to provide fellowship, participation, and enjoyment for all. The secondary purpose is to generate funds for our charitable organizations within our community and Holy Cross Catholic Church.

Theatre Opportunity for Adults and Children "THE VELVETEEN RABBIT" is a straight play (not a musical) and features roles for adults and some children. 11+ excellent roles for adults/older teens. 1 lead role for a child 8-11 years old. 5+ roles for children. This enchanting version of the classic story will touch your heart, and the hearts of the families in our audience. It seems there is a life to the playthings on the floor and in the toy cabinet when the lights go out in Andrew's nursery. Timothy Lion, Train Engine, Skin Horse, Model Boat and Velveteen Rabbit all spring to life. Actors represent the 'spirit' of each toy-chattering, bickering and sharing their feelings in hilarious and touching interactions. With narration by the tender and grandfatherly Skin Horse Spirit, you'll laugh and cry along with the characters as they manage the trials and tribulations of their unique experiences-especially the Rabbit Spirit, who learns about love when he gains the affection of a young child. "The Velveteen Rabbit" gives the audience a beautiful view of love as relationships change over time, yet love never fails to endure those changes. Audition - Saturday, October 1, Krider Performing Arts, 650 Volunteer Dr. - Just show up! Ages 10 to 16 - Arrive Between 12 Noon and 1 pm. Ages 17 and older - Arrive between 2 pm and 3 pm

Miss Pearl's Country Cookin'

Apple Chicken Quesadilla

original recipe makes 12 triangles

- 4 Flour tortillas (approx. 8-inches wide)
- 1 cup cooked, shredded or chopped, chicken meat
- 1/4 lb cheddar or Monterey jack cheese sliced or grated
- 1 apple, sliced
- 1/4 cup salsa

Heat a large skillet on medium high heat. Place one tortilla in the skillet. Flip it a couple of times with a spatula, then let it sit in the pan heating up until air pockets form and parts of the tortilla begin to puff up. Flip it again. Place cheese slices on half of the tortilla, at least 1/2-inch from the edge of the tortilla. Add chicken pieces on top of the cheese. Fold the tortilla over like an omelette, and press down on the folded tortilla with the spatula. Lower the heat to medium. At this point, if you have enough room in your skillet, you can add a second tortilla to the pan to begin to heat it up. When the cheese inside the quesadilla has melted, remove the quesadilla to a cutting board. Open it wide and layer on apple slices and salsa. Fold the tortilla back again, and cut it into 3 triangles, as if you were cutting a pie. Repeat with the remaining tortillas.

Garlic Bread

- 1 16-ounce loaf of Italian bread or French bread
- 1/2 cup (1 stick) unsalted butter, softened
- 2 large cloves of garlic, smashed and minced
- 1 heaping tablespoon of freshly chopped parsley
- 1/4 cup freshly grated Parmesan cheese (optional)

Method 1 - Toasted

Preheat oven to 350°F. Cut the bread in half, horizontally. Mix the butter, garlic, and parsley together in a small bowl. Spread butter mixture over the the two bread halves. Place on a sturdy baking pan (one that can handle high temperatures, not a cookie sheet) and heat in the oven for 10 minutes. Remove pan from oven. Sprinkle Parmesan cheese over bread if you want. Return to oven on the highest rack. Broil on high heat for 2-3 minutes until the edges of the bread begin to toast and the cheese (if you are using cheese) bubbles. Watch very carefully while broiling. The bread can easily go from un-toasted to burnt. Remove from oven, let cool a minute. Remove from pan and make 1-inch thick slices. Serve immediately.

Method 2 - Soft

Preheat oven to 350°F. Make the butter, garlic, parsley mixture as above. Make 1-inch thick slices into the bread, but do not go all the way through, just to the bottom crust. Put a teaspoon or two of the butter mixture between each slice. Wrap the bread in aluminum foil and heat for 15 minutes in the oven.

Bread Pudding

- 1 loaf French bread, at least a day old, cut into 1-inch squares (about 6-7 cups)
- 1 qt milk
- 3 eggs
- 2 cups sugar
- 2 Tbsp vanilla extract
- 1 cup raisins (soaked an hour or 2 in 1/4 cup bourbon)
- 1/4 teaspoon allspice
- 1/4 to 1/2 teaspoon cinnamon
- 3 Tbsp unsalted butter, melted
- Bourbon Sauce:**
 - 1/2 cup (1 stick) butter, melted
 - 1 cup sugar
 - 1 egg
 - 1 cup Kentucky bourbon whiskey

Preheat oven to 350°F. Place milk in a large mixing bowl and add the bread that has been cut into squares. Press the bread into the milk with your hands until all of the milk is absorbed. In a separate bowl, whisk the eggs, then whisk in the sugar, vanilla, allspice and cinnamon. Pour over the bread and milk mixture. Add the bourbon soaked raisins and gently stir to combine. Pour the melted butter into the bottom of a 9x13 inch baking pan. Coat the bottom and the sides of the pan well with the butter. Pour the bread milk and egg mixture into the baking pan. Bake at 350°F for 35-45 minutes, until the liquid has set. The pudding is done when the edges start getting a bit brown and pull away from the edge of the pan. Can also make in individual ramekins. While the bread pudding is cooking, make the bourbon sauce. Melt the butter in a medium saucepan on low heat. Add the sugar and egg and whisk to blend well. Slowly cook over low heat, stirring constantly, until the mixture thickens enough to coat the back of a spoon, then remove from heat. Do not allow the mixture to simmer! (Or the sauce will curdle. By the way, if your sauce curdles, just take it off the heat and blend it smooth in a blender.) Whisk in bourbon to taste. Whisk again before serving. The sauce should be soft, creamy, and smooth. Serve the bread pudding with bourbon whiskey sauce on the side; pour on to taste. Best fresh and eaten the day it is made.

