* CONDITIONS FOR THE REFUND REGRET PROGRAM (the "Program"): Program is only available from a participating Clayton Homes, retailer ("Seller") for the purchase of a new home with a sales agreement that is signed January 1, 2015 through March 31, 2015. Buyer may select one or more buyer incentives in the following maximum amounts: \$2,500 with the purchase of a single-section home, \$5,000 with the purchase of a double-section home, and \$7,500 with the purchase of a triple-section home (each the "incentive"). Home must be purchased at the posted home only retail sales price to be eligible for the maximum available incentive. Actual value of buyer incentive will vary based on the number of sections comprising the home purchased, actual total value of buyer incentive not to exceed \$7,500. Buyer incentive will be applied by the Seller, at buyer's choice, to one, or any combination of two or three, of the following three forms: (i) an Overstock.com gift card; (ii) Seller paid closing costs (excluding Seller paid discount points that are not required by a lender); or (iii) a reduction in the total sales price of the home package, consisting of the home purchased plus all other items included in the sale (collectively the "incentive Option"). If the posted home only retail sales price of the home is reduced by the Seller either through negotiation with the buyer, or as a result of the underwriting requirements of the lender selected by the buyer, or if the Seller is required by the lender selected by the buyer to pay discount points or any other fees and charges, the incentive will be applied first to the amount of the negotiated or lender required reduction of the home sales price (incentive Option (iii)) and then to the lender required Seller paid discount points, fees and charges. Any remaining incentive will be applied at buyer's choice to one or more of the incentive Options. Under no circumstances will any portion of the buyer incentive be applied toward buyer's down payment if buyer obtains financing for the home purchase from any lender of buyer's choice. Buyer will be solely responsible for paying the entire amount of any down payment. If buyer selects the Overstock.com gift card, buyer will be subject to all terms and conditions set forth on the card. The Overstock.com gift card will be issued in the name of the primary buyer by CardNet V, Inc. pursuant to a license from Overstock.com. Seller will deliver the Overstock.com gift card to buyer either in person or by mail within 4-6 weeks after the home purchase has been completed and all conditions of the sale have been satisfied. Buyer may not combine the Program with any other offer or promotion made by Seller, including without limitation the "Clear" or "Breeze" new home sales program. The Program may not be available with USDA/FHAVA financing, and may be subject to certain lender requirements that restrict the forms of buyer incentives that Seller can provide. The Program is void where prohibited, but only to the extent prohibited. Clayton Homes is not affiliated with Overstock.com.

Discovery Park Hosts Titanic: the Artifact Exhibition

UNION CITY, TN- Titanic: the Artifact Exhibition is on display at Discovery Park of America from January 31st through May 2nd. The Exhibition stars more than 200 actual objects recovered from the ship's wreck site. This exhibit is Discovery Park's first traveling exhibit, and is produced by

Premier Exhibitions out of Atlanta. RMS, Titanic, Inc., is a wholly owned subsidiary of Premier and was granted exclusive rights to recover the artifacts from the wreck site by court order in 1994 (reconfirmed in 1996). The exhibit is sponsored exclusively by First State Bank, and will be located in the ATA Traveling Exhibit Hall inside Discovery Center.

According to CEO Jim Rippy, Discovery Park plans to have one or two traveling exhibits each year. "When we built Discovery Center, we built a special 4,000 square foot room just for traveling exhibits". The room was built to Smithsonian standards including dust free and temperature controlled features. "By offering a secure, controlled environment, we have the opportunity to bring more compelling exhibits

to Discovery Park," Rippy added.

Along with dramatic room re-creations and in-depth research of the ship's passengers and crew, objects on display in the Exhibition tell one of the world's most compelling stories. Every aspect of the ship's brief history is included in the exhibit; from its conception and construction to

the tragic events of the maiden voyage and the passengers who make her story so poignant.

