CONSIGNMENTS WANTED! 731.642.4669
14652 Hwy. 79, Buchanan, TN

"I received excellent care—both in Henry County and in Jackson," James says. "Everyone communicated so well with me."

*James Cook
Cardiac Arrest Survivor
57 years old
Henry County Resident*

James Cook had no prior history of heart problems. He was helping a friend move some furniture when he suddenly collapsed mid-sentence. His friend called 911 and began performing CPR. Within minutes, Henry County EMS and Paris Fire Department had arrived on the scene and worked to stabilize James for transport to Henry County Medical Center.

James was soon transported to Jackson-Madison County General Hospital by Air Evac Lifeteam where the cardiac team was waiting. He was rushed into Cardiac Cath Lab where he received three stents in his heart. During his procedure, he had a light stroke, and his heart flat-lined for the fourth time. Thankfully, he was in the hands of the experienced Heart Team at West TN Heart & Vascular Center.

"It's amazing that I don't have any damage," says James. "I know I am supposed to be here."

Our community presence has created hundreds of jobs, contributing to the area's economic progress.

**MULTI-SPINDLE
“ROTARY CUTTERS”**

Bush Hog's entire line is designed for heavy crop clearing, pasture maintenance, and other big jobs that require a durable, reliable machine. With cutting widths from 7 to 14 feet, and a range of hitch types and mounting options, these heavy, rigid deck cutters are built to withstand extreme duty and provide superior performance and productivity with minimal maintenance for many years.

**“ROTO HOG” TILLERS

Renowned durability and reliability make our ZT mowers perfect for commercial landscapers, lawn care professionals, and homeowners with acreage, creating professional results in a fraction of the time. Bush Hog® has the mower to meet your needs!

Your Weekly Love Horoscope

Aries March 21-April 19

You are compelled to tie up loose ends before you leave work today. You know there's a lot to finish, but you're willing to settle down and do whatever it takes to get the job done. However, you might run into obstacles that you aren't prepared to overcome. Just as you're ready to throw in the towel, a fresh wave of determination washes through your life, prompting you to give it one more try. A Chinese proverb states, The temptation to quit will be the greatest just before you are about to succeed.

Taurus April 20-May 20

Your words don't seem to fully align with your actions today, confusing people about your true intentions. Although you can be quite expressive about your feelings now, you really don't want anyone breathing down your neck. In fact, the Moon's visit to your 12th House of Invisibility inspires you to turn your back on external melodramas while you take care of your own. Author Michael Meade wrote, If we want the world to change, the healing of culture and greater balance in nature, it has to start inside the human soul.

Gemini May 21-June 20

Your thoughts are clearing new ground as they invite you into your own future. Perhaps you didn't see it coming, but your yesterdays are morphing into tomorrows faster than you can keep up. Nevertheless, there seems to be a minor problem of managing your goals now, especially if you bite off more than you can chew. Fortunately, most imbalances will eventually rock themselves back to center today if you just let them be. Psychologist Jean Piaget wrote, Equilibrium is the profoundest tendency of all human activity.

Cancer June 21-July 22

You're not afraid to take a risk today, but may later discover that you stepped on a hornet's nest. You might inadvertently do something that hurts someone's feelings and rather than telling you, they could throw a temper tantrum. Two can play this game; however, you may be more self-controlled than everyone else now. Keep in mind that expressing an emotion and then letting it go is healthier than just burying it deeper in denial. No one can fault you for being your authentic self.

Leo July 23-August 22

You're tempted to unplug all your gadgets, leave everything behind and head off into the wild unknown. You're itching for an adventure but can't seem to fit one into your busy schedule these days. Nevertheless, you'll find a way to make your great escape, even if it means taking on a powerful person in order to get out of town. When you are writing the story of your life, don't let anyone else hold the pen.

Virgo August 23-September 22

You are prepared to stand up for your sound strategy now. You know what you need to say and you're sure your perspective will prevail. However, might does not always make right. Just because you're ready for a debate doesn't automatically mean you're correct. Tone down your rhetoric; maybe your plan isn't the only one in town. Instead of entering negotiations like a fight to the finish, try meeting a friend in neutral territory. Author Jim Wallis wrote, We can find common ground only by moving to higher ground.

Libra September 23-October 22

Someone seems to be making an extra effort to be your nemesis today. At every turn, he or she appears to know what would bother you the most and then steps in to play that role. However, there's no solid evidence to suggest that anyone is out to get you. Nevertheless, you still might need to put your foot down so others know where you stand. Change your attitude and change your entire trajectory. Never let anyone dull your sparkle.

Scorpio October 23-November 21

You can build up such a high level of resistance today that you're able to fend off an attack from someone who doesn't want you to succeed. But you're too weary of the drama to respond to each slight you may receive. However, it's less work to react as things occur, rather than waiting for a critical point-of-no-return. Stay present with your feelings without expecting every interaction to end in a happy conclusion. Nevertheless, don't let the tension grow until it's out of control. Thoreau wrote, You must live in the present, launch yourself on every wave, find your eternity in each moment.

Sagittarius November 22-December 21

A conversation may start out light and easy, but soon your discovery process stumbles onto something you wish you didn't know. Unfortunately, you can't unlearn this information, so you must readjust your reality to assimilate the new data now. Some things are easy to integrate; others will be thorns in your side until you figure out how to remove them once and for all. Roman philosopher Seneca wrote, A gem cannot be polished without friction, nor a man perfected without trials.

Capricorn December 22-January 19

Although you ambitiously strive to be accomplished in the outer world, you also suffer from emotional insecurities just like everyone else. However, you won't likely show the weaker links of your chain. Instead, you will set a goal to climb the next higher mountain. All your achievements are wonderful, but they may actually keep you isolated from others. Step down off your holier-than-thou pedestal now and connect on a heart-to-heart level with your friends. Star Trek's Data said, Believing oneself to be perfect is often the sign of a delusional mind.

Aquarius January 20-February 18

You may resist the emotional intensity that seems to follow you around like a storm cloud today. Rather than meeting others halfway to share your feelings, you might distract everyone with your own brand of mischief. Thankfully, doing something special can bring much-needed joy into your life. However, don't miss an opportunity to strengthen a relationship by exploring new avenues of mutual connection. Author Brendon Burchard wrote, Avoidance is the best short-term strategy to escape conflict, and the best long-term strategy to ensure suffering.