Your Weekly Love Horoscope

Aries
March 21-April 19

You are finally ready to dig in your heels and take on whatever additional hard work is necessary to complete the tasks you previously started. Your desire for immediate gratification begins to lessen now that physical Mars enters cautious Capricorn. Conserve your energy by maintaining a healthy perspective on any tensions that surface at this time. As much as you desire excitement in your life, the work you do must also set the stage for the future. Give your dreams the opportunity to manifest.

Taurus
April 20-May 20

Travel becomes more likely, especially for business or educational purposes, while energetic Mars moves through your 9th House of Distant Horizons. Caution is replaced by confidence now, empowering you to organize and manage big projects. Fortunately, you can assimilate new information and gain the clarity you need to make healthy decisions for the future. Nevertheless, you still could jeopardize your imminent success if you are too easygoing about the current course of events. Abe Lincoln said, "Commitment is what transforms a promise into a reality."

Gemini
May 21-June 20

There isn't much that can restrain you these days from reaching for the stars. Your heart and mind are no longer in the present moment. Instead, you are fascinated by the prospects of achieving your goals, dreaming about making a statement with your accomplishments. You have plenty to say today and your tongue wags faster than your tail. Fortunately, you possess the common sense to finish up old business before allocating your time to anything new. Bark less, work more.

Cancer
June 21-July 22

Although your family and friends can make your situation more complex, they must be taken into consideration now as you develop your plans. Mars enters ambitious Capricorn in your 7th House of Relationships, granting you the fortitude to keep moving forward even when you face adversity. You are unwilling to give up even if change appears to be in the air. Although you may feel dependent upon someone else's expectations and judgments, what you need is more important than how anyone else reacts.

Leo
July 23-August 22

You Lions are known for your extreme loyalty and your reliable word, but you may need to make some adjustments now to a recent promise. You are very realistic in your assessment of an overdue and unfinished project. Fortunately, assertive Mars enters your 6th House of Work, empowering you to knuckle down and settle into a groove. Nevertheless, feeling constrained by a rigid timetable isn't any fun, but the structure motivates you to become more efficient and productive than anyone expects. Self-discipline is your friend.

Virgo
August 23-September 22

Your confidence begins to return today as you realize how easy it will be to combine work and play in the weeks ahead. Red-hot Mars moves into well-organized Capricorn and your creative 5th House of Spontaneity, helping you regain a sense of control over your life. You possess an uncanny understanding of when to push with passion and when to let go. Eliminating the clutter that fills your day frees you from the distractions that take more from you than they give. Energy flows where attention goes.

Libra
September 23-October 22

Balancing your personal and professional spheres is likely to grow into a major issue now as fulfilling your dreams of a successful career can have a negative impact on your home life. Nevertheless, domestic issues demand your attention once Mars moves into responsible Capricorn and your 4th House of Family. Make sure to take time for rest and meditation; it's wise now to step back from the hectic pace of life to avoid exhaustion. As the Dalai Lama says, "If your mind is scattered, it is quite powerless."

Scorpio
October 23-November 21

Something is different in your immediate environment today, requiring you to take a more calculated approach to accomplishing your goals. It seems as if you can finally get down to business now that Mars in disciplined Capricorn is controlling your 3rd House of Distractions. However, you can become so compulsive about your ambitions that you forget others may not feel as intensely. If necessary, go off by yourself until your emotions mellow; surrounding yourself in silence might be all you need to regain a healthier perspective. Picasso wrote, "Without great solitude, no serious work is possible."

Sagittarius
November 22-December 21

A shift in the cosmic winds lands you back on the ground today, encouraging you to trade in your adventurous spirit for a more industrious attitude. Active Mars enters result-oriented Capricorn and your 2nd House of Money, triggering ambitious yet practical ideas about substantially increasing your income. However, there is no room for pie-in-the-sky fantasies because concepts will be harshly measured against reality very quickly now. Paradoxically, Dr. Kalam, Past President of India, said, "You must dream before your dreams can come true."

Capricorn
December 22-January 19

Your ability to prioritize the tasks at hand is excellent now, as is your intuition to accurately assess risk. What seems like a gamble to someone else can be almost a sure thing in your steady hands once action-hero Mars kicks into your calculating sign today. Thankfully, you possess the self-confidence to jump into the unknown and still land on your feet. Pursue your ambitions and express your honest opinions, as long as you're willing to follow up with discipline and dedication. As Thomas Jefferson said, "The harder you work, the luckier you get."

Aquarius
January 20-February 18

Although you might choose to rely on your imagination when developing a plan of attack for a major project, you are standing on a solid foundation built on your previous achievements. Assertive Mars enters ambitious Capricorn and your 12th House of Endings, providing you with the chance to stop and pause to look back one more time. However, don't linger in the past too long before taking an exciting quantum leap into your future where your dreams are the seeds of reality.

Pisces
February 19-March 20

Of course, it's prudent to maintain control whenever possible today, but it's also smart to accept the fact that practical thinking often grows out of chaos. Passionate Mars marches into your 11th House of Friends and Associates, pressuring you to be part of the team while restricting your free time with too many demands. Proving that you can take care of business earns you recognition and raises your social status. But don't lose sight of your emotional needs, regardless of how much others ask of you. Self-preservation isn't selfish; it's a necessity.
