ADVANTAGES OF A KAMADO STYLE GRILL
CERAMIC EGG SHAPED BODY
Not affected by cold weather or rain
Easy to maintain temperature - Smaller fires & Doesn't require constant tending
Circulates heat - Faster cooking times & Less moisture loss
Produces a natural convection effect - Needs no rotisserie
Can hold low temperatures for extending times - Excellent for slow cooking

FUEL
Uses natural lump charcoal (made from hardwoods) instead of briquettes
Better Flavor - Use Less - No Chemicals - Little Ash - Environmentally Sustainable

DUN-FOUND-IT GAME FOR JULY 6, 2017

Name: _____ Phone: _____

Miss Pearl's Country Cookin'

Bean & Bacon Soup

original recipe makes 6-8 servings

1 pound dry Great Northern white beans, covered with a couple inches of water and soaked overnight

5 ounces of bacon, cut into 1/2-inch wide pieces

2 cups chopped onion

3/4 cup chopped celery

3/4 cup chopped carrots

3 cloves garlic, minced (about 1 tablespoon)

6 cups chicken stock

2 bay leaves

1 Tbsp fresh thyme

2 1/2 teaspoons kosher salt

1/4 teaspoon black pepper

3 Tbsp tomato paste

1/2 teaspoon paprika

1 ounce bacon (1 to 2 slices), cooked and crumbled for garnish (optional)

2 Tbsp chopped fresh parsley for garnish (optional)

Drain the beans that have been soaking in water. (If you haven't already soaked the beans, and you don't have time to do so overnight, you can put them in a large pot of water, bring to a boil, remove from heat and let sit for an hour, then drain.) Put the bacon into a large (5 to 6 quart) thick-bottomed Dutch oven on medium high heat. Let the bacon cook for a minute or two to start rendering out some of its fat, then add the chopped onion, celery, and carrots. Lower the heat to low, cover and cook for 12 to 15 minutes, until vegetables are completely cooked through and softened. Add the garlic and cook a minute more. 3 Add the drained beans to the pot. Add the stock, the bay leaves, thyme, salt and pepper. Increase heat to high to bring to a simmer, then lower the heat to maintain a simmer, partially covered, for 1 hour or until the beans are very soft. Stir in the tomato paste and the paprika. Cook for 5 more minutes. Using an immersion blender, purée most of the soup. You don't want the soup to be perfectly smooth, but you want to purée enough of it so that the beans create a creamy base. Add more salt and pepper to taste. Garnish with crumbled cooked bacon and chopped parsley.

Caramel Apples

original recipe makes 6 apples

1 cup white granulated sugar

1/2 cup (1 stick) unsalted butter

3/4 cup heavy whipping cream

1/2 cup dark corn syrup

1 Tbsp dark molasses

1 teaspoon vanilla extract

1/2 teaspoon salt (omit if using salted butter)

6 sturdy lollipop sticks or chopsticks

6 medium apples (rinsed and patted dry, room temperature)

Assorted decorations (such as chopped nuts, chopped raisins, M&M's & candy sprinkles)

Equipment needed—one accurate candy thermometer.

Place sugar, butter, cream, corn syrup, molasses, vanilla, and salt (omit if using salted butter) in a thick-bottomed 3-4 quart saucepan. Heat on medium to medium low heat and stir slowly with a wooden spoon until the butter has melted and the sugar has dissolved. Let the caramel mixture come to a rolling boil, adjusting the heat so that the caramel doesn't boil over the pan. Continue to stir in a slow figure-eight pattern with a wooden spoon. Monitor the temperature of the caramel with a candy thermometer. When the temperature of the mixture reaches 240°F (after about 15 minutes or so), remove from heat and pour into a metal bowl. Let the hot caramel mixture sit in the bowl until the temperature cools to just below 200°F. While the caramel sauce is cooking and cooling, line a baking sheet with either Silpat or buttered aluminum foil. Insert the sticks (either lollipop sticks, thick wooden skewers, or chopsticks) into the center of the apples through the stem end. When the caramel sauce has cooled sufficiently, working one at a time, dip the apples into the sauce. Swirl each apple around in the sauce so that the caramel sauce completely coats the apple, except for the very top near the stick. Pull the apple up from the sauce and let the excess caramel gently drip back into the bowl. Place the coated apple onto the lined baking sheet. Some caramel sauce will form a little pool at the base of each apple. Refrigerate for 15 minutes. Once the caramel has chilled a few minutes, remove from the refrigerator and press the caramel that has pooled at the bottom of the apples up against the side of the apples. If you are using coatings such as sprinkles or chopped nuts, roll the caramel apples in them now. Then return the apples to the refrigerator and chill for at least another hour.

Carmelized Onion Dip

makes 2 1/2 cups of dip

2 Tbsp olive oil

4 cups chopped yellow onions

1 teaspoon brown sugar

2 Tbsp balsamic vinegar

1/2 teaspoon kosher salt

1/2 teaspoon black pepper

1 cup sour cream

1/2 cup mayonnaise

1/4 teaspoon Worcestershire sauce

1/4 teaspoon garlic powder

Heat olive oil in a large, thick-bottomed deep pot on medium high heat. Add the

chopped onions and cook until translucent and starting to color, about 10 minutes. If at any point during the cooking of the onions they start to dry out, add a tablespoon of water to the pot. Stir in the brown sugar, balsamic, salt, and pepper. Lower the heat and cook gently, uncovered, for about

25 to 30 minutes, stirring occasionally, until the onions are nicely caramelized. Then set aside. Let cool a bit before adding to the other ingredients. In a medium bowl, mix together the sour cream and mayonnaise. Stir in the caramelized onions. Sprinkle with garlic salt and stir to incorpo-

rate. Stir in the Worcestershire sauce. Chill until ready to serve. Serve with potato chips.