The exhibit is educational and exciting, offering one of the most compelling opportunities to learn about this historic event. The story has applications across all curricula including science, math, history, social studies, lan-

guage arts, reading and fine art. The Education Department at Discovery Park has worked closely with the Premier Education team to develop a

vast array of tools and programs designed to enrich the Titanic story for students and teachers. "In addition to entertaining and educating our regular guests at Discovery Park, we are hoping that schools will take advantage of the unique opportunity of having an exhibit of this caliber so close by, and will bring students here on field trips to see the Titanic Exhibit," Rippy said. "To have something like this in rural West Tennessee is amazing. We are so hopeful that the people of this area and this region will show support by attending the Exhibition!"

Upon entering the exhibit, each guest will receive a Boarding Pass with the name of an actual passenger who was on the Titanic. The Boarding Pass will tell where the person traveled from and where they were going, whether the

its encounter with the iceberg that changed so many lives forever. Visitors will come face to face with history as the Exhibition connects them to

guage arts, reading and fine art. The Education Department at Discovery Park has worked closely with the Premier Education team to develop a

passenger stayed in a 1st, 2nd or 3rd class cabin, why the passenger was traveling and other interesting facts about the passenger. While going through the exhibit visitors can imagine what it was like to board this amazing, brand new, practically unsinkable ship. Guests will learn about the difference in treatment of 1st and 3rd class passengers. And guests will be exposed to amazing details like the cost of a first class ticket. (The two most luxurious suites were located on B deck and were a staggering \$4,500 dollars; approxi-

mately \$103,000 today!) Park officials estimate that a trip through the Exhibition will take approximately 45 minutes for most guests. Some might take longer if they wish to read all the educational information and watch all the videos available. At the end of the tour, each visitor will have the opportunity to see if the passenger's name on the Boarding Pass that they received at the beginning is on the list of survivors or the list of those who did not survive. In addition, there is an opportunity to have

a picture made that can be purchased at the end of the experience as a keepsake. Titanic: The Artifact Exhibition will be open to the public during Discovery Park of America's regular hours: Tuesday through Sunday from 10:00 a.m. until 5:00 p.m. After gaining admission into the park, the cost of visiting the Titanic Exhibit is \$7.00 for a non-member; \$6.00 for Discovery Park members, anyone 65+ and groups of 20 or more and \$5.00 for school groups and children ages four through 12. Anyone three

and under can go through the exhibit with a paying adult, free of charge. In addition to The Titanic, Discovery Park of America offers monthly wine and paint classes, clay classes and animal education classes. Park officials say that Discovery Park has plans for helicopter rides, singer songwriter events, the second annual cardboard boat regatta, visits from PBS characters, a Car & Bike show, concerts, a BBQ cook-off, a chili cook-off, an air show, a beer fest, wine tasting events, a special Alvin York exhibit,

a Polar Express event, Santa and an expanded Christmas exhibit in 2015. The complete calendar is now available on the website. Discovery Park is located at 830 Everett Blvd. in Union City, TN. To find out more about The Titanic or the park, you can visit the website at www.discoveryparkofamerica.com. The park is open Tuesdays through Sundays from 10:00 a.m. until 5:00 p.m. and is a unique blend of history, science, architecture, art and fun.

Save Lots of Money with Proper Boat Maintenance

written by: Vern Gaylord

I have found, after 59 years of being in business, that people do not do preventive maintenance on their boats and motors like they should. There are a few things a person can do, that over the lifetime of their boat, could save them a lot of money.

In the winter time, people do not winterize their motors and lower units. They leave water in the gear case and in the motor causing major damage. When water is left in the motor it freezes and cracks the block. Spending \$200 to have it properly winterized could save you any where from \$2,000 to \$6,000. Water freezing in the lower unit can break it, as well. A \$100 service could save you \$500 to

\$1,500 on a repair job.

Oil is the lifeblood to an outboard motor. Using outboard manufacturer's motor oil could save you thousands of dollars on a rebuild. Manufacturer's oil has special ingredients to lubricate decarbonized motors. A lower unit should have the oil checked and changed at the end of every season.

People will sometimes run their boats out of the water causing the shortening of the life of the impeller. A \$150 repair can save you thousands of dollars on a rebuild.

