Archery Day at the Tennessee

National Wildlife Refuge The Tennessee National Wildlife Refuge will be holding an Archery Day on Saturday, September 16th from 10am to 3pm at the Refuge, which is located at 1371 Wildlife Drive in Springville. Archery has been a form of hunting for hundreds of years. Come out to the refuge to learn about this primitive skill that is easy to learn but hard to master. Several staff and volunteers will be here to educate and guide all participants in proper handling and use of equipment. Following the classroom program, there will be a field exercise where participants will be able to practice on a range, then they can try their hand on a 3-D course on the Discovery Nature Trail. All ages are encouraged to come and no prior experience is necessary. The Refuge suggests that everyone wear good walking shoes and all participants must use the refuge's equipment.

Learning Lourve Class The Learning Lourve evening painting sessions with Instructor Dani Poe will be offered the third Wednesdays of each month, beginning on Wednesday, September 20th from 7pm to 9pm at Lee Academy. Other Learning Lourve classes will be held on the Wednesdays of October 18th, November 15th and December 20th from 7pm to 9pm. Are you curious about the history of your favorite paintings? Paint along with Poe as she guides you through the story of some of your favorite paintings and their creators. As you listen and ask questions about the art work, you will also create your own replica of that masterpiece. If your favorite Masterpiece isn't scheduled yet, please send Lee

Academy an email so they can plan for it. The cost of the class is \$35. There is a maximum of 20 people for the class and the class is open to adults ages 16 and older. All supplies of the will be provided except for the snacks and drinks. For more information on how to register you can call Lee Academy at 642- 3411 or you can visit their website at schoolfort- hearts.org.

Miss Pearl's Country Cookin'

Apple Sauce
original recipe makes 4 servings
6 cups apples - peeled, cored, chopped
3/4 cup water
1/8 teaspoon ground cinnamon
1/8 teaspoon ground cloves
1/2 cup white sugar

In a 2 quart saucepan over medium heat, combine apples, water, cinnamon, and cloves. Bring to a boil, reduce heat, and simmer 10 minutes. Stir in sugar, and simmer 5 more minutes.

Tatertot Bake
Original recipe makes 6 servings
1 pound ground beef
1 onion, chopped
salt and pepper to taste
1/2 (32 oz) package tater tots
1 (10.75 oz) can condensed cream of mushroom soup
1/2 cup milk
1 1/2 cups shredded Cheddar cheese

Preheat oven to 350 degrees F. In a large skillet over medium-high heat, brown the ground beef with the onions. Drain excess fat, and season with salt and pepper to taste. Spread the beef mixture evenly over the bottom of a 2 quart casserole dish. Arrange tater tots evenly over beef layer. In a small bowl, stir the soup into the milk until smooth; pour over tater tot and beef layers. Sprinkle Cheddar cheese evenly over the top. Bake in preheated oven for 30 to 40 minutes, until cheese is bubbly and slightly brown.

Mini Cheesecakes
original recipe makes 48 mini cakes
1 (12 oz) package vanilla wafers
2 (8 oz) packages cream cheese
3/4 cup white sugar
2 eggs
1 teaspoon vanilla extract
1 (21 oz) can cherry pie filling

Preheat oven to 350 degrees F. Line miniature muffin tins (tassie pans) with miniature paper liners. Crush the vanilla wafers, and place 1/2 teaspoon of the crushed vanilla wafers into each paper cup. In a mixing bowl, beat cream cheese, sugar, eggs and vanilla until light and fluffy. Fill each miniature muffin liner with this mixture, almost to the top. Bake for 15 minutes. Cool. Top with a teaspoonful of cherry pie filling. Pour cooled mixture into an ice cream maker, and freeze according to the manufacturer's instructions.

Cheesesteak Egg Rolls
original recipe makes 8 eggrolls
1 tablespoon vegetable oil
1 onion, chopped
1 (12.5 oz) package frozen sandwich steak meat
1 (14 oz) package egg roll wrappers
4 slices American cheese, halved
2 cups oil for frying, or as needed
1/4 cup ketchup

Heat skillet with the tablespoon oil over medium heat. Add onion; cook and stir until onion is translucent, about 5 minutes. Break frozen steak pieces into skillet; cook and stir until steak is no longer pink, about 10 minutes. Remove from heat and set aside. Arrange egg roll wrappers on a flat surface; place a half slice of cheese on each one. Layer an equal amount of steak mixture on top of each cheese slice. Roll up egg rolls according to package directions, and seal edges, wetting with water if necessary. Heat 1 inch of oil in a large skillet, or preheat a deep-fryer to 375 degrees F. Fry the rolls in the hot oil until golden brown on all sides, about 5 minutes. Remove; drain on paper towels. Serve warm with ketchup for dipping.

