Miss Pearl's Country Cookin'

Salsa Chicken

Original recipe makes 4 servings
4 skinless, boneless chicken breast halves
4 teaspoons taco seasoning mix
1 cup salsa
1 cup shredded Cheddar cheese
2 tablespoons sour cream (optional)

Preheat oven to 375 degrees F
Place chicken breasts in a lightly greased 9x13 inch baking dish. Sprinkle taco seasoning on both sides of chicken breasts, and pour salsa over all. Bake at 375 degrees F for 25 to 35 minutes, or until chicken is tender and juicy and its juices run clear. Sprinkle chicken evenly with cheese, and continue baking for an additional 3 to 5 minutes, or until cheese is melted and bubbly. Top with sour cream if desired, and serve.

Sopapilla Cheesecake Pie

original recipe makes 1 - 13x9 inch pan
2 (8 ounce) packages cream cheese, softened
1 cup white sugar
1 teaspoon Mexican vanilla extract
2 (8 ounce) cans refrigerated crescent rolls
3/4 cup white sugar
1 teaspoon ground cinnamon
1/2 cup butter, room temperature
1/4 cup honey

Preheat an oven to 350 degrees F. Prepare a 9x13 inch baking dish with cooking spray. Beat the cream cheese with 1 cup of sugar and the vanilla extract in a bowl until smooth. Unroll the cans of crescent roll dough, and use a rolling pin to shape each piece into 9x13 inch rectangles. Press one piece into the bottom of a 9x13 inch baking dish. Evenly spread the cream cheese mixture into the baking dish, then cover with the remaining piece of crescent dough. Stir together 3/4 cup of sugar, cinnamon, and butter. Dot the mixture over the top of the cheesecake. Bake in the preheated oven until the crescent dough has puffed and turned golden brown, about 30 minutes. Remove from the oven and drizzle with honey. Cool completely in the pan before cutting into 12 squares.

Oven Fries

Original recipe makes 6 servings
2 1/2 pounds baking potatoes
1 teaspoon vegetable oil
1 tablespoon white sugar
1 teaspoon salt
1 pinch ground cayenne pepper

Preheat oven to 450 degrees F. Line a baking sheet with foil, and coat well with vegetable cooking spray. Scrub potatoes well and cut into 1/2 inch thick fries. In a large mixing bowl, toss potatoes with oil, sugar, salt and red pepper. Spread on baking sheet in one layer. Bake for 30 minutes in the preheated oven, until potatoes are tender and browned. Serve immediately.

Cocktail Meatballs

original recipe makes 10 servings
1 pound lean ground beef
1 egg
2 tablespoons water
1/2 cup bread crumbs
3 tablespoons minced onion
1 (8 ounce) can jellied cranberry sauce
3/4 cup chili sauce
1 tablespoon brown sugar
1 1/2 teaspoons lemon juice

Preheat oven to 350 degrees F. In a large bowl, mix together the ground beef, egg, water, bread crumbs, and minced onion. Roll into small meatballs. Bake in preheated oven for 20 to 25 minutes, turning once. In a slow cooker or large saucepan over low heat, blend the cranberry sauce, chili sauce, brown sugar, and lemon juice. Add meatballs, and simmer for 1 hour before serving.

Your Weekly Love Horoscope

Aries March 21-April 19

It's easy to forget your real worth now if you're confused by a spiral of self-doubt. Although you may be the target of someone's negativity, other people's actions might actually be a reminder to examine your own role in the current conflict. Don't succumb to the temptation of escaping into indulgences or denial. Instead, buckle down and overcome the resistance by tackling your obligations one at a time in an orderly manner. Work hard in silence; let your success be your noise.

Taurus April 20-May 20

Your inner work is preparing you to make external changes that involve others in your life. Although this emotional process should be relatively straightforward while the Moon is visiting your determined sign, you could meet one challenge after another now. Don't even consider quitting, no matter how weary you are of confronting adversity. The looming Mars-Saturn conjunction is one of the best transits for concentration and productivity, even if you're annoyed about how the current circumstances are unfolding. Put your suppressed anger to good use and you will be blessed with something lasting to show for it.

