wave of new energy heading your way, but you must be ready to receive it. Letting go of old feelings makes room for new ones. Joseph Campbell wrote, "The cave you fear to enter holds the treasure that you seek."

Sagittarius

November 22-December 21

Your friends are willing to put up with your idiosyncrasies because they know how brilliant you are when you're on a roll. But you can't get away with pretending to be so certain of the future if you've come untethered in the present. Instead of pushing your relationships further and further off the deep end, bring your feelings back to the here and now. You can travel anywhere in your imagination once your feet are solidly on the ground.

Capricorn

December 22-January 19

You sound like you're expressing yourself on a profoundly deep level today, but your words may stir up more confusion than resolution. It's not necessarily your intention to mislead anyone, but language is more like a smokescreen now that obscures reality rather than exposing it. Unfortunately, you might believe you're getting your message across when nothing could be further from the truth. As Confucius said, "Silence is a true friend that never betrays."

Aquarius

January 20-February 18

Although people may be exceptionally nice to you now, their current motives are not fully transparent. On one hand, you can just accept someone's good deed without asking any questions. Or you might fearfully reject an individual's honorable behavior without waiting to learn your assumptions were wrong. Jumping to conclusions is dangerous today. Your mind is powerful, yet it will steer you wrong unless you take the time to exercise your brain.

Pisces

February 19-March 20

Your anger could bubble to the surface now, creating a little mess you will need to clean up. One simple emotional outburst won't fix anything; in fact, it could send you in a wrong direction, especially if you're looking for love, truth and beauty in all the wrong places. Observe your inner processes while you can still see them. So many things are about to change and what was easily visible today could vanish by tomorrow. As Lao Tzu wrote, "He who knows himself is enlightened."
