Lease-purchase was established as an alternative to mini-warehousing. Our no-strings plan allows you to have your own storage facility for your backyard or business, when and where you need it. The low monthly rental rates are comparable to mini-warehousing rates per square foot. You are not required to fill out a credit application, nor are you required to keep your building. FREE delivery within 50-mile radius of dealer. Lease-purchase prices are based on 36 months. Pay off any time with no penalty.

Miss Pearl's Country Cookin'

Burrito Casserole

original recipe makes 8-10 servings

- 1 lb ground beef or 1 lb ground turkey
- 1/2 medium yellow onion, chopped
- 1 (1 1/4 oz) package taco seasoning
- 6 large flour tortillas
- 1 (16 oz) can refried beans
- 2-3 cups shredded taco cheese or
- 2-3 cups cheddar cheese
- 1 (10 3/4 oz) can cream of mushroom soup
- 4 ounces sour cream

Brown ground meat/turkey & onion; drain. Add taco seasoning and stir in refried beans. Mix soup and sour cream in a separate bowl. Spread 1/2 sour cream mixture in the bottom of a casserole dish. Tear up 3 tortillas and spread over sour cream mixture. Put 1/2 the meat bean mixture over that. Add a layer of cheese. You could put some hot sauce on this now. Repeat the layers. Sprinkle cheese over the top and bake, uncovered, at 350°F for 20-30 minutes.

Scalloped Potatoes

original recipe makes 6 servings

- 4 cups thinly sliced potatoes
- 3 tablespoons butter
- 3 tablespoons flour
- 1 1/2 cups milk
- 1 teaspoon salt
- 1 dash cayenne pepper
- 1 cup grated sharp cheddar cheese
- 1/2 cup grated cheese, to sprinkle on top
- paprika

In a small sauce pan, melt butter and blend in flour. Let sit for a minute. Add all of cold milk, stirring with a whisk. Season with salt and cayenne. Cook sauce on low until smooth and boiling, stirring occasionally with a whisk. Reduce heat and stir in cheese. Place a half of the sliced potatoes in a lightly greased one quart casserole dish. Pour half of cheese sauce over potatoes. Repeat with second layer of potatoes and cheese sauce. Sprinkle the remaining cheese on top. Top with some paprika for color. Bake uncovered for about 1 hour at 350°F.

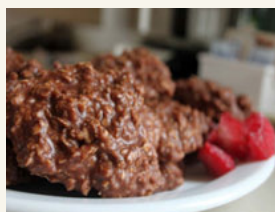

No-Bake Chocolate Oatmeal Cookies

original recipe makes 24 cookies

- 1/2 cup butter
- 1 1/2 cups white sugar
- 1/2 cup packed brown sugar
- 1/2 cup milk
- 4 tablespoons cocoa
- 1 pinch kosher salt
- 1/2 cup creamy peanut butter
- 2 teaspoons vanilla
- 3 cups dry quick-cooking oats

Add the first six ingredients into a 4-quart sauce pan. Bring to a rolling boil and hold for 1 minute. Remove from heat. Add peanut butter into the hot mixture and stir until melted. Add in vanilla. Mix in the dry oats until they are completely coated. Drop cookies by tablespoonfuls onto wax paper. Let cool until set.

Mini Tacos

original recipe makes 24 mini tacos

- 24 wonton wrappers
- 1 lb hamburger
- 1 (1 1/4 oz) package taco seasoning
- 1/2 cup salsa or 1/2 cup picante sauce
- 3 tablespoons salsa
- 1 cup shredded cheese
- sour cream (optional)
- olive (optional)
- guacamole (optional)

Cook hamburger until browned. Drain the fat and stir in taco mix and 1/2 cup salsa/picante sauce. Simmer for 3-5 minutes. Press wonton wrappers into mini muffin cups. Spoon beef mixture in cups and top with the 3 tbsp of salsa and cheese, evenly divided. Bake in preheated 425°F oven for 8 minutes, or until the wontons are nicely browned. Serve with extra salsa, sour cream, olives and guacamole if desired.

Your Weekly Love Horoscope

Aries
March 21-April 19

A slow start to your work today could lead to never-ending frustration, especially if you have a long list of things to do. Nevertheless, you're spinning your wheels without making much headway and it might even seem as if the harder you try to get traction now, the slower your progress. Fortunately, patience pays off and production that was stalled earlier begins to roll along later in the day. However, your expectations may rise just as fast as your confidence. You can avoid setting yourself up for failure by establishing realistic goals and relying on your sense of humor to provide comic relief along the way.

Taurus
April 20-May 20

An emotional conflict early in the day might leave you with unresolved anger later on. You are annoyed with your performance if you freeze in the heat of an argument, leaving important things unsaid. Nevertheless, your perspective on the interaction changes once the Moon shifts from your sign to the adaptable realms of airy Gemini. Although you may nurse hurt feelings for a little while, a fresh breeze blows through your life, enabling you to move on without harboring any ill will. There's no reason to hang onto the past when the future looks so good; there are no regrets in life, just lessons.

