### Beef Jerky

*original recipe makes 4 lbs*

4 pounds round steak  
4 tablespoons onion powder  
1 1/3 teaspoons black pepper  
1 1/3 teaspoons garlic powder  
2 pinches salt  
1 teaspoon dry Italian-style salad dressing mix  
1 cup Worcestershire sauce  
1 cup soy sauce  
1 teaspoon hot pepper sauce  
Cut meat into strips no thicker than 1/4 inch. In a large bowl, mix together onion powder, pepper, garlic powder, salt and Italian seasoning. Stir in Worcestershire sauce, soy sauce and pepper sauce.

Place meat into a container, and combine with marinade. Cover, and refrigerate 24 hours. Place oven rack on the highest level. Place aluminum foil on bottom of oven to catch drips. Preheat oven to 150 degrees F. Insert round toothpicks through the tops of the strips of meat, and hang them from the oven rack. Bake in preheated oven for 4 hours, or until dried to desired consistency.

### Honey Mustard Grilled Chicken

*Original recipe makes 4 servings*

1/3 cup Dijon mustard  
1/4 cup honey  
2 tablespoons mayonnaise  
1 teaspoon steak sauce  
4 skinless, boneless chicken breast halves

Preheat the grill for medium heat. In a shallow bowl, mix the mustard, honey, mayonnaise, and steak sauce. Set aside a small amount of the honey mustard sauce for basting, and dip the chicken into the remaining sauce to coat. Lightly oil the grill grate. Grill chicken over indirect heat for 18 to 20 minutes, turning occasionally, or until juices run clear. Baste occasionally with the reserved sauce during the last 10 minutes.

### Corn Casserole

*original recipe makes 8 servings*

1/2 cup butter, melted  
2 eggs, beaten  
1 (8.5 ounce) package dry corn bread mix  
1 (15 ounce) can whole kernel corn, drained  
1 (14.75 ounce) can creamed corn  
1 cup sour cream  
Preheat oven to 350 degrees F, and lightly grease a 9x9 inch baking dish. In a medium bowl, combine butter, eggs, corn bread mix, whole and creamed corn and sour cream. Spoon mixture into prepared dish. Bake for 45 minutes in the preheated oven, or until the top is golden brown.

### Peanut Butter Pie

*original recipe makes 1 pie*

1 (9 in.) prepared graham cracker crust  
1 (8 oz.) package cream cheese, softened  
1/2 cup creamy peanut butter  
1/2 cup confectioners' sugar  
1 (16 oz.) container frozen whipped topping, thawed  
15 miniature chocolate covered peanut butter cups, unwrapped  
Mix the cream cheese, confectioners' sugar and peanut butter together until smooth. Fold in 1/2 of the whipped topping. Spoon the mixture into the graham cracker crust. Place the remaining whipped topping over the top of the peanut butter mixture and garnish with the peanut butter cups. Chill for at least 2 hours or overnight before serving.

# Your Weekly Love Horoscope

### Aries

**March 21-April 19**

Although you're in a playful mood today, you're secretly concerned your current joy won't last. The lively Leo Moon buzzes with excitement in your 5th House of Fun and Games, but you can't avoid your obligations while Mercury retrogrades through your 6th House of Employment. You know the power of the present moment and can make the most of your positive attitude, but the pressure of work-related commitments is never far away. Unfortunately, Abraham Lincoln was right when he said, "You cannot escape the responsibility of tomorrow by evading it today."

### Taurus

**April 20-May 20**

You enjoy the consistency of your everyday routine. But one annoying distraction after another prevents you from settling into a regular daily schedule while mischievous Mercury backtracks through your 5th House of Spontaneity. Instead of adding to the frustration by denying your creative self-expression, have fun whenever the circumstances allow. Of course, your chores will still be there when you return. Remember, you're the only person accountable for the quality of your life. Work hard; play harder.

### Gemini

**May 21-June 20**

You wish you were free to pursue your creative dreams, but you're not quite ready to sacrifice your current stability. Trickster Mercury has started a 3-week remedial project in your 4th House of Family, burdening you with the task of managing household logistics. You might be overwhelmed with scheduling details and juggling your commitments in order to keep everyone and everything on track. Thankfully, taking care of personal business now leads to profound emotional satisfaction. Be patient; you'll have plenty of time for your own fun and games down the road.