Before storing your boat for the winter be sure to put a good gas stabilizer in the gas. You should add it to the fuel

the last time you use your boat before you pull it out of the water so that the gas with the stabilizer gets into the whole fuel system protecting

the fuel pumps and carburetors.

Boats stored for a long time should have the batteries removed. The batteries should be charged and their

water checked before storing. You should also have your prop removed to make sure there is no monofilament around the prop shaft. Also, check

your charging circuit to make sure it's not overcharging. If your motor is overcharging it burns up the batteries and boils

out the water.

You should also have the spark plugs pulled out and checked. A technician can look at how a spark plug is burning

and see if there is a problem about to occur to your motor. You can see clean burning and oil burning. At the same time, a boater can run the compression check and a spark check to see if the motor is in good condition, both mechanically and electrically.

Water pump impellers on some motors should be serviced yearly. On older Mercury outboard's and I/O's the pumps

fail more often, even if the motor is not used. The veins in the impeller will take a set and reduce the flow of water from sitting still in the housing. A water pump job runs about \$125 and could save you thousands on a rebuild.

Use my information as a checklist for your boat and motor maintenance. It is better to spend your money upgrading your boat and motor

than on repairs that could have easily been prevented. When summer ends and you start to store your boat for next winter remember my years of experience and let that help you save lots of money.

Worlds Biggest Fish Fry Is a Henry County Family Tradition

written by:
John Wambles

It's not just a fish fry, in Henry County it is the World's Biggest Fish Fry! Come the last week in April, Parisians cook up tons of delicious catfish, hushpuppies and all the trimmings. The Paris Henry County Jaycees invite you to come and dance, ride, rope, and eat at this years world famous event.

The grand opening of the World's Biggest Fish Fry Headquarters, on Saturday, March 21st, is the beginning of the information highway for all of the festivities. The Fish Fry Book is available that day with a listing of all of the events, times, dates and locations, as well as, the cost for each. Excitement surrounds the

grand opening due to the fact that is when the Grand Marshall of the parade is officially announced. The Jaycees also reveal who the Fish Fry Book is dedicated to. Each year the Grand Marshall is a celebrity with local ties to Henry County and the book dedication is one of the Jaycees highest honors that they bestow on any resident in this community.

Souvenirs are also available for purchase at the Fish Fry Headquarters.

The Fish Fry of yesteryear used to be a tidy little event wrapped up in a couple of days with some cooked fish and a few carnival rides. Now it is a full blown extravaganza that lasts for more than a week with all kinds of different activities that is sure to please everyone in your family. The Fish Fry fun begin at sun up on Saturday, April 18th and doesn't end until sundown! Get your blood pumping and start your day with some exercise at the Hushpuppy Dash

and 5K. It starts at the Henry County High School at 8am. Participants can come early and register that morning. The Horse and Mule Pull begins at 10am in the arena at the Henry County Fairgrounds. If you want to watch the weigh-ins before the big event they begin at 7am. The strength and skill of these animals can only be believed when you witness it yourself. The day ends with the exciting Fish Fry Demolition Derby at the Fairgrounds. The worst looking car is usually the last one still moving at the end of the night. The car entry fee is \$35 and gate

admission is \$10. Children under the age of 5 are free when accompanied by an adult.

They love to dance at the Fish Fry. But keep in mind, it's more boot scooting than boogie shoes, but still a whole lot of fun! The Kick Off Street Dance is one of many events that are held in Downtown Paris. The stage is set up on the Court House lawn and the grass is your dance floor! The music tends to make you want to get up and get moving with current country hits and some good ole rock & roll. There is no charge for this event and the music begins at 7pm, Monday, April 20th, the

first official day of Fish Fry Week! The Country Dance is on Tuesday night, at the Henry County Fairgrounds, 7pm. Admission is \$5 per person. The music at the Country Dance is more like traditional country, perfect for couples dancing or to just take a seat with friends and give it a listen.