Gemini
May 21-June 20

You've been hiding in the shadows for too long and are now ready to come out of your shell. Thankfully, your world lightens up once the reflective Moon enters your sign this afternoon. It's as if the storm clouds suddenly disappear, leaving blue sky in every direction. However, dwelling on your feelings today only slows you down. Sometimes you need to stop and listen to your heart, but now it's time for bold action. Adventure awaits and the sooner you step into your future, the shorter your journey will be.

Cancer
June 21-July 22

You're slightly uncertain about your next move, even if there appears to be a reward -- monetary or emotional -- heading your way. You are not in such a rush now and may prefer to slow your pace for the sake of simplicity. You assume the good news will still be there when you arrive, even if it takes a few more days to collect on the cosmic goodies. Thankfully, your logic is sound and it might make sense to postpone any major push forward until the Moon reaches your sign on Saturday. According to a Welsh proverb, "More the hurry, more the obstacles."

Leo
July 23-August 22

It's as if you are in a sailboat trying to reach your destination but the breeze isn't blowing in your direction. Thankfully, a change in the cosmic weather fills your sails today and propels you along your way. But don't assume the winds will remain steady, for the flighty Gemini Moon is capricious in nature. Just as you get accustomed to one feeling, there's another unexpected shift. Fortunately, being prepared for the instability in the air enables you to be more adaptable when plotting your course. Be stubborn about your goals, but flexible about your methods.

Virgo
August 23-September 22

Just as you are ready to settle into a wave of stability in your life, another round of changing dynamics requires your undivided attention on the job front. You rather enjoyed the temporary peace and quiet, but now you must respond to the noise as the Moon flies into interactive Gemini and your 10th House of Public Life. It's nearly impossible to retreat to a space where you can simply focus on your work. Treat the distractions as a harmless test of your patience and willpower. Thankfully, annoyance transforms to optimism as the evening approaches and you can see how much you managed to accomplish in spite of

Libra
September 23-October 22

After a morning of inner stress or outer disagreements, you're quite happy when the resistance fades and you're back in a groove. It takes quite a bit to push you to the point of fueling a conflict, but you might not be satisfied with the way things are going now. Don't slip into denial; the adage, "no pain, no gain" could be your mantra while the Moon is still camped out in obstinate Taurus. Thankfully, your awareness of the current dynamics catalyzes changes later in the day that enable you to regroup and reestablish your center of gravity.

Scorpio
October 23-November 21

It might feel as if people are pushing back at your every move. Even your casual comments seem to elicit negative responses from those close to you. Naturally, you prefer support rather than opposition, but it's best if you don't stir the pot needlessly. Happily, the emotional climate changes when the stubborn Taurus Moon enters curious Gemini and your 8th House of Deep Sharing. Paradoxically, your conversations flow easier even as the emotional intensity increases. As George Bernard Shaw wrote, "The single biggest problem in communication is the illusion that it has taken place."

Sagittarius
November 22-December 21

Your optimism soars on its own wings today, even if there's nothing in your world that changes other than your perspective. Fortunately, your attitude is within your control and when you shift your thinking in a positive direction, everything in the outer world shifts with it. But this is not about ignoring the truth; it's about using your imagination to create a path to a better future. If every thought you think is actively altering your destiny, it's wise to mainly focus on manifesting your dreams.

Capricorn
December 22-January 19

Although you may encounter a few stumbling blocks today, your pragmatic outlook and sheer determination empower you to accomplish your goals. But rather than resting on your laurels, you aren't content with your achievements as expansive Jupiter tempts you to set even higher standards. You might not be able to turn off your restless mind when it's seeking new lands to conquer, but you can moderate your ambition with emotional awareness. Reaching for higher ground is admirable, but don't forget to give yourself time to enjoy the fruits of your labor

Aquarius
January 20-February 18

You might realize that you can't avoid confronting a lingering issue head-on today. Your impatience reaches a boiling point as the Moon shifts into fickle Gemini and your 5th House of Self-Expression, compelling you to make your move. It seems as if the main obstacles are now gone. In fact, there's no resistance at all when you speak directly from your heart. But talk is cheap; you must follow up your message with decisive action. As the saying goes, "Do it today or regret it tomorrow."

Pisces
February 19-March 20

The luxury of reveling in a past accomplishment is over. You must demonstrate to everyone that a recent success was not a fluke or a flash in the pan. But you have more options now than you did before and your next victory or failure will be a result of the path you pick today. Unfortunately, you never know for sure where the road of life will lead. Nevertheless, it's wise to make decisions based upon facts rather than fantasies. You might be free to make certain choices, but you're not free from the consequences of your choice.