Your Weekly Love Horoscope

Aries 
March 21-April 19

It may appear as if your plans are falling apart, but nothing is quite as it seems today. Although your first impulse might be to jump in and try to sew up every little thread that starts to unravel, you'll only work yourself into a state of frustration. Instead, acknowledge that you can't just wave your magic wand now and make everything okay. Choosing your battles carefully means that some conflicts must be left behind. If you fight them all, you'll be too tired to win the war.

Taurus 
April 20-May 20

You're able to hold your course in the face of unrelenting pressure to change your destination. But fending off people who might slow you down is not the real problem. Unfortunately, an inkling of self-doubt could grow into your nemesis as the day wears on. However, shifting your reaction from cerebral to emotional changes everything in a moment. Giving up control of some activities empowers you to gain control elsewhere. "Less is more" is not just a cliché to make you feel better; it's the truth.

Gemini 
May 21-June 20

You might aim all your pent-up aggression at one person today, but chances are it will be for naught. Instead of finding a scapegoat on which to pin blame, accept your role in the interpersonal dynamics that continue to stir up discomfort. However, you will benefit the most, not by speaking truth to power, but by following through when it comes to your integrity. Letting your emotions get the best of you can bring out the worst in you. Respect is a two-way street.

Cancer 
June 21-July 22

Although sharing your fantasies takes courage, it also requires a methodical approach today. Your feelings are running deeper now, so just blurting your truth at the first opportunity might seem out of context to others. Don't just jump directly to the punchline; tell your story from the beginning so everyone can follow along. Often, the fastest route isn't the best one when it comes to delivering your message. Consider your audience before opening your mouth.

Leo 
July 23-August 22

Holding onto your feelings won't further your cause today, even if it seems safer to keep them out of sight. You might be less vulnerable when you're emotionally isolated, but there's too severe of a cost. Don't worry about micromanaging; if a conversation veers off course, let it. Paradoxically, the less control you maintain, the better the outcome—even if there are a few twists and turns along the way. The best rewards come when you're not expecting any at all.

Virgo 
August 23-September 22

You are receiving messages from the cosmos that remind you to stay focused while letting the distractions grab someone else. People might even overtly try to get you to join the party while you reassess the advantages of resisting any social activities. Although others probably mean well, you simply have too much on your plate today to seek additional forms of self-expression. Do what you Virgos do best: set priorities and pursue them with unwavering determination.

Libra 
September 23-October 22

You desperately want everything to make sense today, but it doesn't. Just as all the separate pieces of information start to fall into place, you suddenly realize that your basic assumption is wrong. Truth slips out of your hands before you can firmly grasp it. It's as if reality is playing games with you by eluding your logic and testing your resolve. Paradoxically, it's easier to make a decision when you don't try to rationalize your choice. Trust your gut now; it knows what your head hasn't figured out yet.

Scorpio 
October 23-November 21

Appearances, including yours, aren't always something you can control. Much to your chagrin, everyone seems to know all about the very same things you wish to keep secret today. The Moon is visiting your passionate sign, reflecting your feelings through your attitude, regardless of what you say or do. Stop resisting the obvious and open your heart. Buddha said, "Three things cannot be long hidden: the Sun, the Moon, and the Truth."

Sagittarius 
November 22-December 21

Of course, you know the difference between vivid fantasies and mundane realities. However, a deeper and more existential sense of self-doubt may be lurking beneath the surface now. Your uncertainty is not apparent to others but could stand between you and a magical moment. Unfortunately, your lack of confidence makes it tough to get over this little bump in the road. Just take a few steps back to regroup and try again. No matter what, do something today that will inch you closer to a better tomorrow.

Capricorn 
December 22-January 19

You can tell that something is off today, as if you're not living up to someone's expectations. Unfortunately, you don't know what others want from you today, and when asked they have nothing relevant to say. This weird energy makes it nearly impossible to go off on your own while your coworkers languish in denial. Share your concerns with your peers since you're all in this together. Although it takes a village, there are no observers; everyone is a participant.

Aquarius 
January 20-February 18

Although there are discussions yet to happen at work, everything seems to be rapidly moving along on the right trajectory now. You don't need to tell anyone about your long-range plans yet; they are your business and no one else's concern. In the meantime, step up to the plate and fiercely wield your power. It's not your problem if your behavior makes someone uncomfortable today. Continue striving for excellence; success is yours for the taking.

Pisces 
February 19-March 20

People might assume you are more easygoing than you actually feel today. The Moon in fellow water sign Scorpio emphasizes the intensity of your emotions, but her Grand Trine softens your presentation. Nevertheless, you're not one to back down from any sort of idle threat. But rather than waiting to go on the defense, be clear about your boundaries right from the start. The more clarity there is about your preferences now, the better it is for everyone involved.

Something To Ponder: A Custom Home Will Increase In Value. Will A Mobile Home Increase In Value?
