ADVANTAGES OF A KAMADO STYLE GRILL

CERAMIC EGG SHAPED BODY
Not affected by cold weather or rain

Easy to maintain temperature - Smaller fires & Doesn't require constant tending

Circulates heat - Faster cooking times & Less moisture loss

Produces a natural convection effect - Needs no rotisserie

Can hold low temperatures for extending times - Excellent for slow cooking

FUEL

Uses natural lump charcoal (made from hardwoods) instead of briquettes

Better Flavor - Use Less - No Chemicals - Little Ash - Environmentally Sustainable

DUN-FOUND-IT GAME FOR AUGUST 18, 2016

Name: _____ Phone: _____

Miss Pearl's Country Cookin'

Confetti Puppy Chow

Original recipe makes 5 cups

- 5 oz vanilla-flavored candy coating (almond bark), chopped
- 2 tablespoons shortening
- 5 cups crispy corn and rice cereal (such as Crispix®)
- 1 1/2 cups white cake mix w/colored sprinkles
- 1/2 cup confectioners' sugar
- 2 tablespoons colored sprinkles

Combine vanilla almond bark and shortening in a microwave-safe bowl. Melt in microwave stirring every 30 seconds until mixture is smooth, about 90 seconds total. Place corn and rice cereal in a large bowl. Slowly pour the almond bark mixture over the cereal, stirring often to completely coat. Add cake mix and confectioners' sugar to cereal mixture; toss to coat. Shake sprinkles over the puppy chow.

Eclair Cake

original recipe makes 1 - 13x9 inch pan

- 2 (3.5 oz) packages instant vanilla pudding mix
- 1 (8 oz) container frozen whipped topping, thawed
- 3 cups milk
- 1 (16 oz) package graham cracker squares
- 1 (16 oz) package prepared chocolate frosting

In a medium bowl, thoroughly blend the pudding mix, whipped topping, and milk. Arrange a single layer of graham cracker squares in the bottom of a 13x9 inch baking pan. Evenly spread half of the pudding mixture over the crackers. Top with another layer of crackers and the remaining pudding mixture. Top with a final layer of graham crackers. Spread the frosting over the whole cake up to the edges of the pan. Cover, and chill at least 4 hours before serving.

Salsa Chicken Rice Casserole

Original recipe makes 8 servings

- 1 1/3 cups uncooked white rice
 - 2 2/3 cups water
 - 4 skinless, boneless chicken breast halves
 - 2 cups shredded Monterey Jack cheese
 - 2 cups shredded Cheddar cheese
 - 1 (10.75 oz) can condensed cream of chicken soup
 - 1 (10.75 oz) can condensed cream of mushroom soup
 - 1 onion, chopped
 - 1 1/2 cups mild salsa
- Place rice and water in a saucepan, and bring to a boil. Reduce heat to low, cover, and simmer for 20 minutes. Meanwhile, place chicken breast halves into a large saucepan, and fill the pan with water. Bring to a boil, and cook for 20 minutes, or until done. Remove chicken from water. When cool enough

to handle, cut meat into bite-size pieces. Preheat oven to 350 degrees F. Lightly grease a 9x13 inch baking dish. In a medium bowl, combine Monterey Jack and Cheddar cheeses. In a separate bowl, mix together cream of chicken soup, cream of mushroom soup, onion, and salsa. Layer 1/2 of the rice, 1/2 of the chicken, 1/2 of the soup and salsa mixture, and 1/2 of the cheese mixture in prepared dish. Repeat layers, ending with cheese. Bake in preheated oven for about 40 minutes, or until bubbly.

Greek Lemon Potatoes

original recipe makes 6 servings

- 3 lbs potatoes, peeled and cut into thick wedges
 - 1/3 cup olive oil
 - 2 lemons, juiced
 - 2 teaspoons salt
 - 1 teaspoon oregano
 - 1/2 teaspoon ground black pepper
 - 3 cups chicken broth
- Preheat oven to 400 degrees F. Put potato wedges into a large bowl. Drizzle olive oil and lemon juice over the wedges and toss to coat. Season potatoes with salt, oregano, and black pepper; toss again to coat. Spread potato wedges in a single layer in a 2 inch-deep pan. Pour chicken broth over the potatoes. Roast potatoes in preheated oven until tender and golden brown, about 1 hour.

Your Weekly Love Horoscope

Aries
March 21-April 19

The energy seems to be settling back into place and you're eager to re-establish your daily routine. Although you must work extra hard today, at least you're keeping up with your responsibilities. The more specific you are in your communication with your coworkers, the more you can expect to accomplish. But don't be concerned if your schedule falls apart later in the day; sometimes it's best to just laugh when things don't go the way you planned. Paradoxically, your cheerful flexibility allows changes to occur that make your day turn out even better than you thought possible.

