## Miss Pearl's Country Cookin'

### Buttermilk Fried Chicken

*original recipe makes 4 servings*

1 (3 lb.) fryer, cut into pieces  
2 cups buttermilk  
1 large onion, sliced  
1/4 cup chopped mixed fresh herbs) or  
a teaspoon each of the dried herbs.  
1/2 teaspoon paprika  
1/2 teaspoon cayenne pepper  
2 cups flour  
1/2 teaspoon garlic salt  
1/2 teaspoon onion salt  
1 teaspoon cayenne pepper  
Salt and pepper  
2 cups canola oil, or other high smoke-point oil

Soak chicken overnight (at least 8 hours and up to two days) in buttermilk with onions, herbs, paprika, and cayenne pepper. Drain in a colander, leaving some of the herbs on chicken. In a large paper or plastic (sturdy) bag, mix flour with seasonings. Meanwhile, heat 2 cups of oil in a large, heavy-bottomed skillet (cast iron, stainless steel, or anodized aluminum - something that can take the heat) on medium high heat until a pinch of flour starts to sizzle when dropped in the hot oil (but not so hot that the pan is smoking). Remember when working with hot oil, always have a pan lid close by. Place chicken pieces in bag with flour and shake until thoroughly coated. Add chicken to hot pan and fry on 1 side for 12-15 minutes, until golden brown, and then use tongs to turn the pieces over and fry for another 10-12 minutes, again until golden brown. Be careful to keep the oil hot enough to fry the chicken, but not so high as it burns the chicken. To do this on our electric stove we have to alternate the settings between high to medium high several times while we are cooking. 4 Use tongs to remove chicken from pan. Place on a rack over a cookie sheet or broiling pan for the excess oil to drain. Add more salt and pepper to taste.

### Chocolate Pudding

1/4 cup sugar  
1/4 cup unsweetened cocoa powder  
2 Tbsp cornstarch  
Pinch of salt  
2 cups whole milk  
1 large egg  
4 ounces semi-sweet chocolate chips  
Four 6-ounce ramekins or custard cups

Whisk together the sugar, cocoa powder, cornstarch, and salt in a heavy 2-quart saucepan. Gradually whisk in the milk. Bring to a boil, whisking constantly, and boil, whisking, until pudding is thick, about 3 to 5 minutes. Remove from heat. Immediately beat the egg lightly in a medium, heat-proof bowl, such as a hard plastic or ceramic mixing bowl. Very gradually add the hot chocolate mixture to the egg, whisking constantly. Whisk in the chocolate chips until they are melted and the mixture is smooth. Pour the pudding into the ramekins or cups. If you want, cover the surface of each of the pudding cups with some cut out wax paper to prevent a skin from forming on the top of the pudding. Refrigerate, covered, until cold, at least 2 hours. *Optional: Serve with whipped cream.*

### Cheese Biscuits

2 cups + 2 tablespoons all-purpose flour  
dash cayenne  
1/4 teaspoon salt  
1/2 teaspoon black pepper  
2 teaspoons baking powder  
7 tablespoons butter, cold  
2 scallions, finely chopped  
3 oz. grated Parmesan  
cheese  
3/4 cup buttermilk

Kosher, Maldon, or Black salt for topping (optional; not table/iodized salt)  
Preheat the oven to 425°F. In a large bowl whisk together the flour, cayenne, black pepper, baking powder, and salt. Set aside. Dice the butter into small pieces. If they get too warm then place them in a bowl and put it in the freezer for about 10 minutes before continuing. Toss the diced butter with the flour mixture until well coated. (Again, if into tossing the butter gets hot in your hands place the whole mixture in the freezer for a few minutes.) Add the scallions and cheese and toss until well coated. Add the buttermilk and mix with your hands until it just comes together. You may find you need an extra dribble of buttermilk, if so then go right ahead but do so judiciously. Do not over-knead. Roll the dough out onto a lightly floured surface. Knead once or twice; no more. Form into an 8x8-inch square and cut into 2x2-inch squares and top with a bit of high-quality salt if using. Bake for 12-16 minutes or until golden.