### Cancer

**June 21-July 22**

You might feel as if you're caught in a time loop, revisiting the same conversation again and again. Each time around, there are slightly different nuances that bring new issues to light. Mental Mercury's retrograde in your 3rd House of Communication is like your own personal Groundhog Day, requiring you to go around and around until you finally get it right. Believe it or not, there's no reason to be in a hurry now; the deeper you sink, the more you discover about yourself and those you love. A lesson will repeat itself until learned.

### Leo

**July 23-August 22**

You're eager to present a show-and-tell today, but you won't be satisfied with a simple presentation. Although the dramatic Leo Moon fuels your enthusiasm, it's challenging to sustain it unless you know you're having a positive impact on your audience. You want to initiate a process that encourages people to do something meaningful with their lives as Mercury retrogrades through your 2nd House of Core Values. As Thoreau wrote, "Live your beliefs and you can turn the world around."

### Virgo

**August 23-September 22**

You don't want everyone to know your business now; in fact, you might be happiest doing your thing behind the scenes instead of under the bright spotlight. Ironically, you would like recognition for your contribution to a project, but not while Mercury is retrograde in your perfectionist sign. If you use these days to work out the kinks in your routine, you'll be more confident when others can finally see you in your full glory. In the final analysis, your work ethic should have nothing to do with the acknowledgment you could receive. The only person you need to impress is yourself.

### Libra

**September 23-October 22**

Your social life is on the move, but you're not quite ready to roll with all the activity. You like the idea of mingling among friends, experiencing the bright lights and creating a memorable time. But Mercury's retrograde through your 12th House of Privacy pulls you away from large crowds and unnecessary chatter. You might feel conflicted because you need silence now to hear your own inner voice and are afraid of losing touch with the source of your inspiration. Life is so much better when you focus on what really matters.

### Scorpio

**October 23-November 21**

You hold your friends in high regards, but you also hold yourself to higher standards than anyone else. In fact, you might harbor regrets about your shortcomings in the public arena while analytical Mercury backtracks through your 11th House of Social Networking. Don't cry over spilled milk; just clean it up the best you can and move on. Although you may think too much time has passed, it's never too late to do the right thing.

### Sagittarius

**November 22-December 21**

You are finally free to explore a wide variety of options for your future on your own terms. The fact of the matter is you were carrying a heap of responsibilities that had to be fulfilled before you could move on. However, you might be reconsidering a recent career decision, wondering if you acted in haste. Mercury's retrograde dance in your 10th House of Profession isn't meant to send you into a tailspin of self-doubt. The truth is that you're being given a few extra weeks to re-evaluate your new plans before etching them in stone. Examining every alternative from every angle sets you up for success.

### Capricorn

**December 22-January 19**

You may see your career as a game of skill and chance now. You're eager to play the next round as you establish new goals. But you might be wondering if your current trajectory is still the best one for you. Don't worry if answers are not forthcoming while intellectual Mercury backtracks through your 9th House of Higher Truth. Keep your eyes on the horizon; the details will gradually come into focus over the next few weeks. Tennis champion Arthur Ashe said, "Success is a journey not a destination. The doing is often more important than the outcome."

### Aquarius

**January 20-February 18**

Someone special may be putting on an unexpected show for you and you like what you see. But you don't necessarily have an agenda for any relationship now, whether it's business or personal. You prefer to gather information while interactive Mercury retrogrades through your 8th House of Deep Sharing for the next few weeks. Don't eliminate any possibilities yet, because there's magic stewing in the cosmic slow cooker and it's impossible to tell how it will manifest. Blessed are the flexible for they shall not be bent out of shape.

### Pisces

**February 19-March 20**

You want to make your mark at work now by performing your duties in an exemplary manner. But it's not just about your actions, because talkative Mercury's retrograde in your 7th House of Partnerships emphasizes the give and take of conversation. Ironically, your productivity is less important than your words today, assuming you're also willing to listen. It's so compelling to be understood that sometimes it's easy to forget to be understanding. Seek respect, not attention; it lasts longer.