The Carnival opens on Tuesday night. What was once just a ferris wheel and a merry-go-round in a parking lot has now grown to gravity defying rides for the greatest of thrill seekers. There are also lots of games and food vendors. Who can walk the

Grand Parade. This parade stretches for miles and is filled with spectacular floats, marching bands, decorated automobiles and a beauty queen or two or three. The Grand Parade is regarded as one of the best parades of its kind in West

Tennessee. There are competitions for best float and best marching band. East Wood Street is closed around 9am so you better be where you want to see the parade by that time. The parade starts moving about 10am. Tune into WRQR AM1000

and 97.5FM for complete parade coverage. Just a reminder that the Fish Tents and the carnival open early on Friday, so after the parade head straight to the fairgrounds for lunch and some fun!

The unofficial Fun Day of the

World's Biggest Fish Fry is Saturday, April 25th. It just so happens to be the same day as the Small Fry Parade, the Catfish Races and the Jr. Fishing Rodeo. The Small Fry Parade is held in Downtown Paris and begins at 10am. The younger residents of Henry County come out in adorable costumes and hand pulled decorated floats and march around the Court Square. It is a sight you do not want to miss. Immediately following the Small Fry Parade are the Catfish Races. Catfish train all year long for their big day at the races. Come out and cheer on your favorite handlers as they release their catfish in the specially built water lanes. Talk about the big one getting away - this big one has no where to go but to the finish line! The Catfish Races are held on the Court House Lawn in Downtown Paris. The last event of the World's Biggest Fish Fry is the Jr. Fishing Rodeo. Everyone

heads to William's Lake with their fishing poles and their bait to try and catch as many fish as they can. There are several prizes that cover many categories. Win or lose, everyone has a good time at the Jr. Fishing Rodeo. This event begins at 11am, Saturday, April 25th.

It takes an organization like the Paris Henry County Jaycees, along with hundreds of volunteers, to make an event the size of

the World's Biggest Fish Fry happen. This community is proud of their efforts and invites you to come take part in making history as they continue holding the World's Biggest Fish Fry in Paris, Tennessee. Fish Fry "Week" begins Saturday, April 18th and runs through Sunday, April 26th, don't miss it! Always get a Fish Fry Book and double check prices and times of events.

State Exhibit Planned for Local Heritage Center

written by: John Wambles

The Heritage Center is Paris and Henry County's local history museum. They have a busy calendar planned for the spring and summer and invite you to be part of the learning and the fun.

Take a step back in time as you enter the beautiful building known as Cavitt Place, where the Heritage Center calls home. Cavitt Place is a two story mansion built in 1916 and influenced by the revival

of the Italian Renaissance. In its glory days, Cavitt Place was called the “Jewel in the Crown of Paris.” It is now the perfect setting to display exhibits of local and statewide history.

Paris and Henry County's own History of the Fish Fry is one of the most popular exhibits every year. Past Fish Fry books, photos of the fish tents and the grand parade and various souvenirs are displayed

celebrating the world's biggest event of this kind. The Celebration of Fish Fry will open around the first of April and run through May. For many Henry County residents this is a pleasant trip down memory lane and is an event you don't want to miss.

The Annual Quilt Show, featuring quilts hand made and owned by Henry County residents, will begin April 11th and run through May 9th. The Quilt show is both an exhibit and a competition. There is a judging process and prizes and ribbons are awarded. Those that appreciate the work that goes into making a quilt and the preservation of the art will want to visit this exhibit.

The Tennessee State Museum's exhibit titled “Becoming the

Volunteer State: Tennessee in the War of 1812” will come to the Heritage Center July 31st through September 12th. This traveling exhibit is not to be missed. It commemorates the 200th anniversary of the War of 1812 and the subsequent battle of New Orleans in 1815. This war made significant changes to the American landscape by opening up access to western territories for settlement and expanding trade opportunities. Most experiences of this caliber would require a trip to Nashville to the State Museum. Henry County is fortunate that the Heritage Center was chosen as a stop for this exhibit.

Portraitist and photographer Joe Routon will be the feature exhibit

in September. “Around the World with Joe Routon” will include photos of people and places from his travels through thirty-five countries around the world. The Grand Opening and Reception for the photo display will be at 2pm, September 20th. The exhibit will run through October 31st. All proceeds from photos sold will benefit the Heritage Center.

