**The Shepherd's Table** The Shepherd's Table will be having their next supper on Tuesday, August 21st, at the First Presbyterian Church, located at 19835 E. Main Street. Dining will begin promptly at 5:15pm and the kitchen will be open until 6:45pm. Anyone hungry or seeking fellowship for a meal is invited. The Shepherd's Table is a Community Kitchen created by the members, volunteers and friends of the First Presbyterian Church of Huntingdon. Lead by Chairman and church member, David Ray Carter, the group achieves its mission each month of feeding all that come through the door. Everyone that attends The Shepherd's Table is treated as a guest and served restaurant style. Guests are taken to a table and seated by a volunteer that takes their order for supper and their drink. Supper also includes a delicious dessert. The volunteers also do all of the cleanup, as well. The guests are asked to simply enjoy a delicious meal compliments of the hard-working kitchen staff. The mission of the Community Kitchen is to serve as many people in need of a hot meal as possible. The community kitchen's success is dependent upon guests attending, volunteers and donations. If you know of someone that needs a hot meal or would just prefer to not eat alone please inform them about The Shepherd's Table or better yet bring them by and join. More information about volunteering or donating to the Shepherd's Table may be obtained by calling The First Presbyterian Church of Huntingdon at (731) 986-5642. If no answer, please leave a message, someone will get back to you as soon as possible. The next two suppers have already been

planned for September 18th and October 16th, the third Tuesday of the month, at the First Presbyterian Church Of Huntingdon.

**Paris Rotary Club Radiothon, Collection Event for PSSD Backpack Program** The Paris Rotary Club has set a goal to collect food and raise funds to assist the Paris Special School District and provide “weekend backpacks” for 2nd graders in their system. The backpacks are really just gallon bags or grocery bags that children can put inside their own backpacks to take home each Friday. They contain the following items: pack of peanut butter and cracker, container of Ravioli, container of fruit, two individual boxes of cereal, and a container of apple sauce. “Going to bed hungry shouldn’t be an option!” according to Paris Rotary Club President Tory Daughrity. Presently students in the pre-school, and first grade are given a bag of healthy foods to carry home on the weekends. The Paris Rotary Club will be conducting a radio-thon this Friday

morning from 7am until noon on WMUF 104.7 FM. Rotary members will discuss Rotary Club and the PSSD “Backpack” program with WMUF news director Tim Alsobrooks. To continue their fundraising efforts, on Saturday morning, from 8a until Noon, Rotary Club members will be set up at: Wal-Mart, Lakeway IGA, Cash Saver, Kroger and Save-a-Lot to accept food and/or cash to help add the 2nd grade to the pre-school and first grade classes that are already being served. The Rotary Club has applied for grant funding to help start the program and hope to see this as an on-going project. Coordinator for the Rotary Club effort, Randi French said, “We certainly look for a great turnout from the public to help PSSD and the Rotary Club include 2nd graders in the “backpack” program”. For more information on how you can help contact any rotary member.