Taurus
April 20-May 20

You have a solid idea of how you want your day to unfold and you're not willing to negotiate with anyone. The ability to stand strong with determination is one of your greatest assets. However, today's strength of character is best demonstrated by your ability to adapt to changes as they unfold rather than resisting them. As self-help author Tony Robbins says, "Stay committed to your decisions, but stay flexible in your approach."

Gemini
May 21-June 20

Although you are known for your talent of keeping things light and breezy, the Moon's conjunction with potent Pluto in your 8th House of Deep Sharing motivates you to dive into an emotional issue today without reserve. Thankfully, words come easily now, enabling you to ask probing questions in a disarming manner. However, you could discover something so shocking that you might wish you didn't dig so deep. Give it time for the new information to sink in; you will be richer in spirit for possessing the truth.

Cancer
June 21-July 22

Normally you can handle emotionally intense conversations, even if you hold your own feelings close to the chest. However, you may grow upset today if you are goaded into discussing delicate matters by someone who doesn't know when to stop pushing. You could surprise others -- you might even surprise yourself -- by the intensity of your reaction when you share your discomfort. Never be afraid to express the truth, but always do it with the utmost of respect and kindness.

Leo
July 23-August 22

Your coworkers might be quite annoying now, especially if your agenda is different from theirs. Although you prefer it when everyone follows your lead, you're willing to go off on your own in order to stay true to your highest calling. Thankfully, you are working with just the right cosmic balance today that makes you crazy enough to do anything, but sane enough to stick with the tried-and-true. Instead of running to the edge of the cliff, walking there slowly gives you sufficient time to rethink your options. Let your faith be bigger than your fear.

Virgo
August 23-September 22

You're still living under the illusion that more information is better than just a little bit. However, several planets in picky Virgo reinforce your desire to hold on to only the most useful data. Don't jump to any conclusions because your perspective will likely change and develop throughout the day. As Atticus said in To Kill a Mockingbird, "You never really understand a person until you consider things from his point of view, until you climb into is skin and walk around in it."

Libra
September 23-October 22

You're not interested in revealing too much about your feelings or your plans today as the strategic Moon-Pluto conjunction falls in your 4th House of Roots. In fact, others could see you as a stoic optimist who will not succumb to negative thinking. Although your logic is sound now, you may not reach the best decision unless you open your heart to the love and support that's all around you. Ultimately, you might not even need advice; you just need somebody to listen.

Scorpio
October 23-November 21

You have something significant to say about many different subjects today. Although you might prefer to remain quiet in a crowd, you're motivated to share what's on your mind with a receptive audience. You are viewing your world with a very practical lens now and are afraid that others could steer things in a different direction. Think through your message before speaking and be as concise as possible. Don't be dissuaded if you seem to be losing ground. Concentrate on your goal, speak your truth, and others will come around to your position in time.

Sagittarius
November 22-December 21

An investment opportunity may come your way today and you would be wise to pursue it with gusto. However, this is not a get-rich-quick scheme; you can't sit by idly and expect money to grow on trees. This is a hands-on chance to turn sweat equity into something of intrinsic value. Once you make a commitment to participate in the project, don't throw in the towel until you reach your goal. The future belongs to those who create it.

Capricorn
December 22-January 19

You are prepared to take a strong position on nearly any matter that comes to you for consideration today. In fact, you may react in such an extreme manner that your behavior is upsetting to others. Nevertheless, you're not likely to temper your words; everyone must simply deal with the truth as you see it. Unfortunately, the ruthless Moon-Pluto conjunction in your 1st House of Personality can make you less effective unless you're willing to soften your stance. As Chinese physician and novelist Han Suyin wrote, "There is nothing stronger in the world than gentleness."

Aquarius
January 20-February 18

You are working with specific goals in mind today, but you're more comfortable keeping them to yourself. The steady Capricorn Moon joins shadowy Pluto in your 12th House of Privacy, amplifying your power as long as you can surround yourself with an air of mystery. Additionally, you don't want to waste energy defending your plan until it has already gained enough momentum that it can't be stopped by someone else's criticism. Wait until the Moon returns to your sign tomorrow before you share any trade secrets.

Pisces
February 19-March 20

It actually takes a village to do anything of consequence today. The Moon's conjunction with ruthless Pluto in your 11th House of Community symbolizes the extraordinary power that is generated by a group. Buckminster Fuller coined the word "synergy" to mean "the behavior of whole systems is greater than the sum of its parts." Nevertheless, things could get out of control for a while, making you wish you had gone solo. Don't deviate from your mission; lead by example and the group will come through to support you in your work.