The Paris-Henry County Heritage Center is located at 614 N. Poplar Street in Paris, Tennessee. It is open Tuesday through Friday, 10am to 4pm and on Saturday, 10am to 2pm. All exhibits at the Heritage Center are free of charge. Additional parking is located behind the center at the North Market Street entrance. There is also a convenient entrance with a

ramp for those needing assistance. The Heritage Center is always in need of members and volunteers. To donate your time and your money contact Director Norma Steele at (731) 642-1030. The local history museum can not exist without your support. Please attend the exhibits, volunteer your time and donate as you can to support the Paris-Henry County Heritage Center.

The Chamber of Commerce's Water Poker Run Defines Summer Fun

written by: John Wambles

Play your cards right and you could be a big winner at the Paris Henry County's Chamber of Commerce Annual Water Fun Run. Hundreds of Poker Run fans gather on the third Saturday in July on Kentucky lake for the biggest event of the summer. All you need to participate is some kind of watercraft,

the \$20 registration fee and a sense of adventure. If you have the luck of the catfish you could take home a grand prize of \$1,000!

The Chamber's Water Fun Run is one of the most unique Poker Runs you will ever participate in. The run gets started at 9am on Saturday, July 18th, on

Kentucky Lake. Your goal for the day is to visit the designated resorts around the lake and collect stamps on your Fun Run Poker sheet. Each stop will have a different stamp. There is even a "floating stop" on the lake, infamously known as the Party Boat. The more stops you make the more

stamps you get. The more stamps you get the more cards you get to draw at the dealer's table. In the last few years, players have been able to draw as many as nine cards. This number is determined by the number of resorts participating in the Poker Run and the number of stops that the

Poker Runner is able to make. From those cards you can pick your best hand of five cards to submit for consideration to our Poker Experts. The best hand of the day takes home the top prize. At the finish line there is even a chance to "purchase" an extra card to ensure that you have an even better hand

either. The Water Fun Run features experienced card dealers and "professional" Poker Gurus to help you find your best hand from the cards you are dealt. Besides the top prize of \$1,000, there are cash prizes for second best and third best hand, too! The Water Fun Run also has Goody Bags, party favors and some fabulous door prizes!

One of the fun parts of the Water Fun Run each year is the cool theme. Last year at the Cheeseburger in Paris-dise Event all of the

of year you are at the lake, it is fun to spot the neon colored tee shirts from previous Fun Runs all over the place! Tee shirts will be available for purchase at the Chamber when the entry packets go on sale. If - and that's a big if - there are any left, they will be on sale the day of the event. Hint, hint get your tee shirt as soon as possible.

Water Fun Run Entry Packets usually go on sale around the middle of June. The cost is \$20 at the Chamber office and \$25 the day of the event and available at participating

than you could have expected! If all of that sounds complicated, never worry, your entry packet will explain everything. You just have to show up and plan to have fun. Everything else will work itself out!

Don't let not knowing how to play a good game of Poker stop you

participants got a delicious grilled burger with a slice of pineapple! Everyone wore Leis for Luau on the Lake and the Chamber lost count of the number of Skippers and Gilligans that were dressed up for the Gilligan's Island theme. The tee shirts are way cool, too! Any time

resorts. Get a group together and Fun Run as a team or set out on your own. Whichever you do make it a day to remember. For more information about the Chamber's Water Fun Run, or any of their other fun and exciting events, contact them at (731) 642-3431.

Checklist of Essentials for Every Fisherman

When the temperature outside starts rising many a fishermen cannot wait to hit the lake. But, don't get in too big of a hurry, make sure you have a few essential items that will make your fishing experience less stressful and more fun!

First and foremost renew your Fishing License! There are several types of licenses offered, but a general hunting and fishing license is only \$28. That fee will seem very small compared to the fines you can rack up if caught fishing without your license. Don't take the chance, be smart from the get go. There are exemptions and free fishing days, even free fishing weeks, check them out with your local Tennessee Wildlife Resources Agency. Remember fishing is the most fun when you keep it legal. Sometimes bag limits and minimum catch sizes are afterthoughts when you are on the water. Keeping an inexpensive plastic ruler and a digital lip grip scale on hand

will help solve those problems. Both items will be well worth their investment in the long run.