**Your Weekly Love Horoscope**

<p><b>Aries</b> March 21-April 19</p> <p>Your life continues to grow stranger and stranger - and you're still not sure this is the end of it. A complicated relationship could take an unexpected turn. A project that was on schedule might suddenly unravel. Or, perhaps, a long-term spiritual practice dramatically propels you into another dimension. Although it's impossible to predict the next level of sunset, two things are important to know. First, there is magic at work and it can improve your life. And second, things may get chaotic before you see any progress. Hunter S. Thompson wrote, "When the going gets weird, the weird turn pro."</p>	<p><b>Taurus</b> April 20-May 20</p> <p>A relationship with someone special is opening your heart and mind in entirely new directions. However, change is not easy, especially when it pulls you off the paved highway and into the unexplored jungle. Nevertheless, your senses are alive and tingling, and you are eagerly awaiting what comes next. Let go of your expectations since they will only keep you from fully engaging in the present moment. A world of experiences that you will use to paint your future.</p>	<p><b>Gemini</b> May 21-June 20</p> <p>Opportunities at work can clear a path to your success, but only if you're willing to set aside what you've learned on the job so far. It's not that your previous experience has led you astray; it's just that any assumptions based upon what you think you know could prevent you from seeing the array of possibilities ahead. The cosmos is inviting you to play a whole new game, and the old rules no longer apply. Roll the dice and take a chance on you.</p>	<p><b>Cancer</b> June 21-July 21</p> <p>You are looking at your future through a very practical lens as you gaze off into the distance today. Nevertheless, the safety-conscious Taurus Moon can keep you from making the most of this fortuitous moment. Throwing away your map frees your mind to perceive reality as it is, rather than how it's drawn. At this point in time, it's more important to make your own connections rather than relying on anyone else's. It may take longer to arrive at your destination if you get lost along the way, but your journey will be one that you will never forget.</p>	<p><b>Leo</b> July 22-August 22</p> <p>You know what you should do today, especially if you want to maintain stability in a long-term relationship. But you have a sneaking suspicion that there is more going on than your five senses can tell you. You know you need to explore these unseen realms, but you don't know where to find them. Don't make any dramatic changes yet; start asking questions and do your share of research. Rely on your intuition to find the answers you seek.</p>	<p><b>Virgo</b> August 23-September 22</p> <p>Your overly analytical mind will only entangle you in verbal threads, turning you into a spider trapped in its own web. Words are of no help while your key planet Mercury - which is normally your connection to logic - is dancing with physical Mars and spiritual Neptune out beyond the constraints of language. Any attempts to describe your destination only makes it impossible to reach. Stop talking and start creating. Let your art speak for itself.</p>
<p><b>Libra</b> September 23-October 22</p> <p>You want everything in your life to be simple and straightforward today, but as you learn more, reality grows increasingly complex. It's as if your intelligence opens the door to a spiritual path that no longer takes you to where you thought you were going. Your first reaction may be to fight against the direction your destiny is calling. However, daunting your journey ahead might mean the rewards are greater than you can imagine. Hyacinthine Sabers write, "Let your dreams outgrow the shoes of your expectations."</p>	<p><b>Scorpio</b> October 23-November 21</p> <p>Although self-exploration can be exhausting at times, you love to discuss the meaning of life in ways that are too intense for most people. However, there may be more opportunities to deep dive into the magical shadows of the subconscious now, making it all the more difficult to hang out in typical social environments. Keep your eyes and ears open as making profound connections with like-minded people can rock your world. Continue to emerge from your cocoon on your own schedule and not according to anyone else's expectations. Be the star you wish to see.</p>	<p><b>Sagittarius</b> November 22-December 21</p> <p>You are transforming in ways that are not obvious to others, but that strategy invites self-failure. Rather than concentrating most of your energy on your personal agenda, widen your sites and expand your peripheral vision. Adding social events to your calendar is one way to solidify relationships with your friends and your local community. Strengthening your support network now will pay off when you need it in the future.</p>	<p><b>Capricorn</b> December 22-January 19</p> <p>It's tempting to put all your eggs in one basket today, but that strategy invites self-failure. Rather than concentrating most of your energy on your personal agenda, widen your sites and expand your peripheral vision. Adding social events to your calendar is one way to solidify relationships with your friends and your local community. Strengthening your support network now will pay off when you need it in the future.</p>	<p><b>Aquarius</b> January 20-February 18</p> <p>Recognition for your contribution at work could be forthcoming, but it may manifest very differently than you expect. Do your best to avoid assumptions about future activities, because your preconceived notions could interfere with a best-case scenario that's outside of your current thinking. You are rolling along on a track and will likely see your path through to its conclusion before making any major changes. Success arrives in surprising packages.</p>	<p><b>Pisces</b> February 19-March 20</p> <p>There may be some exciting travel plans in your future but you might want to schedule your trip right away, before action-oriented Mars leaves your 9th House of Expeditions tomorrow. Unfortunately, you will only confuse matters if you try to nail down the specific dates now. Instead of being preoccupied with the logistics, stay focused on the big picture. Choosing your destination allows you to color in all the details in your imagination first.</p>