Gemini May 21-June 20

A sudden realization reveals a radical solution to an existing problem today. But you must consistently follow through on your intentions or people will lose faith in you. A hard-core conjunction between expressive Mars and repressive Saturn imposes limits that separate truth from fiction now. Relationships can be tested by a lack of trust or by mounting stress; if you value the connection, focus on fixing the situation instead of adding more emotional fuel to the fire. St. Thomas Aquinas wrote, "A man has free choice to the extent that he is rational."

Cancer June 21-July 22

An out-of-the-box breakthrough at work drives home the idea that you can do anything you set your mind to now. However, hot-to-trot Mars pushes against the cooling authority of Saturn, causing frustration to build to a breaking point. Resolving your dilemma seems impossible today, for there's no easy way to express your feelings without creating an unwanted negative response in return. Take a walk, engage in strenuous exercise, or do some yoga -- anything that burns off excess energy. Ultimately, the solutions based on meticulous planning combined with hard work are the ones that will accomplish the most.

Leo July 23-August 22

You might believe your new plan will solve all that ails you. However, a tough Mars-Saturn hookup in your 5th House of Self-Expression puts an end to any pie-in-the-sky thinking. Forget about making grand gestures and fulfilling your desire to be king of the jungle. Instead, just take the practical route and focus all your energy now on overcoming the obstacles in front of you. This is your time to squash the lingering resistance that prevents you from experiencing happiness. As Gandhi said, "Satisfaction lies in the effort, not in the attainment. Full effort is full victory."

Virgo August 23-September 22

Escaping to an exotic location might sound like the spiritual antidote you need now, but the practical realities of your life won't allow such irresponsible behavior. Assertive Mars joins up with make-it-real Saturn in your 4th House of Foundations, requiring you to take a small but solid step toward upgrading your domestic life. Strengthen family bonds by working for a common cause. Choose your actions carefully, for anything put into motion now will produce positive results, as long as you don't expect it to be an overnight success.

Libra September 23-October 22

You may experience a heightened sense of frustration now as energetically expressive Mars slams into the confines of Saturn's walls. This is not the best time to push your opinions on others. Easing up in your approach helps to create the enduring impact you hope to achieve. Don't wag your tongue or scatter your energies; instead, focus your intentions and act with conviction. Handling issues with serious determination can finally free you from the constraints that have limited your success in the past.

Scorpio October 23-November 21

You prefer to keep your vulnerabilities hidden under lock and key, but they can still find a way to surface. Although you may be managing a crisis in the material world, there are other issues to consider now. While you could be short of cash or feel restrained by someone who isn't acknowledging your true worth, the real dilemma is your inability to just be yourself. Remember, you might be bringing leftover feelings of rejection into this new situation. Forgiving the past empowers you to face the present with compassion for everyone you encounter. Loving others starts with loving yourself.

Sagittarius November 22-December 21

Choices made now are likely to have long-term consequences, especially regarding your career. Sobering Saturn anchors impulsive Mars in your inspirational sign, so don't expect a success story to develop if you act out of haste. The bigger the commitment, the more cautious you should be about making it. If you feel competitive juices flowing or your adrenaline rising, contain the excitement so you can direct it with clear purpose and maximum control. Channel your passion into your work.

Capricorn December 22-January 19

A complex combination of overreaction and self-restraint makes for an emotionally trying day. The planetary pressure builds and you could feel either confined or ignored as assertive Mars meets up with oppressive Saturn. Use these conflicting energies in a constructive manner by hatching a plan that is consistent with your destiny as you see it. This moment in time is just the start of a long process, so don't worry if everything seems to move in slow motion for a while. The art of discipline is just choosing between what you want now and what you want most.

Aquarius January 20-February 18

Hang on to your hat, for an instant replay of the past few months is possible today. You are caught in the middle of a cosmic game of chance, reminding you of other times in your life when you didn't get what you wanted, or when you fell short of your target. One minute you're not sure of your next move, and the next moment you're impulsively jumping into a new venture or relationship without considering the ramifications. But don't try to make anything permanent now. Letting the energy play on through allows you to find a unique solution to this familiar predicament.

Pisces February 19-March 20

Power struggles are spawned by your bright ideas and the subsequent resistance you encounter. However, self-restraint is the key ingredient for moving through this dynamic phase when impetuous Mars slams into cautious Saturn in your 10th House of Career. What began as a whimsical inspiration now requires planning and management. Push ahead with determination, even when pleasure tempts you to relax. Skipping a party or missing a concert won't feel like a sacrifice when keeping your commitment to yourself can be so much more satisfying in the long run.