Nothing cuts a fishing trip shorter than not having extra line and hooks. If you have ever been fishing and not tangled your line on a log or lost a hook to the "big one" that got away you can call yourself lucky! If you're out of line and can't find any more hooks then there's nothing left to do but go home. Spending a few dollars can save the day! You can fish without bobbers and sinkers but they are a very simple and inexpensive way to make your job a whole lot easier. It's a lot easier to kick back and relax on the shore watching a bobber than keeping a constant grip on your fishing pole for any pull on the line. Fishing is suppose to be relaxing, make it easy on yourself and watch a bobber!

Many a fisherman will debate live bait versus artificial bait. But if you have the young or

the queasy joining you on the water why sweat it. A plastic worm or a fishing lure is less messy and, unless you are a pro, a lot easier to snag on a hook. Some pros will even argue that the more vibrant colors or the flashy metal will attract some species of fish more than others. You may be wanting to enjoy your day of fishing but coming home empty handed is no fun either.

A good pair of needle nose pliers are good to have with you when fishing. Why fight with the fish to get the hook out of him. Make it easy on yourself and just cut the end off of the hook. You will surely be glad you have a pair handy if you are trying to get the hook out of you. Pulling the sharp metal end of that hook back through your skin is not only painful but can be dangerous. Also, a pocket knife or nail clippers can be used as a line cutter. Sometimes that line is so hung up that you don't want to waste quality fishing time getting it free. Cut

it loose and move on. You were smart enough to bring extra line with you any way!

No matter what activity you participate in you always want to be mindful of your own personal safety. When you are fishing from a boat, always wear your life jacket.

Casting rods can sometimes throw you off balance. Wet clothes can quickly tire anyone, even a skilled swimmer. Keep a first aid kit in your boat. Hooks, fish fins, branches, and all other things in the wild can cause cuts, scrapes and scratches. The

water and the fish you are handling are full of various types of germs and bacteria. An untreated cut can turn into a nasty infection if it isn't immediately treated. In the least, your first aid kit should include, waterproof bandages, waterproof tape, aspirin and antiseptic spray or cream. A sturdy pair of gloves will help avoid some of those cuts. Putting on non-slip gloves before removing a fish from the line can not only make the task easier but more sanitary. And last but not least, don't forget the

sunblock. Getting a painful sunburn can happen before you know it, especially if you are preoccupied by your rod and reel. Hats with wide brims, sunglasses and lip balm can also be used to help protect you from the sun's powerful rays.

Northwest Tennessee is a fisherman's dream come true. Keep the dream of bringing home the "one" that didn't get away with a few "must have" tools to make your experience successful and fun! Happy Fishing!!

Tennessee National Wildlife Refuge Has New Visitors Center

written by: Teresa Jones

The Tennessee National wildlife Refuge's new visitor center is a wonderful place to explore and con-

nect with nature. Whether hunting, fishing, hiking or viewing wildlife, the refuge offers endless activities

for visitors of all ages. The most important mission of the Refuge is to teach visitors about wildlife and the

natural resources of the area. Although refuge staff encourages visitors to connect with nature through exhibits,

signs, brochures and electronic media, one of the best ways to connect is through communication and viewing wildlife in their natural habitat without disturbing the environment.

Established in 1945, the area was first created for migratory birds to feed, rest and nest and has since been managed by the U.S. Fish and Wildlife Service. The refuge now covers three units and expands 65 miles along the Tennessee River. The three units include Big Sandy, Duck River and Busseltown. Migrating birds are drawn to the refuge as a result of the abundance of crops, vegetated wetlands, shrub and forest lands that have been set aside for them.