Race is open, requirements are: Able body, someone who likes to putter around the house and yard, likes home cooked meals rather than fast food, spontaneous and an animal lover, as I do rescue. Looking for a man that smells good and takes pride in how he looks. I come with no baggage and I want none. I drink a little, never smoked. I'm loyal, fun, caring and a great cook. Your Weekly Love Horoscope

Aries
March 21-April 19

You are compelled to tie up loose ends before you leave work today. You know there's a lot to finish, but you're willing to settle down and do whatever it takes to get the job done. However, you might run into obstacles that you aren't prepared to overcome. Just as you're ready to throw in the towel, a fresh wave of determination washes through your life, prompting you to give it one more try. A Chinese proverb states, The temptation to quit will be the greatest just before you are about to succeed.

Taurus
April 20-May 20

Your words don't seem to fully align with your actions today, confusing people about your true intentions. Although you can be quite expressive about your feelings now, you really don't want anyone breathing down your neck. In fact, the Moon's visit to your 12th House of Invisibility inspires you to turn your back on external melodramas while you take care of your own. Author Michael Meade wrote, If we want the world to change, the healing of culture and greater balance in nature, it has to start inside the human soul.

Gemini
May 21-June 20

Your thoughts are clearing new ground as they invite you into your own future. Perhaps you didn't see it coming, but your yesterdays are morphing into tomorrows faster than you can keep up. Nevertheless, there seems to be a minor problem of managing your goals now, especially if you bite off more than you can chew. Fortunately, most imbalances will eventually rock themselves back to center today if you just let them be. Psychologist Jean Piaget wrote, Equilibrium is the profoundest tendency of all human activity.

Cancer
June 21-July 22

You're not afraid to take a risk today, but may later discover that you stepped on a hornet's nest. You might inadvertently do something that hurts someone's feelings and rather than telling you, they could throw a temper tantrum. Two can play this game; however, you may be more self-controlled than everyone else now. Keep in mind that expressing an emotion and then letting it go is healthier than just burying it deeper in denial. No one can fault you for being your authentic self.

Leo
July 23-August 22

You're tempted to unplug all your gadgets, leave everything behind and head off into the wild unknown. You're itching for an adventure but can't seem to fit one into your busy schedule these days. Nevertheless, you'll find a way to make your great escape, even if it means taking on a powerful person in order to get out of town. When you are writing the story of your life, don't let anyone else hold the pen.

Virgo
August 23-September 22

You are prepared to stand up for your sound strategy now. You know what you need to say and you're sure your perspective will prevail. However, might does not always make right. Just because you're ready for a debate doesn't automatically mean you're correct. Tone down your rhetoric; maybe your plan isn't the only one in town. Instead of entering negotiations like a fight to the finish, try meeting a friend in neutral territory. Author Jim Wallis wrote, We can find common ground only by moving to higher ground.

Libra
September 23-October 22

Someone seems to be making an extra effort to be your nemesis today. At every turn, he or she appears to know what would bother you the most and then steps in to play that role. However, there's no solid evidence to suggest that anyone is out to get you. Nevertheless, you still might need to put your foot down so others know where you stand. Change your attitude and change your entire trajectory. Never let anyone dull your sparkle.

Scorpio
October 23-November 21

You can build up such a high level of resistance today that you're able to fend off an attack from someone who doesn't want you to succeed. But you're too weary of the drama to respond to each slight you may receive. However, it's less work to react as things occur, rather than waiting for a critical point-of-no-return. Stay present with your feelings without expecting every interaction to end in a happy conclusion. Nevertheless, don't let the tension grow until its out of control. Thoreau wrote, You must live in the present, launch yourself on every wave, find your eternity in each moment.

Sagittarius
November 22-December 21

A conversation may start out light and easy, but soon your discovery process stumbles onto something you wish you didn't know. Unfortunately, you can't unlearn this information, so you must readjust your reality to assimilate the new data now. Some things are easy to integrate; others will be thorns in your side until you figure out how to remove them once and for all. Roman philosopher Seneca wrote, A gem cannot be polished without friction, nor a man perfected without trials.

Capricorn
December 22-January 19

Although you ambitiously strive to be accomplished in the outer world, you also suffer from emotional insecurities just like everyone else. However, you won't likely show the weaker links of your chain. Instead, you will set a goal to climb the next higher mountain. All your achievements are wonderful, but they may actually keep you isolated from others. Step down off your holier-than-thou pedestal now and connect on a heart-to-heart level with your friends. Star Trek's Data said, Believing oneself to be perfect is often the sign of a delusional mind.

Aquarius
January 20-February 18

You may resist the emotional intensity that seems to follow you around like a storm cloud today. Rather than meeting others halfway to share your feelings, you might distract everyone with your own brand of mischief. Thankfully, doing something special can bring much-needed joy into your life. However, don't miss an opportunity to strengthen a relationship by exploring new avenues of mutual connection. Author Brendon Burchard wrote, Avoidance is the best short-term strategy to escape conflict, and the best long-term strategy to ensure suffering.

Pisces
February 19-March 20

You could find yourself on cloud nine as your self-esteem soars. But rather than resting on your laurels or celebrating your victory, you're eager to try something else to add to your current list of accomplishments. Nevertheless, there is a danger that comes from overcompensating for what might be missing from your life. Jumping from one activity to the next certainly can fill your day with fun, but it also distracts you from experiencing the emotional intensity that enriches the soul. Counting your blessings is an exercise in gratitude.