**Your Weekly Love Horoscope**

 <b>Aries</b> March 21-April 19	 <b>Taurus</b> April 20-May 20	 <b>Gemini</b> May 21-June 20	 <b>Cancer</b> June 21-July 22	 <b>Leo</b> July 23-August 22	 <b>Virgo</b> August 23-September 22
Encouragement from allies continues to strengthen your resolve, but even the tiniest cracks in your confidence prompt you to wonder if you're still on the right track. You set your professional goals high and you're determined to climb the ladder of success right to the top. Ambition is healthy as long as you don't ride roughshod over your supporters on your way up. Winners are ordinary people with extraordinary hearts.	It might seem as if you have everything under control today, but a slight misjudgment can unravel your plans quickly. Although your analysis led you to an obvious conclusion, a twist of fate makes you wish you didn't climb so far out on a limb. Unfortunately, there is no easy formula for untangling this logistical mess and finding your way back to safety. Take each step one at a time, without assuming you know what comes next. Motivational speaker Garrison Wynn said, Action and adaptability create opportunity.	You could easily take your current creative energy too far today, threatening the safety net that's already in place at work. Naturally, you want to express your passion while also demonstrating your productivity, but it's challenging to balance your artistic inclination with the practical considerations of the day. Take a moment to reevaluate your skills and be certain you know what's expected of you before you do something you might soon regret. People with good intentions make promises; people with good character keep them.	Keeping your desires under wraps seems like a smart strategy today. You don't want to create any weird interpersonal dynamics and you're afraid that talking about your feelings will complicate matters at work. It appears as if sharing your attractions and repulsions is not the problem; it's how others respond that makes things messy. However, as Noam Chomsky wrote, "You are responsible for the predictable consequences of your actions."	Believe it or not, you can't continue to pack more and more activities into your day without hitting a wall. Intellectually, you realize there are complex logistics in the mix that also influence your decision-making process. Nevertheless, you might play a game with reality today as you push the limits in order to establish a new boundary. Mountaineer Jim Whitaker said, "You learn the most when you're out on the edge."	Exercising a bit of caution makes a lot of sense today when it comes to sharing your opinions. Although your comments may be welcome by most people, you could provoke the ire of an opponent if your criticism is based on unfulfilled needs. You might not even realize how much your frustrations are communicated alongside everything you say and do. Zig Ziglar wrote, "You cannot tailor-make the situations in life, but you can tailor-make the attitudes to fit those situations."
 <b>Libra</b> September 23-October 22	 <b>Scorpio</b> October 23-November 21	 <b>Sagittarius</b> November 22-December 21	 <b>Capricorn</b> December 22-January 19	 <b>Aquarius</b> January 20-February 18	 <b>Pisces</b> February 19-March 20
Agreeing with you is easy because you act as if your beliefs are ultimately no different than anyone else's. Nevertheless, you can ruffle someone's feathers today if you think he or she is spouting nonsense. You possess plenty of good will and smooth charm, but you're unwilling to let someone grab the controls and throw your day into turmoil. Winston Churchill said, "Courage is what it takes to stand up and speak; courage is also what it takes to sit down and listen."	At first, you seem to be very optimistic today, encouraging others to take risks and live out their dreams. But in return, you also expect your friends to demonstrate their loyalty by fully supporting your ideas. However, your upbeat perspective can change as quickly as the people around you shift their positions. Nevertheless, if someone doesn't seem so enamored with your plans, don't press the issue. Instead of wasting your time by creating a showdown now, just get on with your work. Your success will be the sweetest revenge.	Your future is looking brighter than ever but you're not sure where to channel all of your current enthusiasm. On one hand, you're ready to take on the world; whatever reality throws at you today becomes grist for your mill. On the other hand, you wish you could entirely avoid the noise of crowds now. Honestly, you could benefit from a temporary break in the action. A little peace and quiet gives you the chance to manifest your dreams.	Your attention span is limited today, tempting you to grow bored of recent developments at work. However, it's not wise to walk away from an opportunity before you even explore what it offers. Just be sure to question everything today; if you start off with bad data, you'll likely compound the problem and end up with faulty conclusions. Check your assumptions and doublecheck your sources for the best results.	You're eager to take an idea and run with it as far as you can go. But it's perfectly normal if you start to doubt your actions somewhere along the way. Remember to maintain a balanced approach when uncovering the truth or you could lead yourself astray. You recognize there's a fine line between unbiased information and subjective opinions, enticing you to dance on the edge where reality is uncertain enough that you can make it whatever you choose. Albert Einstein quipped, "If the facts don't fit the theory, change the facts."	You might not share the same perspective as your friends today, but you don't need to make a big deal over your differences. In fact, there's something important for you to learn by seeing an issue from another point of view. Forget about trying to prove who is right; instead, assume there is truth in both positions. Tom Robbins wrote, "Our similarities bring us to a common ground; our differences allow us to be fascinated by each other. Diversity is the spice of life."