The refuge offers a safe haven for many species of animals including 51 mammals and 89 reptiles. Endangered species such as the elusive Pip-

ing Plover, as well as white tail deer, raccoon, squirrels, foxes, beaver, wild turkey and rabbits have also taken refuge on the property. It is also home to 306 of the 409 recorded species of birds found in Tennessee making wildlife viewing one of the most popular activities for most visitors. With the new observation decks and photography blinds, the refuge is photographer's dream come true!

Many recreational activities such as canoeing, hiking the 2 trails and hunting are also popular among visitors. As one of the most gratifying fishing destinations, the refuge offers multiple boat ramps and fishing decks. Although there are currently 144 species of fish found in the refuge waters, crappie, bass and catfish remain among the most popular catch for area anglers. For more information on fishing the

refuge visit www.fws.gov/refuges/fishingguide/.

The refuge staff hopes everyone will come enjoy the new visitor center and be sure to bring the kids! There are many interactive exhibits and a kid's observation deck for the little ones to enjoy observing the wildlife. The staff hosts many free events throughout the year. The most recent in February where children built their own birdhouses. The visitor center also houses the Blue Heron Nature Book Store where all proceeds from sales go to support the refuge. The visitor center is open Monday through Saturday 8 am to 4 pm and is only a 15 minute drive from Paris. From Highway 79 North, take Oak Grove Road South and follow the signs. For more information visit www.fws.gov/refuge/tennessee or phone 731-642-2091.

Win Big Bucks at the Benton County 30 Mile Yard Sale

written by: John Wambles

The 30 Mile Yard Sale in Benton County has been called "yard sale heaven" by those that love to partake in bargain hunting. Every year, during Labor Day weekend, you can follow the Bargain Highway and are guaranteed to find some fantastic deals that you would never be able to find anywhere else!

The 30 Mile Yard Sale officially begins Saturday, September 5th and runs through Labor Day, Monday, September 7th. But for those of you that haven't shopped before, yard sales start popping up as early as Wednesday night and

unofficially open on Friday morning.

The 30 Mile Yard Sale route is nicknamed the Bargain Highway and it runs from Interstate 40 to the Henry County line. It navigates its way through the towns of Camden, Holladay and Big Sandy, by way of Highway 641, Highway 192 and Highway 69. The official hours are dawn to dusk on Saturday, 1pm to dusk on Sunday and dawn to dusk on Monday. Yard sales that may be open on Wednesday, Thursday and Friday make their own hours.

How would you like to win some cash? Who

wouldn't? Look for signs all along the route they say Register To Win \$1,000. The Benton County Chamber of Commerce sponsors the cash give away each year and uses the registration slips as a way to barometer where the yard sale visitors are coming from. You can stop by their office, on Highway 641, in Camden to pick up a map of designated yard sales that have registered as an official cash give away site.

The 30 Mile Yard Sale isn't just about people getting rid of their unused items, it is also about raising money for many charitable

organizations. Churches, sports teams, civic groups and various non-profit organizations, sell donated items and food to raise money for their cause. So when you visit, please bring plenty of nickels, dimes, quarters and dollar bills, the more yard sales you visit the more money each organization can make. Every cent counts when you're fundraising!

Because the 30 Mile Yard Sale attracts so many people, you can find a lot more for sale than just old junk from the back of the closet.

The yard sale also brings out some savvy business people that use this opportunity to market their business and services. You can find beautifully crafted quilts, restored antique furniture and dishes, hand made arts and crafts and various collectibles. You may even find big ticket items like automobiles, motorcycles and farm equipment. If it can be pulled outside in the yard and have a for sale sign put on it, it can be sold!

While in town make sure and take a little time to

sight see. You can visit the memorial site where country music star Patsy Cline's plane went down. Visit the world famous Eva Beach or take a drive up to see the Folklife Museum on the top of Pilot Knob over looking the beautiful Kentucky Lake. You definitely want to visit as many of the family owned restaurants in town. Enjoy some home cooking while you are away from your home. Benton County is also where you will find the famous Freshwater Pearl Farm that was featured on a television

documentary. Even if you feel like taking a break from shopping there is still plenty to do in Benton County.

Labor Day seems so far away from today, but you know how time flies. Start searching in those closets now and pricing the items to sell. Then when the time comes just sit back, enjoy the end of summer's warm days and collect the cash. Benton County's 30 Mile Yard Sale is September 5th through the 7th with early bird sales on Wednesday, Thursday and Friday. They hope to see you there!

Miss Pearl's Country Cookin'

Caramel Popcorn

Original recipe makes 5 quarts

- 1 cup butter
- 2 cups brown sugar
- 1/2 cup corn syrup
- 1 teaspoon salt
- 1/2 teaspoon baking soda
- 1 teaspoon vanilla extract
- 5 quarts popped popcorn

Preheat oven to 250 degrees F. Place popcorn in a very large bowl. In a medium saucepan over medium heat, melt butter. Stir in brown sugar, corn syrup and salt. Bring to a boil, stirring constantly. Boil without stirring 4 minutes. Remove from heat and stir in soda and vanilla. Pour in a thin stream over popcorn, stirring to coat. Place in two large shallow baking dishes and bake in preheated oven, stirring every 15 minutes, for 1 hour. Remove from oven and let cool completely before breaking into pieces.

Cheeseburger Meatloaf

Original recipe makes 8 servings

- 2 pounds ground beef
- 3/4 cup fresh bread crumbs
- 1/2 cup minced onion
- 2 eggs, beaten
- 1 1/2 teaspoons salt
- 1 1/2 teaspoons ground black pepper
- 3 cups shredded Cheddar cheese

Preheat oven to 350 degrees F. In a large bowl, combine the beef, bread crumbs, onion, eggs, salt and pepper, and mix well. Pat out meat mixture into a 14x18 inch rectangle on a piece of wax paper. Spread cheese over the meat, leaving a 3/4 inch border around the edges. Roll up jelly roll fashion to enclose the filling and form a pinwheel loaf. Press beef in on both ends to enclose the cheese. Place in a 10x15 inch baking dish. Bake in the preheated oven 1 hour, or until internal temperature reaches 160 degrees F.

Alfredo Potatoes

original recipe makes 4 servings

- 4 large russet (baking) potatoes
- 1 tablespoon kosher salt
- 1/2 teaspoon paprika
- 1/2 teaspoon kosher salt
- 1/4 teaspoon white pepper
- 1 pinch cayenne pepper (optional)
- 1 tablespoon butter
- 2 green onions, chopped
- 1/4 cup chopped fresh parsley
- 1 (15 oz) jar Classico® Fresh Four Cheese Alfredo Sauce, divided

Place potatoes into a large pot and cover with salted water; bring to a boil. Reduce heat to medium-low and simmer until tender, about 20 minutes. Avoid over cooking to prevent skins from splitting. Drain. Refrigerate until chilled through. Combine paprika, salt, pepper and cayenne. Preheat oven to 350 degrees F. Grease a 2-quart baking dish with 1 tablespoon butter. Peel the fully chilled potatoes. Grate the potatoes using coarse box grater or food processor. Layer half the potatoes into the buttered baking dish, season with a sprinkling of prepared seasoning blend, half the diced green onions, some parsley, and half a jar of the Alfredo sauce. Repeat layers ending with the remaining sauce and a sprinkling of the seasoning. Reserve some green onions and parsley for garnish. Bake until hot and slightly browned, 30 to 35 minutes. Garnish with reserved green onions and parsley.

Chicken Taquitos

original recipe makes 12 taquitos

- 6 large peeled, cubed potatoes
- 1 (10.75 oz) can condensed cream of mushroom soup
- 1 1/4 cups milk
- 1 onion, diced
- 1/2 teaspoon ground black pepper

Preheat oven to 375 degrees F. Grease a 2 quart casserole dish. Layer potatoes and onions into the casserole dish. Combine soup, milk and pepper in a bowl, then pour soup mixture over the potatoes and onions. The soup mixture should almost cover the potatoes and onion, if it does not add extra milk. Cover dish and bake in preheated 375 degrees F oven for 60 minutes or until the potatoes are cooked through. At 30 minutes, remove the casserole from the oven and stir once before returning the dish to the oven. Remove from oven and serve.
